DINWIDDIE COUNTY
GENERAL TERMS AND CONDITIONS

1. **Laws, Regulations, and Courts.**
 - A. This procurement is governed by the Virginia Public Procurement Act and the Dinwiddie County Purchasing Policies and Procedures.
 - B. The Contractor shall comply with all federal, state and local laws, ordinances, rules, regulations, and lawful orders of any public authority bearing on the performance of the work and shall give all notices required thereby.
 - C. All solicitations or contracts issued by Dinwiddie County shall be governed by the laws of the Commonwealth of Virginia. Jurisdiction and venue for any litigation arising out of or involving this agreement shall lie in the Circuit Court of the County of Dinwiddie, Virginia, and such litigation shall be brought only in such courts. The County and the Contractor are encouraged to resolve any issues in controversy arising from contractual dispute using Alternative Dispute Resolution (ADR) procedures (Code of Virginia, § 2.2-4366).
2. **Taxes.** Pursuant to Virginia Code Section 58.1-609.1(4), the County is exempt from the payment of Virginia state sales and use taxes. Vendors should not include such taxes in invoices presented to the County for payment. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request.
3. **Anti-Discrimination Statement by County.** The County certifies that it shall not discriminate against any bidder, offeror or contractor because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, status as a service disabled veteran, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment or because the bidder or offeror employs ex-offenders unless the County has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If Contractor is a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*Code of Virginia*, § 2.2-4343.1E).
4. **Anti-Discrimination Statement by Contractor.**
 - A. During the performance of the contract, the Contractor agrees to the following provisions.
 1. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 2. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
 3. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
 - B. The Contractor also agrees to include the provisions in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or Contractor.
5. **Immigration Reform and Control Act of 1986.** Contractor certifies that it does not and will not during the performance of the contract knowingly employ unauthorized alien workers or otherwise violate the provisions of the Federal Immigration Reform and Control Act of 1986.
6. **Drug-Free Workplace.** During the performance of this contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and

applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or Contractor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

7. **Authorization to Transact Business in the Commonwealth.** In order to contract with Dinwiddie County, contractors organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Code of Virginia, Title 13.1 or Title 50 or as otherwise required by law. Pursuant to competitive sealed bidding or competitive negotiation, a bidder or offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 shall include in its bid or proposal the identification number issued to it by the State Corporation Commission. Any bidder or offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law shall include in its bid or proposal a statement describing why the bidder or offeror is not required to be so authorized. Any bidder or offeror that fails to provide the required information shall not be awarded a contract unless a waiver of this requirement is granted by the County Administrator. Any business entity as described above that enters into a contract with a public body pursuant to the Virginia Public Procurement Act shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth to be revoked or cancelled at anytime during the contract. Dinwiddie County may void any contract with a business entity if that entity fails to remain in compliance with the provisions of this section.
8. **Indemnification.** Contractor agrees to indemnify, defend and hold harmless the County of Dinwiddie, Virginia and their officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the Contractor or any services of any kind or nature furnished by the Contractor, provided that such liability is not attributable to the sole negligence of the County or to failure of the County to use the materials, goods, infrastructure or equipment in the manner already and permanently described by the Contractor on the materials, goods, infrastructure or equipment delivered.
9. **Insurance.** Contractor certifies that it will have the following insurance coverage at the time the contract is awarded. If any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the Code of Virginia. Contractor further certifies that the Contractor and any subcontractors will maintain this insurance coverage during the entire term of the contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission. Subcontractors, if any, will maintain similar insurance coverage during the entire term of the contract.

Minimum Insurance Coverage and Limits Required:

1. Workers' Compensation - Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. Contractors who fail to notify the County of increases in the number of employees that change their workers' compensation requirements under the *Code of Virginia* during the course of the contract shall be in noncompliance with the contract.
2. Employer's Liability - \$100,000.
3. Commercial General Liability - \$1,000,000 per occurrence and \$2,000,000 in the aggregate. Commercial General Liability is to include bodily injury and property damage, personal injury and

advertising injury, products and completed operations coverage. The “County of Dinwiddie, Virginia, its Officers, agents, and employees” shall be added as additional insured on a primary basis and so endorsed on the policy. Such additional insured status shall be primary without participation by County’s insurers.

4. Automobile Liability - \$1,000,000 combined single limit.
5. Professional Liability - \$1,000,000 per occurrence.

10. **Debarment Status.** The Contractor certifies that it is not currently debarred from submitting proposals or bids on contracts by any department, agency or political subdivision of (i) the Commonwealth of Virginia, (ii) any other state, or (iii) the federal government, nor is it an agent of any person or entity that is currently debarred from submitting bids or proposals on contracts by the same.

11. **Payment.**

- A. Contractor shall provide the County with a complete and accurate IRS Form W-9.
- B. Invoices for products/services ordered, delivered, and accepted shall be submitted by the contractor to Dinwiddie County Accounts Payable via email to accounting@dinwiddieva.us or via postal mail to P.O. Drawer 70, Dinwiddie, VA 23841.
- C. Unless otherwise specified, any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after correct invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- D. The preferred method of payment for invoices under \$5,000 is with a VISA Credit Card. If the vendor accepts VISA payments, they must do so without any fees.
- E. Unless otherwise provided under the terms of the contract, interest shall accrue at the rate of one percent (1%) per month.
- F. Date of payment is deemed to be (1) the date of postmark in all cases where payment is made by mail, or (2) the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- G. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, Contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the County shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve the County of its prompt payment obligations with respect to those charges which are not in dispute (Code of Virginia, § 2.2-4363).
- H. The Contractor is obligated to: (1) pay the subcontractor(s) within seven (7) days of the Contractor’s receipt of payment from the County for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or (2) notify the County and the subcontractor(s) within seven days, in writing of the Contractor’s intention to withhold all or a part of the subcontractor’s payment with the reason for nonpayment.
- I. The Contractor is obligated to pay the subcontractor(s) interest at the rate of one percent (1%) per month on all amounts owed by the Contractor that remain unpaid after seven days following receipt by the contractor of payments from the County, except for amounts withheld as states in Section g above.
- J. These provisions apply to each sub-tier Contractor performing under the primary contractor. A contractor’s obligation to pay an interest charge to a subcontractor shall not be construed to be an obligation of the County. A contract modification shall not be made for the purpose of providing reimbursement for the interest charge. A cost reimbursement claim shall not include any amount for reimbursement for the interest charge.

12. **Availability of Funds.** It is understood and agreed between the parties that the County shall be bound hereunder only to the extent of the funds available, or which may hereafter become available. The contract will be contingent upon annual appropriations by the Board of Supervisors of Dinwiddie County. Failure of the Board

of Supervisors to appropriate adequate funds for the terms of the contract shall result in the immediate cancellation of the contract. There shall be no penalty should the Board fail to make annual appropriations for the contract.

13. **Assignment of Contract.** A contract shall not be assignable by the Contractor in whole or in part without the written consent of the County.
14. **Default.** It shall be the Contractor's responsibility to make sure that all work is adequately completed as required. In case of failure to deliver goods or services in accordance with the contract terms and conditions, the County, after five (5) days have passed from the date of delivery of written notice, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the County may have.
15. **Changes to the Contract.** All contract modifications must be approved by the Dinwiddie County Administrator or his designee. The County will not assume responsibility for the cost of any changes made without proper consent. No fixed-price contract may be increased by more than twenty-five percent (25%) or \$50,000, whichever is greater, without advance approval of the Dinwiddie County Board of Supervisors.

Changes can be made to the contract in any of the following ways:

- A. The parties may agree in writing to modify the terms, conditions, or scope of the contract. Any additional goods or services to be provided shall be of a sort that is ancillary to the contract goods or services, or within the same broad product or service categories as were included in the contract award. Any increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
- B. The County may order changes within the general scope of the contract at any time by written notice to the Contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The Contractor shall comply with the notice upon receipt, unless the Contractor intends to claim an adjustment to compensation, schedule, or other contractual impact that would be caused by complying with such notice, in which case the Contractor shall, in writing, promptly notify the County of the adjustment to be sought, and before proceeding to comply with the notice, shall await the County's written decision affirming, modifying, or revoking the prior written notice. If the County decides to issue a notice that requires an adjustment to compensation, the Contractor shall be compensated for any additional costs incurred as the result of such order and shall give the County a credit for any savings. Said compensation shall be determined by one of the following methods:
 1. By mutual agreement between the parties in writing; or
 2. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the Contractor accounts for the number of units of work performed, subject to the County's right to audit the Contractor's records and/or to determine the correct number of units independently; or
 3. By ordering the Contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The Contractor shall present the County with all vouchers and records of expenses incurred and savings realized. The County shall have the right to audit the records of the Contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the County within thirty (30) days from the date of receipt of the written order from the County. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the Contractor from promptly complying with the changes ordered by the County or with the performance of the contract generally.

16. **Termination of Contract.**

A. Termination for Cause.

1. If the Contractor should be adjudged as bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, the County may terminate the contract. If Contractor violates any provision of the Virginia Governmental Fraud Act, the County may terminate the contract. If the Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if he should fail to make prompt payment to subcontractors or suppliers of material or labor, or persistently disregards laws, ordinances, or the written instructions of the County, or otherwise be guilty of a substantial violation of any provision of the contract, then the County may terminate the contract. The County retains the sole discretion to determine any violation of this section.
2. Prior to termination of the contract, the County shall give the Contractor and his surety ten (10) calendar days written notice, during which the Contractor and/or his surety may rectify the cause of the termination. If rectified to the satisfaction of the County within said ten (10) days, the County may rescind its notice of termination. If it does not, the termination for cause shall become effective at the end of the ten-day (10) notice period. In the alternative, the County may postpone the effective date of the termination notice, at its sole discretion, if it should receive reassurances from the Contractor and/or its surety that the causes of termination will be remedied in a time and manner which the County finds acceptable. If at any time more than ten (10) days after the notice of termination, the County determines that Contractor and/or its surety has not or is not likely to rectify the causes of termination in an acceptable manner or within the time allowed, then the County may immediately terminate the contract for cause by giving written notice to the Contractor and its surety. This decision shall be final and not subject to an appeal to any court of law or equity. In no event shall termination for cause terminate the obligations of the Contractor's surety on its payment and performance bonds.
3. Notice of terminations, whether initial or given after a period of postponement, may be served upon the Contractor and the surety by mail or any other means at their last known places of business in Virginia or elsewhere, by delivery to any officer or management/supervisory employee of either wherever they may be found, or, if no such officer, employee or place of business is known or can be found by reasonable inquiry within three (3) days, by posting the notice at the job site. Failure to accept or pick up registered or certified mail addressed to the last known address shall be deemed to be delivery.
4. Upon termination of the contract, the County shall take possession of its property and of all materials, tools, and appliances thereon and finish the work by whatever method the County may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment. If the expense of finishing the work, including compensation for additional managerial and administrative services shall exceed the unpaid balance of the contract price, the Contractor shall pay the difference to the County, together with any other expenses of terminating the contract and having it completed by others.
5. Termination of the contract under this section is without prejudice to any other right or remedy of the County.

B. Termination for Convenience

1. County may terminate this contract at any time without cause, in whole or in part, upon giving the Contractor notice of such termination. Upon such termination, the Contractor shall immediately cease work and remove from the project site all of its labor forces and such of its materials as County elects not to purchase or to assume in the manner hereinafter provided. Upon such termination, the Contractor shall take such steps as County may require to assign to the County the Contractor's interest in all subcontracts and purchase orders designated by County. After all such steps have been

taken to County's satisfaction, the Contractor shall receive as full compensation for termination and assignment the following:

- All amounts then otherwise due under the terms of this contract as of the latest request for payment,
- Amounts due for work performed subsequent to the latest request for payment through the date of termination, and
- Reasonable compensation for the actual cost of demobilization incurred by the Contractor as a direct result of such termination. The Contractor shall not be entitled to any compensation for lost profits or for any other type of contractual compensation or damage other than those provided by the preceding sentence. Upon payment of the forgoing, County shall have no further obligations to the Contractor of any nature.

2. In no event shall termination for the convenience of the County terminate the obligations of the Contractor's surety on its payment and performance bonds.

17. **Contractual Disputes.** Disputes and claims arising under this agreement shall be processed pursuant to the Code of Virginia Section 2.2-4363.

18. **Audit.** The contractor shall retain all books, records, and other documents relative to this contract for five (5) years after final payment from the County, or until audited by the County, whichever is sooner. The agency, its authorized agents, and/or state auditors shall have full access to and the right to examine any of said materials during said period.

19. **Patents, Copyright and Trademark.** The Contractor shall obtain all licenses necessary to use any invention, article, appliance, process, or technique of whatever kind and shall pay all royalties and license fees. The Contractor shall indemnify, defend, hold and save harmless the County, its officers, agents, and employees, from any loss or liability for or on account of such infringement.

Table 3: Industry Recognition & Marketplace Success

Line Item	Question	Response *
18	Describe any relevant industry awards or recognition that your company has received in the past five years	As mentioned in another section MES is only one of a very few that is a 3m/Scott Safety Five Star Safety certified group and we are very proud of this. To achieve this as a distributor you must have certified technicians, mobile and stocking service locations and maintain certain standards for excellence for which MES has for many years.
19	What percentage of your sales are to the governmental sector in the past three years	95% of MES business is and has been to government. Local Towns, County, and State government agencies which are the bulk of our business. MES does sell to some contractors that service certain aspects of the safety market however that is a smaller part.
20	What percentage of your sales are to the education sector in the past three years	Less than 2%. MES does sell to some public safety groups that have security police forces or fire rescue training academies however those purchases are still not a bulk of our overall business.
21	List any state or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	MES NPPGov Contracts the last three years sold \$56,194,974.17. NY HIRE Contract the last three years sold \$18,874,155.57. NJ State Contract the last three years sold \$27,572,071.00.

Table 6: Ability to Sell and Deliver Service

Describe your company's capability to meet the needs of Sourcewell Members across the US, and Canada if applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *
25	Sales force.	Municipal Emergency Services has a sales force of approximately 180 sales representatives in the field across the United States. This sales force is backed up by skilled inside regional office support throughout the USA to process sales orders, purchase orders with manufacturers and support customers. *
26	Dealer network or other distribution methods.	Municipal Emergency Services is the distributor/dealer for the products proposed. *
27	Service force.	Municipal Emergency Services has a mobile service force of approximately 100 service technicians fully trained and certified by the manufacturer. *
28	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Municipal Emergency Services has 30+ customer service representatives to assist sales representatives and service technicians with order placing, job scheduling and followup. It is a company initiative that a response to an inquiry is made the same business day whenever possible and no later than the next business day. *
29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	MES will not be providing any coverage to Canada. MES distribution agreements are for the USA and that is where we have sales, service and customer service staff to maintain the market in the USA. MES covers 44 states so there are only a few areas in the USA MES does not have sales coverage. Maine, Rhode Island, Kentucky, Michigan, Wisconsin, and North Dakota. *
30	Identify any Sourcewell Member sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	MES has a nationwide presence and coverage with sales force across the bulk of the states as well as strategically placed warehouses and service stations to support orders and service related work. *
31	Define any specific contract requirements or restrictions that would apply to our Members in Hawaii and Alaska and in US Territories.	Shipping for large, bulky or heavy items MES will quote as needed separately. From time to time MES may include shipping as added discount at no charge. When MES ships from our warehouses to get products to customers quickly shipping may be added and at other times drop shipments may have shipping included no charge due to shipping terms with manufacture's. Whatever the fairest and most equitable shipping situation MES will present to each order. Hawaii and Alaska orders shipping will be quoted as stated. MES will present these shipping terms at time of each quote. This would apply to all US Territories. *

Table 7: Marketing Plan

Line Item	Question	Response *
32	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Municipal Emergency Services is very familiar with promoting contracts. As the largest supplier of First Responder Equipment in the US, we recognize the value of contracts and the time and money that can be saved by agencies not having to go to bid and still receive the items they specify as a solution for their entity from contracts. Additionally MES has implemented an outbound call center (Sales Development Team) that is tasked with reaching out to customers to make them aware of new products, services, etc. Promoting a new contract would fit nicely in this team's scope of work.
33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Municipal Emergency Services has a marketing team that handles our print, digital and social media marketing campaigns. Content is regularly created and posted to our approximately 100,000 followers made up of customers and industry professionals.
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Promotion from Sourcewell in concert with MES would be very important to all its membership. Sourcewell brings significant municipal contract experience and coupled with MES's national relationships would be powerful. Our sales staff is well versed in contracts of this type and their importance so integration into our program would be seamless.
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	Municipal Emergency Services has several e-procurement process options and order type and expected frequency would play a role in deciding which of these platforms are appropriate. As examples we have a normal e-commerce website in which members could be given a code to unlock discounts on specific items. We have a custom web store that specific department approved items can be populated and access for procurement granted to as many or few individuals as an agency deems appropriate. There is also dynamic quoting which is similar to the custom website but designed for a smaller number of items that are ordered in high volume. Of course we have the traditional method of ordering where a member can email and call the sales representative or office directly and place an order.

Table 8: Value-Added Attributes

Line Item	Question	Response *
36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell Members. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	MES provides SCBA annual test service maintenance in and out of warranty. MES also performs training on SCBA set up of new certification packs, as well as many other general review of products. If specific requests for training are made outside of general review MES quotes those training on a case by case based on all of the products in need of training based on time and number of people needed to train which can vary.
37	Describe any technological advances that your proposed products or services offer.	MES has SOS stores which are Signature Online Stores which are unique in our industry and newer tech we can provide and can be built and configured to meet the needs of large customers as one example of services. MES represents the best PPE products in the industry that provides some of the most outstanding tech for first responders like programs that track turnout gear, and SCBA service, also protection advances in general that make turnout gear lighter and yet still keep firefighters safe under newer standards.
38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	N/A
39	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	N/A
40	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	MES is not a (WMBE) so this does not apply. N/A
41	What unique attributes does your company, your products, or your services offer to Sourcewell Members? What makes your proposed solutions unique in your industry as it applies to Sourcewell members?	MES has the largest and experienced sales force that are subject matter specialists in the equipment we sell and amazing service technicians to service many of those products. This is what sets MES apart from any other group in the USA.
42	Identify your ability and willingness to provide your products and services to Sourcewell member agencies in Canada.	MES is not interested in providing an award of what we submit outside of the USA at this time. MES's distributor contracts are set for distribution in the USA.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
43	Do your warranties cover all products, parts, and labor?	The warranties provided by each manufacture being bid provides slightly different things. Most provide for coverage against mfg defects for a industry standard amount of time. Some cover parts and labor within warranty period however some do not cover labor.
44	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	All of the warranties for the companies MES is bidding shows coverage for normal wear and use. Abuse to a produce normally does have a provision to exclude coverage however MES works very closely with each mfg to work through any warranty issue with customers.
45	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Most mfg warranty do not cover travel time and mileage unless there is a gross failure of the product and in those cases we work with the mfg to work through the issue on a case by case issue which is rare.
46	Are there any geographic regions of the United States (and Canada, if applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell Members in these regions be provided service for warranty repair?	MES will not be providing any coverage to Canada. MES distribution agreements are for the USA and that is where we have sales and service staff to maintain the market in the USA. There are only a few areas in the USA MES does not have sales and service coverage. We address this on a case by case basis as for the listed products we cover most of the USA Alaska and Hawaii.
47	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	MES is the distributor of products made by manufacturers we represent. MES follows the Manufacturers warranty. Depending on the Manufacturer MES works on some of the products under warranty and out of warranty repairs. Some of them are sent back to the manufacturer in and out of warranty for service all based on MFG policy.
48	What are your proposed exchange and return programs and policies?	Goods received in damaged or defective condition will be repaired or replaced as outlined by the manufactures warranty and guidelines. If the product was damaged while in transport, a claim will be filed with the carrier and we will then work to resolve the replacement asap. These evaluations are expected to be done within 30 days of delivery or sooner by the customer. After that time MES and most manufacturers will not be held responsible for whatever issue is presented. MES does our best to always resolve issues presented.
49	Describe any service contract options for the items included in your proposal.	MES lists service for items we submit for bid. These are both for annual testing, repair in and out of warranty with listed labor and parts cost discount.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
50	What are your payment terms (e.g., net 10, net 30)?	Net 30
51	Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?	Municipal Emergency Services, Inc utilizes Community Leasing Partners as a source for leasing/financing eligible items when requested.
52	Describe your formal trade-in program or policy for the products or equipment offered in your proposal, if any. Upload trade-in program materials (if applicable) in the document upload section of your response.	From time to time and when market conditions permit, Municipal Emergency Services may offer a trade in credit for items being replaced. When applicable, the value of the trade in will be based on market and product conditions at the time.
53	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell Members' purchase orders.	Municipal Emergency Services has several ordering platforms and as stated previously, MES is a dealer so there would be no network outside of ourselves processing orders. All orders, regardless of the sales platform utilized will be marked that they are Sourcewell Contract orders within our internal systems to make quarterly reporting simplified. When a sales representative creates a quote, there is a "forced field" where the rep must select a contract (or none) but there is no default and the field cannot be bypassed. Once a quote is verified and approved by a member, the quote becomes the sales order, the sales order generates a purchase order to our supplier if not in stock in our facility, and then becomes an invoice- all a product of the original quote and does not have to be re-entered at every step. The ordering platforms offered are traditional orders, in which a customer contacts the sales representative or office with approval to order. Most orders on this contract would likely fall into this category due to the customization of many of these protective clothing items. We have several electronic platforms that can be utilized depending on the anticipated order size and frequency. We have a customizable web store in which the member would have a private website with approved items. We also have a dynamic quote system designed for smaller quantities of items in which the member can log in and order off of a quote with an extended expiration date.
54	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell Members for using this process?	MES limits P-Card and credit card purchases to \$10,000. There is no added fee to use this method.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
55	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	MES will upload MSRP, list or net price sheets depending on manufacturer as we list them as well as discounts off of those MSRP, list price or net price lists as the Sourcwell price.
56	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	MES will list the discount from MSRP, list or net price sheets depending on manufacturer as we list them for the Sourcwell proposed bid price.
57	Describe any quantity or volume discounts or rebate programs that you offer.	MES gives our best price based on the volume of business we do annually so any added volume discounts would only be when we have special pricing to list as Sourcwell indicated can be done on a case by case in the portal as they happen.
58	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	For any open market requested items or items not found on contract MES would quote those as open market at the same agency discounted pricing we do every day.
59	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Special requests such as training on items not always listed, inside delivery, lift gates so that deliveries can be more easily offloaded or anything else, MES is willing to work with the membership to price out to take care of the needs of the agencies and make sure their goals are met. MES's goal is to be the first and last supplier and service provider agency members think of and go to because we know there are other options and we are here to make sure you get the best value which is not always the low price for the best job.
60	If freight, delivery, or shipping is an additional cost to the Sourcwell Member, describe in detail the complete freight, shipping, and delivery program.	Shipping for large, bulky or heavy items MES will quote as needed separately. From time to time MES may include shipping as added discount at no charge. When MES ships from our warehouses to get products to customers quickly shipping may be added and at other times drop shipments may have shipping included no charge due to shipping terms with manufacture's. Whatever the fairest and most equitable shipping situation MES will present to each order. MES will present these shipping terms at time of each quote. Hawaii and Alaska orders shipping will be quoted as stated per quote. MES has a very substantial account with Federal Express so MES's rates are very low considering how much volume we ship every year.
61	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Shipping and or freight to Alaska or Hawaii are quoted per quote. MES is not interested in servicing Canada at this time. MES does no exporting unless shipped to a Federal/DOD location.
62	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Unique distribution that MES offers is our many hubs through out the USA and if we do not have it in stock our relationships with our manufactures are second to none in the industry making MES the effective hammer in the market that we are today. Any special quicker shipping requests can be quoted upon request and MES will do our best to accommodate. MES has a very substantial account with Federal Express so MES's rates are very low considering how much volume we ship every year.

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
63	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
64	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell.	Within the MES ordering system as mentioned reference ordering there is a forced tab that must be selected when entering a quote to select a contract vehicle. Sourcwell being one of those that needs to be selected when quoting for that contract if awarded and once selected the sales representative then ensures that the item quoted is getting the sourcwell discounted price per the contract price list or in the case that there is any added discount also as listed to determine if shipping would be included as sometimes is or if needs to be added based on the situation we need to quote shipping. Quarterly a report is pulled by Vice President of Finance and then reviewed by the contract administrator then once review is complete fees are calculated using excel with the formula set to the fee percentage due and then that report is then sent back to the Vice President of Finance for his department's review. Once approved the fee is sent to Sourcwell for the quarterly sales.
65	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	MES proposes a 1% fee for all sales quarterly.

Table 14: Industry Specific Questions

Line Item	Question	Response *
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Upon an award MES would survey our sales force to see how the response of the membership customers wish to use this contract vehicle to purchase. And MES will be tracking success of the use of the contract by its membership when we look at the quarterly reports to see how much business is completed using this contract after it has had a couple quarters to be promoted both by Sourcewell and by MES.
67	Describe the unique design and feature attributes of the products and/or equipment offered in your proposal.	MES provides the very best that the fire and public safety industry manufacturers have to offer our market. Many of these products are similar however MES takes feedback from agencies and gives that back to manufacturers to improve products performance and safety while maintaining safety standards and certifications. MES has had many manufacturers make products just for MES to offer as a result so that MES can provide thermal imaging cameras, gloves, boots, or other products that are better than we normally see in the market.
68	Describe available options for customization of the products and/or equipment offered in your proposal.	MES offers the full range of options from all of the various manufactures represented to customize items within the extent that certifications allow.
69	Explain your processes for sizing, fitting, and the alteration of the products and/or equipment offered in your proposal, as applicable.	Once MES gets an order which involves a need for sizing of any product our regional sales force is in contact with the agency membership to schedule sizing. If fitting is needed after delivery MES is again available to help with that as well and any alterations can be ordered or addressed quickly.
70	If you provide on-site or in-person sales, service, training, and/or support, explain how those activities are handled and the unique attributes of your process.	MES has as mentioned in other tabs the largest and most experienced subject matter specialist in the industry for on site sales demo, training and support. Our sales force works closely with the manufactures having many of their folks ride with MES sales force to sales calls to demo and service products. This makes MES the reason we are the first ones agencies call and even though we may not always be the lowest price we are the best value in the industry. MES gets it done.
71	Describe your compliance with applicable national standards for the products and/or equipment offered in your proposal, such as: National Fire Protection Association (NFPA), Occupational Safety and Health Administration (OSHA), and American National Standards Institute (ANSI).	MES staff are subject matter specialist on NFPA standards for turnout gear, SCBA systems and all related gear so that as changes in certifications are happening we are there to help the market stay up to speed with all of their gear and certifications testing and service. Our Techs are updated on their training as well as our sales staff as needed.

6. The Proposer agrees to deliver products and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
7. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
8. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statute §13.591, Subd. 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals generally become public data. Minnesota Statute §13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

The Proposer understands that it is the Proposer's duty to protect information that it considers nonpublic, and it agrees to defend and indemnify Sourcewell for reasonable measures that Sourcewell takes to uphold such a data designation.

By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Seth Cosans, Contract Administrator, Municipal Emergency Services Inc

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Dinwiddie County (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Dinwiddie County:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: hcasey@dinwiddieva.us

To advise Dinwiddie County of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at hcasey@dinwiddieva.us and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from Dinwiddie County

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to hcasey@dinwiddieva.us and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Dinwiddie County

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to hcasey@dinwiddieva.us and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
