CHANGE ORDER - SUPPORT DOCUMENTATION

CM NO.:	04
DESCRIPTION	INFLUENT CHANNEL RECOATING
DATE:	August 17, 2023
PROJECT:	Arbennie Pritchett WRF Solids Expansion Project
PROJECT NO.:	100558
CONTRACTOR:	J&P Construction Company, Inc.

Scope of Work -

This Change Order is for replacement of influent channel coatings. During the work to upgrade screening equipment that is in progress, the existing coatings were discovered to be deteriorated. This work will be done as part of the project in coordination with coating company which will be arranged for by J&P.

This Change Order will add \$66,394 to the total contract price.

The current contract time for C22-3176-WS is 815 days with substantial completion date of April 21, 2024.. This change order will add 15 days to contract for a new completion date of Wednesday, July 10th , 2024.

Reasons:

These coatings are designed to protect the influent channels from the corrosive nature of the wastewater. Replacement of these coatings helps to ensure further deterioration is avoided and prevents additional repairs on channel in the future.

Proposal 1

SpectraShield®

August 14, 2023

To: Ardurra Group, LLC  
4921 Memorial Hwy, Suite 300  
Tampa, FL 33634  
Attn: Brian Carey

Quote Number: 20-2874  
Project: Fort Walton Beach WWTP Influent Channels  
Location: Fort Walton Beach, Florida  
Owner: City of Fort Walton Beach

Concrete Conservation, LLC is pleased to provide the following quotation for the above referenced project

**SCOPE OF WORK:**

Install SpectraShield Liner Systems in various structures per the following Item #s:

- Item No. 1 – Influent Channel #1; Lump sum - \$24,605.29
- Item No. 2 – Influent Channel #2; Lump sum - \$24,605.29

**Exclusions:**

- Bypass and Flow Control by Others
- Onsite Water Supply by Others
- Vector Service and Debris Removal by Others
- Should major leak mitigation be necessary it can be performed by pressure grout with SpectraGrout @ \$295.00 per gallon installed.
- Any additional mobilizations @ \$2,500 per EACH.

This quote is subject to the Terms and Conditions attached hereto as Exhibit A. The quote for the Work does not include provisions for, or costs associated with, bypassing, night work, flow control, M.O.T., site restoration, water supply, vector services, debris removal site, permits, temporary roads or any state and local taxes or fees that may be applicable to the Work.

**Attachments:** IMG\_5655.JPG; IMG\_5658.JPG; Influent APWRF.png

Mr. Reynolds,

Glad we had a chance to discuss our upcoming work by phone a moment ago. Here are the details for what is to be included in proposal:

- Influent Channels- There are 2 and the dimensions for channel 1 are 4'x7'20' and channel 2 is 4'x 7'x30'.
- These will more than likely need to be done in 2 trips to accommodate leaving one channel active during work. The first trough would need to be more in the near future, but the 2<sup>nd</sup> one we have some flexibility on.
- Contractor onsite will take care of dewatering, cleaning and removal of old coating. They have begun on existing coating removal and it appears that it should come off fairly cleanly from what I've been told. The spectra shield will go down before the screening equipment in the drawings is installed so your crew won't need to work around them. It will just be a bare channel
- Please note detail under screen highlighted on attachment for section under screen (apx 4'x4' area) to be +/- 1/32"
- Please include what warranty comes with product
- This is an elevated influent structure, as you can see in the attached photo.

Thanks again for taking a look at this and please feel free to reach out to me if there seems to be any details I've missed.

Regards

Brian

**Attachments:** CCIS Applicator Warranty 2017.pdf; CCIS Manufacturer Warranty 2017.pdf

Brian,

I have attached our warranty information for your client to review. The warranty is a 10 year limited warranty. & the Spectrashield liner is 500 mils in thickness.

Mr Foster,

The County has indicated that your price is acceptable. They have another comparable quote for a higher price from another vendor. It sounds like they will elect to go with Spectrashield, but had two questions that need answered before approval:

- What is the warranty period on product?
- How many mil thickness the product is?

Proposal 1  
Thanks

Brian
