Dear Ms. Lightfoot:

It has been my pleasure talking with you on how SOS Security can help Arlington County elevate and expand your security program by addition of the Senior ID Administrator role to the existing contract with Arlington utilizing the Fairfax County master agreement. Thank you for the opportunity to present our proposed approach for the new requirements. Our team stands ready to implement this position for Arlington County.

The ID administrator will provide support for the County's access control system, fingerprint and process new employees, issue and track ID cards, maintain inventory and conduct audits along with any other associated duties assigned. They will provide oversight and guidance to field ID administrators if needed.
