Re: RFP# RFP RM 23-21 — Employee Benefits Consultant/Brokerage Services

Dear Evaluation Committee Member:

Gehring Group is pleased to provide this proposal in response to Okaloosa County Board of County Commissioners' RFP# RFP RM 23-21 for Employee Benefits Consultant/Brokerage Services. Gehring Group is unique in our qualifications to be your broker/consultant for three notable reasons:

- 1) we are Public Sector experts as Public Sector is our only industry specialty;
- 2) our unique non-producer corporate organizational structure allows us to offer clients a broad depth of value-added services and a deep bench of expertise; and
- 3) our all-inclusive service model allows our clients the opportunity to utilize our resources without concern for additional costs while providing full transparency of fees paid.

First and foremost, Public Sector is (and for the past 28 years has been) our only specialty industry, and accordingly, it influences how we think, and how we tailor our services and processes – specifically for the unique needs and nuances of this very important sector of employer organizations. Our success with supporting government employers and their members is evidenced by our 96.8% client retention rate over the past 8 years. Currently, we provide insurance related services for over 100 Public Sector employers throughout Florida. These organizations include municipalities, counties, school districts, first responders (fire and law enforcement), special taxing districts and constitutional officers. Our extensive Public Sector focus and expertise affords us the ability and experience to anticipate the County's needs, provide real time benchmarking studies and related case study comparatives for consideration.

Second, our organization is a collaborative advisory firm, rather than an agency of producers. Our team members, including our benefits consultants, are paid a salary rather than a commission. What this means for our clients is a depth of centralized resources and a think tank of seasoned experts and professionals committed to serving all clients' needs, collaborating, and negotiating in order to achieve the most cost savings and greatest results for our clients. It also means resources – we employ our own wellness coordinators, ACA experts and graphic designers, and we tap into necessary outside focused resources to benefit our clients such as employment attorneys, Affordable Care Act attorneys, and actuaries with Public Sector health program specialty. It is especially important to our organization that we create amazing client experiences – because we grow by having great references.

Third, Gehring Group is unique in that we offer an all-inclusive model without limitations or additional fees. Our proposed core services encompass those requested in the Scope of Services outlined in the RFP; and we have outlined various additional value-added services throughout our proposal which are include but are not limited to, the **ThinkHR®** online human resources research and training software.

As the leading independent broker/consultant for Public Sector entities throughout the state, we have earned the distinct honor of participating in the agent advisory councils of Florida Blue, CIGNA HealthCare, and Humana. Not only does this provide us an opportunity to make recommendations to improve products and services based on feedback from our clients; it also provides internal efficiencies and considerable leverage during client negotiations providing our clients and their members with the most cost-effective solutions while maintaining a high level of benefits. Gehring Group has also maintained Florida Blue BlueDiamond Producer status, CIGNA HealthCare Platinum Broker, United Healthcare Gold Producer, AETNA Preferred Producer and is a top-tier producer for all major carriers. We also have administrative access to negotiate and are the benefits consultant to a number of clients insured by the Florida League of Cities' Florida Municipal Insurance Trust (FMIT).

#### 4. Describe your firm's approach to account transition.

Should Gehring Group be selected as the County's Employee Benefits Consultant, our first objective would be to make the transition as smooth as possible for the County. There are two main tasks completed by our team within the first two weeks of our engagement. These include:

## **Introduction and Expectations meeting**

Immediately following consultant selection, our first priority would be for our entire service team to meet with all applicable staff and carriers/vendors to begin the discovery process. This includes meeting with the staff and any committee or leadership involved with the benefits regarding what they deem to be the positive aspects of their program as well as any areas of particular concern. This includes a discussion of future goals and a review of our *Annual Compliance Checklist*. We would also collect all relevant plan documents and renewal/claim data in order to quickly become familiar with the details of each policy. In addition, our *New Client Implementation* checklist allows our team to secure key information about the programs offered, County and carrier contact names, County locations, waiting periods, payroll frequency, union commitments, wellness initiatives, ACA measurement periods, etc. We will establish a tentative schedule and timeline of expectations acceptable to all involved for key objectives, monthly or quarterly meetings, claims review, anticipated projects, renewal negotiation and preparation, open enrollment, and other anticipated tasks.

### **Carrier/Vendor Engagement & Information Gathering**

In order to perform a comprehensive analysis of your current programs, past programs, claims history and plan performance, Gehring Group will engage each applicable vendor directly to obtain all plan documents, policies, rates, claims experience, past renewals, and all other information relevant to servicing the client. Due to our long-term and positive vendor relationships, we also anticipate this to be a very smooth process. During this period, we will enroll you in the services discussed throughout this presentation such as Think HR, our COVID-19 portal, etc. Once onboard, Gehring Group's strategy and service philosophy centers around remaining involved with our clients on a year-round basis.

# 5. Discuss the ways your firm manages growth, including any limits to the client/consultant ratio.

Gehring Group employs a team approach along with backup team members to ensure that all clients always have access to an available resource. Each team includes a Senior Benefits Consultant, a Benefits Consultant, three account managers, two employee benefits analysts and various support staff. Gehring Group takes much into consideration when assigning a client service team. This includes the client's plan anniversary date, complexity of programs, funding arrangement, size of group, wellness initiatives, availability of technology tools, etc. We structure our assignments so that service requirements can be met timely and deadlines do not occur at a one particular time of the year. Each account representative services approximately 15 to 20 clients based on the above referenced considerations.

# 6. State whether the employee benefit consultants assigned to the County have any responsibilities other than providing employee consulting services, and if so, specific such responsibility.

Gehring Group's consultants' sole responsibility is to provide employee benefits brokerage and consulting services to our Public Sector clients.

# 7. Describe your firm's backup procedures in the event that key personnel in this assignment should leave the firm.

Gehring Group's team structure ensures that all clients always have an available resource, even in the unlikely event that a key member of the team leaves the firm. Each team includes a Senior Benefits Consultant, a backup Benefits Consultant, three account managers, two employee benefits analysts, wellness coordinator and various support staff. In addition to your Account Manager, our clients are also assigned an Internal Client Service Specialist who serves as an employee advocate and additional resource for questions and claim issues. These professionals, along with an easily accessed upper management staff/leadership and our corporate philosophy regarding our team approach and centralized database of activity and deliverables, provides assurance that our clients have access to experienced professionals who are aware of, or can easily access their files, to provide resolution and answers at all times, even if a member of team leaves the firm.

Gehring Group also assists our clients in the decision of whether to open an employee health center. If requested, Gehring Group will conduct a feasibility analysis to determine if our clients can take advantage of the potential cost saving benefits of opening an on-site or near-site clinic/health center. By shifting costs from the medical plan to the clinics, many employers have been better able to manage specific areas of claims costs, while providing additional access to medical care to their employees. With over 20 clients currently operating an employee health center, Gehring Group's experience in these efforts is unparalleled. We spearhead the process from conducting the bid process, determining which clinic provider and clinic model would best meet the needs of our clients and overseeing the implementation process once a decision has been made. When an employee health center is in place, your Gehring Group team can provide support and assistance with any challenges that may arise, review existing interlocal agreements that may be in place, review utilization of both the health plan and the clinic annually to identify trends and make recommendations of possible modifications to services provided at the clinic to enhance both the member experience and Return on Investment to the Client.

These tools provide comparative analyses on proposed plan strategies using historical claims data by simulating the effect of plan modifications. Forecasting and modeling both simple and complex strategy adjustments against actual claims experience in your health plan. These tools interactively support creativity in plan design, producing innovative approaches modeled for higher cost savings, increased cash flow and improved plan efficiency.

The following includes various dashboard and utilization reports created in Gehring Group's NavMD Data Analytics platform utilized to conduct various types of analyses for our clients to pinpoint key metrics such as high-cost conditions, potential provider or benefit overutilization,

Each of the above reports were generate in-house with Gehring Group's NavMD Data Analytics platform.

### 2. Will your firm provide access to County data for ad hoc queries? Is there a cost?

Under the County's current fully insured arrangement, Gehring Group will work with the County's current vendors to ensure continued access to existing reporting processes along with evaluating any available ad hoc reporting. Through the new client onboard and renewal implementation process, our team will review current access and availability and work with carriers/vendors to maintain the available reporting access available through each vendor.

# 3. Will your firm complete a provider analysis of physicians, clinics and hospitals that treat our plan participants?

During the evaluation process, Gehring Group compares provider networks to determine which proposers may be considered viable options. In addition, we would perform a network disruption analysis and network discount analysis, providing all information necessary to make informed decisions. Throughout the year, we will also review the County's top utilized physicians, clinics and hospitals to identify any claims outliers or anomalies.

# 4. Will your firm participate with the County in evaluating a wellness and preventive health analysis of our employees' claim experience?

In addition to the regular monitoring of the County's claims experience and utilization trends, Gehring Group utilizes the aggregate results of these biometrics to provide valuable insight to aid in making recommendations for specific disease management programs or plan changes to encourage preventive care visits and prescription drug adherence for those with chronic conditions. Our Wellness Coordinators also utilize this data to develop a long-term wellness strategy and make recommendations regarding the types of wellness initiatives to implement. Through the implementation of a long-term well strategy and scheduled programs and events,

we can target the conditions and behaviors that will have the greatest impact to the health of your members as well as utilization of the health plan. Our experience in recommending wellness program initiatives includes such Florida clients as the City of Naples, City of Clearwater, Charlotte County BOCC and the Martin County School District.

5. What steps does your firm take to ensure the validity of data presented to your clients? Gehring Group's commitment to providing accurate analysis, reporting and recommendations includes a second layer of review of all documents by your Senior Benefit Consultant and our Quality Control Manager, Kim Hall. Kim's background includes employment as an insurance carrier underwriter and the manager of an underwriting team. This role also oversees the individuals performing any financial and analytical aspects relating to your employee benefit program. She reviews all work product for accuracy and completeness and is a second set of eyes ensuring the highest level of quality control.

### F. Strategic Planning/Vendor Selection:

# 1. What resources does your firm have available to help us manage our benefits and outline a benefits strategy consistent with current and future business plans.

An employee health benefits program is a significant cost driver to any employer's budget, as well as the greatest tax favored benefit an employer can provide an employee. In the current regulatory environment related to ACA and COVID-19, the resulting changing marketplace, and the widespread availability of technology tools — benefits program management, cost mitigation, communication and compliance are achieved for our clients through people, planning, projection, process, and product.

Gehring Group employs a number of strategies in developing a long-term strategic plan. Our plan includes meetings with you to understand your organization's goals, budget, organizational considerations (such as unions, hiring/layoffs), culture, and plan competitiveness compared to benchmark and local entities. Additionally, we look at your organization's claim loss ratios along with assessment of trends over multiple years and perform analytics on your data utilizing software and technology to develop forecasting scenarios for your current plan design, then applying charges or credits for alternative plan design options. Additionally, we include consideration for the costs associated with the Affordable Care Act including the fees, additional workforce plan costs, impact due to mandatory plan changes (ex: women's wellness, clinical trials, etc.).

An example of one of our client's long-term strategies included a three-year path to increasing the aggressiveness of their wellness program with the goal of targeting unhealthy lifestyles — adding incentives physical activities in the first year; adding wellness health targets verified by physicians in the second year and, finally smoker surcharges in the third year, all while monitoring utilization and making plan changes to curb abuse year over year. Other clients have set goals to transition from a fully insured arrangement to a minimum premium arrangement in order to get more comfortable with the concept of self-funding.

We understand that employee benefits are a very important aspect of an employee's compensation package. Accordingly, we agree that a long-term strategic benefit plan must be in place to allow both the employer and employee to anticipate and prepare for planned change be it financial or regarding plan design. Gehring Group's goal is to maintain long-term client

relationships and assist our clients in developing long range strategies to conform to the client's overall financial goals. Getting the most out of your benefits dollar is one of our primary goals when servicing our clients.

2. How will your firm help us with competitive marketing and placement of our plans, including development of marketing specifications, identification of market conditions, evaluation of proposals, negotiations, and placement of insurance contracts for annual renewals.

Gehring Group's strategy and service philosophy center around remaining involved with our clients on a year-round basis providing recommendations, legislative guidance, and assistance. We would review all lines of coverage and benefits included in the total employee benefits program package and determine those lines suitable for bidding.

### The Market Solicitation (RFP) Process

Gehring Group's traditional marketing process includes a comprehensive analysis of the current programs, past programs, claims history, in addition to numerous other factors including demographics and the local market. In addition to reviewing the incumbent carriers' renewal quotes, we would review a list of prospective carriers, coalitions, and trusts with HR staff in discussing whether to release any RFPs for the various lines of coverage. As an independent consultant our goal is to identify all available products and insurers are considered to ensure that you find the best match for your needs. Our marketing process includes the following steps:

• Step One: Information Gathering Process

• Step Two: Presentation of Initial Findings

• Step Three: Market Solicitation (The RFP Process)

• Step Four: Proposal Analysis & Recommendation

• Step Five: Program Implementation

Step Six: Year-Round Service

To provide you with enough time for the RFP process and subsequent decision-making process, Gehring Group prepares a timetable of activities including any approvals needed for final decisions. This schedule can be customized to accommodate additional onsite meetings, and any specific needs or additional services requested.

Gehring Group will prepare and release all requests for proposals as directed for all applicable lines of coverage. As part of our service, we conduct all phases of the procurement process for those lines of insurance as requested, from RFP development through the proposal analysis and recommendation process, coordinating with the County's Procurement Department as needed. Our involvement in this process is very comprehensive. We feel it is our job to keep our clients up to date regarding any new products in the industry that may reduce administrative burden or aid in the reduction of health care costs. We have extensive experience bidding all lines of coverage on a self-insured and fully insured basis, evaluating alternative funding arrangements as well as bidding for onsite clinic vendors and enrollment technology.

### **Proposal Evaluation & Recommendation**

Upon receipt of proposals submitted in response to the RFP process, Gehring Group will perform a detailed analysis of each program offered. We will compare all proposals side by side to the inforce program and illustrate the program differences to include the advantages and disadvantages of each. This will include a detailed cost comparison which outlines the total cost of the program

in addition to breaking down the costs related to employer and employee contributions and detailing all applicable proposal caveats or opportunities for multi-line discounts.

At this time, we will also compare provider networks to determine which proposers may be considered viable options in addition to performing a network disruption analysis and network discount analysis. During this stage in the procurement process, Gehring Group will meet with Staff to review our initial findings. Once our analysis has determined that particular vendors are viable based on cost, schedule of benefits, value-added services, A.M. Best rating, etc., we then attempt to clear up any details that must be clarified prior to making a recommendation. This process is a second level request for clarification and is conducted following the review of submitted proposals. As insurance is one of the few areas in public entity purchasing regulations where simultaneous negotiations can take place, it is always important for the RFP process to include a "best and final" process within the RFP timeline. After such finalist negotiations and continuous communication with County staff, we will provide our formal evaluation and recommendation, based on your needs and goals.

### Plan Renewals & Effective Negotiations

In addition to conducting a formal RFP or market solicitation process for the lines of insurance coverage included within your employee benefits program, Gehring Group will develop and assist with budget projections, provide a timeline of expectations which includes securing the first offer of renewal at the earliest possible date to begin aggressively negotiating pricing and terms for your plan renewals. This is done early in the process to ensure the least amount of disruption as possible to your membership while balancing the client's needs, goals, and union commitments. Our specific focus on serving the Public Sector and client base in the region and state allow us to leverage the credibility we have established with insurance carriers and government trusts more efficiently. Also important to note is the ability of our experienced team to not only effectively negotiate the benefits and costs of your program(s), but also value-added services and benefits such as wellness services/funding, onsite carrier support, technology funding and aggressive pharmacy rebate returns. We get results both for the employer providing the benefit program and each and every member enrolled.

### **Program Implementation & Enrollment Assistance**

After the RFP, evaluation and decision-making process, Gehring Group team members take the lead with staff for program implementation and enrollment. Planning for open enrollment begins well before renewal time. Gehring Group's approach to open enrollment starts with the development of a renewal timeline detailing all aspects of the process, working backwards from the desired open enrollment period. Your Gehring Group Account Manager will be intricately involved throughout the planning and enrollment process, helping to coordinate the various steps of the process including but not limited to:

- Assisting in coordinating and attending employee informational and enrollment meetings at all sites as determined by the client. Inherent in this process is determining whether enrollment meetings will be mandatory or optional.
- Determining open enrollment meeting format (i.e. health fair style; group informational meetings; virtual live or recorded video; one-on-one);
- Coordinating meeting locations, times, collateral needed and if carrier representatives are requested;
- Providing additional staff to support multiple locations and time slots for employee meetings
- Arranging multilingual representatives (as needed)

- Developing custom communication collateral (i.e. open enrollment announcement posters, annual employee benefits guide, etc.);
- Facilitating technology partner plan and cost updates to the enrollment site;
- Facilitating cancellation or renewal of current insurer upon written acceptance;
- Ensuring that applications and contracts for all new vendors are complete, accurate and forwarded to the applicable vendors in a timely manner; and
- Review all vendor contracts to ensure they are in line with what was proposed and presented.

Our team will provide Okaloosa County with a superior level of service and support throughout the year.

3. What experience does your firm have in supporting the RFP process for government agencies? Gehring Group has conducted the RFP process for over 100 Public Sector clients. Our team has vast experience in the solicitation of all types of insurance programs and funding methods for Public Sector entities, and we are confident that acquisition of various competitive options will be accomplished while leveraging our Public Sector experience and large client base.

### 4. How can your firm assist with plan design changes with renewals?

As part of our review of the renewal offer, Gehring Group may recommend plan modifications based on your specific utilization trends, benchmark data, abuse, or overutilization of certain benefits as well as trends in the marketplace. In addition, our ability project savings to the program for proposed plan changes, evaluate carrier renewal calculations, and access to negotiate directly with underwriters, ensures that the County and Constitutional offices will receive the appropriate offset for implemented changes. We will discuss all options with the County, providing the pros and cons of each as well as cost/savings impact of each recommendation. If alternative or "narrow" networks are proposed, we will also compare networks to determine which may be considered viable options in addition to performing a network discount analysis. During this stage of renewal, Gehring Group will schedule a meeting with you and your team to review our findings and determine a deadline for the carrier to provide their "best and final" offer.

# 5. Furnish a current list of insurance companies, third party administrators, and other providers for which the consultant is an authorized agent or broker.

### 6. How will your firm save the County money?

Gehring Group is known for being an innovator in the employee benefits marketplace, seeking out innovative ways to save our clients money. First, we evaluate past claim utilization and corresponding renewals, review alternate funding options available to assess risk versus gain. For some groups this may mean consolidating plans to better consolidate risk and reduce adverse selection, while for other entities it may mean providing more plan options to better accommodate the needs of different employee populations who may be seeking varying coverage levels or alternatively, more affordable premium costs. We would also review current contracts to ensure not only legislative compliance but that all available financial savings are considered, such as, re-negotiating pharmacy rebates, implementing "participating contracts" that allow the clients to share in plan savings, and implementing various disease management programs to target certain chronic conditions. We would evaluate gaps in care, plan benefits and employer contribution strategies. We have been able to use our independent renewal calculations in addition to leveraging our top-tier status with carriers to reduce trend factors within underwriting calculations, thus reducing cost to the client. In many cases, we have proposed enhancing specific plan benefits to target members suffering from chronic conditions with the goal of increasing treatment plan and prescription drug adherence, therefore, reducing treatment costs in the long run.

### 7. What sort of benchmarking data can your firm provide?

Gehring Group's concentration in the Public Sector enables us to have access to a significant amount of Public Sector employee benefits benchmark data in-house. This includes statistics on plan benefits, employer contributions, waiting periods, trend factors and other related data. In addition, we conduct local entity surveys on a regular basis throughout various regions of the

state of Florida. We realize the value in maintaining a competitive benefits package as it relates to employee hiring and retention.

Gehring Group has developed a new Public Sector benchmarking tool. CAVU is an online employee benefits benchmarking software specifically for Public Sector employers and went live and online in 2020.

With this tool, Public Sector employers will have the ability to complete a survey to enter their plan benefits and costs, compare their cost and benefits to other participating employers, and even invite other entities to participate. CAVU will provide valuable information on costs and benefit trends to aid Public Sector employers in making important decisions regarding plan options, schedules of benefits and employer/employee contributions.

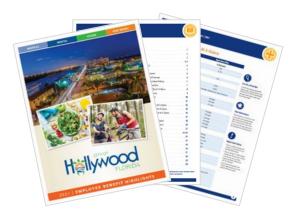

# 8. Has the firm provided a benefit guide or summary to previous groups? Is this something that your firm could provide our group?

Yes, as part of our services, your Gehring Group team provides an annual benefit guide as well as open enrollment presentations and employee education. In addition, your account management team and Gehring Group's in-house Graphics team can provide additional communication materials in the form of educational collateral to target recognized needs including flyers, posters, campaigns, and videos highlighting specific topics. These communication pieces are customized to be distributed through client intranet services, posters, or other media allowing the County to communicate benefit offerings and educate employees of their benefit options and responsibilities. Gehring Group provides many options to our clients regarding employee communication. From face-to-face interaction at employee meetings to paper communication pieces to educational videos, we realize that employee communication is key to getting the most out of your employee benefits program. These options include:

### Employee Benefits Guide

Gehring Group employs an in-house Graphics Department which enables us to assist our clients with employee communications materials. One of the tools necessary in the communication process is the annual employee benefits guide. At the beginning of each new

plan year we compile all of the information regarding your insurance coverages and summarize it in a custom employee and retiree friendly benefit booklet. This booklet has proven to be a valuable resource and has allowed members to clearly understand plan options, related costs to make decisions in their best interest each year. This service is offered at no additional cost. We will provide you with enough copies for open enrollment and as needed for new-hire orientations throughout the plan year, as well as an electronic version for posting on your intranet or applicable location. (Exhibit B)

### Professional Employee Communications

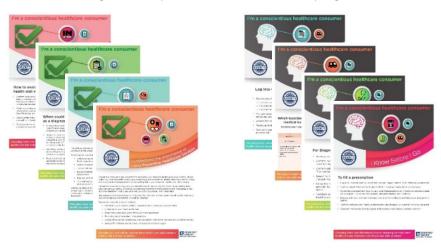

In addition to the provision of the employee benefits guide, we can also draft and produce employee communication pieces such as, department posters, mass employee mailings, Wellness Program brochures, etc. This allows the County to better communicate its employee benefit offerings and keep their employees well educated with regard to their employee benefit options and responsibilities. Gehring Group produces all brochures and other work product in-house at no additional charge which increases our level of efficiency. (Exhibit C)

### Employee Educational/Wellness Campaigns

We also have pre-designed wellness campaigns and challenges that are easy to implement, relevant and timely. Some of the campaigns recently implemented by clients include a focus on being a conscientious consumer and include:

- Using your Flexible Spending Account "You're going to need those (glasses, prescriptions, braces, ... anyway."
- Let's Get Appy "Utilize your carrier App by downloading the carrier app for convenience and cost savings."
- Preventive Healthcare Services "I understand the importance of using Preventive Healthcare Services."
- Know Before You Go "What is considered emergency care versus non-emergency; where to go for diagnostic testing; the best place to fill a prescription."
- Wellness in a Box *Pre-designed wellness campaigns complete with education and challenges to increase engagement.*

Our team can aid the County in developing a communication and determining a targeted message. The following are samples of some of the campaigns listed above.

### Video Communication

Our team can create open enrollment videos for times such as these when having large group meetings may not be an option. Gehring Group has also developed custom whiteboard education/communication videos which provide employees with a concise video utilized to educate them on various benefit options or additional services such as EAP and health center promotion (if applicable) with additional topics coming soon. These videos can be hosted on the County's intranet or other applicable location. Sample videos can be viewed at the following web links:

### G. Cost projections/Ongoing Review/Reporting:

### 1. How will your firm assist with the management of insurance, including:

# a. Preparing monthly supervision and/or preparation of claims activity reports from carriers:

Gehring Group provides our clients with review of carrier data and reporting that is relevant to their funding arrangement on a timely basis, typically monthly or quarterly. We also monitor the group's "large claims" (i.e. claims approaching or exceeding the specific stop loss deductible or pooling level if fully insured) on a regular basis. These reports include but are not limited to:

- Claims experience (premium/funding versus claims)
- Cost per employee per month
- Renewal cost projections
- Executive cost summaries
- Large claimant lists
- Top utilized prescription drug utilization reports (by cost & by volume)

We are also able to provide other key indicator reports, typically annually, to assist in identifying additional risks and/or targets for wellness initiatives. Gehring Group sample reports and work product are included in **Exhibit A**.

### b. Preparing executive summary reports:

Our team is available to prepare executive reports and make presentations to all staff groups or insurance committees as needed. We are experienced in creating PowerPoints and/or customized spreadsheets, providing recommendations based on the specific purpose of the presentation and needs of your group. Our team is also very familiar with presenting to employee committees, union representatives, County Commissioners, City Councils, and various Boards of Directors.

### c. Prepare underwriting analysis for annual renewals

Our team will provide renewal and budget projections, aid in premium calculations, and collaborate with carrier underwriters regarding all renewal proposals.

### d. Prepare annual financial projections for budgeting purposes;

In addition to preparing underwriting analysis, Gehring Group staff conducts detailed reviews, analysis, and projection sessions with decision makers at key points throughout the year. We consistently track the available claims utilization data of your program throughout the plan year in order to more effectively prepare for the renewal process and develop strategies for ensuring that your group gets the most value for its health care dollar. We review available claims utilization reports to determine whether your programs are running favorably and utilize this claims data to forecast renewal/budget projections in advance of renewal and negotiate with vendors. With this information, we can partner with you to develop an action plan to accomplish the goals of the County.

When applicable, Gehring Group also utilizes its NavMD data analytics platform to evaluate claims data and network utilization to further optimize plan designs by review of claims data.

### e. Conduct alternative funding analyses

Our consultants and analysts have extensive experience evaluating alternative funding arrangements including fully insured, participating contracts, minimum premium, level funded, graded funded and totally self-insured arrangements with stop loss coverage. Should the County consider any of these options, our team's analysis will illustrate the cost and benefits of each option and provide you will necessary information regarding the level of risk in order for the County to make an education decision on the most viable option.

# 2. Give examples of employee benefit projects and products that your firm/staff have designed and implemented for clients that:

- a. Saved money
- b. Improved the quality of benefits
- c. Enhanced benefits
- d. Increased efficiency
- e. Were innovative

The following includes a case study during which our Gehring Group team was able to gain the confidence of the City's IAFF and PBA unions, to educate, collaborate and ultimately implement a streamlined benefits program for City employees and both unions.

### Case Study #1: Municipality (1,500 employees)

Gehring Group Aggressive Negotiations, Streamlining Union Benefit Options & Transition to Self-Funded Medical Program

Gehring Group and this City developed a five-year strategy that included streamlining benefits for all employee groups (i.e. General, Police, Fire), the expansion of services available at its onsite employee health center and the ultimate transition from a minimum premium funding arrangement to a total self-insured arrangement.

The first step was to negotiate an 18-month rate guarantee for its fully insured medical insurance contract to effectively move the plan anniversary from January 1st to July 1st in an effort to allow the City to better budget for health care expenditures, including additional fees imposed by the Affordable Care Act and the onsite health center. This resulted in a \$640,000 savings to the City from their initial renewal offer and a savings of \$496,000 in overall premiums for the Police Department.

During the following year, the City was again faced with a double digit increase for its minimum premium program due to high utilization. A budget increase to that degree was not justifiable based on our independent budget projections, and moreover, not sustainable for the long-term. Gehring Group was able to re-align the City's goal to manage health insurance costs by transitioning their current dual plan benefit offering to a single high deductible health plan with employer contributions to a Health Reimbursement Account (HRA). This resulted in a 20% savings, or \$2.3 million dollars over current premium to the City while also adding value to the employees by providing first dollar coverage for out-of-pocket costs under the high deductible plan funded by City contributions to a health reimbursement account (HRA).

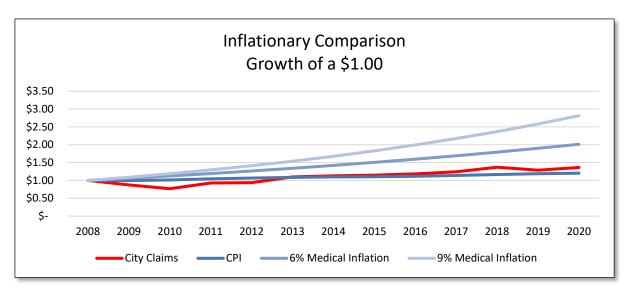

During the third year of the strategic plan, Gehring Group was again successful in negotiating a savings to the City's medical plan premiums with the negotiated renewal coming in under the current year's costs based on the success of the prior year.

During the following renewal, the City, the Police Department, and the City's Fire Department accomplished their goal of streamlining its benefit offerings under one self-insured program. Gehring Group worked with the City to hold numerous Union meetings to educate and explain the benefits of coming together under one medical plan and was successful in negotiating a self-insured contract resulting in savings to the employees of each group. The plan to date has experienced a \$2.3 million surplus since the transition to self-funding in addition to the expansion of wellness services at the employee health center. In addition, Gehring Group's continued oversight of the City's employee health center has increased the City's return on investment in the clinic from 2.3:1 at inception to 3.3:1 today.

### Case Study #2: Municipality (1,800 employees)

Implementation of Onsite Health Center and subsequent integrated wellness program and health initiative incentives.

This municipality implemented an onsite health center as one variable in its long-term strategy to mitigate consistent health plan cost increases and high trend factors. By shifting costs such as specific prescription drugs and preventive services from the medical plan to the clinic, they have been better able to manage specific areas of claims costs, while providing additional access to medical care to their employees. The ten-year results are as follows:

The City's claims cost has experienced an average increase of 3.1% over the past 12 plan years since implementing:

- Opened Onsite Health Center (2009)
- Began Incentivized Health Assessments (2014)
- Added Onsite Health Coach through Health Center (2018)
- Added Onsite Wellness Coordinator through Medical carrier (2019)
- Added Wellness Incentivized plan design (2020)
  - o Preventative Exams
  - o Coaching
  - o Chronic Condition Management
- No plan design changes for the past 7 years.
- Medical claims trend below national medical inflation level for over ten years

### 3. Describe your firm's approach to meeting required reporting deadlines.

At the beginning of each plan year, Gehring Group prepares a timetable for activities including claims reporting, RFP schedules, anticipated meetings with County personnel, approvals needed for final decisions, etc. These dates are entered into our client management software to ensure that the entire team is aware of all deadlines and can provide any support necessary to meet all County deadlines.

# 4. Give a brief overview of the hardware and software systems used in the production of actuarial reports.

Gehring Group utilizes carrier claims reports and our NavMD Data Analytics platform to analyze claims data for our self-insured clients. Through this platform and the claims experience reports provided by the carrier/TPA, we gather and provide all applicable data required by the actuary to produce the annual filing of actuarial soundness with the State of Florida. It is by design that we incorporate third party actuarial oversight, a feature our clients and their auditors value more than a broker/consultant having an actuary on staff.

### H. Plan Administration and Legislative Compliance:

### 1. How does your firm stay abreast of legislative changes?

Gehring Group employs a proactive approach to learning, interpreting, and educating on all applicable regulations as released. We keep our clients up to date on all regulatory changes that will affect them. Our team stays current on regulations through a number of methods. Accessible 24 hours a day, throughout the year, employee may log in and review comprehensive information regarding benefit plans, and view and print an outline of benefit elections for employee and dependent(s). Employee also has access to important forms and carrier links, can report qualifying life events and review and make changes to Life insurance beneficiary designations.

# **Group Insurance Premium Funding "Benefit Dollars"**

Hernando County offers funding through "Benefit Dollars" to all benefiteligible employees. These Benefit Dollars are to be used to contribute to the cost of insurance premiums that each employee incurs.

For more information regarding Benefit Dollars, please contact the Human Resources Department.

# **Medical Plan Opt-Out Benefit**

In an effort to ensure equitable contribution to the health care of every employee, the County offers an "opt-out" option to eligible employees who have waived participation in the County's medical plan and who can show evidence of medical insurance under another medical plan. If an employee chooses to receive the "opt-out" benefit, they will receive \$50 per pay period, (\$944 per month for Property Appraiser employees) towards benefit elections.

# **Wellness Center Opt-In Benefit**

Employees who elect to opt out of the medical plans offered by the County can choose to elect the Wellness Center Opt-In Benefit. This benefit allows employees to use the services offered by the Employee Wellness Center including primary healthcare visits, lab work, generic prescriptions, and all other programs offered to employees through the Wellness Center. The cost to the employee is \$40 per pay period (\$80 per month for Property Appraiser employees). Medical Plan Opt-Out benefit dollars can be used to pay for this benefit through payroll deduction. This benefit is offered to the employee only. Dependent family members of employees are not eligible for this benefit.

# Benefits While Not Actively At Work

If an employee is out of work due to an approved leave of absence or Workers' Compensation, the employee may continue to have benefit coverage based on the type of leave they take.

# **Employees on an Approved FMLA Leave**

If the employee is approved for FMLA leave, Hernando County will continue to provide employer contributions towards the employee's benefits. The employee is required to continue to pay the employee share for benefit elections while on leave. For further information regarding payments, please contact the Human Resources Department.

If the employee has not returned to active duty when FMLA leave ends, benefits may terminate at the end of that month. Employees may continue coverage for eligible insurance benefits by paying the total premium amount under COBRA. Upon expiration of benefits, a COBRA notice will be mailed to the home address on record to provide an opportunity to elect coverage. The Human Resources Department determines eligibility for FMLA.

# **Workers' Compensation**

If an employee is placed out of work and receives Workers' Compensation benefits, Hernando County will continue to provide employer contributions for the employee's core benefits which include medical, dental, vision, EAP and life insurance. Employees are required to continue to pay the employee share for these core benefits and any supplemental benefits the employee may have while out on workers' compensation. For information on how to make payment arrangements, please contact the Human Resources Department.

At the expiration of benefits, the employee may continue insurance coverages by paying the total premium amount under COBRA. Upon the expiration of benefits, a COBRA notice will be mailed to the home address on record to provide an opportunity to elect coverage.

# **Group Insurance Eligibility**

The County's group insurance plan year is October I through September 30.

# **Employee Eligibility**

Employees are eligible to participate in the County's insurance plans if they are full-time employees working a minimum of 30 hours per week. Coverage will be effective the first of the month following 60 days of employment. For example, if an employee is hired on April 11, then the effective date of coverage will be July 1.

# **Separation of Employment**

If employee separates employment from the County, insurance will continue through the end of the month in which the separation occurred (Short Term Disability terminates coverage on the date in which separation occurs). COBRA continuation of coverage may be available as applicable by law.

# **Dependent Eligibility**

A dependent is defined as the legal spouse (a person to whom the participant is legally married) and/or dependent child(ren) of the participant or the spouse. The term "child" includes any of the following:

- · A natural child
- · A legally adopted child

- · A stepchild
- A newborn (up to age 18 months) of a covered dependent (Florida)
- A child for whom legal guardianship has been awarded to the participant or the participant's spouse.

# **Dependent Age Requirements**

**Medical Coverage:** A dependent child may be covered through the end of the calendar year in which the child turns age 26. An overage dependent may continue to be covered on the medical plan to the end of the calendar year in which the child reaches age 30, if the dependent meets the following requirements:

- · Unmarried with no dependents; and
- A Florida resident, or full-time or part-time student; and
- · Otherwise uninsured; and
- Not entitled to Medicare benefits under Title XVIII of the Social Security Act, unless the child is disabled.

Please see Taxable Dependents if covering eligible over-age dependents.

#### **Dependent Age Requirements** (continued)

**Dental Coverage:** A dependent child may be covered through the end of the calendar year in which the child turns age 30.

**Vision Coverage:** A dependent child may be covered through the end of the calendar year in which the child turns age 30.

# **Disabled Dependents**

Coverage for an unmarried dependent child may be continued beyond age 26 if:

- The dependent is physically or mentally disabled and incapable of self-sustaining employment (prior to age 26); and
- Primarily dependent upon the employee for support; and
- The dependent is otherwise eligible for coverage under the group medical plan; and
- The dependent has been continuously insured

Proof of disability will be required upon request. Please contact the Human Resources Department if further clarification is needed.

# **Taxable Dependents**

Employee covering adult child(ren) under the employee's medical, dental and vision insurance plans may continue to have the related coverage premiums payroll deducted on a pre-tax basis through the end of the calendar year in which dependent child reaches age 26. Beginning January 1 of the calendar year in which dependent child reaches age 27 through the end of the calendar year in which the dependent child reaches age 30, imputed income must be reported on the employees W-2 for that entire tax year and will be subject to all applicable Federal, Social Security and Medicare taxes. Imputed income is the dollar value of insurance coverage attributable to covering each adult dependent child. Contact the Human Resources Department for further details if covering an adult dependent child who will turn age 27 any time during the upcoming calendar year or for more information.

Please note: There is no imputed income if the adult dependent child is eligible to be claimed as a dependent for Federal income tax purposes on the employee's tax return.

# **Qualifying Events and Section 125**

#### Section 125 of the Internal Revenue Code

Premiums for medical, dental, vision insurance, contributions to Flexible Spending Accounts (FSA), and Health Savings Accounts (HSA) and/or certain supplemental insurance polices are deducted through a Cafeteria Plan established under Section 125 of the Internal Revenue Code and are pre-taxed to the extent permitted. Under Section 125, changes to employee's pre-tax benefits can be made ONLY during the Open Enrollment period unless the employee or qualified dependent(s) experience(s) a Qualifying Event and the request to make a change is made within 30 days of the Qualifying Event.

Under certain circumstances, employee may be allowed to make changes to benefit elections during the plan year, if the event affects the employee, spouse or dependent's coverage eligibility. An "eligible" Qualifying Event is determined by Section 125 of the Internal Revenue Code. Any requested changes must be consistent with and due to the Qualifying Event.

#### **Examples of Qualifying Events:**

- Employee gets married or divorced
- · Birth of a child
- Employee gains legal custody or adopts a child
- Employee's spouse and/or other dependent(s) die(s)
- Loss or gain of coverage due to employee, employee's spouse and/ or dependent(s) termination or start of employment.
- An increase or decrease in employee's work hours causes eligibility or ineligibility
- A covered dependent no longer meets eligibility criteria for coverage
- · A child gains or loses coverage with other parent or legal guardian
- · Change of coverage under an employer's plan
- Gain or loss of Medicare coverage
- Losing or becoming eligible for coverage under a State Medicaid or CHIP (including Florida Kid Care) program (60 day notification period)

# IMPORTANT NOTES

If employee experiences a Qualifying Event, the Human Resources Department must be contacted within 30 days of the Qualifying Event to make the appropriate changes to the employee's coverage. Beyond 30 days, requests will be denied and the employee may be responsible, both legally and financially, for any claim and/or expense incurred as a result of the employee or dependent who continues to be enrolled but no longer meets eligibility requirements. If approved, changes may be effective the date of the Qualifying Event or the first of the month following the Qualifying Event. Newborns are effective on the date of birth. Cancellations will be processed at the end of the month. In the event of death, coverage terminates the date following the death. Employee may be required to furnish valid documentation supporting a change in status or "Qualifying Event."

# **Health Savings Account**

The Florida Blue High Deductible Health Plan (HDHP) 5190/5191 complies with the Internal Revenue Service (IRS) requirements and qualifies enrollee to open a Health Savings Account (HSA). An HSA is an interest-bearing account where funds may be used to help pay employee and dependent(s) current and future deductible, coinsurance and qualified medical expenses not covered by the plan.

#### 2020-2021 Plan Year Funding:

- The HSA portion of employee's premium will fund the employee's HSA on a per pay period contribution basis, with an annual contribution amount as follows:
  - > Employee Only: \$3,450
  - > Employee + Spouse: \$2,400
  - > Employee + Children: \$2,400
  - > Employee + Family: \$1,000

Employee may opt to additionally fund an HSA to the IRS contributions listed below. This is done via pre-tax evenly dispersed payroll deductions or in a lump sum payroll deduction; this decision must be made during Open Enrollment. However, changes to employee HSA contributions can be made during the plan year.

- 2020 IRS Contribution Limitations: \$3,550 (individual coverage) \$7,100 (family coverage)
- 2021 IRS Contribution Limitations: \$3,600 (individual coverage) \$7,200 (family coverage)

Guidelines regarding the HSAs are established by the IRS.

#### What to know about an HSA

- Employee owns the HSA funds from day one and decides how and when to spend the money.
- No use-it or lose-it rules; funds are in the account when needed, now or in the future. Participant cannot fund a traditional Health Care FSA, however, participant may fund a Limited Purpose FSA for dental and vision expenses only.
- · HSA funds earn interest.
- The HSA will be funded with employer contributions. If the employee desires to fund the remaining deductible balance they may do so with pre-tax payroll deductions.
- HSA dollars may be used tax-free for all eligible medical expenses.
- HSA funds are portable from one employer to another. Accumulated funds can help employee plan for retirement.
- An account holder may write a check or withdraw funds with a Health Savings Account Debit Card.
- A monthly per account service fee determined by the bank may be deducted automatically from the HSA.
- Account holder can access HSA statements at any time to track account balance and activity online at www.healthequity.com.

- To be eligible to open an HSA, employee must be covered by a high deductible health plan. Employee may not be covered under another medical plan that is not a high deductible health plan including a plan the employee's spouse may have selected where he/she has family coverage. Please Note: Eligibility status to qualify for an HSA is specifically driven by the County employee and NOT dependents.
- HSA funds can be used for dependent(s) even if dependent is not enrolled in the employee's group insurance benefits as long as the dependent is a qualified tax dependent.
- Over-age dependent is not able to use HSA funds for qualified expenses, even if the dependent is covered under the medical plan as Federal law does not recognize them as a qualified dependent.
- If the employee is enrolled in Medicare, TRICARE or TRICARE for Life, the employee is not eligible to contribute funds into an HSA.
   In addition, the IRS prohibits the County from contributing HSA funds into the account. If the employee is not enrolled in Medicare, TRICARE or TRICARE for Life, then the employee is eligible to enroll and contribute into the HSA up to the maximum contribution amounts.
- Active employee NOT on Medicare but with a spouse enrolled in Medicare: Any active employee who is covering a spouse that is enrolled in Medicare will receive the full family HSA funding. These funds can be utilized for the active employee and spouse expenses.
- Active employee ON Medicare and with a spouse NOT enrolled in Medicare: Any active employee who is enrolled in Medicare and covering a spouse will not receive any HSA funding. Any remaining balance in the HSA can be utilized until there are no funds remaining.

| Employee + Family      | \$45.94              | \$91.88         |

#### **In-Network Benefits**

The BlueDental Choice Plus PPO Base Plan provides benefits for services received from in-network and out-of-network providers. It is also an open-access plan which allows for services to be received from any dental provider without having to select a Primary Dental Provider (PDP) or obtain a referral to a specialist. The network of participating dental providers the plan utilizes is the **Florida Combined Life BlueDental Choice Plus network**. These participating dental providers have contractually agreed to accept Florida Combined Life's contracted fee or "allowed amount." This fee is the maximum amount a Florida Combined Life dental provider can charge a member for a service. The member is responsible for a Plan Year Deductible (PYD) and then coinsurance based on the plan's charge limitations.

#### **Out-of-Network Benefits**

Out-of-network benefits are used when member receives services by a non-participating Florida Combined Life BlueDental Choice Plus provider. Florida Combine Life reimburses out-of-network services based on what it determines as the Maximum Reimbursable Charge (MRC). The MRC is defined as the most common charge for a particular dental procedure performed in a specific geographic area. If services are received from an out-of-network dentist, the member may be responsible for balance billing. Balance billing is the difference between Florida Combined Life's MRC and the amount charged by the out-of-network dental provider. Balance billing is in addition to any applicable plan deductible or coinsurance responsibility.

#### **Plan Year Deductible**

The BlueDental Choice Plus Base Plan requires a \$75 individual and \$225 family deductible to be met for in-network or out-of-network services before most benefits will begin. The deductible is waived for preventive services.

#### Plan Year Benefit Maximum

The maximum benefit (coinsurance) the BlueDental Choice Plus Base plan will pay for each covered member is \$1,500 for in-network and out-of-network services combined. All services, including preventive services, accumulate towards the benefit maximum. Once the plan's benefit maximum is met, the member will be responsible for future charges until next plan year.

#### **BlueDental Maximum Rollover**

Each year as employee or covered dependent(s) utilizes the dental plan and does not exceed the annual threshold amount allowed, members will receive Maximum Rollover (MR) dollars to cover future unexpected visits or higher out-of-pocket costs for complex procedures.

#### IMPORTANT NOTES

- Employee may receive a 20% discount on orthodontia services.
- Enhanced dental benefits may be available for eligible members who have been diagnosed with certain conditions such as diabetes, coronary artery disease, oral cancer or are pregnant. Please refer to plan's Schedule of Benefits or contact Florida Combined Life's customer service for more details on these benefits.

# **Flexible Spending Accounts**

The County offers Flexible Spending Accounts (FSA) administered through HealthEquity. The FSA plan year is from October 1 to September 30.

If employee or family member(s) has predictable health care or work-related day care expenses, then employee may benefit from participating in an FSA. An FSA allows employee to set aside money from employee's paycheck for reimbursement of health care and day care expenses they regularly pay. The amount set aside is not taxed and is automatically deducted from the employee's paycheck and deposited into the FSA. During the year, employee has access to this account for reimbursement of some expenses not covered by insurance. Participation in an FSA allows for substantial tax savings and an increase in spending power. Participating employee must re-elect, at Open Enrollment, the dollar amount to be deducted each plan year.

The County offers: Health Care FSA, Limited Purpose FSA, and Dependent Care FSA

- Health Care FSA: Available to eligible employee who is not enrolled in the BlueOptions High Deductible Health Plan (HDHP) 5190/5191 with an HSA. The Health Care FSA covers medical, dental, and vision expenses that are not paid by insurance.
- Limited Purpose FSA: Available to eligible employee who is enrolled in the BlueOptions High Deductible Health Plan (HDHP) 5190/5191 with an HSA. A Limited Purpose Health Care FSA may be used for qualified dental and vision expenses.
- **Dependent Care FSA:** Covers day care expenses for qualified dependents necessary for employee and legal spouse, if married, to work.

#### **Health Care FSA**

This account allows participant to set aside up to an annual maximum of \$2,750. This money will not be taxable income to the participant and can be used to offset the cost of a wide variety of eligible medical expenses that generate out-of-pocket costs. Participating employee can also receive reimbursement for expenses related to dental and vision care (that are not classified as cosmetic).

Examples of common expenses that qualify for reimbursement are listed below.

Please Note: The entire Health Care FSA election is available for use on the first day coverage is effective.

#### **Dependent Care FSA**

This account allows participant to set aside up to an annual maximum of \$5,000 if single or married and file a joint tax return (\$2,500 if married and file a separate tax return) for work-related day care expenses. Qualified expenses include day care centers, preschool, and before/after school care for eligible children and dependent adults.

Please note, if family income is over \$20,000, this reimbursement option will likely save participants more money than dependent day care tax credit taken on a tax return. To qualify, dependents must be:

- A child under the age of 13, or
- A child, spouse or other dependent who is physically or mentally incapable of self-care and spends at least eight (8) hours a day in the participant's household.

Please Note: Unlike the Health Care FSA, reimbursement is only up to the amount that has been deducted from participant's paycheck for the Dependent Care FSA.

#### A sample list of qualified expenses eligible for reimbursement include, but not limited to, the following:

- ✓ Prescription/Over-the-Counter Medications
- ✓ Menstrual Products
- ✓ Ambulance Service
- ✓ Chiropractic Care
- ✓ Dental and Orthodontic Fees
- ✓ Diagnostic Tests/Health Screenings

# Flexible Spending Accounts (Continued)

#### **FSA Guidelines**

- Employee may carry over \$500 of unused Health Care FSA funds into the next plan year after a plan year ends and all claims have been filed. Dependent Care funds cannot be carried over.
- The Health Care FSA has a run out period at the end of the plan year (90 days) to submit reimbursement on eligible expenses incurred during the period of coverage within the plan year (October 1 to September 30).
- When a plan year ends and all claims have been filed with the exception of the \$500 rollover for the Health Care FSA, all unused funds will be forfeited and not returned.
- Employees may enroll in either or both of the FSAs only during the Open Enrollment period, a Qualifying Event, or New Hire Eligibility period.
- Money cannot be transferred between FSAs.
- Reimbursed expenses cannot be deducted for income tax purposes.
- Employee and dependent(s) cannot be reimbursed for services they have not received.
- Employee and dependent(s) cannot receive insurance benefits or any other compensation for expenses reimbursed through an FSA.
- Domestic Partners are not eligible as Federal law does not recognize them as a qualified dependent.

#### Filing a Claim

#### **Claim Form**

A completed claim form along with a copy of the receipt as proof of the expense can be submitted by mail or fax. The IRS requires FSA participants to maintain complete documentation, including copies of receipts for reimbursed expenses, for a minimum of one (1) year.

#### Debit Card

FSA participants will automatically receive a debit card for payment of eligible expenses. With the card, most qualified services and products can be paid at the point of sale versus paying out-of-pocket and requesting reimbursement. The debit card is accepted at a number of medical providers and facilities, and most pharmacy retail outlets. HealthEquity may request supporting documentation for expenses paid with a debit card. Failure to provide supporting documentation when requested, may result in suspension of the card and account until funds are substantiated or refunded back to the County. Please keep the issued card for use next year. Additional or replacement cards may be requested, however, a small fee may apply.

# HERE'S HOW IT WORKS!

Employee earning \$30,000 elects to place \$1,000 into a Health Care FSA. The payroll deduction is \$41.66 based on a 24 pay period schedule. As a result, the health care expenses are paid with tax-free dollars, giving the employee a tax savings of \$227.

**Please Note:** Be conservative when estimating health care and/or dependent care expenses. IRS regulations state that any unused funds remaining in an FSA, after a plan year ends and after all claims have been filed, cannot be returned or carried forward to the next plan year with the exception of the \$500 carry over allowed for the Health Care FSA. **This rule is known as "use it or lose it."**

# Important Change to FSA, HSA and HRA\* Eligible Expenses

he "Coronavirus Aid, Relief, and Economic Security Act" (the CARES Act) was signed and passed on March 27, 2020. One aspect of the Act repeals the rule enacted in the Affordable Care Act that prohibited over-the-counter medicines (i.e., non-prescribed) other than insulin from being "qualified medical expenses."

#### **NEWLY DEFINED ELIGIBLE EXPENSES**

Over the counter (OTC) drugs and medicines are now eligible for reimbursement from a Flexible Spending Account (FSA), Health Savings Account (HSA), or, if applicable\* Health Reimbursement Account (HRA). Menstrual products are also now eligible for reimbursement. This is a permanent change.

#### HOW SOON CAN I USE MY DEBIT CARD ON THESE NEWLY ADDED ELIGIBLE EXPENSES?

Retailers systems may not recognize this newly passed legislation or instantaneously accept an FSA debit card. Cards issued by FSA administrators are controlled by various systems to confirm the cards are only used for eligible expenses. Retailers such as CVS, Walgreens, Wal-Mart, Publix, as well as smaller stores use IIAS (Inventory Information Approval Systems) Merchant Certification along with their own inventory and point-of-sale systems to verify that the merchandise being purchased with a FSA card is an eligible medical expense.

The ability to use an FSA card for these newly defined OTC items at all retailers may not come online at the same time. The larger retailers will likely come on first, and the smaller ones may not be "live" for months.

\*Please Note: HRA monies are funded by your employer. Some funding arrangements may only allow monies to be used for expenses, such as copayments, deductibles, and coinsurance, Please contact HRA administrator for more details,

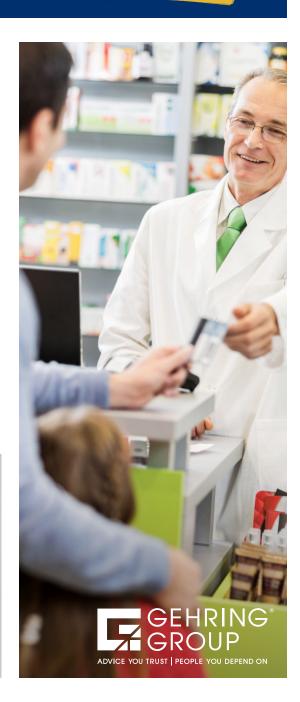

# Questions About Eligible Expenses?

If issues arise with using your debit card for newly allowable expenses, you may:

- 1. Check with larger retailers first as it is expected their systems will recognize the newly allowable expenses sooner.
- 2. Pay at "point of sale" and submit documentation for reimbursement to your FSA administrator. For additional information on your FSA administrator and contact information please refer to your Employee Benefit Highlights booklet or contact:

# First Line of Defense to Screen for COVID-19 Wirtual Care and the Coronavirus

Cigna provides access to virtual care services as part of the medical plan. AmWell and MDLIVE are convenient phone and video consultation companies that provides immediate medical assistance for many conditions.

As concerns about the COVID-19 continue to rise and spread, AmWell and MDLIVE are available should a member believe that they are showing symptoms of the virus. It is recommended that a member call their PCP or use virtual care services prior to going to their PCP's office, urgent care or an emergency room. This is to protect patients who are seeking medical attention who are more susceptible to contract the virus.

The benefit is provided to all enrolled members. Registration is required and should be completed ahead of time. This program allows members 24 hours a day, seven (7) days a week on-demand access to affordable medical care via phone and online video consultations when needing immediate care for non-emergency medical issues.

#### **COMPLIANCE UPDATE**

# **Proposed Rules on Wellness Program Incentives Withdrawn**

On Feb. 12, 2021, the Equal Employment Opportunity Commission (EEOC) withdrew two proposed rules it previously issued in January 2021, on wellness programs under the Americans with Disabilities Act (ADA) and the Genetic Information Nondiscrimination Act (GINA).

#### **Overview of the Proposed Rules**

These proposed rules were issued in response to a federal court decision that vacated a portion of EEOC regulations describing the incentives that an employer could offer:

- Under the ADA as part of wellness programs that ask about employees' health and/or ask them to undergo medical examinations; or
- Under GINA to an employee whose spouse provides information about the spouse's manifestation of disease or disorder as part of a wellness program.

The proposed rules would have generally allowed only *de minimis* incentives to be offered for wellness program participation. Exceptions allowing larger incentives would have applied to health-contingent wellness programs that are part of, or qualify as, group health plans under the ADA rules.

#### Withdrawal

These proposed rules were withdrawn because they were not published by Jan. 20, 2021, the time of President Joe Biden's inauguration. Upon inauguration, the president issued a <u>memorandum</u> requiring all agencies to immediately withdraw any proposed rules that had not yet been published.

As a result, the next steps for these proposed rules are currently under consideration by the EEOC. This means that significant confusion remains for employers regarding what incentives, if any, they may offer employees.

Gehring Group will host a webinar in coordination with Seyfarth once new guidance is issued by the current administration.

#### **Highlights**

- The EEOC removed the incentive limits from prior final rules, effective Jan. 1, 2019, due to a <u>court ruling</u> that invalidated the limits.
- The proposed rules would have established a de minimis incentive limit to be offered for wellness program participation.
- The next steps for these proposed rules are currently under consideration.

These rules were withdrawn due to a Jan. 20, 2021, White House memorandum requiring all unpublished proposed rules to be withdrawn.

#### **COMPLIANCE UPDATE**

#### **DOL Guidance on COVID-19 Relief for Employee Benefit Plans**

On Feb. 26, 2021, the Department of Labor's (DOL) Employee Benefits Security Administration (EBSA) issued <u>Disaster Relief Notice 2021-01</u> to provide guidance on the duration of the COVID-19-related relief regarding certain employee benefit plan deadlines during the Outbreak Period.

The relief requires employers to disregard the Outbreak Period when enforcing certain employee benefit plan deadlines and gives plan sponsors additional time to distribute plan notices and disclosures. Under federal law, this period cannot exceed one year. Because the Outbreak Period began on March 1, 2020, the relief was expected to expire on Feb. 28, 2021. However, this guidance allows the relief to extend beyond this date in some situations.

#### **Application of the One-year Limit**

The DOL Notice interprets the one-year limit on the relief related to the Outbreak Period to begin on the date the action would otherwise have been required in a given situation. Specifically, individuals and plans will have the applicable periods disregarded until the earlier of:

- One year from the date they were first eligible for relief; or
- 60 days after the announced end of the National Emergency (the end of the Outbreak Period).

On the applicable date, the time frames for individuals and plans with periods that were previously disregarded will resume. In no case will a disregarded period exceed one year.

#### **Examples**

The Notice provides the following examples to illustrate EBSA's guidance on the duration of the relief:

- If a qualified beneficiary would have been required to make a COBRA election by March 1, 2020, that requirement is delayed until Feb. 28, 2021. This date is the earlier of one year from March 1, 2020, or the end of the Outbreak Period (which remains ongoing).
- If a qualified beneficiary would have been required to make a COBRA election by March 1, 2021, that election requirement is delayed until the earlier of one year from that date (that is, March 1, 2022) or the end of the Outbreak Period.

#### **Outbreak Period**

- Began on March 1, 2020.
- Continues until 60 days after the announced end of the COVID-19 National Emergency (or other date announced in a future notification).
- By law, cannot exceed one year.
- Separate from the public health emergency declared by the Department of Health and Human Services, which expires after 90 days unless an extension is issued. The most recent extension lasts through April 20, 2021.

Plan administrators
should continue to make
reasonable
accommodations to
prevent the loss of or
delay in payment of
benefits.

#### DOL Guidance on COVID-19 Relief for Employee Benefit Plans

• If a plan would have been required to furnish a notice or disclosure by **March 1, 2020**, the relief would end with respect to that notice or disclosure on **Feb. 28, 2021**. The responsible plan fiduciary would be required to ensure that the notice or disclosure was furnished on or before March 1, 2021.

In all of these examples, the delay for actions required or permitted that is provided by the Notices does not exceed one year.

#### **Reasonable Accommodations**

The DOL recognizes that plan participants and beneficiaries may continue to encounter problems when the relief described above is no longer available, due to the one-year limit. Accordingly, plan fiduciaries should make reasonable accommodations to prevent the loss of or undue delay in payment of benefits in these cases and should take steps to minimize the possibility of individuals losing benefits because of a failure to comply with pre-established time frames.

- The administrator or other fiduciary should consider affirmatively sending a notice regarding the end of the relief period when individuals are at risk of losing coverage.
- Plan disclosures issued prior to or during the pandemic may need to be reissued or amended if those disclosures failed
  to provide accurate information regarding the time in which participants and beneficiaries were required to take
  action (for example, COBRA election notices and claims procedure notices).
- In the case of ERISA group health plans, plans should consider ways to ensure that participants and beneficiaries who are losing coverage under their group health plans are made aware of other coverage options that may be available to them, including the opportunity to obtain coverage through the Exchange in their state.

The DOL also acknowledges that full and timely compliance with ERISA's disclosure and claims processing requirements by plans and service providers may not always be possible. In the case of fiduciaries that have acted in good faith and with reasonable diligence under the circumstances, the DOL's approach to enforcement will be marked by an emphasis on compliance assistance, and includes grace periods and other relief.

#### **COMPLIANCE UPDATE**

# **Health FSA Limit will Remain the Same for 2021**

The Affordable Care Act (ACA) imposes a dollar limit on employees' salary reduction contributions to health flexible spending accounts (FSAs) offered under cafeteria plans. This dollar limit is indexed for cost-of-living adjustments and may be increased each year.

On Oct. 27, 2020, the IRS released <u>Revenue Procedure 2020-45</u> (Rev. Proc. 20-45), which announced that the health FSA dollar limit on employee salary reduction contributions will **remain at \$2,750** for taxable years beginning in **2021**. It also includes annual inflation-adjusted numbers for 2021 for a number of other tax provisions.

Employers should ensure that their health FSAs will not allow employees to make pre-tax contributions in excess of \$2,750 for the 2021 plan year, and communicate the 2021 limit to their employees as part of the open enrollment process.

#### **Employer Limits**

An employer may continue to impose its own dollar limit on employees' salary reduction contributions to health FSAs, as long as the employer's limit does not exceed the ACA's maximum limit in effect for the plan year. For example, an employer may decide to limit employee health FSA contributions for the 2021 plan year to \$2,500.

#### **Per Employee Limit**

The health FSA limit applies on an employee-by-employee basis. Each employee may only elect up to \$2,750 in salary reductions in 2021, regardless of whether he or she also has family members who benefit from the funds in that FSA. However, each family member who is eligible to participate in his or her own health FSA will have a separate limit. For example, a husband and wife who have their own health FSAs can both make salary reductions of up to \$2,750 per year, subject to any lower employer limits.

#### **Highlights**

- The IRS announced that the health FSA dollar limit will remain at \$2,750 for 2021.
- to impose their own dollar limit on employee salary reduction contributions to health FSAs, up to the ACA's maximum.
- Employers should communicate their 2021 limit to their employees as part of the open enrollment process.

The health FSA dollar limit on employee salary reduction contributions will remain at \$2,750 for taxable years beginning in 2021.

#### Final Forms and Instructions for 2020 ACA Reporting Released

#### **Background**

The Affordable Care Act (ACA) created reporting requirements under Code Sections 6055 and 6056. Under these rules, certain employers must provide information to the IRS about the health plan coverage they offer (or do not offer) or provide to their employees. Each reporting entity must annually file all of the following with the IRS:

- A separate statement (Form 1095-B or Form 1095-C) for each individual who is provided with minimum essential coverage (for providers reporting under Section 6055), or for each full-time employee (for ALEs reporting under Section 6056); and
- A transmittal form (Form 1094-B or Form 1094-C) for all of the returns filed for a given calendar year.

Reporting entities must also furnish related statements (Form 1095-B or 1095-C) to individuals, subject to the relief for furnishing individual statements under Section 6055 described below.

Forms must generally be filed with the IRS no later than Feb. 28 (March 31, if filed electronically) of the year following the calendar year to which the return relates. Individual statements must generally be furnished to individuals on or before Jan. 31 of the year immediately following the calendar year to which the statements relate.

#### **2020 Forms and Instructions**

The 2020 instructions include a number of changes and clarifications related to 2020 reporting.

- Extension of due date for furnishing statements. The due date for furnishing Forms 1095-B and 1095-C to individuals has been extended from Jan. 31, 2021, to March 2, 2021.
- Relief for failure to furnish statements. The IRS has extended relief from penalties for failure to furnish
  individual statements under Section 6055 for 2020 calendar year reporting. Specifically, the IRS will not impose
  a penalty for reporting entities that furnish Form 1095-B to individuals only upon request, if certain conditions
  are met.
- Extension of good faith relief for reporting and furnishing. The IRS has extended good faith relief from
  penalties related to 2020 calendar year reporting. Specifically, the IRS will not impose a penalty for reporting
  incorrect or incomplete information on the Forms 1095-B or 1095-C, as applicable, if the reporting entity makes
  a good faith effort to comply with the information reporting requirements.
- Individual coverage health reimbursement arrangement (ICHRA). For plan years beginning on or after Jan. 1, 2020, employers may offer HRAs integrated with individual health insurance coverage or Medicare, subject to certain conditions (ICHRAs).
  - Section 6055: Generally, an HRA, including an ICHRA, is a self-insured group health plan and, therefore, is an eligible employer-sponsored plan. A new code G must be entered on Form 1095-B, line 8 "Origin of Health Coverage," to identify an ICHRA.
  - Section 6056: On Sept. 30, 2019, the IRS issued proposed regulations clarifying the application of the employer shared responsibility (pay or play) rules to ICHRAs and providing proposed safe harbors for the application of those provisions to ICHRAs. Form 1095-C has been modified to add new codes in Code Series 1 for reporting offers of ICHRAs and new lines for reporting required information.
- **Plan start month.** The "Plan Start Month" box is now required for the 2020 Form 1095-C. This section has previously been optional for each prior year of reporting.

#### **Specific Changes Related to ICHRAs**

Certain additions were also made to the 2020 Forms 1095-B and 1095-C related to ICHRAs. Specifically, Form 1095-B includes an additional letter for line 8 to identify the origin of the health coverage. Letter G indicates coverage under an ICHRA.

In addition, the Form 1095-C includes the following additional codes in Code Series 1:

- **1L.** ICHRA offered to employee only with affordability determined by using employee's primary residence location zip code.
- **1M.** ICHRA offered to employee and dependent(s) (not spouse) with affordability determined by using employee's primary residence location zip code.
- 1N. ICHRA offered to employee, spouse and dependent(s) with affordability determined by using employee's primary residence location zip code.
- 10. ICHRA offered to employee only using the employee's primary employment site zip code affordability safe harbor.
- **1P.** ICHRA offered to employee and dependent(s) (not spouse) using the employee's primary employment site zip code affordability safe harbor.
- 1Q. ICHRA offered to employee, spouse and dependent(s) using the employee's primary employment site zip code affordability safe harbor.

- 1S. ICHRA offered to an individual who was not a full-time employee.
- **1T-1Z.** Reserved for future use.

The 2020 Form 1095-C also includes a **new section to enter the zip code** used to determine affordability for an ICHRA, if one was offered to the employee. In addition, Part II of the 2020 Form 1095-C includes a **new section to enter the employee's age on Jan. 1**.

#### **Additional Resources**

The 2019 versions of these forms are currently available on the IRS website:

- Form 1094-B and Form 1095-B (and related instructions); and
- Form 1094-C and Form 1095-C (and related instructions).

These forms must have been filed with the IRS no later than Feb. 28, 2020 (March 31, 2020, if filing electronically). However, the IRS extended the due date for furnishing individual statements for 2019 from Jan. 31, 2020, to March 2, 2020.

According to the IRS, information returns under Sections 6055 and 6056 may continue to be filed after the filing deadline (both on paper and electronically). Employers that missed the filing deadline should continue to make efforts to file their returns as soon as possible.

# REMINDER: PCORI Fees Reinstated Through 2029

A federal <u>spending bill</u> enacted at the end of 2019 included several provisions affecting benefit plans. The bill repealed three major taxes and fees under the Affordable Care Act (ACA)—the Cadillac tax, the medical devices excise tax and the health insurance providers fee.

The law also **extended the PCORI fees for an additional 10 years**. These fees will continue to apply for the **2020-2029 fiscal years**.

#### **Overview**

The ACA created the Patient-Centered Outcomes Research Institute (PCORI) to help patients, clinicians, payers and the public make informed health decisions by advancing comparative effectiveness research. The Institute's research is funded, in part, by fees paid by health insurance issuers and sponsors of self-insured health plans.

Under the ACA, the PCORI fees were scheduled to apply to policy or plan years ending on or after Oct. 1, 2012, and before Oct. 1, 2019. The PCORI fee is calculated based on the average number of lives covered under the policy or plan. The fee amount is set by the IRS each year and was \$2.45 per covered life for the most recent reporting year (plan years ending on or before October 1, 2018 and September 30, 2019.)

#### **Action Steps**

- Determine which employee benefit plans are subject to the PCORI fees.
- Assess plan funding status (insured vs. self-insured) to determine whether the employer or a health policy issuer is responsible for the fees.
- For any self-insured plans, select an approach for calculating average covered lives.

#### **Important Dates**

#### Oct. 1, 2019

The PCORI fees were scheduled to expire for policy or plan years ending before Oct. 1, 2019; and the fee for the 2018 plan years was \$2.45 times the average number of covered lives for the period.

#### Extended to 2020-2029 Fiscal Years

Under the new law, the PCORI fees will now apply for the 2020-2029 fiscal years. For plans that end between October 1, 2019 and October 1, 2029 will now be subject to the PCORI fee annually under Sections 4375 and 4736

#### July 31, 2020

PCORI fees are required to be paid annually on IRS Form 720 by July 31 of each year. The next PCORI fee payment will be due July 31, 2020 and will equal \$2.54 per covered life as determined based on the current methods allowed pursuant to sections 4375 and 4376 for plans whose years ended between October 1, 2019 and September 30, 2020. (See IRS Notice 2020-44 for more information.) The most common methods used by our clients are the snapshot method and the actual count method. We expect the IRS to update the Form 720 now that they have released this information.

For **Bentek** clients, Bentek will continue to make the PCORI fee report available to assist you in calculating covered lives through 2029.

#### **REMINDER: PCORI Fees Reinstated Through 2029**

#### **Paying PCORI Fees**

PCORI fees are reported and paid annually using <u>IRS Form 720</u> (Quarterly Federal Excise Tax Return). These fees are due each year by July 31 of the year following the last day of the plan year. It will generally cover plan years that end during the preceding calendar year.

For plan years ending in 2018, the PCORI fees were due by July 31, 2019. For plan years ending in 2019, the next PCORI fee payment will be due July 31, 2020. The IRS <u>instructions</u> for filing form 720 include information on reporting and paying the PCORI fees.

#### **Reporting the PCORI Fee on Form 720**

Issuers and plan sponsors will file Form 720 annually to report and pay the PCORI fee, no later than July 31 of the calendar year following the policy or plan year to which the fee applies. The PCORI fee applies separately to "specified health insurance policies" and "applicable self-insured health plans," and is based on the average number of lives covered under the plan or policy.

Using Part II, Number 133 of Form 720, issuers and plan sponsors will be required to report the average number of lives covered under the plan separately for specified health insurance policies and applicable self-insured health plans. That number is then multiplied by the applicable rate for that tax year, as follows:

- \$1 for plan years ending before Oct. 1, 2013 (that is, 2012 for calendar year plans).
- \$2 for plan years ending on or after Oct. 1, 2013, and before Oct. 1, 2014.
- \$2.08 for plan years ending on or after Oct. 1, 2014, and before Oct. 1, 2015 (see Notice 2014-56).
- \$2.17 for plan years ending on or after Oct. 1, 2015, and before Oct. 1, 2016 (see Notice 2015-60).
- \$2.26 for plan years ending on or after Oct. 1, 2016, and before Oct. 1, 2017 (see Notice 2016-64).
- \$2.39 for plan years ending on or after Oct. 1, 2017, and before Oct. 1, 2018 (see Notice 2017-61).
- \$2.45 for plan years ending on or after Oct. 1, 2018, and before Oct. 1, 2019 (see Notice 2018-85).
- \$2.54 for plan years ending on or after Oct. 1, 2019, and before Oct. 1, 2020 (see Notice 2020-44).

The fees for specified health insurance policies and applicable self-insured health plans are then combined to equal the total tax owed.

#### **COMPLIANCE UPDATE**

#### **HSA/HDHP Limits Increase for 2021**

On May 20, 2020, the IRS released <u>Revenue Procedure 2020-32</u> to provide the inflation-adjusted limits for health savings accounts (HSAs) and high deductible health plans (HDHPs) for 2021. The IRS is required to publish these limits by June 1 of each year.

#### These limits include:

- The maximum HSA contribution limit;
- The minimum deductible amount for HDHPs; and
- The maximum out-of-pocket expense limit for HDHPs.

These limits vary based on whether an individual has self-only or family coverage under an HDHP.

Eligible individuals with self-only HDHP coverage will be able to contribute \$3,600 to their HSAs for 2021, up from \$3,550 for 2020. Eligible individuals with family HDHP coverage will be able to contribute \$7,200 to their HSAs for 2021, up from \$7,100 for 2020. Individuals who are age 55 or older are permitted to make an additional \$1,000 "catch-up" contribution to their HSAs.

The minimum deductible amount for HDHPs remains the same for 2021 plan years (\$1,400 for self-only coverage and \$2,800 for family coverage). However, the HDHP maximum out-of-pocket expense limit increases to \$7,000 for self-only coverage and \$14,000 for family coverage.

#### **Action Steps**

Employers that sponsor HDHPs should review their plan's cost-sharing limits (minimum deductibles and maximum out-of-pocket expense limit) when preparing for the plan year beginning in 2021. Also, employers that allow employees to make pre-tax HSA contributions should update their plan communications for the increased contribution limits.

#### Highlights

- Each year, the IRS announces inflation-adjusted limits for HSAs and HDHPs.
- By law, the IRS is required to announce these limits by June 1 of each year.
- The adjusted contribution limits for HSAs take effect as of Jan. 1, 2021.
- The adjusted HDHP cost-sharing limits take effect for the plan year beginning on or after Jan. 1, 2021.

#### **Important Dates**

#### January 1, 2021

The new contribution limits for HSAs become effective.

#### 2021 Plan Years

The HDHP cost-sharing limits for 2021 apply for plan years beginning on or after Jan. 1, 2021.

The following chart shows the HSA and HDHP limits for 2021 as compared to 2020. It also includes the catch-up contribution limit that applies to HSA-eligible individuals who are age 55 or older, which is not adjusted for inflation and stays the same from year to year.

# Protecting Workers From Coronavirus

As concerns about the COVID-19 continue to rise, many employers are left to wondering what they can do to protect their workforce. This Risk Insights will examine what coronavirus is, how it spreads, and what employers can do to protect their workforce.

#### What Is Coronavirus?

According to the World Health Organization (WHO), coronavirus is a family of viruses that cause illnesses ranging from the common cold to more severe diseases. Common signs of infection include headache, fever, cough, sore throat, runny nose and breathing difficulties. In more severe cases, infection can cause pneumonia, severe acute respiratory syndrome, kidney failure and even death. Individuals who are elderly or pregnant, and anyone with preexisting medical conditions are at the greatest risk of becoming seriously ill from coronaviruses.

#### **How Does Coronavirus Spread?**

Although the ongoing outbreak likely resulted from people who were exposed to infected animals, COVID-19 can spread between people through their respiratory secretions, especially when they cough or sneeze.

According the Centers for Disease Control and Prevention (CDC), the spread of COVID-19 from person-to-person most likely occurs among close contacts who are within about 6 feet of each other. It's unclear at this time if a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose or eyes.

#### **CDC Interim Guidance**

In order to help employers plan and respond to COVID-19, the CDC has issued <u>interim guidance</u>. The CDC recommendations include:

- Actively encourage sick employees to stay home.
   Employees who have symptoms of acute respiratory illness are recommended to stay home and not come to work until they are free of signs of a fever and any other symptoms of COVID-19 for at least 24 hours, without the use of fever-reducing or other symptom-altering medicines. What's more, employees should be instructed to notify their supervisor and stay home if they are sick.
- Separate sick employees. Employees who appear to have acute respiratory illness symptoms (e.g., cough or shortness of breath) upon arrival to work or become sick during the day should be separated from other employees and be sent home immediately. Sick employees should cover their nose and mouth with a tissue when coughing or sneezing.
- Emphasize hand hygiene. Instruct employees to clean their hands often with an alcohol-based hand sanitizer that contains at least 60%-95% alcohol, or wash their hands with soap and water for at least 20 seconds. Soap and water should be used preferentially if hands are visibly dirty.
- Perform routine environmental cleaning. Employers should routinely clean all frequently touched

surfaces in the workplace, such as workstations, countertops and doorknobs.

#### **Additional Best Practices**

In addition to following the CDC's interim guidance, employers should consider the following best practices to help prevent the spread of COVID-19:

- Educate employees on the signs and symptoms of COVID-19 and the precautions that can be taken to minimize the risk of contracting the virus, without causing panic.
- Appoint a single individual or department as the point of contact within your organization for employee questions about COVID-19.
- Review safety programs and emergency action plans to ensure that they include infectious-disease protocols.
- Implement travel guidelines and procedures for approving travel to and from China.

#### Stay Informed

Despite the current low level of risk for the average American employee, it is important to understand that the COVID-19 situation evolves and changes every day. Employers should closely monitor the CDC and WHO websites for the latest and most accurate information on COVID-19.
