Emergency Service Response

Emergency service is available on a 7-day, 24 hour basis. For scheduled service and repairs covered under this agreement and performed at the Customer's request outside of normal working hours, the Customer agrees to pay the difference between the prevailing standard billing rate and the prevailing overtime rate.

Equipment Repair

Daikin will perform all services during its regular working hours unless otherwise specified. Any services requested or agreed to by Customer that are outside the Scope of Work will be performed by Company at an additional cost. Company will invoice such services at a special service and repair billing rate at Company's published labor rate for the service area.

Standard Inclusions:

The agreement includes travel to and from the site, planned maintenance materials, and any trips to supply depots to procure materials. The Owner will receive a written report for the inspection or services provided. For specific activities associated with the equipment covered under the agreement, reference the planned maintenance activities section.

Standard Exclusions:

- Customer to have chiller secured and condenser bundle drained prior to arrival
- All work to be performed during 'normal working hours'
- Any and all recommended/required repairs to be quoted separately
- Asbestos identification, abatement, and pipe insulation are not included
- Chemical (acid) cleaning of tubes, if required, is not included
- Vibration analysis testing is not included
- Refrigerant is not included
- Compressor overhaul/internal inspection is excluded
- This Quote is only valid if check valve holds, otherwise we will need to revise the quote to cover refrigerant
