PURCHASING DIVISION AUTHORIZATION

Tomeka Price **Title: Procurement Officer** **Date:** 12/20/2021

**ARLINGTON COUNTY, VIRGINIA
OFFICE OF THE PURCHASING AGENT
2100 CLARENDON BOULEVARD, SUITE 500
ARLINGTON, VA 22201**

AGREEMENT NO. 22-DHS-SS-186

THIS AGREEMENT is made, on 12/20/2021 (“the Effective Date”), between Conduent Healthy Communities Corporation, 100 Campus Drive, Suite 200, Florham Park, New Jersey 07932 (“Contractor”) a California corporation authorized to do business in the Commonwealth of Virginia, and the County Board of Arlington County, Virginia (“County”). The County and the Contractor, for the consideration hereinafter specified, agree as follows:

1. CONTRACT DOCUMENTS

The “Contract Documents” consist of:

- This Agreement
- Exhibit A – Scope of Work
- Exhibit B – Contract Pricing
- Exhibit C – Arlington, Virginia HCI Indicator List
- Exhibit D – Nielsen Claritas Demographics
- Exhibit E – Hospitalization Utilization Indicators

Where the terms and provisions of this Agreement vary from the terms and provisions of the other Contract Documents, the terms and provisions of this Agreement will prevail over the other Contract Documents, and the remaining Contract Documents will be complementary to each other. If there are any conflicts, the most stringent terms or provisions will prevail.

The Contract Documents set forth the entire agreement between the County and the Contractor. The County and the Contractor agree that no representative or agent of either party has made any representation or promise with respect to the parties’ agreement that is not contained in the Contract Documents. The Contract Documents may be referred to below as the “Contract” or the “Agreement”.

2. SCOPE OF WORK

The Contractor agrees to perform the services (“the Services”) and provide the grant of the License as described in the Contract Documents (collectively the “Work”). As detailed in the “Scope of Work” (Exhibit A), the primary purpose of the Work is for the County to subscribe to and license the Contractor’s Standalone Platform website template system (“HCI Standalone Platform”) utilized to collaborate on regional health data. It will be the Contractor’s responsibility, at its sole cost, to provide the specific services set forth in the Contract Documents and sufficient services to fulfill the purposes of the Work.

Nothing in the Contract Documents limits the Contractor's responsibility to manage the details and execution of the Work.

3. PROJECT OFFICER

The performance of the Contractor is subject to the review and approval of the County Project Officer, who will be appointed by the Director of the Arlington County department or agency requesting the Work under this Contract.

4. CONTRACT TERM

The initial term of this Agreement will commence on 12/20/2021 and must be completed no later than September 14, 2022 ("Initial Contract Term"), subject to any modifications provided in the Contract Documents. Upon satisfactory performance by the Contractor the County may, through issuance of a bilateral Notice of Renewal, authorize continuation of the Agreement under the same contract prices for not more than one (1) additional 12-month period, from September 15, 2022 to September 14, 2023 (each a "Subsequent Contract Term"). The Initial Contract Term and any Subsequent Contract Term(s) are together the "Contract Term".

5. CONTRACT AMOUNT

This is a fixed-price contract. The Contractor agrees that the total payment for the Work will not exceed \$34,500.00 annually, regardless of the number of hours spent in the performance of the Work.

The County will not compensate the Contractor for any goods or services beyond those included in Exhibit A unless those additional goods or services are covered by a fully executed amendment to this Contract.

6. PAYMENT

The Contractor must submit invoices to the County's Project Officer, who will either approve the invoice or require corrections. The County will pay the Contractor within forty-five (45) days after receipt of an invoice for completed work that is reasonable and allocable to the Contract and that has been performed to the satisfaction of the Project Officer. The number of the County Purchase Order pursuant to which goods or services have been delivered or performed must appear on all invoices.

7. REIMBURSABLE EXPENSES

The County will not reimburse the Contractor for any expenses under this Contract. The amount in Exhibit B includes all costs and expenses of providing the services described in this Contract.

8. PAYMENT OF SUBCONTRACTORS

The Contractor is obligated to take one of the two following actions within seven days after receipt of payment by the County for work performed by any subcontractor under this Contract:

- a. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or
- b. Notify the County and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment, with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for amounts

withheld as allowed in subsection b., above. Unless otherwise provided under the terms of this Contract, interest will accrue at the rate of 1% per month.

The Contractor must include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this section may not be construed to be an obligation of the County. A Contract modification may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

9. NO WAIVER OF RIGHTS

The County's approval or acceptance of or payment for any goods or services under this Contract will not waive any rights or causes of action arising out of the Contract.

10. NON-APPROPRIATION

All payments by the County to the Contractor pursuant to this Contract are subject to the availability of an annual appropriation for this purpose by the County Board of Arlington County, Virginia ("Board"). In the event that the Board does not appropriate funds for the goods or services provided under this Contract, the County will terminate the Contract, without termination charge or other liability to the County, on the last day of the fiscal year or when the previous appropriation has been spent, whichever event occurs first.

11. COUNTY PURCHASE ORDER REQUIREMENT

County purchases are authorized only if the County issues a Purchase Order in advance of the transaction, indicating that the ordering County agency has sufficient funds available to pay for the purchase. If the Contractor provides goods or services without a signed County Purchase Order, it does so at its own risk and expense. The County will not be liable for payment for any purchases made by its employees that are not authorized by the County Purchasing Agent.

12. EMPLOYMENT DISCRIMINATION BY CONTRACTOR PROHIBITED

During the performance of its work pursuant to this Contract:

- A. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability or on any other basis prohibited by state law. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- B. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation will be deemed sufficient for meeting the requirements of this section.
- C. The Contractor will state in all solicitations or advertisements for employees that it places or causes to be placed that such Contractor is an Equal Opportunity Employer.
- D. The Contractor will comply with the provisions of the Americans with Disabilities Act of 1990 ("ADA"), which prohibits discrimination against individuals with disabilities in employment

and mandates that disabled individuals be provided access to publicly and privately provided services and activities.

- E. The Contractor must include the provisions of the foregoing paragraphs in every subcontract or purchase order of more than \$10,000.00 relating to this Contract so that the provisions will be binding upon each subcontractor or vendor.

13. EMPLOYMENT OF UNAUTHORIZED ALIENS PROHIBITED

In accordance with §2.2-4311.1 of the Code of Virginia, as amended, the Contractor must not during the performance of this Contract knowingly employ an unauthorized alien, as that term is defined in the federal Immigration Reform and Control Act of 1986.

14. DRUG-FREE WORKPLACE TO BE MAINTAINED BY CONTRACTOR

During the performance of this Contract, the Contractor must: (i) provide a drug-free workplace for its employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violating such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of more than \$10,000.00 relating to this Contract so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "workplace" means the site(s) for the performance of the work required by this Contract.

15. SEXUAL HARASSMENT POLICY

If the Contractor employs more than five employees, the Contractor shall (i) provide annual training on the Contractor's sexual harassment policy to all supervisors and employees providing services in the Commonwealth, except such supervisors or employees that are required to complete sexual harassment training provided by the Department of Human Resource Management, and (ii) post the Contractor's sexual harassment policy in (a) a conspicuous public place in each building located in the Commonwealth that the Contractor owns or leases for business purposes and (b) the Contractor's employee handbook.

16. COVID-19 VACCINATION POLICY FOR CONTRACTORS

Due to the ongoing COVID-19 pandemic, the County has taken various steps to protect the welfare, health, safety, and comfort of the workforce and public at large. As part of these steps, the County has implemented various requirements with respect to health and safety including policies with respect to social distancing, the use of face-coverings and vaccine mandates. To protect the County's workforce and the public at large, all employees and subcontractors of the Contractor who are assigned to this Contract, should be fully vaccinated against COVID-19. Any contractor employee or subcontractor who is not fully vaccinated should be following a weekly testing protocol as established by the Contractor, unless exempt pursuant to a valid reasonable accommodation under state or federal law.

17. TERMINATION

Either party may terminate this Contract at any time as follows: (1) for cause, if, as reasonably determined by the party, the other party is in material breach or default or has failed to perform the Work satisfactorily

unless cured as provided below; or (2) for the convenience of the party upon thirty (30) days advance written notice.

Upon receipt of a notice of termination, the Contractor must not place any further orders or subcontracts for materials, services or facilities; must terminate all vendors and subcontracts, except as are necessary for the completion of any portion of the Work through the effective date of the termination or for that portion of the Work that the County did not terminate; and must deliver all Services and deliverables related to the terminated Work to the County through the effective date of termination.

Any purchases that the Contractor makes after the notice of termination will be the sole responsibility of the Contractor, unless the County has approved the purchases in writing as necessary for completion of any portion of the Work that the County did not terminate.

If any court of competent jurisdiction finds a termination for cause by the County to be improper, then the termination will be deemed a termination for convenience.

A. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

1. Termination for Unsatisfactory Performance. If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure them within 30 days or any other period reasonably specified by the County ("Cure Period"). If the Contractor fails to cure within the Cure Period, the County may terminate the Contract for failure to provide satisfactory performance by providing written notice with a termination date. Upon such termination, the Contractor may apply for compensation for Services and License fees that the County previously accepted or that will be provided through the effective date of termination ("Termination Costs"), unless payment is otherwise barred by the Contract. The Contractor must submit any request for Termination Costs, with all supporting documentation, to the County Project Officer within 30 days after the expiration of the Cure Period. The County may reasonably accept or reject the request for Termination Costs, in whole or in part, and may notify the Contractor of its decision within a reasonable time.

In the event of termination by the County for failure to perform satisfactorily, the Contractor must continue to provide its services as previously scheduled through the effective termination date, and the County must continue to pay all fees and charges incurred through the termination date.

2. Termination for Breach or Default. If the County terminates the Contract for default or breach of any Contract provision or condition, then the termination will be immediate after notice of termination to the Contractor (unless the County provides for an opportunity to cure), and the Contractor will not be permitted to seek termination costs.

Except as otherwise directed by the County, the Contractor must stop work on the date of receipt the notice of the termination.

B. TERMINATION FOR THE CONVENIENCE OF THE COUNTY

The County may terminate this Contract in whole or in part whenever the Purchasing Agent determines that termination is in the County's best interest. The County will give the

Contractor at least 15 days' notice in writing. The notice must specify the extent to which the Contract is terminated and the effective termination date. The Contractor will be entitled to termination costs, plus any other reasonable amounts that the parties might negotiate; but no amount will be allowed for anticipatory profits.

Except as otherwise directed by the County, the Contractor must stop work on the date of receipt of the notice of the termination.

C. TERMINATION FOR THE CONVENIENCE OF THE CONTRACTOR

Notwithstanding anything to the contrary in this Agreement, the Contractor may terminate this Contract in whole at any time, with or without cause, upon providing County at least thirty (30) days advance written notice.

18. INDEMNIFICATION AND LIMITATION OF LIABILITY

(a) The Contractor covenants for itself, its employees and its subcontractors to save, defend, hold harmless and indemnify the County and all of its elected and appointed officials, officers, current and former employees, agents, departments, agencies, boards and commissions (collectively the "County Indemnitees") from and against any and all claims made by third parties for any and all losses, damages, injuries, fines, penalties, costs (including court costs and reasonable attorneys' fees), charges, liability, demands or exposure resulting from, arising out of or in any way connected with the Contractor's acts or omissions, including the acts or omissions of its employees and/or subcontractors, in performance or nonperformance of the Contract. This duty to save, defend, hold harmless and indemnify will survive the termination of this Contract. If the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor must reimburse the County for any and all resulting payments and expenses, including reasonable attorneys' fees. The Contractor must pay such expenses upon demand by the County, and failure to do so may result in the County withholding such amounts from any payments to the Contractor under this Contract.

(b) Limitation of Liability. In no event shall the Contractor be liable for any loss of profit or revenue or costs, or for any other consequential, incidental, indirect or special damages incurred or suffered by County arising as a result of or related to this Contract, whether in contract, tort, or otherwise, even if Contractor was advised of the possibility of such loss or damages. Except for claims related to personal injury, death or intellectual property indemnification, the Contractor's total liability for all claims arising as a result of or related to this Contract, or to any act or omission of Contractor, whether in contract, tort or otherwise, will not exceed the amount that the County paid to the Contractor during the 12-month period immediately preceding the date of the claim.

The County's sole remedy for any claim against the Contractor with respect to the quality of the Services is the correction by the Contractor of any material defects or deficiencies of which County notifies the Contractor in writing within ten days after discovering the defect or

19. INTELLECTUAL PROPERTY INDEMNIFICATION

The Contractor warrants and guarantees that in providing services under this Contract neither the Contractor nor any subcontractor is infringing on the intellectual property rights (including, but not limited to, copyright, patent, mask and trademark) of third parties.

If the Contractor or any of its employees or subcontractors uses any design, device, work or material that is covered by patent or copyright, it is understood that the Contract Amount includes all royalties, licensing fees, and any other costs arising from such use in connection with the Work under this Contract.

The Contractor covenants for itself, its employees and its subcontractors to save, defend, hold harmless, and indemnify the County Indemnitees, as defined above, from and against any and all claims, losses, damages, injuries, fines, penalties, costs (including court costs and attorneys' fees), charges, liability or exposure for infringement of or on account of any trademark, copyright, patented or unpatented invention, process or article manufactured or used in the performance of this Contract. This duty to save, defend, hold harmless and indemnify will survive the termination of this Contract. If the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor must reimburse the County for any and all resulting payments and expenses, including reasonable attorneys' fees. The Contractor must pay such expenses upon demand by the County, and failure to do so may result in the County withholding such amounts from any payments to the Contractor under this Contract.

20. LICENSE

Contractor grants to the County a non-exclusive, non-transferable, non-sublicenseable, license ("the License") during the term of the Contract to: (a) access and remotely interact with the HCI Standalone Platform and allow users of its HCI Standalone Platform implementation's website ("Users") such access and interaction; (b) use the Contractor's trademarks to the limited extent disclosed and included in the HCI Standalone Platform with the appropriate designation of Contractor ownership as provided by Contractor; (c) access HCI Standalone Platform utilization data; and (d) access error corrections to the HCI Standalone Platform, including fixes to problems in software but excluding additional options, enhancements, and/or new features. County shall be responsible for any County Data (as defined in Exhibit A, Scope of Work) provided to Contractor to make available under the HCI Standalone Platform, which County hereby grants to Contractor for such use during the term of this Agreement, and such responsibility for County Data includes the indemnification to hold Contractor harmless from any third party claims, including without limitation, any claim that the County Data infringes upon the intellectual property rights of a third party. Any Deliverables (as defined in Exhibit A, Scope of Work) provided to County in connection with the Services, as designated in the Statement of Work, will be and remain the sole ownership of Contractor subject to only a permanent non-exclusive, royalty-free, non-transferrable license to County to use such Deliverables for internal purposes only. Each party also hereby grants to the other, during the term of this Agreement, the right to use any trademark or tradename of the other under the HCI Standalone Platform provided that the owning party is given appropriate designation in any such display as the owner of such trademark or tradename.

21. OWNERSHIP

This Contract does not confer on the Contractor any ownership rights or rights to use or disclose the County's data or other information provided to the Contractor in connection with this Contract. The Contractor shall own all intellectual property rights derived from providing the Services and/or preparing any deliverables to the County under this Contract ("Deliverables"). Notwithstanding anything to the contrary in this Contract, should the County timely make payment of all amounts due the Contractor under this Contract, and the County is not otherwise in breach or violation of this Contract, the County shall be granted a permanent, royalty-free, non-exclusive, non-transferable, non-sublicenseable, license ("Deliverables License") to use the Deliverables for internal business purposes only.

The provisions of this section will survive any termination or cancellation of this Contract.

22. CONFIDENTIAL INFORMATION

Each party, and its employees, agents, and subcontractors, agrees to hold as confidential all confidential information of a party provided to or obtained by the other party in the performance of this Agreement. Confidential information of a party includes, but is not limited to, nonpublic personal information, personally identifiable health information, social security numbers, addresses, dates of birth, other contact information or medical information about a person, information pertaining to products, operations, systems, customers, prospective customers, software, systems and products and related source code, analytics, algorithms, and other statistical relationships, databases that a reasonable person would consider confidential. Each party shall take reasonable measures to ensure that all of its employees, agents, and subcontractors are informed of, and abide by, this requirement.

23. ETHICS IN PUBLIC CONTRACTING

This Contract incorporates by reference Article 9 of the Arlington County Purchasing Resolution, as well as all state and federal laws related to ethics, conflicts of interest or bribery, including the State and Local Government Conflict of Interests Act (Code of Virginia § 2.2-3100 et seq.), the Virginia Governmental Frauds Act (Code of Virginia § 18.2-498.1 et seq.) and Articles 2 and 3 of Chapter 10 of Title 18.2 of the Code of Virginia, as amended (§ 18.2-438 et seq.). The Contractor certifies that its proposal was made without collusion or fraud; that it has not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor; and that it has not conferred on any public employee having official responsibility for this procurement any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

24. COUNTY EMPLOYEES

No Arlington County employee may share in any part of this Contract or receive any benefit from the Contract that is not available to the general public.

25. FORCE MAJEURE

Neither party will be held responsible for failure to perform the duties and responsibilities imposed by this Contract if such failure is due to a fire, riot, rebellion, natural disaster, war, epidemic or pandemic, act of terrorism or act of God that is beyond the control of the party and that makes performance impossible or illegal, unless otherwise specified in the Contract.

26. AUTHORITY TO TRANSACT BUSINESS

The Contractor must, pursuant to Code of Virginia § 2.2-4311.2, be and remain authorized to transact business in the Commonwealth of Virginia during the entire term of this Contract. Otherwise, the Contract is voidable at the sole option of and with no expense to the County.

27. RELATION TO COUNTY

The Contractor is an independent contractor, and neither the Contractor nor its employees or subcontractors will be considered employees, servants or agents of the County. The County will not be responsible for any negligence or other wrongdoing by the Contractor or its employees, servants or agents. The County will not withhold payments to the Contractor for any federal or state unemployment taxes, federal or state income taxes or Social Security tax or for any other benefits. The County will not provide to the Contractor any insurance coverage or other benefits, including workers' compensation.

28. ANTITRUST

The Contractor conveys, sells, assigns and transfers to the County all rights, title and interest in and to all causes of action under state or federal antitrust laws that the Contractor may have for any third-party product purchases it may make relating exclusively to this Contract.

29. REPORT STANDARDS

The Contractor must submit all written reports required by this Contract for advance review in a format approved by the Project Officer. Reports must be accurate and grammatically correct and should not contain spelling errors. The Contractor will bear the cost of correcting grammatical or spelling errors and inaccurate report data and of other revisions that are required to bring the report(s) into compliance with this section.

30. AUDIT

The Contractor must retain all books, records and other documents related to this Contract for at least five years, or such period of time required by the County's funding partner(s), if any, whichever is greater, after the final payment and must allow the County or its authorized agents to examine the documents during this period and during the Contract Term. The Contractor must provide any requested documents to the County for examination within 15 days of the request, at the Contractor's expense. Should the County's examination reveal any overcharging by the Contractor, the Contractor must, within 30 days of County's request, reimburse the County for the overcharges and for the reasonable costs of the County's examination, including, but not limited to, the services of external audit firm and attorney's fees; or the County may deduct the overcharges and examination costs from any amount that the County owes to the Contractor. If the Contractor wishes to destroy or dispose of any records related to this Contract (including confidential records to which the County does not have ready access) within five years after the final payment, or such period of time required by the County's funding partner(s), if any, whichever is greater, the Contractor must give the County at least 30 days' notice and must not dispose of the documents if the County objects.

The Purchasing Agent may require the Contractor to demonstrate that it has the necessary facilities, ability, and financial resources to comply with the Contract and furnish the service, material or goods specified herein in a satisfactory manner at any time during the term of this Contract.

31. ASSIGNMENT

The Contractor may not assign, transfer, convey or otherwise dispose of any award or any of its rights, obligations or interests under this Contract without the prior written consent of the County.

32. AMENDMENTS

This Contract may not be modified except by written amendment executed by persons duly authorized to bind the Contractor and the County.

33. ARLINGTON COUNTY PURCHASING RESOLUTION AND COUNTY POLICIES

Nothing in this Contract waives any provision of the Arlington County Purchasing Resolution, which is incorporated herein by reference, or any applicable County policy.

34. DISPUTE RESOLUTION

All disputes arising under this Agreement or concerning its interpretation, whether involving law or fact and including but not limited to claims for additional work, compensation or time, and all claims for alleged breach of contract must be submitted in writing to the Project Officer as soon as the basis for the

claim becomes known. In accordance with the Arlington County Purchasing Resolution, claims denied by the Project Officer may be submitted to the County Manager in writing no later than 60 days after the final payment. The time limit for a final written decision by the County Manager is 30 days. Procedures concerning contractual claims, disputes, administrative appeals and protests are contained in the Arlington County Purchasing Resolution. The Contractor must continue to work as scheduled pending a decision of the Project Officer, County Manager, County Board or a court of law through any effective date of termination of this Agreement.

35. APPLICABLE LAW, FORUM, VENUE AND JURISDICTION

This Contract is governed in all respects by the laws of the Commonwealth of Virginia; and the jurisdiction, forum and venue for any litigation concerning the Contract or the Work is in the Circuit Court for Arlington County, Virginia, and in no other court.

36. ARBITRATION

No claim arising under or related to this Contract may be subject to arbitration.

37. NONEXCLUSIVITY OF REMEDIES

All remedies available to the County under this Contract are cumulative, and no remedy will be exclusive of any other at law or in equity.

38. NO WAIVER

The failure to exercise a right provided for in this Contract will not be a subsequent waiver of the same right or of any other right.

39. SEVERABILITY

The sections, paragraphs, clauses, sentences, and phrases of this Contract are severable; and if any section, paragraph, clause, sentence or phrase of this Contract is declared invalid by a court of competent jurisdiction, the rest of the Contract will remain in effect.

40. SURVIVAL OF TERMS

In addition to any statement that a specific term or paragraph survives the expiration or termination of this Contract, the following sections also survive: INDEMNIFICATION AND LIMITATION OF LIABILITY; INTELLECTUAL PROPERTY INDEMNIFICATION; RELATION TO COUNTY; OWNERSHIP; AUDIT; LICENSE; DISPUTE RESOLUTION; APPLICABLE LAW AND JURISDICTION;, AND CONFIDENTIAL INFORMATION.

41. HEADINGS

The section headings in this Contract are inserted only for convenience and do not affect the substance of the Contract or limit the sections' scope.

42. AMBIGUITIES

The parties and their counsel have participated fully in the drafting of this Agreement; and any rule that ambiguities are to be resolved against the drafting party does not apply. The language in this Agreement is to be interpreted as to its plain meaning and not strictly for or against any party.

43. NOTICES

Unless otherwise provided in writing, all legal notices and other communications required by this Contract are deemed to have been given when either (a) delivered in person; (b) delivered by an agent, such as a

delivery service; or (c) deposited in the United States mail, postage prepaid, certified or registered and addressed as follows:

TO THE CONTRACTOR:

Elizabeth Bobo

Email: slewis1@arlingtonva.us

TO COUNTY MANAGER'S OFFICE (FOR PROJECT CLAIMS):

Mark Schwartz, County Manager
Arlington County, Virginia
2100 Clarendon Boulevard, Suite 318
Arlington, Virginia 22201

44. NON-DISCRIMINATION NOTICE

Arlington County does not discriminate against faith-based organizations.

45. ACCESSIBILITY OF WEB SITE

If any work performed under this Contract results in the design, development or maintenance of or responsibility for the content or format of any County web sites or for the County's presence on third-party web sites, the Contractor must perform such work in compliance with ADA.

46. INSURANCE REQUIREMENTS

Before beginning work under the Contract or any extension, the Contractor must provide to the County Purchasing Agent a Certificate of Insurance indicating that the Contractor has in force at a minimum the coverage below. The Contractor must maintain this coverage until the completion of the Contract or as otherwise stated in the Contract Documents. All required insurance coverage must be acquired from insurers that are authorized to do business in the Commonwealth of Virginia, with a rating of "A-" or better and a financial size of "Class VII" or better in the latest edition of the A.M. Best Co. Guides.

- a. Workers Compensation - Virginia statutory workers compensation (W/C) coverage, including Virginia benefits and employer's liability with limits of \$500,000/500,000/500,000. The County will not accept W/C coverage issued by the Injured Worker's Insurance Fund, Towson, MD.
- b. Commercial General Liability - \$1,000,000 per occurrence, with \$1,000,000 annual aggregate covering all premises and operations and including personal injury, completed operations, contractual liability, independent contractors, and products liability. The general aggregate limit must apply to this Contract. Evidence of contractual liability coverage must be typed on the certificate.
- c. Business Automobile Liability - \$1,000,000 combined single-limit (owned, non-owned and hired).
- d. Cyber Insurance - \$2,000,000 per claim, \$2,000,000 annual aggregate.
- e. Professional Liability - \$1,000,000 per claim.
- f. Additional Insured – The County and its officers, elected and appointed officials, employees and agents must be listed as additional insureds on all policies except workers compensation and automotive and professional liability; and the additional insured endorsement must be typed on the certificate.
- g. Cancellation - If there is a material change or reduction in or cancellation of any of the above coverages during the Contract Term, the Contractor must notify the Purchasing Agent immediately and must, with no lapse in coverage, obtain replacement coverage that is consistent with the terms of this Contract. Not having the required insurance throughout the Contract Term is grounds for termination of the Contract.
- h. Claims-Made Coverage - Any "claims made" policy must remain in force, or the Contractor must obtain an extended reporting endorsement, until the applicable statute of limitations for any claims has expired.
- i. Contract Identification - All insurance certificates must state this Contract's number and title.

The Contractor must disclose to the County the amount of any deductible or self-insurance component of any of the required policies. With the County's approval, the Contractor may satisfy its obligations under this section by self-insurance for all or any part of the insurance required, provided that the Contractor can demonstrate sufficient financial capacity. In order to do so, the Contractor must provide the County with its most recent actuarial report and a copy of its self-insurance resolution.

The County may request additional information to determine if the Contractor has the financial capacity to meet its obligations under a deductible and may require a lower deductible; that funds equal to the deductible be placed in escrow; a certificate of self-insurance; collateral; or another mechanism to guarantee the amount of the deductible and ensure protection for the County.

The County's acceptance or approval of any insurance will not relieve the Contractor from any liability or obligation imposed by the Contract Documents.

The Contractor is responsible for the Work and for all materials, tools, equipment, appliances and property used in connection with the Work. The Contractor assumes all risks for direct and indirect damage or injury to the property used or persons employed in connection with the Work and for of all damage or injury to any person or property, wherever located, resulting from any action, omission, commission or operation under the Contract or in connection in any way whatsoever with the Work. The Contractor's insurance shall be the primary non-contributory insurance for any work performed under this Contract.

The Contractor is as fully responsible to the County for the acts and omissions of its subcontractors and of persons employed by them as it is for acts and omissions of persons whom the Contractor employs directly.

EXHIBIT A **SCOPE OF WORK**

Contractor will provide and maintain the HCI Standalone Platform which serves as a host to a health and well-being dashboard for Arlington County's community health improvement efforts, as follows:

HCI MAINTENANCE SERVICES

HCI's ongoing responsibilities:

1. Keep the site up and running with high availability – response time to mission critical website failures is 24/7
2. Respond to questions from the County regarding operations of the website during regular business hours (8 AM to 5 PM EST) within two (2) business days.
3. Update core indicators within one calendar quarter of public, online source data updates
4. Maintain integrity of links for the promising practices database
5. Maintain any defects or bugs that are identified in the system within two (2) business days.
6. Respond to change orders within a timely fashion; for urgent requests the initial response must be within one business day.

HCI PLATFORM SERVICES

The HCI Platform includes the following services, provided by an expert team of public health professionals:

1. Account Manager Training and Support Services

HCI and assigned Account Manager provide the following services during maintenance of the HCI Platform:

- Site Administrator Training – Personalized webinar trainings on website features and system administration. Webinar trainings are tailored to County needs and may include overall approach / process for adding local indicators, how to use the system's dashboards / data analysis tools and how to upload and create content such as priority pages or reports.
- Site Orientation – A meeting to introduce the County's custom-designed HCI Platform (optional). Includes overview of site features and topics aligned with the County's goals and objectives. Participants include key decision-makers and (optionally) partners, stakeholders and other end users.
- Quarterly Meetings – Regularly scheduled, quarterly check-in meetings after site launch. Topics may include indicator updates, product updates, upcoming webinars, or discussions designed to understand and help support the County's goals and objectives.
- Help Center – 24/7 access to an online County Help Center with step-by-step written instructions, training videos and County examples.
- Account Manager Support services are conducted via phone/webinar; instead, the County shall receive 1-2 in-person meetings to provide onsite training, conduct a kickoff meeting, lead a site orientation, launch a site or attend/conduct another meeting as specified by the County.

HCI PLATFORM FEATURES

1. Data and Analysis Features

- Community Dashboard - Data dashboard that houses all of the indicators on the County's site. Search and filter by geography, topic and subpopulation groups (race/ethnicity, age, and

gender) when available. It will allow the County to add local data into the Community Dashboard (see Section 4-Customization Tools & Options).

- Core List - 100+ health and quality of life indicators as available from public, (see Exhibit B) online state or national data sources and dependent upon statistical validity for a geography. Core indicator list is subject to change from time to time depending upon data availability and strategy.
- Demographics: Nielsen Claritas Demographic Profile Data - Tier 2 (250 demographic elements) (see Exhibit B). Single year estimates. Provides state, county, and zip code or census tract demographic estimates for Arlington County. Allows site administrator to create custom charts using demographic data.
- Hospitalization Data – 16 Inpatient Hospitalization Indicators on the preventable causes of inpatient admissions modeled on AHRQ Prevention Quality Indicator standards and guidelines (see Exhibit C) provided at county and zip code levels (based on County providing statewide data files).
- Socio-Needs Index – A measure of socioeconomic need correlated with preventable hospitalizations and poor health outcomes; counties and zip codes within your selected area are given an Index Value based on a national distribution and then mapped relative to your area to show degrees of socioeconomic need within your community.
- Food Insecurity Index – A measure of food access that is correlated with social and economic hardship; counties, zip codes, and census tracts within your selected area are given an Index Value based on a national distribution and then mapped relative to your area to show degrees of food insecurity within your community.
- Data Scoring Tool – Rank indicators on the HCI Community Dashboard according to a systematic summary of comparisons, grouping indicators into topic areas for a higher-level ranking of community health needs. Reports are downloaded from the administrative system at the county level.
- GIS Maps – allows for quick visualization of health and quality of life indicators within the County; GIS Maps display indicators available for standard geographies (county, zip code and census tract).
- Data Extracts – Provides the site administrator with tools to download the indicators into an Excel spreadsheet for import into other applications.

2. Evaluation and Tracking Tools

- Healthy People 2030 Tracker – HCI-maintained progress tracker for key Healthy People 2030 targets
- Local Progress Trackers – Allows the site administrator to create a curated list of indicators to quickly identify and track progress on local initiatives.
- Locally Added Targets – Allows the County to add local targets to HCI-maintained and locally maintained indicators using the self-service tool.

3. Resource Features

- Promising Practices – Database of 2,000+ health and quality of life programs and policies from across the country classified by effectiveness

- Resource Library – Central repository for local resources, including reports, community health assessments, community profiles, 211 resources (when available, single county systems only) and other local content. Content must be uploaded and maintained by the County.
- Funding Opportunities – HCI-maintained collection of national grants and funding opportunities.
- CHNA Guide – Interactive, step-by-step guide designed to assist organizations in assessing community health needs and designing strategies and programs to address prioritized needs
- Location Report Builder – Creates location-specific summary reports that can be linked as pages on the platform, exported as PDFs, and shared with others.
- Topic Centers – Topic index pages that bring together all the resources in the site on a particular topic area.

4. Customization Tools and Options

- Standalone Website Branding – The County can customize color palette and fonts in accordance with its style set.
- Navigation Menu – The County can customize website navigation. Includes ability to link to platform features provided by HCI as well as custom pages created by the County.
- Tiles – HCI’s custom content management system. Allows the County to create and administer pages without having to know HTML. The County can select from more than 15 unique tile options to highlight HCI’s core tools (indicators, maps, related content, etc.) as well as locally maintained content (County pictures, videos, health improvement plans, resources, etc.). The County can stack and assemble tiles to create custom pages.
- Homepage – Homepage designed using Tiles (HCI’s custom content management system); includes ability to customize homepage content such as images, text, tools and sponsor logos.
- Custom Web Pages – Allows the site administrator to create unlimited custom web pages using Tiles (HCI’s custom content management system); system does not require HTML knowledge.
- Stories – The site administrator can create a cohesive narrative by combining data visualizations, text, and images. The Stories module is organized by chapters, pages, and items.
- Locally Maintained Indicators – The County can add local data (“County Data”) into the Community Dashboard using the self-service tool. The anticipated time to setup and maintain varies depending on data complexity, quantity, and user capacity. HCI provides training and guidance to support local content addition.
- Language Translation – Automated translation of website for 40+ languages supported by Google.

HCI PEER NETWORK

The HCI Peer Network consists of hospitals, health departments and community coalitions licensing the HCI Platform and provides access to the following:

- Community Resources – 24/7 access to a variety of examples from HCI County’s, including County success stories, sample CHNA reports / implementation strategies and approaches for marketing your HCI Platform to the community.
- Webinars – Access to on-demand and live webinars led by public health professionals at HCI in conjunction with the HCI Peer Network. Webinars highlight new product features, County success stories and trending population health topics.

- Newsletter – Subscription to County email communications featuring indicator updates, product updates, webinar announcements, County success stories, HCI news and more.
- County Meetings – Invitation to national or regional meetings.

COUNTY RESPONSIBILITIES

County's Ongoing Responsibilities:

1. Maintain a Project Officer who serves as the point of contact with HCI.
2. Provide feedback and review of site developments in a timely manner (within 2 business days).
3. Regularly update locally maintained content upon availability.
4. Respond to brief, occasional surveys to provide feedback on HCI product and services.

EXHIBIT B
CONTRACT PRICING

Basic HCI Standalone Platform
Arlington County

Description	Fee
Platform Annual License	\$34,500

Billing Schedule

For services rendered or goods provided by the Contractor and accepted by the Project Officer, the County will pay the Annual License Fee of \$34,500 in one installment on each anniversary of the Licensing Date (September 15).

Households with an Internet Subscription		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Households with One or More Types of Computing Devices		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
People 65+ Living Alone		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
People who have Difficulty Speaking English: 5+		County/Census Tract/Census Place/ZCTA*	American Community Survey
Population that Moved from a Different County in the Same State		County	American Community Survey
Population that Moved from a Different State		County	American Community Survey
Population that Moved from Abroad		County	American Community Survey
Population that Moved Within the Same County		County	American Community Survey
Single-Parent Households		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Social Associations		County	County Health Rankings
Transportation:			
Households without a Vehicle		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Mean Travel Time to Work		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Solo Drivers with a Long Commute		County	County Health Rankings
Workers Commuting by Public Transportation	X	County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Workers who Carpool to Work		County/Census Tract/Census Place/ZCTA*	American Community Survey
Workers who Drive Alone to Work		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Workers who Walk to Work		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
ECONOMY			
Employment:			
Population 16+ in Civilian Labor Force		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Unemployed Workers in Civilian Labor Force		County	U.S. Bureau of Labor Statistics
Unemployment Rate: 16+		County/Census Tract/Census Place/ZCTA*	American Community Survey
Food Insecurity:			
Child Food Insecurity Rate		County	Feeding America
Food Insecure Children Ineligible for Assistance		County	Feeding America
Food Insecurity Rate		County	Feeding America
Households with Children Receiving SNAP		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Projected Child Food Insecurity Rate		County	Feeding America
Projected Food Insecurity Rate		County	Feeding America
Students Eligible for the Free Lunch Program		County	National Center for Education Statistics
Government Assistance:			
Households with Cash Public Assistance Income		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Households with Supplemental Security Income		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Housing & Homes:			
Homeownership		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Mortgaged Owners Spending 30% or More of Household Income on Housing		County	American Community Survey
Renters Spending 30% or More of Household Income on Rent		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Severe Housing Problems		County	County Health Rankings
Income:			
Households that are Above the ALICE Threshold		County/Census Place	United Way ALICE Project
Households that are Asset Limited, Income Constrained, Employed (ALICE)		County/Census Place	United Way ALICE Project
Households that are Below the Poverty Threshold		County/Census Place	United Way ALICE Project
Median Household Income		County/Census Tract/Census Place/ZCTA*	American Community Survey
Per Capita Income		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey

Poverty:

Children Living Below Poverty Level		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Families Living Below Poverty Level		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
People 65+ Living Below Poverty Level		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
People Living 200% Above Poverty Level		County/Census Tract/Census Place/ZCTA*	American Community Survey
People Living Below 125% of the Federal Poverty Level		County/Census Tract/Census Place/ZCTA*	American Community Survey
People Living Below 50% of the Federal Poverty Level		County/Census Tract/Census Place/ZCTA*	American Community Survey
People Living Below Poverty Level	X	County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
Poverty Status by School Enrollment		County/Census Tract/Census Place/ZCTA*	American Community Survey

EDUCATION

Educational Attainment:

People 25+ with a Bachelor's Degree or Higher		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
People 25+ with a High School Degree or Higher		County/Census Tract/Census Place/ZCTA*	American Community Survey
People 25+ with Less Than a High School Diploma or GED		County/Census Tract/Census Place/ZCTA*	American Community Survey

School Environment:

Student-to-Teacher Ratio		County	National Center for Education Statistics
--------------------------	--	--------	--

Student Performance K-12:

3rd Grade Students Proficient in Math		County	Virginia Department of Education
3rd Grade Students Proficient in Reading		County	Virginia Department of Education
8th Grade Students Proficient in Math		County	Virginia Department of Education
8th Grade Students Proficient in Reading		County	Virginia Department of Education
High School Graduation	X	County	Virginia Department of Education

ENVIRONMENTAL HEALTH

Air:

Recognized Carcinogens Released into Air		County	U.S. Environmental Protection Agency
--	--	--------	--------------------------------------

Built Environment:

Access to Exercise Opportunities		County	County Health Rankings
Children with Low Access to a Grocery Store		County	U.S. Department of Agriculture - Food Environment Atlas
Children with Low Access to a Grocery Store (Share)		Census Tract	U.S. Department of Agriculture - Food Environment Atlas
Farmers Market Density		County/Region	U.S. Department of Agriculture - Food Environment Atlas
Fast Food Restaurant Density		County/Region	U.S. Department of Agriculture - Food Environment Atlas
Food Environment Index		County	County Health Rankings
Grocery Store Density		County/Region	U.S. Department of Agriculture - Food Environment Atlas
Households without a Car and > 1 Mile from a Grocery Store		County	U.S. Department of Agriculture - Food Environment Atlas
Liquor Store Density		County/Region	U.S. Department of Agriculture - Food Environment Atlas
Low-Income and >1 Mile from a Grocery Store		County/Region	U.S. Census - County Business Patterns
People 65+ with Low Access to a Grocery Store		County/Census Tract/Region	U.S. Department of Agriculture - Food Environment Atlas
People 65+ with Low Access to a Grocery Store (Share)		County	U.S. Department of Agriculture - Food Environment Atlas
People with Low Access to a Grocery Store		Census Tract	U.S. Department of Agriculture - Food Environment Atlas
Recreation and Fitness Facilities		County	U.S. Department of Agriculture - Food Environment Atlas
SNAP Certified Stores		County/Region	U.S. Department of Agriculture - Food Environment Atlas
WIC Certified Stores		County	U.S. Department of Agriculture - Food Environment Atlas

Toxins & Contaminants:

Houses Built Prior to 1950		County/Census Tract/Census Place/Region/ZCTA*	American Community Survey
PBT Released		County	U.S. Environmental Protection Agency

Weather & Climate:

Daily Dose of UV Irradiance		County	National Environmental Public Health Tracking Network
Mild Drought or Worse		County	National Environmental Public Health Tracking Network
Moderate Drought or Worse		County	National Environmental Public Health Tracking Network
Number of Extreme Heat Days		County	National Environmental Public Health Tracking Network
Number of Extreme Heat Events		County	National Environmental Public Health Tracking Network
Number of Extreme Precipitation Days		County	National Environmental Public Health Tracking Network

HEALTH

Adolescent Health:

High School Students who Obtain their Own Electronic Vapor Products by Buying Them in a Store		County	Virginia Youth Risk Behavior Survey

**Potentially Preventable Hospitalization and Emergency Room
Indicators**

Hospitalization (Inpatient) Indicators
Hospitalization Rate due to Adult Asthma
Hospitalization Rate due to Asthma
Hospitalization Rate due to Asthma - Pediatric (ages 0-17)
Hospitalization Rate due to Community-Acquired Pneumonia
Hospitalization Rate due to COPD
Hospitalization Rate due to Dehydration
Hospitalization Rate due to Diabetes
Hospitalization Rate due to Heart Failure
Hospitalization Rate due to Hepatitis
Hospitalization Rate due to Hip Fractures Among Females 65+
Hospitalization Rate due to Hip Fractures Among Males 65+
Hospitalization Rate due to Hypertension
Hospitalization Rate due to Immunization-Preventable Pneumonia and Influenza
Hospitalization Rate due to Long-term Complications of Diabetes
Hospitalization Rate due to Short-term Complications of Diabetes
Hospitalization Rate due to Type 2 Diabetes
Hospitalization Rate due to Uncontrolled Diabetes
Hospitalization Rate due to Unintentional Falls
Hospitalization Rate due to Urinary Tract Infection

Hospitalization indicators are calculated at the county, region, and zip code levels. Data availability at the zip code level will vary depending on population density.
