AGREEMENT FOR
EMERALD COAST SCIENCE CENTER PROJECTS

This AGREEMENT (the "Agreement") is made and entered into on the effective date below by and between OKALOOSA COUNTY, FLORIDA, a political subdivision of the State of Florida (the "County") and EMERALD COAST SCIENCE CENTER, a 501(c)(3) non-profit organization (the "Center").

WHEREAS, the County finds that educating and entertaining the public is an essential component of promoting the sub-county taxing district as a tourist destination; and

WHEREAS, Center exhibits meaningfully engage the needs and interests of our visitors; and

WHEREAS, the Center has the qualifications, experience and resources to provide such services; and

WHEREAS, the County determines it would be in the best interest of its visitors to support the Center for the purposes set forth herein.

NOW, THEREFORE, in consideration of the above and mutual covenants contained herein, the County and the Center agree as follows:

Section 1. Recitals. The above recitals are true and accurate and are incorporated herein as essential terms of the Agreement.

Section 2. Scope of Services. The Center shall undertake the Projects as set forth in EXHIBIT A attached hereto and incorporated by reference.

The Center shall acknowledge funding provided by Okaloosa County tourist development taxes alongside the exhibit and prominently place the Okaloosa County tourist development logo ("Logo") on marketing and advertising materials used to provide services under this Agreement. Additionally, the Center agrees to work with the County to enhance marketing efforts of the sub-county taxing district. Such marketing efforts may include, but not be limited to, social media development and interaction, public relations and publicity initiatives, webpage links and landing pages, and photograph and video.

Section 3. Compensation and Invoices. The County agrees to reimburse the Center an amount not to exceed TWENTY TWO THOUSAND DOLLARS (\$22,000.00) for actual costs and expenses incurred pursuant to the Scope of Services as set forth in EXHIBIT A.

Reimbursement shall be paid to Center after expenses have been incurred and upon receipt of an invoice. Invoicing detail shall be in sufficient detail for pre- and post-audit review (e.g. copies of vendor invoices and advertising materials) to insure the services were performed and that the correct amount has been invoiced. Invoices shall be itemized such that the description of services performed is consistent with the description of expenses as set forth in EXHIBIT A. The Center is authorized to shift expenses between line items so long as the total annual amount is not exceeded. Failure to provide the requisite documentation for payment by September 30, 2020 shall result in forfeiture of County funds.

Reimbursement may be reduced as necessary in the event of a storm or other occurrence that results in decreased visitation and consequently a significant decrease in tourist development tax revenue.

In the event a portion of an invoice submitted to the County for payment to the Center, as specified above, is disputed, payment for the disputed amount may be withheld pending resolution of the dispute, and the remainder of the invoice will be processed for payment without regard to that portion which is in dispute.

This Agreement is for one-time projects and there is no continuing obligation by the County to provide such funds in the future.

If County funds are provided for reimbursement of the purchase of a capital item – “capital item” means property of a non-consumable nature with a value of \$1,000 or more and normal expected life of one (1) year or more – then the proceeds from subsequent disposal of such capital item (e.g. sale, trade-in, auction) shall be refunded to the County. The County shall retain the right of first refusal prior to the Center’s disposal of any capital item funded by tourist development tax dollars.

Section 4. Non-Appropriation of Funds. Notwithstanding anything contained in this Agreement to the contrary, in the event the funds appropriated by the County through the Tourist Development Department are insufficient to pay the costs of this Agreement, the Agreement shall terminate on the last fiscal quarter period for which appropriations were received, without penalty or expense to the County of any kind whatsoever. The County will immediately notify the Center of such occurrence. Notwithstanding the foregoing, the restrictive covenants of this paragraph are limited to the Okaloosa County Tourist Development Council Trust Fund and nothing herein shall be applied to the General Fund or any other special fund controlled by the County.

Section 5. Independent Contractor. It is mutually agreed that the Center is and shall remain an independent contractor and is not an employee or agent of the County.

Section 6. Effective Date and Term of Agreement. This Agreement shall be effective on October 1, 2019 and shall remain in effect until final payment is made.

Section 7. Termination. Either party may terminate this Agreement by giving thirty (30) days’ written notice to the other party of its intent to terminate this Agreement.

Section 8. Audit. The County shall have the right from time to time at its sole expense to audit the compliance by the Center with the terms, conditions, obligations, limitations, restrictions and requirements of this Agreement and such right shall extend for a period of three (3) years after termination of this Agreement.

Section 9. Public Records. The Center shall allow public access to all documents, records and other materials, subject to the provisions of Chapter 119, Florida Statutes, prepared or received by the Center in conjunction with this Agreement.

Briefly describe the organization: ECSC is a STEM education center and museum with educational programs in Okaloosa and the surrounding county schools. Our mission is to inspire and grow a scientifically engaged community. Our hands-on museum is open 6 days a week during peak season and offers a unique attraction for visitors in Okaloosa County.

FUNDING REQUEST INFORMATION:

Describe the funding request in detail. Attach pictures or any other supporting documentation.
With the aid of the Okaloosa Tourist Development Council, the Emerald Coast Science Center (ECSC) aims to continue its summer season programming for 2020 that provides patrons with live animal presentations (called "Creature Features") and chemistry demonstrations ("Chem Demos"). Both of these programs allow our patrons to explore, encounter, and educate themselves with a variety of concepts to improve their knowledge of local and exotic wildlife and scientific concepts. Our goal with both programs is to enhance interaction with STEAM (Science, Technology, Engineering, Arts, , and Mathematics) fields and provide quality educational experiences within them. By giving patrons an up-close encounter with animals and science, we hope to provide memorable experiences that spark curiosity and inspire people to continue to pursue and gain further education in STEAM fields and encourage the future of the STEM industry in our region. ECSC also aims to create and and procure exhibits that would allow guests to interact and experience hands-on, tangible learning that focuses heavily on local water and conservation efforts, educating tourists and locals alike on the best practices that they can follow to ensure our region, wildlife, and beaches remain pristine. "Go with the Flow," a tilt-table maze exhibit, would give guests the opportunity (continued on Attachment A)

Describe how the funding request promotes tourism within the sub-county taxing district.
Being one of the few established science centers in the area, it is crucial that ECSC is able to provide hands-on, up close, safe encounters with animals and science. ECSC saw over 850 visitors in 2018 through our ASTC member program alone, a reciprocal museum membership that draws guests from regions across the country to our museum. With the ASTC Travel Passport Program, visitors that hold a membership at over 300 other museums in the US are given (continued on Attachment B)
