This contract was let to expire last year with no intent to renew or extend. I have copied the service update that went out on the website.

Service Update:

The Division of State Purchasing informs customers that the alternate contract source for Equipment Rental Services (72141700-21-NASPO-ACS) will expire on March 16, 2023. Any purchase orders issued under the expiring alternate contract source on or before March 16, 2023, may be used up to twelve months after the contract expiration date. As of March 17, 2023, the services provided under the expiring alternate contract source will no longer be provided. Please note that many of the products that were available from this contract are also available on the Industrial Equipment and Tool Rental alternate contract source (518-410-19-ACS). The Division recommends that customers utilize this alternate contract source for any needs. If you have any questions or require assistance, please contact the contract manager listed on the contract webpage.

Thank you,
