This Interlocal Agreement, entered into this 4th day of February, 2014, by and between the Okaloosa County Board of County Commissioners, Florida, a political subdivision of the State of Florida, hereinafter called the "County" and the Ocean City-Wright Fire Control District hereinafter called "OCWFD".

Witnesseth

Whereas, the OCWFD and the County seek to enhance EMS service through a partnership; and

Whereas, the OCWFD already responds to emergencies as First Responders along with Okaloosa County Emergency Medical Services (EMS); and

Whereas, the Advanced Life Support (ALS) Fire Engine Partnership Program provides for an OCWFD Paramedic to provide ALS service; and

Whereas, the OCWFD will operate the permitted fire engine(s) as ALS engine(s) only when appropriately equipped and staffed by OCWFD Paramedics; and

Now, Therefore, in consideration of the above premises, and the mutual covenants, terms, and provisions contained herein, the County and OCWFD agree as follows:

Section I: County's Responsibility

- 1.0 The following specific services, duties, and responsibilities will be the obligation of the County, regarding the ALS Engine Partnership Program:
 - 1.01 The County Department of Public Safety, Division of EMS, as sole licensed provider of advanced life support under Chapter 401, Florida Statutes (1999) and Chapter 64E-2, Florida Administrative Code (2001), is authorized to permit, under the County EMS license, mutually agreed fire engines as non-transporting ALS vehicles for the purpose of enhancing EMS responses.
 - 1.02 The County Department of Public Safety, Division of EMS, agrees to provide the OCWFD with sufficient medical equipment, medications, drugs, and supplies to insure OCWFD's non-transporting ALS vehicle is in full compliance with the Florida State Statute as it applies to ALS non-transporting vehicles.
 - 1.03 The County Department of Public Safety will allow OCWFD paramedics to ride in County EMS vehicles for the purpose of required training and patient transport.

Section II: Ocean City-Wright Fire Control District Responsibility

- 2.0 The OCWFD shall provide and perform the following specific services, duties and responsibilities regarding the ALS Fire Engine Partnership Program:
 - 2.01 The OCWFD must receive written authority from the County Department of Public Safety for each fire engine they wish to be State permitted in the ALS Fire Engine Partnership Program.
 - 2.02 The OCWFD will maintain the ALS Fire Engines permitted by the State at the OCWFD fire stations and will respond to EMS calls in accordance with the County Medical Director's protocol
 - 2.03 The OCWFD paramedics will attend initial and ongoing training required by the County EMS Medical Director and approved by the Fire Chief.
 - 2.04 The OCWFD shall not operate the permitted fire engines as ALS engines unless appropriately equipped and staffed with OCWFD paramedics.

Section III: Operating Procedures

- 3.0 The OCWFD paramedic will meet the same requirements and perform under the same authorization by the County EMS Medical Director as employees of the County EMS.
- 3.1 Regardless of the organization (county, municipality, or fire district), all paramedics will have comparable performance expectations and will be subject to comparable remedies for infractions of rules, policies, procedures, and protocols. The County Medical Director reserves the right to withdraw, with just cause, privileges for functioning as a paramedic. Additionally, in the event a situation arises which will adversely affect the County's ALS License, the Director of Public Safety, along with the OCWFD Fire Chief, reserves the right to withdraw privileges for functioning as a paramedic. Reasonable proof of the adverse effect will be provided in writing by the County. Disputes between the OCWFD Fire Chief and the Director of Public Safety shall be resolved by the County Administrator, and shall be subject to further appeal to the Okaloosa County Board of County Commissioners.
- 3.2 If the first paramedic on the scene of a medical rescue call is from OCWFD, he/she shall be in charge of the patient care at the scene until the County EMS paramedic has arrived on scene and has accepted patient care responsibility. Both OCWFD and County paramedics shall work together to insure the best possible outcome for the patient.
- 3.3 The OCWFD paramedic must act only within the scope of respective duties as directed by the County EMS Medical Director.

- 3.4 The OCWFD paramedic will follow medical treatment protocols approved by the County EMS Medical Director.
- 3.5 The OCWFD Fire Chief or his designee may communicate directly with the County EMS Medical Director regarding the delivery of paramedic services under this Agreement. If such communications include any patient care related issue, then the County Department of Public Safety will be included in the communication.
- 3.6 The County Department of Public Safety, acting through the EMS Medical Director, will conduct monthly Quality Assurance meetings to review EMS services. When such meetings include a review of any emergency response involving OCWFD personnel, the OCWFD Fire Chief or his designee will be notified and allowed to participate in all meetings of the Quality Assurance team conducting such review.

Section IV: Resolution of Conflicts

- 4.0 If the two governing entities' Standard Operating Procedures, chain of command, or any other unforeseen circumstances come into conflict regarding emergency medical patient care these issues will immediately be decided in the following manner:
 1. First and foremost by the medical needs of the patient.
 2. Should issues arise that are unavoidable, the chain of command, within each department will come together in an attempt to resolve those issues. The equivalent levels of each department will move up the chain of command if necessary.

- 5.0 This Interlocal Agreement shall remain in force and effect from the date first executed by both parties and shall terminate upon ninety (90) days written notice of termination by either party to the other.
- 5.1 This Interlocal Agreement may be amended from time to time upon the mutual agreement of both parties acting through the OCWFD Fire Chief and the County Administrator.
- 5.2 During the term of this Interlocal Agreement, the OCWFD agrees to provide the County Department of Public Safety with a ninety (90) day written notice of its intent to submit application for a Certificate of Public Convenience and Necessity.

Nothing is intended to alter either party's immunity in tort or otherwise impose liability on the OCWFD or the County when it would not otherwise by law be responsible.

Section VIII: Miscellaneous

- 8.0 This Interlocal Agreement shall be governed by and construed under the laws of the State of Florida.
- 8.1 In the event any litigation is instituted by OCWFD or County to interpret or enforce this Interlocal Agreement, the prevailing party in said litigation shall be entitled to collect and recover from the other party all court costs and other expenses, including reasonable attorney's fees.
