BOARD OF COUNTY COMMISSIONERS AGENDA REQUEST

DATE: November 21, 2023
TO: Honorable Chairman and Distinguished Members of the Board
FROM: Jason Autrey
SUBJECT: Road Stabilization (surtax funding) TO 6
DEPARTMENT: Public Works
BCC DISTRICT: 1, 3

STATEMENT OF ISSUE: Okaloosa County maintains a number of miles of dirt roads throughout both District 1 and District 3 North. Maintaining sandy/clay dirt roads is not a sustainable practice. Okaloosa County is working towards capping all of our sandy/clay dirt roads with lime-rock to stabilize the roads and provide a safer, better, more stable road surface, and to minimize sediment runoff into local creeks and rivers.

BACKGROUND: Work to stabilize our dirt roads continues to prove effective and efficient. During times of constant afternoon showers, roads that were typically impassable now sustain little to no damage. There is, however, more work to be done. To date, Mohawk Valley has stabilized approximately 82 miles of previously sandy/clay roads with in house maintenance staff doing additional work as schedule and weather permits, from capital funding.

Public Works is proud to present to the Board Task Order 6 in the amount of \$2,723,286.53 to provide material, labor, and equipment to stabilize an additional 22.08 miles by placing lime-rock material. The Surtax Advisory Committee recommended to the BCC for approval of this funding to the Dirt to Pave 50 in 5 project and was subsequently approved by the Board on August 16, 2022. At the completion of this TO, there will be approximately 28 miles of dirt roads maintained by Okaloosa County.

By stabilizing our dirt roads we not only will reduce the return intervals required for regular and routine maintenance but we also significantly reduce the amount of sediments deposited into our local creeks and rivers following a heavy rainfall. Once the lime-rock has been placed for a period of time for observation, typically 6 months, staff will plan to have the roads capped with a surface treatment that is yet to be determined.

FUNDING SOURCE: Surtax

Department #3301

Account #563001

Amount \$2,723,286.53

OPTIONS: Approve/Disapprove/Postpone

RECOMMENDATIONS: Motion to approve Task Order 6 with Mohawk Valley Materials, Inc. and to authorize the work to begin under contract C21-3074-PW.
