For specific product functionality and features, device and calling plan/feature compatibility, and for the latest equipment pricing, see your Verizon Government Account Manager. The above Equipment prices are effective **8/26/2022** and are subject to change. Customer may purchase at the then current State of Florida Government Equipment Matrix pricing or Government promotional pricing, whichever is less at the time of purchase. Verizon may make certain equipment available at no charge; however, Verizon does not guarantee that we will always be able to offer equipment at no charge through the term of the resulting agreement. Government Subscriber Equipment Pricing listed in this matrix is not available for activations or upgrades on Verizon Telemetry plans. Camera phone use or possession may be prohibited in some locations based on privacy, security, or other restrictions. Verizon's Government Equipment matrix is updated at a minimum quarterly, based upon equipment availability, changes in technology and market conditions. Equipment is promotional and subject to availability, Verizon reserves the right to add or discontinue models. Pricing above is at the 2 yr price point. Existing customers can upgrade at this price 20 months into their current contract.
