PROVIDE ASPHALT MATERIALS
EXPIRES: 10/17/2025 W/2 1 YR RENEWALS

RE: Okaloosa County Supply Asphalt Products Contract #PW 64-22

Mrs. Mason,

I am writing to update you regarding the counties contract agreement #PW 64-22. Unfortunately, we cannot continue to provide the services and products of this contract at the current prices. Although we have been able to absorb the increase in costs in previous months, it is no longer possible as they continue to rise significantly due to an increase caused by our suppliers. Our aggregate supplier has an increase quarterly and we have been able to absorb the cost since October 2022. Our liquid supplier has increased pricing moving into July 2023 as well, so we can no longer hold these prices. I wanted to give you a 2 month notice that these prices will increase starting July 1, 2023.

We would like to offer the county a fair increase in price to the current contract. I have attached a price list showing the current rate and the new proposed rates.

C.W. Roberts Contracting, Inc. has built a strong relationship with Okaloosa County and wishes to continue to work closely with them. We sincerely hope the county will consider this offer. Please call me 850-982-0872 if you have any questions.

Respectfully,
Caitlin Harrison

DeRita,

We have reviewed the attached information and request from CWR regarding our asphalt contract. The increase request is completely reasonable and within market prices.

I approve.

Jason

Jason – you may recall that the most recent contract we entered into with C.W. Roberts (CWR) included an opportunity for an increase in prices every 60 days, with your express approval. Since the inception of this contract, CWR has not requested an increase until late last week and provided a letter of such request this week. The letter, along with the line item showing the increase, is attached. For your review, the contract is also attached and the approval section is located on page 8.
