Good question.

That form was signed and the agreement was extended with Council approval prior to the request for a price increase. Since the request came after that and the PPI and ECI showed an increase, the Director of Purchasing and Contracts can approve a price increase, which she has.

Hope that answers your questions.

Thanks
Kendrick

Kendrick,

Thank you for the updated information. I did have a question about the extended Renewal Agreement (see attached), does it need to state the "Revised Prices"?

I was not sure so I am just checking, I know I will have some people come back to me and say "It states at the same price" lol, so just covering my ground beforehand.

Again thank you so much for all of your help ! 😊

Thank You,

Lisa Route
