**RE: Notice to Proceed – APWRF Internal Reuse Pumps – Pull & Evaluate Pump #1
County Contract #C19-2808-WS**

Dear Mr. Parsley:

Please consider this letter as the notice to proceed work at the Arbennie Pritchett Water Reclamation Facility, as outlined in your quote dated April 13, 2022. We expect the work to be performed for the price quoted in that correspondence. Your total estimate is \$9,520 for the scope of work described.

We expect you to bring in this work at or below this amount. **Please note that any work that may be charged in excess of your estimate will require prior written approval from OCWS.** We understand that the inspection of this pump may lead to additional necessary work (i.e. parts & labor or pump replacement), which would be authorized by a separate, future Notice to Proceed.

The County has the right to inspect all work. When the pump is disassembled and under inspection at your shop, please stay in touch with Nick Enders, who may want to inspect it as well, depending what repairs are needed.

Should you need any further information or have any questions, don't hesitate to contact me at 850-685-0297 or Nick at 850-461-4149.

Sincerely,

Mark Wise
