EXPIRES: 05/06/2022 W/2 1 YR RENEWALS

Mr. Tristan Parsley, Project Manager
Layne Christensen Company
7320 North Palafox Street
Pensacola, FL 32505

**RE: Notice to Proceed – Jerry D. Mitchem WRF Effluent Pumps – Pull & Evaluate Pump #1
County Contract #C19-2808-WS**

Dear Mr. Parsley:

Please consider this letter as the notice to proceed work at the Jerry D. Mitchem Water Reclamation Facility (Fairchild Rd, Crestview), as outlined in your quote dated November 19, 2021. We expect the work to be performed for the price quoted in that correspondence. Your total estimate is \$9,520 for the scope of work described.

We expect you to bring in this work at or below this amount. **Please note that any work that may be charged in excess of your estimate will require prior written approval from OCWS.** We understand that the inspection of this pump may lead to additional necessary work (i.e. parts & labor or pump replacement), which would be authorized by a separate, future Notice to Proceed.

The County has the right to inspect all work. When the pump is disassembled and under inspection at your shop, please stay in touch with Darren Alford, who may want to inspect it as well, depending what repairs are needed.

Should you need any further information or have any questions, don't hesitate to contact me at 850-685-0297 or Darren at 850-978-2435.

Sincerely,

Mark Wise
Deputy Director

PROJECT ESTIMATE

Prepared For: Darren Alford
Prepared By: Tristan Parsley
Description: Farichild Road Pump #1 Work

Layne Christensen Company is a global water management, mineral exploration and drilling company. We provide responsible infrastructure solutions for natural resources in water, minerals and energy, while offering innovative, sustainable products and services with an enduring commitment to safety, operational excellence, and client satisfaction. In June 2018, Layne became a wholly-owned subsidiary of Granite Construction, Inc.

We are pleased to submit the following quotation:

Layne Pump Crew to remove, bring to shop for breakdown and inspection, provide report and quote for repair or replacement, reassembly and installation.

Thank you for the opportunity to be your water resource solution.
