Mike,

Please consider this Okaloosa County's Notice to Proceed (NTP) for the replacement to the Syncrogear Module Motor/Gearmotor ID# M3347. This particular Motor/Gearmotor will be a necessary replacement due to the irreparable condition of the old Motor/Gearmotor. This motor/gearmotor is located on the #2 clarifier at the Russell Stephenson WRF. Per your attached quote, which gives the material cost, the total price will be \$1,906.00, which is the cost of the replacement(\$1,253.50), plus the Teardown and inspection labor cost(\$652.50) of the old motor/gearbox, with appropriate % markup.

When work is completed, to ensure that the County makes payment as quickly as possible, please send invoices w/ backup (i.e. documentation on the catalog price or what you paid for the material/equipment) to [wsinvoice@myokaloosa.com](mailto:wsinvoice@myokaloosa.com)

Thank you,

Darren,

This quote is for the replacement of the gearmotor that runs the #2 clarifier at the RSWRF. Sheppard recommends replacing the gearmotor due to the price for a new one is about the same or cheaper than fixing this one.
