AGREEMENT NO. 16-393-R

THIS RIDER AGREEMENT (hereinafter "Agreement") is made, on the date of its execution by the County, between Fisher Scientific, 300 Industry Drive, Pittsburgh, PA 15275 ("Contractor"), a Pennsylvania corporation authorized to transact business in the Commonwealth of Virginia, and the County Board of Arlington County, Virginia ("County"). The County and the Contractor, for the consideration and services specified herein or specified in a County Purchase Order referencing this Agreement, agree as follows:

1. CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement and Attachment A (State of Idaho, Master Agreement #MA16000234-1) awarded to Fisher Scientific Company, LLC., and Attachment B (Arlington County required Insurance Checklist) (collectively, "Contract Documents" or "Contract").

This Agreement rides a competitive procurement process conducted by the State of Idaho. The Contractor desires to extend to the County the same pricing as the Contractor's agreement with the State of Idaho, Master Agreement #MA16000234-1.

Where the terms and provisions of this Agreement vary from the terms and provisions of the other Contract Documents, the terms and provisions of this Agreement shall prevail over the other Contract Documents and the remaining Contract Documents shall be complementary to each other and if there are any conflicts the most stringent terms or provisions shall prevail.

The Contract Documents set forth the entire agreement between the County and the Contractor. The County and the Contractor agree that no representative or agent of either of them has made any representation or promise with respect to the parties' agreement which is not contained in the Contract Documents.

2. CONTRACT TERM

The Contractor's provision of goods for the County ("Work") shall commence on the date of execution of this Agreement by the County and shall be completed no later than March 31, 2019 ("Initial Contract Term"), subject to any modifications as provided for in the Contract Documents.

Upon satisfactory performance by the Contractor, and with the concurrence of the Contractor, if the State of Idaho renews their agreement identified in Attachment A, the County may elect to renew this Agreement for two (2) additional twelve (12) month periods from April 1, 2019 to March 31, 2021 ("Subsequent Contract Term"). However, if the State of Idaho does NOT renew their agreement identified in Attachment A, this Agreement shall automatically expire on the date of the State of Idaho contract expiration date.

3. CONTRACT PRICING

State of Idaho Master Agreement #MA16000234-1, reference Attachment A.

4. SCOPE OF WORK

The Contractor agrees to provide the services described in the Contract Documents. The primary purpose of the Work is to provide Laboratory Supplies.

The Contract Documents set forth the minimum work estimated by the County and the Contractor to be necessary to complete the work. It shall be the Contractor's responsibility, at the Contractor's sole cost, to provide the specific Work set forth in the Contract Documents sufficient to fulfill the purposes of the Work. Nothing in the Contract Documents shall be construed to limit the Contractor's responsibility to manage the details and execution of the Work.

5. PROJECT OFFICER

The performance of the Contractor is subject to the review and approval of the County Project Officer ("Project Officer"), who shall be appointed by the Director of the Arlington County department or agency requesting the work under the Contract Documents. However, it shall be the responsibility of the Contractor to manage the details of the execution and performance of its work pursuant to the Contract Documents.

6. PAYMENT TERMS

Payment terms will be recorded by the County as Net thirty (30) days. The County will pay the Contractor within thirty (30) calendar days after the date of receipt of a correct, as determined by the Project Officer, invoice approved by the Project Officer describing completed work which is reasonable and allocable to the Contract, or the date of receipt of the entire order, or the date of acceptance of the work which meets the Contract requirements, whichever is later. Payments will be made by the County for goods or services furnished, delivered, inspected, and accepted upon receipt of invoices submitted on the date of shipment or delivery of service, subject to applicable payment terms. The number of the County Purchase Order pursuant to which authority shipments have been made or services performed shall appear on all invoices. Invoices shall be submitted in duplicate. Unless otherwise specified herein, payment shall not be made prior to delivery and acceptance of the entire order by the County.

7. PAYMENT OF SUBCONTRACTORS

The Contractor is obligated to take one of the two following actions within seven (7) days after receipt of amounts paid to the Contractor by the County for work performed by any subcontractor under this Contract:

- a. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or
- b. Notify the County and the subcontractor, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

The Contractor is obligated to pay interest to the subcontractor on all amounts owed by the Contractor to the subcontractor that remain unpaid after seven (7) calendar days following receipt by the Contractor of payment from the County for work performed by the subcontractor under this Contract, except for amounts withheld as allowed in subsection b., above. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

The Contractor shall include in each of its subcontracts, if any are permitted, a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements as those contained herein with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this section may not be construed to be an obligation of the County. A Contract modification may not be made for the purpose of providing reimbursement for such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

B. NON-APPROPRIATION

All funds for payments by the County to the Contractor pursuant to this Contract are subject to the availability of an annual appropriation for this purpose by the County Board of Arlington County, Virginia. In the event of non-appropriation of funds by the County Board of Arlington County, Virginia for the goods or services provided under this Contract or substitutes for such goods or services which are as advanced or more advanced in their technology, the County will terminate the Contract, without termination charge or other liability to the County, on the last day of the then-current fiscal year or when the appropriation made for the then-current year for the services covered by this Contract is spent, whichever event occurs first. If funds are not appropriated at any time for the continuation of this Contract, cancellation will be accepted by the Contractor on thirty (30) days prior written notice, but failure to give such notice shall be of no effect and the County shall not be obligated under this Contract beyond the date of termination specified in the County's written notice.

9. COUNTY PURCHASE ORDER REQUIREMENT

County purchases are authorized only if a County Purchase Order is issued in advance of the transaction, indicating that the ordering agency has sufficient funds available to pay for the purchase. Such a Purchase Order is to be provided to the Contractor by the ordering agency. The County will not be liable for payment for any purchases made by its employees without appropriate purchase authorization issued by the County Purchasing Agent. If the Contractor provides goods or services without a signed County Purchase Order, it does so at its own risk and sole expense.

10. EMPLOYMENT DISCRIMINATION BY CONTRACTOR PROHIBITED

During the performance of this Contract, the Contractor agrees as follows:

- a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, and disability or any other basis prohibited by federal or Virginia law related to discrimination in employment except where there is a bona fide occupational qualification reasonably necessary or related to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that the Contractor is an Equal Opportunity Employer.
- c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.
- d. The Contractor will comply with the provisions of the Americans with Disabilities Act of 1990 which prohibits discrimination against individuals with disabilities in employment, and mandates their full participation in both publicly and privately-provided services and activities.
- e. The Contractor will include the provisions of the foregoing paragraphs in every subcontract or purchase order of over \$10,000.00, so that these provisions will apply to each subcontractor or vendor.

11. EMPLOYMENT OF UNAUTHORIZED ALIENS PROHIBITED

In accordance with § 2.2-4311.1 of the Code of Virginia, 1950, as amended, the Contractor acknowledges that it does not, and shall not during the performance of this Contract, knowingly employ an unauthorized alien as that term is defined in the federal Immigration Reform and Control Act of 1986.

12. DRUG-FREE WORKPLACE TO BE MAINTAINED BY CONTRACTOR

During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of marijuana or any other controlled substance is prohibited in the Contractor's workplace, and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000.00 relating to this Contract, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor by Arlington County, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

13. TERMINATION FOR CAUSE, INCLUDING BREACH AND DEFAULT; CURE

The Contract shall remain in force for the Initial Contract Term or any Subsequent Contract Term(s) and until the County determines that all the following requirements and conditions have been satisfactorily met: the County has accepted the Work, and thereafter until the Contractor has met all requirements and conditions relating to the Work under the Contract Documents, including warranty and guarantee periods. However, the County shall have the right to terminate this Contract sooner if the Contractor is in breach or default or has failed to perform satisfactorily the Work required, as determined by the County in its discretion.

If the County determines that the Contractor has failed to perform satisfactorily, then the County will give the Contractor written notice of such failure(s) and the opportunity to cure such failure(s) within at least fifteen (15) days before termination of the Contract takes effect ("Cure Period"). If the Contractor fails to cure within the Cure Period, or as otherwise specified in the notice, the Contract may be terminated for the Contractor's failure to provide satisfactory Contract performance. Upon such termination, the Contractor may apply for compensation for Contract services satisfactorily performed by the Contractor, allocable to the Contract and accepted by the County prior to such termination unless otherwise barred by the Contract ("Termination Costs"). In order to be considered, such request for Termination Costs, with all supporting documentation, must be submitted to the County Project Officer within fifteen (15) days after the expiration of the Cure Period. The County may accept or reject, in whole or in part, the application for Termination Costs and notify the Contractor of same within a reasonable time thereafter.

If the County terminates the Contract for default or breach of any Contract provision or condition, then the termination shall be immediate after notice from the County to the Contractor (unless the County in its discretion provides for an opportunity to cure) and the Contractor shall not be permitted to seek Termination Costs. Upon any termination pursuant to this section, the Contractor shall be liable to the County for all costs incurred by the County after the effective date of termination, including costs required to be expended by the County to complete the Work covered by the Contract, including costs of delay in completing the Project or the cost of repairing or correcting any unsatisfactory or non-compliant work performed or provided by the Contractor or its subcontractors. Such costs shall be either deducted from any amount due the Contractor or shall be promptly paid by the Contractor to the County upon demand by the County. Additionally, and notwithstanding any provision in this Contract to the contrary, the Contractor is liable to the County, and the County shall be entitled to recover, all damages to which the County is entitled by this Contract or by law, including and without limitation, direct damages, indirect damages, consequential damages, delay damages, replacement costs, refund of all sums paid by the County to the Contractor under the Contract and all attorney fees and costs

incurred by the County to enforce any provision of this Contract.

Except as otherwise directed by the County in the notice, the Contractor shall stop work on the date of receipt of notice of the termination or other date specified in the notice, place no further orders or subcontracts for materials, services, or facilities except as are necessary for the completion of such portion of the Work not terminated, and terminate all vendors and subcontracts and settle all outstanding liabilities and claims. Any purchases after the date of termination contained in the notice shall be the sole responsibility of the Contractor.

In the event any termination for cause, default, or breach shall be found to be improper or invalid by any court of competent jurisdiction then such termination shall be deemed to have been a termination for convenience.

14. TERMINATION FOR THE CONVENIENCE OF THE COUNTY

The performance of Work under this Contract may be terminated by the County Purchasing Agent, in whole or in part, whenever the Purchasing Agent shall determine that such termination is in the County's best interest. Any such termination shall be effected by the delivery to the Contractor of a written notice of termination at least fifteen (15) days before the date of termination, specifying the extent to which performance of the work under this Contract is terminated and the date upon which such termination becomes effective. The Contractor will be entitled to receive compensation for all Contract services satisfactorily performed by the Contractor and allocable to the Contract and accepted by the County prior to such termination and any other reasonable termination costs as negotiated by the parties, but no amount shall be allowed for anticipatory profits.

After receipt of a notice of termination and except as otherwise directed, the Contractor shall stop all designated work on the date of receipt of the notice of termination or other date specified in the notice; place no further orders or subcontracts for materials, services or facilities except as are necessary for the completion of such portion of the work not terminated; immediately transfer all documentation and paperwork for terminated work to the County; and terminate all vendors and subcontracts and settle all outstanding liabilities and claims.

15. INDEMNIFICATION

The Contractor covenants for itself, its employees, and subcontractors to save, defend, hold harmless and indemnify the County, and all of its elected and appointed officials, officers, current and former employees, agents, departments, agencies, boards, and commissions (collectively the "County" for purposes of this section) from and against any and all claims made by third parties or by the County for any and all losses, damages, injuries, fines, penalties, costs (including court costs and attorney's fees), charges, liability, demands or exposure, however caused, resulting from, arising out of, or in any way connected with the Contractor's acts or omissions, including the acts or omissions of its employees and/or subcontractors, in performance or nonperformance of the work called for by the Contract Documents. This duty to save, defend, hold harmless and indemnify shall survive the termination of this Contract. If, after notice by the County, the Contractor fails or refuses to fulfill its obligations contained in this section, the Contractor shall be liable for and reimburse the County for any and all expenses, including, but not limited to, reasonable attorneys fees incurred and any settlements or payments made. The Contractor shall pay such expenses upon demand by the County and failure to do so may result in such amounts being withheld from any amounts due to Contractor under this Contract.

16. CONFIDENTIAL INFORMATION

The Contractor, and its employees, agents, and subcontractors, hereby agree to hold as confidential all County information obtained as a results of its Work under this Contract. Confidential information includes, but is not limited to, nonpublic personal information, personally identifiable health information, social security numbers, addresses, dates of birth, other contact information or medical information about a person, information pertaining to products, operations, systems, customers,

prospective customers, techniques, intentions, processes, plans, expertise and any information entrusted to any affiliate of the parties. The Contractor shall take reasonable measures to ensure that all of its employees, agents, and subcontractors are informed of, and abide by, this requirement.

17. ETHICS IN PUBLIC CONTRACTING

This Contract incorporates by reference Article 9 of the Arlington County Purchasing Resolution, as well as any Virginia or federal law related to ethics, conflicts of interest, or bribery, including, by way of illustration and not limitation, the Virginia State and Local Government Conflict of Interests Act (Code of Virginia § 2.2-3100 et seq.), the Virginia Governmental Frauds Act (Code of Virginia § 18.2-498.1 et seq.), and Articles 2 and 3 of Chapter 10 of Title 18.2 of the Code of Virginia, as amended (§ 18.2-438 et seq.). The Contractor certifies that its offer was made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other bidder, supplier, manufacturer, or subcontractor and that it has not conferred on any public employee having official responsibility for this procurement any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised unless consideration of substantially equal or greater value was exchanged.

18. COUNTY EMPLOYEES

No employee of the County shall be admitted to any share in any part of this Contract or to any benefit that may arise therefrom which is not available to the general public.

19. FORCE MAJEURE

The Contractor shall not be held responsible for failure to perform the duties and responsibilities imposed by this Contract if such failure is due to fires, riots, rebellions, natural disasters, wars, or an act of God beyond the control of the Contractor and outside the scope of the Contractor's then-current, by industry standards, disaster plan that make performance impossible or illegal, unless otherwise specified in the Contract.

The County shall not be held responsible for failure to perform its duties and responsibilities imposed by the Contract if such failure is due to fires, riots, rebellions, natural disasters, wars, or an act of God beyond the control of the County that make performance impossible or illegal, unless otherwise specified in the Contract.

20. AUTHORITY TO TRANSACT BUSINESS

The Contractor shall, pursuant to Code of Virginia § 2.2-4311.2, be and remain authorized to transact business in the Commonwealth of Virginia during the Initial Term and any Subsequent Contract Term(s) of this Contract. A contract entered into by a Contractor in violation of this requirement is voidable, without cost or expense, at the sole option of the County.

21. RELATION TO THE COUNTY

The Contractor is an independent contractor, and neither the Contractor nor its employees or subcontractors will, under any circumstances, be considered employees, servants or agents of the County. The County will not be legally responsible for any negligence or other wrongdoing by the Contractor, its employees, servants or agents. The County will not withhold from payments to the Contractor any federal or state unemployment taxes, federal or state income taxes, Social Security tax, or any other amounts for benefits to the Contractor or its employees, servants or agents. Furthermore, the County will not provide to the Contractor any insurance coverage or other benefits, including workers' compensation, normally provided by the County for its employees.

22. ANTITRUST

By entering into this Contract, the Contractor conveys, sells, assigns and transfers to the County all rights, title, and interest in and to all causes of action the Contractor may now have or hereafter acquire under the antitrust laws of the United States or the Commonwealth of Virginia, relating to the goods purchased or acquired by the County under this Contract.

23. AUDIT

The Contractor must retain all books, records and other documents related to this Contract for at least five years after the final payment and must allow the County or its authorized agents to examine the documents during this period and during the Contract Term. The Contractor must provide any requested documents to the County for examination within 15 days of the request, at the Contractor's expense. Should the County's examination reveal any overcharging by the Contractor, the Contractor must, within 30 days of County's request, reimburse the County for the overcharges and for the reasonable costs of the County's examination, including, but not limited to, the services of external audit firm and attorney's fees; or the County may deduct the overcharges and examination costs from any amount that the County owes to the Contractor. If the Contractor wishes to destroy or dispose of any records related to this Contract (including confidential records to which the County does not have ready access) within five years after the final payment, the Contractor must give the County at least 30 days' notice and must not dispose of the documents if the County objects.

24. ASSIGNMENT

The Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of any award, or any or all of its rights, obligations, or interests under this Contract, without the prior written consent of the County.

25. AMENDMENTS

Unless otherwise specified herein, this Contract shall not be amended except by written amendment executed by persons duly authorized to bind the Contractor and the County.

26. ARLINGTON COUNTY PURCHASING RESOLUTION AND COUNTY POLICIES

Notwithstanding any provision to the contrary herein, no provision of the Arlington County Purchasing Resolution or any applicable County policy is waived in whole or in part.

27. DISPUTE RESOLUTION

All disputes arising under this Agreement, or its interpretation, whether involving law or fact, extra work or extra compensation or time, and all claims for alleged breach of Contract shall be submitted in writing to the Project Officer for decision at the time of the occurrence or beginning of the work upon which the claim is based, whichever occurs first. Any such claims shall state the facts surrounding it in sufficient detail to identify it together with its character and scope. In accordance with the Arlington County Purchasing Resolution, claims denied by the Project Officer may be submitted to the County Manager in writing no later than sixty (60) days after final payment. The time limit for final written decision by the County Manager in the event of a contractual dispute, as that term is defined in the Arlington County Purchasing Resolution, is fifteen (15) days. Procedures for considering contractual claims, disputes, administrative appeals, and protests are contained in the Purchasing Resolution, which is incorporated herein by reference. A copy of the Arlington County Purchasing Resolution is available upon request from the Office of the Purchasing Agent. The Contractor shall not cause a delay in the Work pending a decision of the Project Officer, County Manager, County Board, or a court.

28. APPLICABLE LAW, FORUM, VENUE, AND JURISDICTION

This Contract and the work performed hereunder shall be governed in all respects by the laws of the Commonwealth of Virginia, and the jurisdiction, forum, and venue for any litigation with respect hereto shall be in the Circuit Court for Arlington County, Virginia, and in no other court. In performing its work under this Contract, the Contractor shall comply with applicable federal, state, and local laws, ordinances and regulations.

29. ARBITRATION

It is expressly agreed that nothing under the Contract shall be subject to arbitration, and that any references to arbitration are expressly deleted from the Contract.

30. NONEXCLUSIVITY OF REMEDIES

All remedies available to the County under this Contract are cumulative, and no such remedy shall be exclusive of any other remedy available to the County at law or in equity.

31. NO WAIVER

The failure of either party to exercise in any respect a right provided for in this Contract shall not be deemed to be a subsequent waiver of the same right or any other right.

32. SEVERABILITY

The sections, paragraphs, sentences, clauses and phrases of this Contract are severable, and if any phrase, clause, sentence, paragraph or section of this Contract shall be declared invalid by a court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Contract.

33. NO WAIVER OF SOVEREIGN IMMUNITY

Notwithstanding any other provision of this Contract, nothing in this Contract or any action taken by the County pursuant to this Contract shall constitute or be construed as a waiver of either the sovereign or governmental immunity of the County. The parties intend for this provision to be read as broadly as possible.

34. SURVIVAL OF TERMS

In addition to the numbered section in this Agreement which specifically state that the term or paragraph survives the expiration of termination of this Contract, the following sections if included in this Contract also survive: INDEMNIFICATION; RELATION TO COUNTY; AUDIT; AND CONFIDENTIAL INFORMATION.

35. HEADINGS

The section headings in this Contract are inserted only for convenience and are not to be construed as part of this Contract or a limitation on the scope of the particular section to which the heading precedes.

36. AMBIGUITIES

Each party and its counsel have participated fully in the review and revision of this Agreement. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in interpreting this Agreement. The language in this Agreement shall be interpreted as to its fair meaning and not strictly for or against any party.

38. NOTICES

Unless otherwise provided herein, all notices and other communications required by this Contract shall be deemed to have been given when made in writing and either (a) delivered in person, (b) delivered to an agent, such as an overnight or similar delivery service, or (c) deposited in the United States mail, postage prepaid, certified or registered, addressed as follows:

39. NON-DISCRIMINATION NOTICE

Arlington County does not discriminate against faith-based organizations.

40. INSURANCE REQUIREMENTS

The Contractor shall provide to the County Purchasing Agent a Certificate of Insurance indicating that the Contractor has in force the coverage listed in Attachment B. The Contractor agrees to maintain such insurance until the completion of this Contract or as otherwise stated in the Contract Documents. All required insurance coverages must be acquired from insurers authorized to do business in the Commonwealth of Virginia, with a rating of "A-" or better and a financial size of "Class VII" or better in the latest edition of the A.M. Best Co. Guides, and acceptable to the County. The insurance coverage shall:

- a. List Additional Insured - Arlington County, and its officers, elected and appointed officials, employees, and agents shall be named as an additional insureds on all policies except Workers Compensation and Auto and Professional Liability; and evidence of the Additional Insured endorsement shall be typed on the certificate.
- b. Cancellation - If there is a material change or reduction in coverage the Contractor shall notify the Purchasing Agent immediately upon Contractor's notification from the insurer. It is the Contractor's responsibility to notify the County upon receipt of a notice indicating that the policy will not be renewed or will be materially changed. Any policy on which the Contractor has received notification from an insurer that the policy has or will be cancelled or materially changed or reduced must be replaced with another policy consistent with the terms of this Contract, and the County notified of the replacement, in such a manner that there is no lapse in coverage. Not having the required insurance throughout the Contract Term is grounds for termination of the Contract.
- c. Any insurance coverage that is placed as a "claims made" policy must remain valid and in force, or the Contractor must obtain an extended reporting endorsement consistent with the terms of this Contract, until the applicable statute of limitations has expired, such date as determined to begin running from the date of the Contractor's receipt of final payment.
- d. Contract Identification - The insurance certificate shall state this Contract's number and title.

The Contractor must disclose the amount of any deductible or self-insurance component applicable to the General Liability, Automobile Liability, Professional Liability, Intellectual Property or any other policies required herein, if any. The County reserves the right to request additional information to determine if the Contractor has the financial capacity to meet its obligations under a deductible.

Thereafter, at its option, the County may require a lower deductible, funds equal to the deductible be placed in escrow, a certificate of self-insurance, collateral, or other mechanism in the amount of the deductible to ensure protection for the County.

The Contractor shall require all subcontractors to maintain during the term of this Contract, Commercial General Liability insurance, Business Automobile Liability insurance, and Workers' Compensation insurance in the same form and manner as specified for the Contractor. The Contractor shall furnish subcontractors' certificates of insurance to the County immediately upon request by the County.

No acceptance or approval of any insurance by the County shall be construed as relieving or excusing the Contractor from any liability or obligation imposed upon the Contractor by the provisions of the Contract Documents.

The Contractor shall be responsible for the work performed under the Contract Documents and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the work. The Contractor assumes all risks for direct and indirect damage or injury to the property or persons used or employed on or in connection with the Work contracted for, and of all damage or injury to any person or property wherever located, resulting from any action, omission, commission or operation under the Contract, or in connection in any way whatsoever with the contracted work.

The Contractor shall be as fully responsible to the County for the acts and omissions of its subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.

Notwithstanding any of the above, the Contractor may satisfy its obligations under this section by means of self insurance for all or any part of the insurance required, provided that the Contractor can demonstrate financial capacity and the alternative coverages are submitted to and acceptable to the County. The Contractor must also provide its most recent actuarial report and provide a copy of its self-insurance resolution to determine the adequacy of the insurance funding.

2 NASPO VALUEPOINT SOLICITATION - GENERAL INFORMATION

2.1 PURPOSE

The State of Idaho, Division of Purchasing (Lead State) is requesting proposals for laboratory equipment and supplies in furtherance of the NASPO ValuePoint Cooperative Purchasing Program. The purpose of this Request for Proposals (RFP) is to establish Master Agreement(s) with qualified Offerors to provide a full catalog as well as three (3) other defined bands of laboratory equipment and supplies for all Participating States. The objective of this RFP is to obtain best value, and in some cases achieve more favorable pricing, than is obtainable by an individual state or local government entity because of the collective volume of potential purchases by numerous state and local government entities. The Master Agreement(s) resulting from this procurement shall be extended to state governments (including departments, agencies, institutions), institutions of higher education, political subdivisions (i.e., colleges, school districts, counties, cities, etc.), the District of Columbia, territories of the United States, and other eligible entities subject to approval of the individual state procurement director and compliance with local statutory and regulatory provisions. The initial term of the Master Agreement shall be three (3) years with renewal provisions as outlined in Section 3 of the NASPO ValuePoint Master Terms and conditions (Attachment A).

It is anticipated that this RFP may result in Master Agreement awards to multiple contractors in the Lead State's discretion.

This RFP is designed to provide interested Offerors with sufficient information to submit proposals meeting minimum requirements, but is not intended to limit a proposal's content or exclude any relevant or essential data.

The Lead State/Sourcing Team, with the assistance as deemed advisable of the relevant Participating State (or relevant group of Participating States), may evaluate and select an Offeror for award in more limited geographical areas (e.g. a single state) where judged to be in the best interests of the State or States involved.

2.2 LEAD STATE

The State of Idaho, Division of Purchasing is the Lead State and issuing office for this solicitation and all subsequent addenda relating to it. The reference number for the transaction is RFP16000231. This number must be referred to on all proposals, correspondence, and documentation relating to the RFP.

The Lead State Contract Administrator identified below is the single point of contact during this procurement process. Offerors and Interested persons shall direct to the Lead State Contract Administrator all questions concerning the procurement process, technical requirements of this RFP, contractual requirements, requests for brand approval, change, clarification, and protests, the award process, and any other questions that may arise related to this solicitation and the resulting Master Agreement. The Lead State Contract Administrator designated by the State of Idaho, Division of Purchasing is:

Offeror means the company or firm who submits a proposal in response to this Request for Proposal.

Proposal means the official written response submitted by an Offeror in response to this Request for Proposal.

"Request for Proposals" or "RFP" means the entire solicitation document, including all parts, sections, exhibits, attachments, and Addenda.

2.4 NASPO ValuePoint BACKGROUND INFORMATION

NASPO ValuePoint (formerly known as WSCA-NASPO) is a cooperative purchasing program of all 50 states, the District of Columbia and the territories of the United States. The Program is facilitated by the NASPO Cooperative Purchasing Organization LLC, a nonprofit subsidiary of the National Association of State Procurement Officials (NASPO), doing business as NASPO ValuePoint. NASPO is a non-profit association dedicated to strengthening the procurement community through education, research, and communication. It is made up of the directors of the central purchasing offices in each of the 50 states, the District of Columbia and the territories of the United States. NASPO ValuePoint facilitates administration of the cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states, the District of Columbia, and territories of the United States. For more information consult the following websites www.naspovaluepoint.org and www.naspo.org.

2.5 PARTICIPATING STATES

In addition to the Lead State conducting this solicitation, the following Participating States have requested to be named in this RFP as potential participating entities on the resulting Master Agreement: Arkansas, Hawaii, Louisiana, Maine, Montana, New Mexico, North Dakota, South Dakota, Tennessee, Utah and Washington. Other entities may become Participating Entities after award of the Master Agreement. State-specific terms and conditions that will govern each state's Participating Addendum are included in Attachments H-Y, or may be incorporated into the

Participating Addendum after award.

2.6 ANTICIPATED USAGE

The resulting contract(s) is intended for use by NASPO members and will be used by various public (and qualified non-profit) entities throughout the United States (as well as the NASPO member territories). Attachment B contains the historical usage data from the previous contracts and anticipated usage from additional states who have indicated an interest in participating. Historic usage is provided to assist Offerors in preparing their proposals; however, there is no minimum or maximum level of sales volume guaranteed or implied.

3 LABORATORY EQUIPMENT AND SUPPLIES OVERVIEW

The State is requesting proposals on four (4) defined bands ("Bands") of laboratory equipment and supplies (Attachment C), as follows:

Band 1	<u>FULL-LINE CATALOG</u> of laboratory equipment and supplies. Unless otherwise excluded, the resulting contract for this Band will include all laboratory equipment and supplies.
Band 2	Plasticware
Band 3	Gloves
Band 4	Microscopes

Offeror must certify that it can supply a full line of products for each Band for which it submits a response. Offerors will be required to provide pricing and related discounts for a full line of products within each Band Offeror responds to (subject to the unit price limit in Section 3.3, below).

Offerors responding to Band 1, Full-Line Catalog MUST accept orders from and extend contract prices to all members of NASPO ValuePoint.

Offerors responding to Bands 2 – 4 may elect to provide a response limited to a defined geographic region consisting of no less than one state (e.g. "Washington/Oregon/Idaho;" "Texas;" "Louisiana/Arkansas/Georgia/Alabama/Florida;" "Colorado and Wyoming;" etc.). Offerors must identify the geographic region and demonstrate ability to serve the area which they are proposing to serve.

3.1 ESTIMATED QUANTITIES

See Section 2.6, above, for historic usage. Historic usage is provided to assist Offerors in preparing their proposals; however, there is no guarantee of any minimum usage.

3.2 ITEMS NOT INCLUDED IN THIS CONTRACT

The following items are NOT included in this RFP:
Equipment and Supplies which may be included in a vendor's catalog, but which are not specifically designed or intended for laboratory use (e.g. reception chairs, couches, coffee tables, general office equipment, etc.)

Items costing in excess of \$75,000, after discount, are excluded from the resulting contract.

NOTE: When executing a Participating Addendum, all parties are bound by the \$75,000/item upper limit. A Participating State may establish a lower limit; however, any language included in a Participating Addendum purporting to increase this amount; or any other attempt to order an item off of the resulting contract which exceeds the unit price limit, will be void.

3.3 BACK-ORDERS

Contractor will take every available precaution to prevent back-order and out-of-stock contract items necessary for the operation of the Ordering Entities' facilities.

3.4 ADDITIONS TO THE CONTRACT

New items may be included as they become available (when added to Contractor's catalog) during the term of the Contract, after obtaining the approval of the NASPO Contract Administrator, as specified in this RFP, and in accordance with the provisions of the resulting contract.

Minor related services, such as hazardous waste pick-up/removal of Contractor's Items; product recycling; etc. may be added to the Contract, after obtaining the approval of the NASPO Contract Administrator.

3.5 EFFECT ON OTHER LABORATORY EQUIPMENT AND SUPPLY CONTRACTS

Many Ordering Entities have current laboratory equipment and supply contracts which they may utilize as an alternate to the contract resulting from this RFP, which may affect the frequency of use of the resulting contract (s).

In addition, ordering of items that may be available through other current state or cooperative contracts may be subject to the provisions of individual state statutes and guidelines which govern the use of multiple contracts for the same commodities.

In Idaho, contracts which pre-date those resulting from this RFP for the same products will be utilized by Idaho State agencies as the primary contract for those same products, for so long as those contracts remain in effect.

Contractor must establish a wait time to place an order of less than 3 minutes. Contractor must maintain a web site, accessible by both the Ordering Entity and the Division of Purchasing, for the resulting contract. The web site, at a minimum, must:

9.2.1 Allow Participating Entities to search Contractor's catalog based on key word, brand name, description, etc.

9.2.2 Provide List Price, Discount Information and Contract Pricing for the Ordering Entity (which may vary based on an individual state's Administrative Fee).

9.2.3 Allow Participating Entities to place an order on-line, with a secure means for storing procurement card information.

9.2.4 Provide tracking/status information after an order is submitted.

9.2.5 Maintain a database for each Participating Entity, identifying the entity by a unique number, and containing an up-to-date listing of equipment and supplies which have been ordered during the life of the contract; the date and status of each order (including the date of delivery); the quantity and pricing; as well as the contact information for the individual at the Participating Entity that placed the order.

9.2.6 Provide training materials and FAQ's for use of the website and the contract; as well as troubleshooting tips.

9.2.7 Provide contact information for ordering, billing, credit, service and other complaints/issues.

9.2.8 Provide a current list of names and contact information for all of Contractor's sales representatives assigned to support the Contract, identifying the geographic area assigned to each one.

9.3 MINIMUM ORDER

Contractor may establish a *minimum* order quantity no greater than \$50 per order, under which it may assess delivery charges. Orders in excess of the minimum order quantity will be delivered FOB Destination, inside delivery, to the location identified by the Ordering Entity.

For orders totaling less than \$50 per order, or Offeror's stated Minimum Order Quantity, whichever is lower, the Ordering Entity will pay the actual freight charges unless waived by the Contractor at time of order placement.

Ordering Entities will be encouraged to consolidate orders on a weekly basis, where practical; and to consolidate orders for hazardous chemicals, in order to minimize hazardous materials fees.

9.4 PACKAGING, DELIVERY, FUEL SURCHARGE

9.4.1 Delivery is FOB Destination, inside delivery, to the Ordering Entity's specified address. Contractor will ship routine consumable items within 48 hours (30-45 days, or as agreed to by agencies, for Band 4) after receipt of order (ARO). All other equipment and supplies must be delivered within seven (7) days ARO, unless a longer delivery time is agreed to by the Ordering Entity. Contractor will be required to notify the Ordering Entity within 24 hours of order placement, if delivery cannot be completed as required by the Contract. Upon receipt of such

notice, or upon failure to deliver within the specified time, the Ordering Entity may cancel the order without penalty, and make the purchase elsewhere.

9.4.2 Delivery charges will not apply to orders that are in excess of the stated minimum when placed, but fall below the minimum order amount due to backordering or delayed shipping from the Contractor.

9.4.3 Delivery charges will not be allowed for items shipped from a 3rd party vendor as long as the original order exceeds the minimum amount stated. Fisher Scientific will absorb normal freight charges for catalog sales and will pass through freight cost on third party sales. On third party orders, Fisher Scientific is acting as the ordering entity's agent and does not take title.

9.4.4 If any items ordered have special packaging (e.g. dry ice), handling (e.g. next day delivery required), or a special pricing arrangement has been made between the manufacturer and the Participating State that will require the Contractor to charge additional shipping, these items must be marked/flagged in the ordering system to clearly identify that they are subject to additional charges.

9.4.5 Contractor shall properly package and handle all items ordered under the resulting Contract, in accordance with industry standards and all applicable regulations.

9.4.6 Any products offered with an applicable shelf life must be date stamped (including gloves).

9.4.7 Ordering entities requesting special handling (FedEx, NextDay, etc.) of orders may be required by the Contractor to pay additional freight charges not to exceed the carrier's actual freight charges.

9.4.8 Remote ordering entities which do not regularly receive service from FedEx, UPS or other common courier services may be required by the Contractor to pay additional freight charges, if any, associated with delivery to the remote location, not to exceed the carrier's *additional* actual freight charges associated with delivery to the remote location. In the alternative, the ordering entity may arrange for an alternate delivery site for which the Contract cost includes all delivery charges.

9.4.9 If fuel prices rise more than 25% above the current U.S. Department of Energy's average diesel price as of the Closing Date of this RFP, the State may allow variable fuel surcharge fees to be assessed. The surcharge will be based on the U.S. Department of Energy's average diesel price from the previous month. A request for a fuel surcharge must be approved by the State prior to implementation. No fuel surcharge will be allowed when fuel prices are within 25% of the current U.S. Department of Energy's average diesel price as of the Closing Date of this RFP.

9.5 LATE DELIVERY AND FAILURE TO DELIVER

Contractor must deliver the equipment and supplies ordered pursuant to the resulting Contract in accordance with all of the terms and conditions contained in this RFP. Repeated failure to meet specified delivery requirements may result in Contract termination, or the State may pursue any other remedies that may be available to it, at its discretion. Contractor must complete delivery

and installation within the time specified in Contractor's proposal, and in no event in excess of the limit specified in Section 9.4, above).

9.6 RETURN OF ITEMS

9.6.1 Contractor Error

Equipment or Supplies which are unacceptable because of quality problems, duplicated shipments, outdated product, breakage, or other issues related to Contractor or product performance shall be inspected within three (3) business days and be returned at Contractor's expense within five (5) business days after receipt of notification from the Ordering Entity, with no restocking charge. If the original packaging cannot be utilized for the return, Contractor must supply the Ordering Entity with appropriate return packaging within the five (5) business day period. Postage must be paid by Contractor, by issuing an appropriate label to the Ordering Entity via e-mail and Contractor will assume the risk of loss in transit. The returned product shall either be replaced with acceptable equipment or supplies, or the Ordering Entity must receive a credit or refund for the purchase price, at the Ordering Entity's discretion.

9.6.2 Ordering Entity Error

Standard stock equipment and supplies ordered in error by Ordering Entities will be returned for credit within fifteen (15) days of receipt, at Ordering Entity's expense. Product must be in resalable condition (original container, unused). There shall be no restocking fee if returned products are resalable. Products may be returned within thirty (30) days for replacement or adjustment through the "no hassle" return program.

All returns, replacements, technical services and support will be handled by Fisher Scientific's customer service organization as follows:

To assure prompt handling, customers must obtain a Return Goods Authorization Number (RGA number) from Customer Service and reference this number on return shipping documents. An RGA can be obtained by calling Customer Service at 800-766-7000 and/or request on-line authorization. Returns made without the RGA number will be returned freight collect.

Fisher Scientific will issue full credit for:

- Products not supplied in accordance with customer's order; and
- Products which are defective at the time of receipt by the Subscriber

Fisher Scientific will issue partial credit for:

- Products ordered in error, with the exceptions noted below.

Product returns for Projects ordered in error are subject to a 15% restocking charge plus any applicable charges for necessary inspection, reworking or refurbishing, or for items not normally cataloged by Distributor. Hazardous materials authorized for return must be packed, labeled and shipped in accordance with DOT regulations governing transportation of hazardous materials and any other applicable requirements.

9.10 TRAINING

Provide one hard copy and one electronic copy of both your latest Catalog, as well as your currently effective, nationally published Price List. You may comply with the requirement for an electronic version by providing temporary access to a searchable electronic version of your Catalog and Price List.

9.16.2 (M) For Band 1, the State is interested in a full line supplier of laboratory equipment and supplies which can provide its full line to ALL NASPO states. The State reserves the right to reject a Proposal for Band 1 if that Offeror's Price List does not include at least 95% of the items chosen by the State for purposes of proposal evaluation of Band 1.

9.16.3 (M) For Bands 2 – 4, the Offeror must offer a full line of laboratory equipment and/or supplies within the Band for which it provides a response. The State reserves the right to reject a Proposal for any Band for which an Offeror's Price List does not include at least 95% of the items chosen by the State for purposes of evaluating the Band.

9.16.4 (ME) Discounts: Submit discounts from your standard price list for THE ENTIRE SPECTRUM OF ITEMS OFFERED (all items in the catalog(s) and price lists for the Band to which you are responding). The nature of your response must allow the State to apply the discounts offered to the current list prices in order to calculate net price to the State for any items in the current price list. If the manufacturer's product discounts vary by category, include the various product category discounts. You must submit discounts for ALL product codes in your PRICE LIST (or state that there is no discount for an identified product code).

9.16.5 (E) Volume Discounts:

Additional volume and other price discount options are invited, which can distinguish between individual order minimum quantities, cumulative volume discounts, and other discount terms that may be defined by the Offeror. Extensions of additional discounts are not required but may be evaluated if offered.

9.16.5.1 Cumulative Ordering Volume Discounts: Offerors are invited to identify additional percentage discounts if total cumulative ordering volumes (by all Ordering Entities) exceed an amount specified. If the volume of total orders exceeds that amount in any quarter, the offered discount will apply to future orders during the term of the contract.

9.16.5.2 Volume Discount for Minimum Order Quantity: Offeror is also invited to propose discounts for minimum order quantities. Ordering Entities may consolidate purchases in order to take advantage of any volume discount extended by Contractor for minimum orders, as long as a single delivery location is specified at the discretion of the Ordering Entity.

9.16.7 (M) Discounts to Remain Firm or Greater: The percentage discount from the Contractor's submitted price schedule is not to decrease for all updates or revisions of Contractor's price schedule during the life of the Contract and any subsequent contract renewals; however, Contractor may increase the discount at any time. New items or replacement products are to be discounted at the same (or greater) rate as similar products or replaced items.

9.16.8 (M) Price Negotiation During Contract Term

Contractor is expected to continuously negotiate with manufacturers to obtain improved discounts and extend improved pricing to Ordering Entities. 9.16.10 (M) Price List Access: At any time during the Contract and for a three (3) year period following the end of the Contract, the State reserves the right to request from the Contractor access to and/or a copy of the applicable price list used for the Contract's pricing basis for Contract pricing verification. Failure to provide the requested price list within three (3) business days following the State's request may result in Contract termination.

10 (M) ADDITIONAL TERMS AND CONDITIONS

10.1 ADDITIONAL MANUFACTURER DISCOUNTS

For contract items, the Contractor agrees to allow any particular Ordering Entity to accept additional discounts offered by a Manufacturer for whom the Contractor is a distributor, if those discounts will result in a lower net price to the Ordering Entity. The Contractor agrees to furnish these items under the terms and conditions of the Contract, but at the lower net price as agreed by the Manufacturer and the Ordering Entity.

10.2 PRICE CHANGES

10.2.1 Price decreases or discount increases are permitted and encouraged at any time. Price reductions announced by a manufacturer must be applied at the time of the announcement for the products that have not yet been delivered to the Ordering Entities.

10.2.2 All discounts offered must remain firm or higher during the term of the contract.

10.2.3 Contractor may request a price increase no more than once per Contract year by submitting a request to the State at least thirty (30) days prior to the end of the then current term. Price increases must be calculated from the published price list, and may only be requested in accordance with changes made by the manufacturer or distributor in their established, nationally distributed price list or published catalog. The State reserves the right to accept or reject any proposed price increase. A price increase will not be effective until approved, in writing, by the State. In the event the price extended to NASPO results in a price below Fisher Scientific's cost plus fifteen percent (15%), the price to be charged to NASPO will be mutually agreed upon within thirty (30) calendar days. The pricing shall be subject to mutual review in the event Fisher Scientific's cost for a catalog product increases more than five percent (5%) within a firm price period.

10.3 AUDIT RIGHTS

The Contractor agrees to allow State and Federal auditors and State purchasing staff access to all the records relating to this Contract for audit, inspection, and monitoring of services or performance. Such access will be during normal business hours or by appointment. Fisher Scientific will allow an audit to be conducted on reasonable notice and during normal business hours for term of this agreement and for one (1) year after termination. This audit shall be conducted one per year. Each party will bear its own expenses. In determining whether or not Fisher Scientific owes a refund, all overcharges and undercharges will be net against each other.

10.4 CHANGE IN CONTRACTOR REPRESENTATIVE

The Lead State Procurement Officer, at his/her sole discretion, may require a change in Contractor's Named Representative by giving written notice to Contractor.

10.5 TERMINATION

10.5.1 Termination of Contract

The Contract may be terminated by the State as provided in Attachment G, State's Standard Terms and Conditions, and as may otherwise be provided in this RFP.

10.5.2 Termination of Participating Addendum

Participating Addendums may be terminated by the Participating Entity for lack of funding, or for failure of the Contractor to perform in accordance with the terms of the Contract and/or the Addendum, and as otherwise designated in the Entity's Participating Addendum. There is no penalty or restriction upon the State, or Ordering Entity, in the event of cancellation due to lack of funding.

10.6 AVAILABLE FUNDS

Financial obligations of Ordering Entities are limited to the order(s) placed by the Ordering Entity, as well as on the Entity having available funds. Participating states incur no financial obligations or other liability on behalf of political subdivisions.

11 PROPOSAL EVALUATION

11.1 TECHNICAL EVALUATION

11.1.1 The Technical Proposal will be evaluated and scored by a Proposal Evaluation Committee.

11.1.2 The scores for the Technical Proposal will be normalized as follows: the Technical Proposal with the highest raw technical score will receive all available Technical Points 500. Other proposals will be assigned a portion of the maximum available Technical Points, using the formula: 500 X raw score of the technical proposal being evaluated/highest raw technical score.

11.2 COST EVALUATION

11.2.1 For purposes of cost evaluation, discounts offered by Offeror pursuant to Section 9.17.4 et seq., above, will be applied to the Offeror's Price List, required by Section 9.17.1.

The items used for purposes of Cost evaluation will be a representative sample of Items purchased by public entities utilizing the current WSCA and NASPO lab equipment and supplies contracts, from the four latest Quarterly Usage Reports received from the current contractors; as well as a representative sample of items commonly procured by public entities for laboratory use.

11.2.2 For purposes of proposal evaluation, the State will use a pricing structure based upon the packaging historically purchased. For example, if a majority of a particular item has been purchased by Packages of 12 each, the state will use the price of the Offeror's similar packaging unit (PK of 12 or CS of 12) for purposes of proposal evaluation. Should a Offeror fail to offer a particular item, or equal item, the State reserves the right to use the highest price proposed by another Offeror as a price for the Item in order to calculate the Grand Total Price for purposes of proposal evaluation/price comparison.

Failure by a Offeror to indicate a discount percentage for an item in the Offeror's catalog or price list may be cause for rejection of the Offeror's offer or may be cause for the State to evaluate the item at the current catalog list price.

Note: If the Offeror is not an authorized distributor for a particular item chosen for purposes of proposal evaluation, an "equal" product line may be chosen by the State for evaluation. Otherwise, the specified product line must be available. It is not the intent of this paragraph to allow a vendor to offer an "equal" item or product line if the item or product line chosen for evaluation is available.

ITEMS to be evaluated for Band 1 may include but are not limited to:

Chemicals, Acids, Alcohols, Solvents, Reagents, pH Supplies & Solutions, Clothing / Protective Equipment, Eye Protection, Gloves & Lab Apparel, Membrane Filters, Filters, Analyzers, Balances & Weighing equipment, Waterbaths, Cabinets, Incubators, Circulators, Burners, Centrifuges, Evaporators, Glassware products, Bottles, Vials, Microscope Slides, Pipettes & Pipette Tips, Cylinders, Hot Plates & Stirrers, Microscopes, pH Selective Ion Apparatus, Power Supplies, Refractometers, Shakers, Spectrophotometers, Thermometers, Water Purification Equipment, Bags, Cleaning Supplies, Corks, Filtration Products, Frame Rods, Clamps & Clamping Systems, Labeling Tape, Labels & Dispensers, Glass & Plastic Petri Dishes, Plastic-ware, Rubber Stoppers, Sterilizers, Tubing, Brand Name Equivalent Products, Laboratory Media, Test Kits, BBL and DIFCO products as well as parts and accessories for the above equipment.

ITEMS to be evaluated for Bands 2 – 4 may include any items within the Band being evaluated, which are utilized by public entities for laboratory use (subject to the unit price limit of \$75,000).

11.2.3 The Offeror with the lowest Total Cost (for a Band), based on the sum of the Representative Sample of Items evaluated for that Band, will receive all 500 Cost Points for that Band. Other Offerors within the same Band will receive a portion of the Total Cost Points based on the following formula: $\text{Lowest Total Cost for Band \#} / \text{Other Offeror Total Cost for Band \#} \times 500$.

11.2.4 Once the Cost Points are calculated for each Band, the points will be totaled with the Technical Points, and the Proposals will be ranked by Total Points, by Band.

11.3 AWARD

Award will be made to the high point responsive responsible Offeror(s), by Band (1 – 4), in accordance with the Evaluation Method described above. The State may make multiple awards for each Band, at its discretion; and may choose not to award one or more Bands, in the best interest of the State. Bands 2 – 4 may also be awarded by region. If multiple awards are made, Idaho state agencies will utilize the contracts in accordance with Idaho Code (I.C.) 67-5718A.

EVALUATION CRITERIA

All responsive Proposals will be evaluated by a committee composed of representatives of the State and other NASPO states, using a point method of award using predetermined criteria for each ME and E item identified above. Once all responsive proposals have been evaluated and scored, by Band, the sealed Cost Proposals will be opened and scored, as detailed below. Some items will be weighted and may receive more points than other evaluated items in the same section. The detailed weighting information will not be made available until the evaluation process has been completed.

The maximum points for each evaluation category are:

7.1/7.2	Experience and References	75
8.2	Qualifications of Personnel	75
9.13	Customer Service and Support	300
9.14	Sustainability	25
9.15	Local Business Support	25
9.16	Cost	<u>500</u>
TOTAL POINTS		1,000

Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. **Injunctive Relief.** Contractor acknowledges that breach of this section, including disclosure of any Confidential information, will cause irreparable injury to Purchasing Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 15 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

(1) Exercise any remedy provided by law; and

The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

13. Force Majeure

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot,

acts of God and/or war which is beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

14. Indemnification

a. Indemnification of the Lead State is governed by Section 12, State of Idaho Standard Contract Terms and Conditions. Otherwise, the Contractor shall defend, indemnify and hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities other than the Lead State, and Purchasing Entities, along with their officers, agents, and employees as, from and against third party claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, injury, or damage to property arising from (i) breach by Contractor of the Master Agreement; or, (ii) negligent or wrongful act(s), error(s), or omission(s) of the Contractor, officers, directors, shareholders, agents, servants, employees and representatives, relating to the performance under the Master Agreement, provided, that this Section shall not obligate Contractor to indemnify any indemnified party for any portion of damages directly attributable to, and directly caused by, the negligence of an indemnified party.

(b) specified by the Contractor to work with the Product; or

(c) reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

(d) It would be reasonably expected to use the Product in combination with such product, system or method.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Even if the indemnified Party fails to provide reasonable notice, the Contractor shall not be relieved from its obligations unless the Contractor can demonstrate that it was prejudiced in defending the Intellectual Property Claim resulting in increased expenses or loss to the Contractor. If the Contractor promptly and reasonably investigates and defends any Intellectual Property Claim, it shall have control over the defense and settlement of it. However, the indemnified Party must consent in writing for any money damages or obligations for which it may be responsible. The Indemnified Party shall furnish, at the Contractor's reasonable request and expense, information and assistance

necessary for such defense. If the Contractor fails to vigorously pursue the defense or settlement of the Intellectual Property Claim, the Indemnified Party may assume the defense or settlement of it and the Contractor shall be liable for all costs and expenses, including reasonable attorneys' fees and related costs, incurred by the Indemnified Party in the pursuit of the Intellectual Property Claim. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. This section is also not a waiver by the Participating State of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

21. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments,

shipping labels, packing slips, invoices, and on all correspondence.

b. The resulting Master Agreements permit Purchasing Entities to define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration or termination of this Master

Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of Indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

22. Participants

a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Financial obligations of Participating States are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating States incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@wsca-naspo.org to support documentation of participation and posting in appropriate data bases.

d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such

agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 26a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

(b) Punch-Out Catalog. By providing a punch-out catalog, the Contractor is providing its own online catalog, which must be capable of being integrated with the eMarket Center as a Standard punch-in via Commerce eXtensible Markup Language (cXML). In this scenario, the Contractor shall validate that its online catalog is up-to-date by providing a written update quarterly to the Lead State stating they have audited the offered products/services and pricing listed on its online catalog. The site must also return detailed UNSPSC codes (as outlined in line 3) for each line item. Contractor also agrees to provide e-Quote functionality to facilitate volume discounts.

d. Revising Pricing and Product Offerings: Any revisions (whether an increase or decrease) to pricing or product/service offerings (new products, altered SKUs, etc.) must be pre-approved by the Lead State and shall be subject to any other applicable restrictions with respect to the frequency or amount of such revisions. However, no cooperative contract enabled in the eMarket Center may include price changes on a more frequent basis than once per quarter. The following conditions apply with respect to hosted catalogs:

(1). Updated pricing files are required by the 1st of the month and shall go into effect in the eMarket Center on the [1st day of the following month (i.e. file received on 1/01/13 would be effective in the eMarket Center on 2/01/13)]. Files received after the 1st of the month may be

delayed up to a month (i.e. file received on 11/06/09 would be effect in the eMarket Center on 1/01/10).

(2) Lead State-approved price changes are not effective until implemented within the eMarket Center. Errors in the Contractor's submitted pricing files will delay the implementation of the price changes in eMarket Center.

e. **Supplier Network Requirements:** Contractor shall join the SciQuest Supplier Network (SQSN) and shall use the SciQuest's Supplier Portal to import the Contractor's catalog and pricing, into the SciQuest system, and view reports on catalog spend and product/pricing freshness. The Contractor can receive orders through electronic delivery (cXML) or through low-tech options such as fax. More information about the SQSN can be found at: www.sciquest.com or call the SciQuest Supplier Network Services team at 800-233-1121.

f. **Minimum Requirements:** Whether the Contractor is providing a hosted catalog or a punch-out catalog, the Contractor agrees to meet the following requirements:

(1) Catalog must contain the most current pricing, including all applicable administrative fees and/or discounts, as well as the most up-to-date product/service offering the Contractor is authorized to provide in accordance with the cooperative contract; and

(2) The accuracy of the catalog must be maintained by Contractor throughout the duration of the cooperative contract between the Contractor and the Contract Administrator; and

(3) The Catalog must include a Lead State contract identification number; and

(4) The Catalog must include detailed product line item descriptions; and

(5) The Catalog must include pictures when possible; and

(6) The Catalog must include any additional NASPO ValuePoint and Participating Addendum requirements. Although suppliers in the SQSN normally submit one (1) catalog, it is possible to have multiple contracts applicable to different NASPO ValuePoint Participating Entities. For example, a supplier may have different pricing for state government agencies and Board of Regents institutions. Suppliers have the ability and responsibility to submit separate contract pricing for the same catalog if applicable. The system will deliver the appropriate contract pricing to the user viewing the catalog.

g. **Order Acceptance Requirements:** Contractor must be able to accept Purchase Orders via fax or cXML. The Contractor shall provide positive confirmation via phone or email within 24 hours of the Contractor's receipt of the Purchase Order. If the Purchasing Order is received after 3pm EST on the day before a weekend or holiday, the Contractor must provide positive confirmation via phone or email on the next business day.

h. **UNSPSC Requirements:** Contractor shall support use of the United Nations Standard Product and Services Code (UNSPSC). UNSPSC versions that must be adhered to are driven by SciQuest for the suppliers and are upgraded every year. NASPO ValuePoint reserves the right to migrate to future versions

of the UNSPSC and the Contractor shall be required to support the migration effort. All line items, goods or services provided under the resulting statewide contract must be associated to a UNSPSC code. All line items must be identified at the most detailed UNSPSC level indicated by segment, family, class and commodity. More information about the UNSPSC is available at: <http://www.unspsc.com> and <http://www.unspsc.com/FAQs.asp#howdoesunspscwork>.

i. **Applicability:** Contractor agrees that NASPO ValuePoint controls which contracts appear in the eMarket Center and that NASPO ValuePoint may elect at any time to remove any supplier's offering from the eMarket Center.

j. The Lead State reserves the right to approve the pricing on the eMarket Center. This catalog review right is solely for the benefit of the Lead State and Participating Entities, and the review and approval shall not waive the requirement that products and services be offered at prices (and approved fees) required by the Master Agreement.

k. Several NASPO ValuePoint Participating Entities currently maintain separate SciQuest eMarketplaces, these Participating Entities do enable certain NASPO ValuePoint Cooperative Contracts. In the event one of these entities elects to use this NASPO ValuePoint Cooperative Contract (available through the eMarket Center) but publish to their own eMarketplace, the Contractor agrees to work in good faith with the entity and NASPO ValuePoint to implement the catalog. NASPO ValuePoint does not anticipate that this will require substantial additional efforts by the Contractor; however, the supplier agrees to take commercially reasonable efforts to enable such separate SciQuest catalogs.

37. Contract Provisions for Orders Utilizing Federal Funds

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this master agreement.

Importance: High

Sept 2, 2016

Vanessa Moorehead
Procurement Officer
Arlington County Purchasing Division
2100 Clarendon Blvd, Suite 500
Arlington, VA 22201

Dear Ms. Moorehead:

As DPS has no procurement authority over Virginia local public bodies, we therefore have no objection for Arlington County to enter into its own Participating Addendum (PA) with the NASPO ValuePoint contract through the State of Idaho's Master Agreement #MA16000234-1 with Fisher Scientific.

I also request that Mr. Voight Shealy with NASPO ValuePoint, post the resulting PA on the NASPO ValuePoint contract webpage to ensure maximum transparency for Virginia citizens. (<http://www.naspovaluepoint.org/#/contract-details/67/contractor/361>)

To further maximize public contracting transparency and access to all Commonwealth procurement opportunities and usage for Virginia suppliers under our obligations of Virginia Code § 2.2-1110, we require that all parties process and issue all Order/s for these products and/or services by Fisher Scientific and Arlington County through the Commonwealth's central electronic procurement website ("eVA"), as Fisher Scientific is currently an authorized Commonwealth of Virginia eVA supplier.*

I hope this meets your needs. If you have any other questions, please feel free to contact me directly or others copied here.

Thank you for contacting me and your consideration and use of the Fisher Scientific/NASPO ValuePoint contract.
