Prior to the award of a contract resulting from this solicitation, bidders are prohibited from contacting any County staff other than those assigned to the Office of the Purchasing Agent.

NO QUESTIONS WILL BE CONSIDERED IF THEY ARE SUBMITTED AFTER JANUARY 16, 2018 AT 5:00 PM.

If any questions or responses require revisions to this solicitation as it was originally published, such revisions will be by formal Addendum only. Bidders are cautioned that any written, electronic, or oral representations made by any County representative or other person that appear to change materially any portion of the solicitation shall not be relied upon unless subsequently ratified by a written Addendum to this solicitation issued by the Office of the Purchasing Agent.

2. COMPETITION INTENDED

It is the County's intent that this solicitation promotes competition. It shall be the bidder's responsibility to advise Arlington County if any language, requirements or specifications restrict or limit the purchase to a single source. Such notification must be received by the Arlington County Purchasing Agent not later than fifteen (15) calendar days prior to the date and time set for bid opening. A review of such notifications will be made and the bidder notified of the results of the review.

3. BID FORM SUBMISSION

The required Bid Form is provided in the solicitation. One (1) fully-completed Bid Form with an original longhand signature, and a photocopy of the signed original (two (2) copies total), shall be submitted by hand, in a sealed envelope or package, to the Office of the Bid Clerk, Suite 511, 2100 Clarendon Boulevard, Arlington, Virginia, 22201, no later than the date and time deadline specified in the Invitation to Bid above. Bids submitted by facsimile or electronically will not be accepted.

A bidder's failure to submit a bid with a fully-completed Bid Form, using the Bid Form provided in this solicitation, shall be cause for rejection of that bidder's bid. A bid will be rejected if its corresponding Bid Form is not signed in the designated space by a person authorized to legally bind the bidder.

Modification of or additions to the Bid Form may be cause for rejection of the bid; however, Arlington County reserves the right to decide, on a case by case basis, in its sole discretion, whether or not to reject such a bid as nonresponsive. As a precondition to bid acceptance, Arlington County may, in its sole discretion, request that the bidder withdraw or modify any such modifications or additions which do not affect quality, quantity, price, or delivery.

Bids and all documents related to this solicitation submitted to Arlington County by a bidder or a prospective bidder shall, upon receipt by Arlington County, become the property of the County.

4. BIDDER CERTIFICATION

Bidders taking exception to any part or section or term of this solicitation, including, by way of illustration and not limitation, the Specifications, the Special Conditions, and any attachments or references hereto or thereto, shall indicate such exceptions on the Bid Form. However, conditional or qualified bids with such exceptions, unless specifically allowed in this solicitation, are subject to rejection in whole or in part as nonresponsive.

6. NONCONFORMING TERMS AND CONDITIONS

If a bidder submits with its bid alternate terms and conditions that do not conform to the terms and conditions in this solicitation, the bid will be subject to rejection for unresponsiveness. 7. ERRORS IN EXTENSION

Where the unit price and the extension price are at variance, the unit price will prevail.

8. USE OF BRAND NAMES

Unless identified as a "No Substitute" item in the solicitation, the name of a certain brand, make or manufacturer does not restrict bidders to that specific brand, make or manufacturer. 12. BIDDER INVESTIGATIONS

Before submitting a bid, each bidder must make all investigations and examinations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by the County that the bidder will rely upon. No pleas of ignorance of such conditions and requirements resulting from failure to make such investigations and examinations will relieve the successful bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents or will be accepted as a basis for any claim whatsoever for any monetary consideration on the part of the successful bidder.

13. INCOMPLETE DOCUMENTS

Each bidder is responsible for having determined the accuracy and/or completeness of the solicitation documents upon which it relied in making its bid, and has an affirmative obligation to notify the Arlington County Purchasing Agent immediately upon discovery of an apparent or suspected inaccuracy, error in, or omission of any pages, drawings, sections, or addenda whose omission from the documents was apparent from a reference or page numbering or other indication in the solicitation documents.

If a potential bidder downloaded an electronic version of the solicitation documents, that potential bidder is responsible for determining the accuracy and/or completeness of the electronic documents.

If the successful bidder proceeds with any activity that may be affected by an inaccuracy, error in, or omission in the solicitation documents of which it is aware but has not notified the Arlington County Purchasing Agent, the bidder hereby agrees to perform any activity described in the missing or incomplete documents at bidder's sole expense and at no additional cost to Arlington County.

Failure to qualify according to the foregoing requirements will result in bid rejection by Arlington County.

15. DEBARMENT STATUS

The bidder shall indicate, in the space provided on the Bid Form, whether or not it, or any of its principals, is/are currently debarred from submitting bids to Arlington County, Virginia, or any other state or political subdivision, and whether or not it is an agent of any person or entity that is currently debarred from submitting bids to Arlington County, Virginia, or any other state or political subdivision. An affirmative response may be considered grounds for rejection of the bid.

16. ALTERNATE BID

Bidders who have other items they wish to offer in lieu of or in addition to what is required by this solicitation shall submit a separate bid clearly marked "ALTERNATE BID". Alternate bids will be automatically deemed nonresponsive and will not be considered for award. Such bids will, however, be

examined prior to awarding the contract contemplated herein and may result in either cancellation of all bids in order to permit rewriting of the solicitation to include the alternate item in a rebid or the alternate item may be considered for future requirements.

17. NEW MATERIAL

Unless otherwise provided for in this solicitation, the bidder represents and warrants that the goods, materials, supplies, or components offered to Arlington County under this solicitation and any resulting contract are new, not used or reconditioned, and are not of such age or deterioration as to impair their usefulness or safety, and that the goods, materials, supplies, or components offered are current production models of the respective manufacturer. The notice shall include the reasons for the request and any benefits which may accrue to Arlington County if the Purchasing Agent authorizes the bidding of used or reconditioned goods, materials, supplies or components.

18. INFORMALITIES

Arlington County reserves the right to waive minor defects or variations from the exact requirements of the solicitation in a bid insofar as those defects or variations do not affect the price, quality, quantity, or delivery schedule of the goods being procured. If insufficient information is submitted for Arlington County to properly evaluate the bid by a bidder, Arlington County reserves the right to require such additional information as it may deem necessary after the bid opening time and date, provided that the information requested does not change the price, quality, quantity, or delivery schedule for the goods being procured.

19. ARLINGTON COUNTY BUSINESS LICENSES

The successful bidder must comply with the provisions of Chapter 11 ("Licenses") of the Arlington County Code, if applicable. For information on the provisions of that Chapter and its applicability to this solicitation, contact the Arlington County Business License Division, Office of the Commissioner of the Revenue, 2100 Clarendon Blvd., Suite 200, Arlington, Virginia, 22201, telephone number (703) 228-3060.

21. BID WITHDRAWAL PRIOR TO BID OPENING

No bid can be withdrawn after it is filed with the Bid Clerk unless the bidder makes a request in writing to the Purchasing Agent prior to the time set for the opening of bids.

22. WITHDRAWAL OF BID FROM CONSIDERATION AFTER BID OPENING

After the opening of a bid, a bidder may withdraw its bid from consideration if the price of the bid is substantially lower than other bids due solely to a mistake therein, provided the bid is submitted in good faith, the mistake is a clerical mistake as opposed to a judgment mistake, and is actually due to an unintentional arithmetic error or an unintentional omission of a quantity of work, labor or material made directly in the compilation of the bid, which unintentional error or unintentional omission can be clearly shown by objective evidence drawn from inspection of original work papers, documents and materials used in the preparation of the bid sought to be withdrawn. No partial withdrawals of bids will be permitted after the time and date set for the bid opening. The bidder must give notice in writing to the Arlington County Purchasing Agent of a claim of right to withdraw a bid and provide all original work papers, documents and other materials used in the preparation of the bid sought to be withdrawn, within two (2) business days after the date of bid opening. 24. ESTIMATED QUANTITIES/NON-EXCLUSIVITY OF CONTRACTOR ACKNOWLEDGEMENT

Bidders acknowledge that the contract that will be entered into as a result of this solicitation will not obligate the County to purchase a specific quantity of items or services during the Contract Term. Any quantities which are included in the Contract Documents are the present expectations of those who are planning for the County for the period of the Contract. The amount is only an estimate and the Contractor understands and agrees that the County is under no obligation to the Contractor to buy that amount, or any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. Bidders further understand that the County may require goods and/or services in excess of the estimated annual contract amount and that such excess shall not give rise to any claim for compensation other than at the unit prices and/or rates set forth in the resulting Contract. Further, bidders acknowledge that the items or services covered by this contract may be available or become available under other County contract(s), and that in analyzing its needs, the County may determine that it is in its best interest to procure the items or services through such other contract(s). 26. INTEREST IN MORE THAN ONE BID AND COLLUSION

Multiple bids received in response to this solicitation from an individual, firm, partnership, corporation, affiliate, or association under the same or different names will be rejected. Reasonable grounds for believing that a bidder is interested in more than one (1) bid for a solicitation both as a bidder and as a subcontractor for another bidder will result in rejection of all bids in which the bidder is interested. However, a firm acting only as a subcontractor may be included as a subcontractor for two (2) or more bidders submitting a bid for the work. Any or all bids may be rejected if reasonable grounds exist for believing that collusion exists among any bidders. Bidders rejected under the above provisions shall be disqualified if they respond to a re-solicitation for the same work.

The County reserves the right to conduct any tests or inspections it may deem appropriate before acceptance.

No goods or materials shall be purchased by the Contractor or any subcontractor subject to any chattel mortgage or under a conditional sale or other agreement by which an interest is retained by the seller. This remedy shall be in addition to any other remedies which the County may have pursuant to this Contract or under law. At its discretion, the County shall be entitled to offset such costs against any sums owed by the County to the Contractor.

22. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

The Contract shall remain in force for the Initial Contract Term or any Subsequent Contract Term(s) and until the County determines that all of the following requirements and conditions have been satisfactorily met: the County has accepted the Work, and thereafter until the Contractor has met all requirements and conditions relating to the Work under the Contract Documents, including warranty and guarantee periods. However, the County shall have the right to terminate this Contract sooner if the Contractor is in breach or default or has failed to perform satisfactorily the Work required, as determined by the County in its discretion.

If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure such failure(s) within at least fifteen (15) days before termination of the Contract takes effect ("Cure Period"). If the Contractor fails to cure within the Cure Period, or as otherwise specified in the notice, the Contract may be terminated for the Contractor's failure to provide satisfactory Contract performance. Upon such termination, the Contractor may apply for compensation for Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by the County prior to such termination unless otherwise barred by the Contract ("Termination Costs"). In order to be considered, such request for Termination Costs, with all supporting documentation, must be submitted to the County Project Officer within fifteen (15) days after the expiration of the Cure Period. The County may accept or reject, in whole or in part, the application for Termination Costs and notify the Contractor of same within a reasonable time thereafter.

If the County terminates the Contract for default or breach of any Contract provision or condition, then the termination shall be immediate after notice from the County to the Contractor (unless the County in its discretion provides for an opportunity to cure) and the Contractor shall not be permitted to seek Termination Costs.

Upon any termination pursuant to this section, the Contractor shall be liable to the County for all costs incurred by the County after the effective date of termination, including costs required to be expended by the County to complete the Work covered by the Contract, including costs of delay in completing the Work or the cost of repairing or correcting any unsatisfactory or non-compliant work performed or provided by the Contractor or its subcontractors. Any purchases after the date of termination contained in the notice shall be the sole responsibility of the Contractor.

In the event any termination for cause, default, or breach shall be found to be improper or invalid by any court of competent jurisdiction then such termination shall be deemed to have been a termination for convenience.

The performance of Work under this Contract may be terminated by the County Purchasing Agent in whole or in part whenever the Purchasing Agent shall determine that such termination is in the County's best interest. If the Contractor, or any of its employees or subcontractors, uses any design, device, work, or materials covered by letters patent or copyright, it is mutually agreed and understood, without exception, that the Contract Amount includes all royalties, licensing fees, and any other costs arising from the use of such design, device, work, or materials in any way involved with the Work. This duty to save, defend, hold harmless and indemnify shall survive the termination of this Contract. If, after Notice by the County, the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor shall be liable for and reimburse the County for any and all expenses, including, but not limited to, reasonable attorneys' fees incurred and any settlements or payments made. The Contractor shall pay such expenses upon demand by the County and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

The work shall consist of furnishing high quality cold patch material for use by the Virginia Department of Transportation in maintenance patching operations. The product is to be used for permanent pothole repairs. The high quality cold patch material shall be in accordance with Section 211 of the current edition of the Road and Bridge Specifications and these special provisions. Type P asphalt patch material will not conform to the requirements of this special provision; therefore, it will not be allowed.

GENERAL PROVISIONS:

Binder/Mix:

The high quality asphalt patch material binder/mix shall be one of the products listed below. The material shall conform to the manufacturer's specifications for the brand name. The manufacturer shall either submit binder/mix certification documentation or certify that the binder/mix material is the same used in the experimental section in Lynchburg District .

<u>Manufacturer</u>	<u>Brand Names</u>

Job-Mix Formula:

The cold patch material mixture shall consist of crushed stone, crushed slag, or crushed gravel and fine aggregate, slag or stone screenings, or a combination thereof combined with asphalt binder.

With each bid, the Contractor shall submit or have the supplier submit for the Engineer's approval, a job-mix formula for the mixture to be supplied. Unless otherwise approved by the Engineer, the job-mix formula shall be within the following design range. The job-mix formula shall establish a single percentage of aggregate passing each required sieve, a single percentage of asphalt material to be added to the aggregate and a single temperature at which the mixture is to be produced.

The Engineer reserves the right to require adjustments in the job-mix formula based upon field performance.

Design Range:

<u>Sieve</u>	<u>% Passing</u>
3/8"	100
# 4	70-90
# 30	max. 8
# 200	max. 3
% AC (residual)	5.0-6.0

Testing:

(a) Design

As part of the job-mix approval process, the Contractor shall submit a sample of the proposed mixture to the VDOT Central Office Materials Division, to be tested in accordance with the following:

<u>Name</u>	<u>Designation</u>
Stripping Test ¹	VTM-13
Draindown ²	AASHTO TP 42-94
Asphalt Content ³	
a. Chemical Extraction	VTM-36
b. Ignition Method	VTM-102
Gradation	AASHTO T-30
Particle Coating ⁴	AASHTO T 195-67

NOTE: The material shall be cured in an oven at $110 \pm 5^{\circ}\text{C}$ (230°F) until constant weight is obtained prior to testing; except for draindown (AASHTO TP 42-94) and the stripping test (VTM-13), which will be performed before curing.

- 1 The stripping test will be done in accordance with the "Field Testing" section of VTM 13.
- 2 For draindown, the material will be tested in accordance with sections 12.3.1.1 thru 12.3.1.8 of AASHTO TP 42-94. Section 12.3.1.2 will be replaced with the following, "Weigh out 1000 gm (approximate) mixture sample."

Also, the following equation will be used to calculate percent draindown: $\frac{(A-B)}{C} \times 100$, where A is the weight of pie pan plus asphalt residue, B is the initial weight of pie pan, and C is the total sample weight.

- 3 either method is acceptable
- 4 Testing for particle coating will be performed in accordance with AASHTO T 195-67 except the sieve size used will be the # 8.

(b) Production

The Contractor shall conduct the tests indicated above during mix production at a minimum frequency of 1 per 100 ton lot. The Contractor shall maintain all records and test results associated with the material. The Contractor shall provide copies of the test results, on forms approved by the Department, to the State Materials Engineer on a weekly basis during production.

The Department reserves the right to sample material entering into the composition of the mixture, or sample the mixture, at any time. The Contractor shall cooperate with the Engineer in obtaining such samples.

Acceptance:

Acceptance testing will be completed before any of the material represented by that sample is shipped to the Department. Furthermore, the material may be subject to a workability evaluation either in the lab or in the field.

Acceptance will be made under the Department's quality assurance program which entails the testing of production samples by the Contractor and monitor samples by the Department. Sampling and testing for the determination of asphalt content, gradation, draindown, stripping, and particle coating shall be performed by the Contractor, and the Department will perform independent monitor checks at its discretion. When the Contractor's test results indicate that the mixture conforms to the requirements of this Specification, the mixture will be considered acceptable. However, nothing herein shall be construed as waiving the requirements of Sections 106.06, 200.02, and 200.03 of the Specifications or relieving the Contractor of the obligation to furnish a functional product which conforms to the requirements of the Contract.

Acceptance will be based upon performing the required tests once on a minimum 25 lb. sample taken in a random manner from each 100 ton lot. Unless otherwise approved, samples shall be obtained from the approximate center of randomly selected quadrants of truck loads of material, from a stockpile, or from randomly selected bags prior to shipping to the Department. The Contractor will obtain a split sample of each acceptance sample for possible monitor testing by the Department. Any statistically acceptable method of randomization may be used to determine the time and location of the stratified random sample to be taken; however, the Department shall be advised of the method to be used prior to beginning production.

A lot will be considered acceptable when the test result of VTM-13 is reported as "pass," gradation and asphalt content test results are within the allowable tolerance from the job-mix formula, the result of AASHTO TP 42 -94 does not exceed 8 % of the total test sample weight, and the result of AASHTO T 195-67 is $\geq 95\%$.

Allowable (Process) Tolerance for each laboratory sieve and asphalt content (percent) will be as follows:

Number Tests	<u>3/8"</u>	<u>No. 4</u>	<u>No. 30</u>	<u>No. 200</u>	<u>A.C.</u>
1	0.0	± 8.0	± 6.0	± 2.0	$\pm .60$

If the cold patch material does not meet the specified tolerances, the entire 100 ton lot will be rejected, until further testing of the material indicates that the original test results are erroneous.

Hauling Equipment: (Bulk material)

Trucks used for hauling asphalt mixtures shall have tight, clean, smooth metal bodies equipped with a positive locking metal tailgate. Metal surfaces in contact with asphalt mixtures shall be given a thin coat of an aliphatic hydrocarbon invert emulsion release agent (nonpuddling), a lime solution, or other material on the Department's list of approved release agents. Except where a nonpuddling release agent is used, the beds of dump trucks shall be raised to remove excess agent prior to loading. Only a nonpuddling agent shall be used in truck beds that do not dump. Each truck shall be equipped with a tarpaulin or other cover that will protect the mixture from moisture and foreign matter.

Shipping Bag:

When delivery in a bag is specified, the bag shall be composed of a double liner with the inner most liner being plastic. The bag shall be capable of being exposed to all weather conditions while being stored without cover. The material shall not harbor moisture nor deteriorate in any weather condition.

Replacement Warranty:

If the material supplied does not remain workable in storage for at least six months, it shall be replaced at no cost to the Department. If the product does not perform in normal pothole patches for at least six months, the Department will investigate the reason for the poor performance. Should the investigation reveal that the product does not conform to the specifications, it shall be replaced at no cost to the Department.

MSDS:

Material Safety Data Sheets must be provided with each shipment of bulk or bagged material.

Measurement and Payment:

The cold patch material will be paid by the following bid items:

Bid Item	Payment
Bag	Bag
Bulk	Ton

Each bag shall contain a minimum of 60 lbs of material.
