**CONTRACT: C07-1549-PUR
SOUTHERN LINK
PUSH TO TALK WIRELESS
EXPIRES: 09/30/2022**

	Document Phase	Document Description	Page 3
21000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

Purpose:

Establish a contract for Mission Critical Push to Talk (MCPTT) services and equipment from the items listed for all state agencies. Contract prices are available to all local governmental agencies and schools. This contract is not authorized for cell phone service only. Suppliers must be able to provide MCPTT service without any additional wireless.

Contract period:

Establish a 12 month contract with an option to extend for a second, third, fourth, and fifth 12 month period with the same pricing, terms and conditions. The second, third, fourth, or fifth 12 month period, if agreed by both parties, would begin the day after the first, second, third, or fourth 12 month period expires. Any successive extension must have written approval of both the state and supplier no later than 30 days prior to expiration of the previous 12 month period.

Quantity:

The exact quantity of each item is unknown. The Division of Purchasing does not guarantee the State will buy any amount. Orders will be placed by agencies as needed and give complete shipping instructions.

Freight:

Bid is F.O.B. destination. Any freight charges must be included in the bid prices.

Delivery time frame:

All items ordered must be delivered to the "ship to" address shown on the P.O. within thirty (30) days of supplier's receipt of order unless previously agreed upon with the ordering entity.

Electronic Payment

Suppliers awarded in response to this RFB must accept multiple forms of electronic payment at no additional cost to the State. Payment forms include but are not limited to state issued credit cards, P-cards, EFT or other forms of electronic payment.

Quote Requirement:

All quotes to end users shall include the list price as well as the discounted price. An awarded supplier may offer volume discounts for large quantity purchases

State Purchasing Supplier Expo:

Contract holders are required to attend the Supplier Expo in the initial year of this agreement (2021). Participation is optional for the remainder of the contract term.

Assignment of contract:

To assign, sublet or transfer any contract resulting from this solicitation, the supplier's written request must be approved by the State Purchasing director.

Administrative fee:

Awarded bidder(s) are to pay the State an administrative fee for all sales paid under this contract. This fee will be 1% (0.01) of the total dollar amount for all sales paid. The fee is to be remitted the first month of each quarter before the 20th and will represent a single, one-time payment for all sales paid during the prior quarter and as adjusted for errors associated with earlier quarters. This fee is not to be listed as a separate cost on invoices. The awarded bidder(s) will be required to provide a summary report each quarter before the 20th listing sales paid during the prior calendar quarter. This report is to include the quarter being reported, the master agreement number, purchasing entity, sales amount, and fee amount. A report is due even when there is no activity. This report is to be sent electronically to telecom.admin@oit.alabama.gov. A copy of the summary report is to also accompany the payment. The remittance is to be identified with the reporting quarter and master agreement number. Failure to comply with provisions of this paragraph will be grounds for termination of the contract(s).

Reports and Payments will be due according to the following schedule:

- October, November, December – Due by January 20th
- January, February, March – Due by April 20th
- April, May, June – Due by July 20th
- July, August, September – Due by October 20th

Remittance is to be payable to the "State of Alabama Department of Finance" and be sent to:

	Document Phase	Document Description	Page 4
210000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

Alabama Department of Finance
Division of Accounting and Administration
PO Box 300658
Montgomery, Alabama 36130-0658

Requested information:

Any additional information requested from a supplier must be furnished within five (5) days from receipt of request.

Notice of New e-Procurement system (Alabama Buys) catalog requirements:

The State of Alabama, Division of Purchasing is implementing Alabama Buys (a new e-procurement system). Alabama Buys includes the capability to shop state contracts via catalogs. Catalogs will either be hosted within the system or provided as punch-outs by the awarded supplier.

Hosted catalogs will require the supplier to provide a complete list of awarded items in a pre-formatted Excel spreadsheet provided by the State. Punch-out catalogs of awarded items/categories are hosted by the supplier and require integration with Alabama Buys via cXML.

Upon award of the contract (master agreement) and notice of migration to Alabama Buys, awarded suppliers will be provided with complete submission instructions for hosted catalogs and punch-out integration.

	Document Phase	Document Description	Page 5
210000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

EQUIPMENT AND SERVICE MINIMUM REQUIREMENTS

The State of Alabama is bidding a Mission Critical Push to Talk (MCPTT) communications system for day-to-day use, and for use during emergency or disaster situations. Minimum requirements are critical elements of the system that must be met for up to 100,000 users. The awarded suppliers must meet or exceed all requirements to be considered a responsible bidder.

The State of Alabama will accept bids from suppliers who are licensed to provide equipment and service using a 3GPP MCPTT over a Long-Term Evolution (LTE) system.

Service suppliers must be able to provide dispatch, cellular, and data services in one unit to a minimum of 80% of land mass in Alabama, using spectrum bands providing MCPTT, at -110 dBm signal level across the state of Alabama at the time of bid.

All service plans must include MCPTT, at a minimum, to all of Alabama using the awarded supplier's own telecommunication infrastructure. Nationwide service or nationwide roaming must also be included in each service plan.

System Design:

The communication system must be designed with multiple levels of redundancies and safeguards built-in so that the system will be operable and reliable in times of emergency and catastrophic disasters. Bidders must provide a complete overview of the network architecture showing key redundancies and safeguards designed into the network.

The supplier's LTE system must have fully redundant LTE Evolved Packet Cores (EPCs). All LTE sites must be able to fully function from either EPC. At least 75% of the sites located in the State of Alabama must have at least two (2) "last mile" transport connections to attach to multiple EPCs.

System must be monitored 24 hours a day, seven days a week, by a control center located in the State of Alabama to provide for system troubles and repairs.

Customer Support:

Suppliers must provide 24/7 customer support with staffing located in the State of Alabama.

Annual Certification Requirements:

Upon award, and each year the contract remains in effect, awarded suppliers will provide the Alabama Emergency Management Agency a certification that they meet, and continue to meet, all specifications of this bid, including all system technical specifications and disaster response requirements (disaster response equipment and coordination with State officials). This certification will be due May 31st of each calendar year.

Coverage Map:

Suppliers must provide a RF propagation map(s) showing -110 DBM signal level for the State of Alabama. One with the original bid and one (1) with each bid copy. Detailed coverage parameters and assumptions for percent geographical coverage, percent success rate and receive signal levels must be provided. Coverage map must provide locations of towers in Alabama that will provide PTT service related to this RFB.

MCPTT PRODUCT REQUIREMENTS

3GPP PTT Product:

Supplier must provide functionally and equivalent features for the 3GPP standard MCPTT over LTE product as set forth in 3GPP TS 22.179 "Mission Critical Push to Talk over LTE." The MCPTT product must be able to meet The MCPTT Access time and month to ear latency standard.

Users per Enterprise:

The State of Alabama requires that MCPTT product support up to 100,000 provisioned PTT users in the State of Alabama Enterprise.

Talkgroups per Enterprise:

The State of Alabama requires the ability to have up to 5,000 global (per single agency/billing account) talkgroups in a single State of Alabama enterprise. These talkgroups must be pre-provisioned. Talkgroups must be able to support cross enterprise MCPTT calls.

Talkgroups:

	Document Phase	Document Description	Page 6
21000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

MCPTT product must be able to support up to 300 pre-configured/ provisioned global (per single agency/billing account) talkgroups per user. The product must also support the ability for a user to store up to 50 personal ad-hoc talkgroups.

Contacts:

MCPTT product must support up to 4,000 State of Alabama contacts in the PTT client with the ability to have 300 personal contacts.

Preemption/ Priority Levels:

The awarded supplier's system must utilize 3GPP MCPTT QCI's to effectively prioritize MCPTT voice traffic over non-mission critical voice and data in times of network congestion. The MCPTT product must support up to 16 preemption priority levels giving the State of Alabama flexibility in prioritizing its users on a per talkgroup or per user basis. The supplier will assign the highest dispatch priority level to agency users facing life threatening situations and/or catastrophic events.

Priority Talkgroups:

The system must provide the ability for individual users to actively scan/monitor up to sixteen (16) individual talkgroups and provide an easy method for individual users to select/deselect which talkgroups are actively being monitored.

Evolved Multimedia Broadcast and Multicast Services (eMBMS):

The system must utilize eMBMS standard to efficiently support large group calls.

PTT-ID:

Supplier's system must have capability of identifying the initiator's radio id on the receiving radio's display during a group, private or emergency dispatch call. The initiator's name is to be displayed, if aliased, in the receiving radio. User must be able to program aliased names into the radio themselves.

Call Alert:

A supplier's system must be able to allow a MCPTT Device user to send a visual and an audible dispatch call alert message to another radio registered on the system and not engaged in another call. The receiving MCPTT Device will display "alert" on the display line and the sender's radio identification or name, if aliased, on the display. A tone will be given, and will continue periodically until the receiving MCPTT user: Responds by Accepting or Rejecting the call alert, or Allows the alert to time out.

Private Calls:

User must be able to engage in a one-on-one conversation with another unit in a radio mode. User must have capability of having PTT access only, with no telephone interconnect.

PTT Interoperability

At the State of Alabama's sole discretion, the supplier must support, allow, and make available the capability for two-way Group communications between their proposed MCPTT system and other approved supplier's 3rd party MCPTT and LMR systems using a wireline interface. Awarded suppliers will have until the first annual certification (May 31, 2022) to meet this requirement.

Suppliers of this contract must provide and support at no cost to the State of Alabama a minimum of 20 interoperable talk groups as defined and approved by the Alabama First Responders Wireless Commission (AFRWC). These talk groups should be connected using a systems interface such as ISSI to pass two-way audio available on all devices and MCPTT services on this contract to the designated talk groups. The designated talk groups will also, at the request of the AFRWC, be able to be connected to existing P-25 LMR systems in Alabama at no additional cost. The AFRWC will have the responsibility of verifying that the PTT interoperability portion of this contract is met throughout the life of this contract. At any time that the AFRWC deems a supplier does not or is no longer meeting the PTT interoperability portion of this contract they can ask State Purchasing to remove supplier(s) from the MCPTT contract.

Telephone Calls:

MCPTT units must be able to make full duplex telephone calls, if requested by the state.

Wireless Priority Service (WPS):

Awarded suppliers' system must support WPS to prioritize appropriately provisioned telephone interconnect calls in times of network congestion.

Integrated Public Alert & Warning System (IPAWS):

Approved suppliers must support Wireless Emergency Alerts (WEA) issued via FEMA's nationwide IPAWS system. Awarded suppliers will have until the first annual certification (May 31, 2022) to meet this requirement. This requirement will be verified through the AFRWC

Interoperability:

Supplier must have capability to be interoperable with state-owned consoles. Supplier's equipment must be compatible with radio gateways, similar to the ACU 1000.

	Document Phase	Document Description	Page 7
21000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

Packet Based Data:

System must have packet-based data adhering to standard TCP/IP and UDP/IP user applications and network equipment. Packet based data must be accessible through multiple handsets and data units. End users must have the ability to access the packet-based data network through their own laptop computers using Windows operating systems via either wired or wireless tethering solutions. Supplier must also offer a suite of data products providing access to the packet-based data network. Some handsets should also offer a built-in web browser which allows users to access basic information from the internet. Approved suppliers must have devices in their catalog capable of providing MCPTT/ Data service such as smartphones, rugged laptops, tablets, hotspot / MiFi devices, and routers. These devices must be available through this contract for the duration of the contract.

Cross Enterprise:

Supplier's system must have the ability for units in different enterprises/agencies/billing accounts to communicate through a private MCPTT call and a pre-arranged or broadcast MCPTT group call across different agencies/billing accounts.

Text Messaging:

Devices must be able to send and receive text messages, if so provisioned.

Automatic Seamless Coverage:

Unit must automatically select the cell site with the highest quality signal without human intervention while operating in any mode.

Agency Control:

The awarded supplier must designate agency control, via a web-based portal, to approved parties, if they chose, that will allow the following:

- # Talkgroup assignment and maintenance within a Enterprise/ agency / billing organization. The state must be able to design and maintain talkgroup assignments and configurations.
- # Dynamic re-grouping: changes in unit talkgroups or fleets must be able to be done without returning unit to service provider for changes.
- # Feature Flexibility: radio features can be provisioned or deprovisioned unit by unit without returning unit to service provider.
- # Changing the names of users and pushing contact lists to the handsets.
- # All MCPTT units should have the capability of being added to a MDM service.

Emergency Call:

Supplier must be able to provide a device with an emergency call feature that can activate an emergency distress signal by holding down an assigned button for three (3) seconds. The emergency call will be displayed on other devices, and state-owned consoles that have the emergency call capability. Users must be available to receive the emergency call, even if involved in a separate MCPTT call.

The originating radio activating the emergency signal must have the capability to seize an available talk channel which is already in use. The emergency call must be able to be maintained until the user deactivates the mode by clearing the emergency call. Supplier's system must have the capability to allow the user's dispatcher utilizing the software-based Dispatcher to deactivate the emergency call.

Devices must support the Hot-mic feature, if enabled, so that when an emergency call is initiated by an individual user and when the Hot mic feature is enabled, the microphone is automatically "keyed" and begins transmitting audio without the individual user having to depress the PTT button.

Radios receiving the emergency signal will hear a tone indicating an emergency. The top line of the radio display must state the emergency talk group name. The second line must identify who activated the emergency by radio ID or name, if aliased, within the receiving radio.

The initiating radio will receive an emergency tone. The top line of the radio display must state the emergency talk group name. The second line must reflect the radio ID or alias of the radio currently transmitting in group dispatch mode during the emergency.

Incident Response / Staging Areas:

The state of Alabama establishes staging areas during critical events. The awarded supplier must support the state by providing coverage for their staging areas.

	Document Phase	Document Description	Page 8
21000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

The state will work in conjunction with the awarded suppliers in preparing for critical events such as hurricanes. The awarded suppliers will make available an employee for the staffing roster of the Alabama Emergency Management's State Emergency Operations Center (SEOC) in Clanton, Alabama these employees will have the reporting authority to give real time updates and the status of their network for decision making and situational awareness during the activation of the SEOC. They will work with the Emergency Support Function 2 (ESF-2) (Communications) of the State Emergency Operations Plan (EOP). As a collective group they will work together with other agencies and suppliers, such as other communications carriers, and branch's and sections to support all ESF functions during a disaster or event. They will also be asked to help coordinate repairs and restoration of service during critical events as well as augment service where needed during pre-planned events through the ESF2 Function of the Alabama Emergency Management Agency. This service will be provided to the state at no cost.

Detailed Emergency Response Plan:

Suppliers must provide a detailed emergency response plan with the bid.

Equipment Specifications Communications Unit:

Supplier must be able to provide the state with units that possess capability to have two-way radio group and private calls, emergency calls, telephone, text and multi-media messaging, and data services. Units must have flexibility to customize feature options for a particular communication requirement. Supplier must be able to provide equipment that offers advanced features including, but not limited to, talkgroup scan and emergency group call. It must be able to provide MIL-STD-810G handsets (military spec) or better. Units must have the ability to allow the user to lock the unit manually or automatically with a code to prevent unauthorized use.

Approved supplier must have other devices in their catalog available to the state that permits MCPTT communications such as rugged laptops, tablets, hotspots/routers.

Repair Service:

All work is to be by the supplier or manufacturer. The state will work within the service cycle of the supplier. However, when repair service is required, a "loaner" in good working order will be provided as an interim replacement. The "loaner" must have the capability to perform so as not to restrict its use. Supplier is to list all criteria for service and service locations.

Installation:

Must be performed by authorized personnel of the supplier.

Warranty:

All equipment must have a 12 month warranty. All components covered by the warranty must be described in detail. List any extended warranties and pricing for the communication devices.

Non-warranty Service:

If equipment becomes inoperable through customer misuse or abuse, water, or the warranty has expired, the state will be responsible for repair or replacement. The "loaner" also applies in this situation.

Discontinued Equipment:

If any equipment is discontinued during the contract period, replacement equipment must be equal to or greater in performance, features and function, and at the same price, terms and conditions as stated in the bid, as available from the manufacturer.

Lost or Stolen Equipment:

The supplier must maintain a 24 hour, 7 day a week number for reporting lost or stolen equipment so that service may be shut off for the numbers involved. The state will not be responsible for any usage expenses or other charges after reporting the equipment lost or stolen.

Instructions and Training:

Supplier must provide printed instructions, in English, on the use of equipment, features and service. When requested, the supplier will instruct a group of users on the use of the equipment at no cost to the state.

Coverage – Cell Site Locations:

Supplier must have at least two (2) permanent physical cell sites, maintained and operated by the supplier, with permanent backup power, located in all 67 counties in Alabama and covering 80% of Alabama's land mass at time of award. Coverage must be at a minimum of RSRP -110 dBm signal level across the state.

Generators:

A minimum of 80% of cell sites in Alabama must have a permanent backup power source capable of operating autonomously for a minimum of five (5) days. Also, 100% percent of sites must have a minimum of four (4) hours of backup battery capacity. For each cell site that does not have a permanent backup power source capable of operating autonomously for a minimum of five (5) days, the awarded supplier must maintain at least one (1) portable generator (a 1 to 1 ratio) for backup power at these sites during

	Document Phase	Document Description	Page 9
210000000351	Final	MA - Statewide Mission Critical Push to Talk (MCPTT)	Total Pages: 9

an outage. Suppliers must locate a minimum of 50% of these portable generators within the State of Alabama at all times with the remainder located within 360 Miles of Alabama

Cell Site Backhaul:

A minimum of 75% of all sites providing MCPTT coverage in the State of Alabama must have redundant backhaul with at least two (2) "last mile" transport connections to provide reliable service during critical events.

Coastal Coverage:

Suppliers of this contract must have a permanent backup power source capable of operating autonomously for a minimum of five (5) days in 100% of the cell sites located in all Alabama Counties within 125 miles of the Gulf of Mexico coast at time of bid (the only exception will be rooftop antennas). Rooftop locations must have access to generators located in Alabama on a 1 for 1 basis and an agreement in place with the owner for access to hook up the generator 24/7/365. Also, all sites in Alabama within 125 Miles of the Gulf of Mexico's coast must have at minimum (2) "last mile" transport connections to provide reliable service during critical events.

Emergency Cell Site on Wheels Availability:

Suppliers of this contract must have a minimum of ten (10) cell sites on wheels (COW) able to be deployed in cases of outages. All suppliers must house a minimum of two COWS permanently in the state of Alabama. The remainder of the ten that are not in Alabama must be able to be deployed, onsite and operational within 36 hours of the request from the State Emergency Operations Center (SEOC).

Disaster Equipment:

Supplier must have a minimum of 500 devices available for disasters/critical events that can be delivered to the SEOC for First Responders within 24 hours of request.

Rev. 08/2018

b. **Data.** Data Services provided hereunder interact with 911 and other emergency services in different manners than landline or wireless telephone service. Unless your router, modem, or other data equipment is Wi-Fi Equipment (as below defined) and you have a handset enabled with Wi-Fi calling, you will not be able to use your router, modem, or other data equipment to dial 911 and other emergency services. 911 services may not be available to you, even if 911 fees are assessed by state and local authorities.

Your router, modem, or other data equipment (whether fixed or mobile) may be capable of serving as a Wi-Fi hotspot ("Wi-Fi Equipment"); this feature lets other devices access the Internet through your network connection. Handsets enabled with Wi-Fi calling may connect and complete calls using your Wi-Fi Equipment, though log-in credentials for access may be required. Whenever possible, any 911 caller using a handset connected to your Wi-Fi Equipment should use the handset's carrier network, and not your Wi-Fi Equipment network connection, to dial 911 in an emergency and provide the 911 operator with his/her location.

If a 911 caller does dial 911 using your Wi-Fi Equipment network connection, these 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify the caller's identity, device, telephone number, or location. To facilitate appropriate 911 call routing, you must register the physical address (including any building, floor, or suite number) ("Dispatchable Location") of your Wi-Fi Equipment. The Dispatchable Location of your Wi-Fi Equipment may be used to help locate 911 callers. You must keep the Dispatchable Location of your Wi-Fi Equipment up to date. We disclaim any liability in connection with your failure to register and/or update your Dispatchable Location, and you agree to indemnify and hold us harmless for any loss, damage or cost arising out of or related to any such failure.

11. **TTY.** Text Telephone Device or Telecommunication Device for the Deaf ("TTY" or "TDD"), is a special device required at both ends of the conversation that enables people who are deaf, hard of hearing or speech-impaired to use the telephone to communicate. TTY works by allowing people to type messages back and forth to one another instead of talking and listening. The FCC requires digital wireless carriers to have the capability to transmit a call from a wireless phone that is connected to a TTY. While the FCC mandate pertains specifically to calls made to 911, the ability to make a call to 911 means that you can complete a call using TTY to anyone, anywhere, provided the person on the receiving end of the call also has TTY. Our wireless phones only make voice calls using Voice Over LTE (VoLTE). You should be aware that TTY does not work on voice calls that are placed over Wi-Fi or VoLTE. TTY calls, including, without limitation, TTY calls to 911, cannot be made using IP-based calling, including Wi-Fi calling or VoLTE. If you have a communication disability and need to call 911 while using IP-based calling, we recommend that you use an alternative means of communicating utilizing IP-based Telecommunications Relay Services (TRS) such as IP Relay or Video Relay Services (VRS). Additionally, you may send a text message to 911 directly, where text to 911 is available. For more information, see www.southerninc.com.

12. **Privacy.** To provide the Services, and in accordance with applicable laws, rules and regulations, we may use and disclose information about you, including, but not limited to, your name, street address, telephone number, email, IP address and location. Additionally, we will obtain and possess certain usage-related information about the quantity, type and usage patterns of services that you use. You acknowledge and agree that we may be obligated to disclose your information pursuant to court order or as otherwise required by law. If we are required by law or similar process to disclose your information, we may (to the extent legally permissible) provide you with written notice of such request or requirement so that you may seek an appropriate protective order. In addition, and more generally, we may collect and protect certain information from you during (and about) your use of the Services in accordance with our Privacy Policy which is available at www.southerninc.com. Your use of certain Push-to-Talk applications requires us to provide you with additional privacy disclosures available at www.southerninc.com.

13. **Customer Covenants.** You will use Equipment, Services (including the transfer of information) and the System only in the manner for which each was designed and not for any unlawful, fraudulent, abusive or unethical purpose, and within your permissible usage allowance, all strictly in accordance with our Acceptable Use Policy, which is available at www.southerninc.com. You will use only Equipment that is fully compatible with the System. If you are an institutional customer, you must instruct your employees in the use of Equipment and Services. Training assistance may be obtained by contacting the Customer Solution Center. We may terminate the Agreement if we believe that you are violating any applicable law or engaging in any fraudulent, abusive or unethical behavior. You are responsible for payment for all use (whether or not authorized) or misuse of Service(s) by you or any third party. We may block your access to the Services if we experience excessive billing, collection, fraud or other misuse of Services. All intellectual property rights remain with us or the developer and you will not (nor will you permit any other person to) modify, disclose, reproduce or reverse engineer any portion of software. Any applications, software and content that are loaded on your Equipment by non-representatives or by you are done so at your own risk. We are not responsible for (or have any liability whatsoever arising from or in connection with) any third party information, content, applications or services that you access, download or use on Equipment or otherwise use with the Services.

14. **Using Your Own Equipment.** Equipment may be provided by you in our sole discretion. Any Equipment provided by you must be eligible and technologically compatible for use on the System, which may be determined by us in our sole discretion, and we may terminate Service without prior notice to you if (i) the Equipment becomes ineligible or technologically incompatible for use on the System, (ii) your use of the Equipment violates the terms of this Agreement, or (iii) we determine, in our sole discretion, that the Equipment would cause us to violate any law, regulation, or any other agreement by which we are bound.

15. **Warranty Disclaimer.** Services provided hereunder are part of a telecommunications service available to the public from a network serving all System customers as an integrated System. System routes all communications through central points of control used by other public traffic. We do not guarantee that there will be no gaps, interruptions or delays in Services. You may experience variations in Services and access times based upon the location involved, the other traffic on the System, or conditions of System. You may fail to obtain or maintain access due to a lack of coverage in a particular area, use of low powered portable equipment in areas where higher powered mobile equipment is needed, radio frequency propagation effects, the effects of weather, the effects of natural and constructed obstructions, equipment maintenance and upgrades, system facilities and changes, repairs and malfunctions, and public usage exceeding capacity. SERVICES MAY BE DEPENDENT UPON THIRD PARTY PROVIDERS AND MAY BE INTERRUPTED OR CANCELED DUE TO ACTIONS OF THE THIRD PARTY PROVIDERS. WE DO NOT MAKE ANY, AND HEREBY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND, STATUTORY, EXPRESS OR IMPLIED, REGARDING THE SYSTEM, EQUIPMENT OR SERVICES. WITHOUT LIMITING THE FOREGOING, WE SPECIFICALLY DISCLAIM EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. WE DO NOT WARRANT THAT ANY SERVICES WILL MEET ANY OF YOUR REQUIREMENTS OR THAT THE PERFORMANCE OF SERVICES OR CONTENT THEREON WILL BE UNINTERRUPTED, TIMELY, APPROPRIATE OR FREE OF ERRORS OR INACCURACIES. ANY WARRANTY FOR APPLICATIONS, SOFTWARE OR CERTAIN EQUIPMENT IS SOLELY PROVIDED BY THE MANUFACTURER OR DEVELOPER. THE ONLY WARRANTIES ON THE EQUIPMENT ARE LIMITED WARRANTIES AVAILABLE AT WWW.SOUTHERNLINC.COM. WE FURTHER DISCLAIM ANY HARM THAT MAY RESULT FROM THE USE OR MISUSE OF ANY EQUIPMENT, APPLICATIONS OR SOFTWARE, OR PORTION THEREOF.

16. **Security.** We do not guarantee the security of your systems or Equipment and are not responsible if any software code enters your Equipment through the System that disrupts, disables or self-limits hardware or software. We disclaim any liability with respect to the unauthorized use of your information to the extent permitted by law.

17. **Limitation of Liability.** WE WILL NOT BE LIABLE FOR CONSEQUENTIAL SPECIAL, OR INCIDENTAL DAMAGES, WHETHER OR NOT OCCASIONED BY OUR NEGLIGENCE AND INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST BUSINESS, LOSS OF DATA USE OR LOSS OF DATA, OR LIABILITY FOR ANY LOSS OR DAMAGE RESULTING FROM SECURITY BREACHES, FAILURE TO REPORT OR UPDATE YOUR EMERGENCY ADDRESS AND/OR DISPATCHABLE LOCATION, INTERRUPTION OR FAILURE IN THE OPERATION OF ANY EQUIPMENT, NETWORK AVAILABILITY, INTEROPERABILITY OR FAILURE, OR IN CONNECTION WITH THE USE OF SERVICES. YOU ASSUME THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF EQUIPMENT OR SERVICES. IF EQUIPMENT PROVES DEFECTIVE, OTHER THAN AS MAY BE SET FORTH IN EQUIPMENT WARRANTIES (IF ANY), THE COSTS OF ALL NECESSARY SERVICING AND REPAIR WILL BE BORNE BY YOU. TO THE EXTENT WE ARE LIABLE UNDER THIS AGREEMENT, YOU HEREBY LIMIT OUR LIABILITY (i) WITH RESPECT TO EACH UNIT OF EQUIPMENT AND RELATED SERVICES PURCHASED BY YOU TO THE ANNUAL AMOUNT PAID BY YOU FOR SERVICES TO SUCH UNIT, AND (ii) WITH RESPECT TO ANY OTHER LIABILITY, TO PROVEN DIRECT DAMAGES IN AN AMOUNT NOT TO EXCEED \$1,000. THE STATE DOES NOT WAIVE ITS SOVEREIGN IMMUNITY BY AGREEING TO THIS PROVISION.

18. **Force Majeure.** Neither party will be liable for a failure or delay in its performance under this Agreement (other than payment) to the extent such failure or delay was covered by an event beyond its reasonable control, including, without limitation, an act of God, flood, riot, fire, judicial or governmental action, war, cyberattack, labor dispute, failure of telecommunications facilities or transmission links, failure of digital transmission links, Internet slow-down or failure, lightning or extreme temperatures. For purposes of this Section 18, "cyberattack" means any action or series of actions, electronic or physical, taken with the intent of damaging, undermining, or destroying an electronic network or system.

19. **Miscellaneous.** Any notices under this Agreement must be made in writing and delivered to us at 4601 Southlake Parkway, Hoover, AL 35244, with a copy (for legal notices) to the Director of Legal & External Affairs, Southern Linc., 5555 Glenridge Court, Ste. 500, Bn 79 690 Atlanta, GA 30342 (or to such other addressee(s) that we may advise you of in writing). This Agreement is governed by the laws of the state in which the Services and/or Equipment are purchased, without regard to any conflict of laws. If any provision of this Agreement is held to be invalid in any respect in any jurisdiction, it will be deemed severed in that jurisdiction, but the enforceability and applicability of such provision (in any other jurisdiction) and of all other remaining provisions will continue in effect to the fullest extent permitted by law. Subject to any applicable State Contract, this Agreement constitutes the entire Agreement among the parties with respect to its subject matter, and supersedes any prior agreements, whether written, electronic, or verbal, between the parties with respect thereto. The term "person" includes any individual, corporation, partnership, trust, limited liability company, limited liability partnership, and any other entity. The term "affiliate" means any person, controlling, controlled by or under common control with, the affiliated person, and control means the power to vote the controlling

interest or otherwise direct the affairs of the controlled person. The term "day" means calendar day. Except as otherwise provided herein, the Agreement may be amended only by a writing signed by both parties. Any waiver by a party must be in a writing signed by such party.

20. **Agreement Changes.** (i) Subject to applicable law, we may modify any terms of this Agreement by providing 30 days' prior written notice to you of such modification and the effective date of such modification. If you use the Services on or after the effective date of the modification or make any payment to use Services not already rendered prior to the effective date of the modification, you accept the modification. (ii) We may modify materials referenced in this Agreement that are available on our web site from time to time by posting the then-current terms on our web site at www.southerninc.com. Your continued use of the Services constitutes your acceptance of such modifications. (iii) IN THE EVENT YOU DO NOT WISH TO ACCEPT SUCH MODIFICATIONS, YOUR SOLE REMEDY SHALL BE TO TERMINATE THIS AGREEMENT WITHOUT PAYMENT OF A TERMINATION CHARGE. (Notwithstanding the foregoing, you may not terminate this Agreement or avoid a Termination Charge in the event that the modification is not material or consists only of a change in governmental taxes or charge or cost recovery fees.)

This Power of Attorney is made and executed pursuant to and by authority of the following By-law and Authorizations of American States Insurance Company, First National Insurance Company of America, General Insurance Company of America, and Safeco Insurance Company of America, which are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorney-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of American States Insurance Company, First National Insurance Company of America, General Insurance Company of America, and Safeco Insurance Company of America do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 17th day of July, 2019.

By: [Signature]
Renee C. Llewellyn, Assistant Secretary

Not valid for mortgage, note, loan, letter of credit, currency rate, interest rate or residual value guarantees.

To confirm the validity of this Power of Attorney call 1-610-832-8240 between 9:00 am and 4:30 pm EST on any business day.

Subject: Re: Southern Linc LTE equipment agreements

Hi DeRita,

Attached are the equipment orders for each master account for Okaloosa County. I was finally able to combine.

Please review for accuracy and sign copy. Please scan and return all copies with the one signature. This will allow me to order the equipment.

If you have any questions or need additional information, let me know.

Have a great Thanksgiving☺

Regards,

Ronnie Tibbs

CriticalInc
Terms and Conditions
For Government Entities

In consideration of the parties' respective rights and obligations under this CriticalInc Customer Agreement, including the order page or form (whether electronic or otherwise) with which you order services and/or equipment (your "Order Form"), and these Terms and Conditions (together, the "Agreement"), Southern Inc ("our", "us" or "we") and Customer ("you" or "your") (collectively, the "parties") agree as follows:

1. **State Contracts.** This Agreement is subject to the terms of a state (the "State") governing purchase authorization ("State Contract"), if such State Contract is applicable to the Services (as defined below) and/or Equipment (as defined below). The terms of the applicable State Contract, if any, are incorporated into this Agreement by reference and are controlling in the event of any conflict between this Agreement and the State Contract.

2. **Acceptance.** All sales to you of routers, modems, handsets and other data equipment or accessories ("Equipment") and wireless telecommunications services, data services, wireless content, applications and software ("Services") for voice and data communications are made under the terms and conditions herein. Your placement of an order, acceptance of or payment for Equipment or Services will constitute acceptance of these terms. Equipment also includes, without limitation, any routers, modems, handsets and other data equipment or accessories provided by you in connection with your receipt of Services (see Section 14 "Bring Your Own Equipment"). If you purchase certain Equipment, applications, features or software, you may be subject to and required to agree to additional terms available at www.southerninc.com.

3. **Services.** Services are provided utilizing our CriticalInc Long-Term Evolution (LTE) network ("System"). We may provide you Services to use on the Equipment for the selected plan, features and data as specified on the Order Form, as further detailed on our website at www.southerninc.com, or as otherwise agreed by the parties in writing. COVERAGE IS ONLY AVAILABLE IN THE OPERATING RANGE OF THE SYSTEM AS DEPICTED ON OUR COVERAGE MAPS (available at www.southerninc.com). The primary use of your Equipment must be for purposes within our System (see Section 13 "Customer Covenants"); however, your Equipment may connect to another provider's network ("Roaming"). Roaming may happen even if you are in our coverage area. You must check your Equipment to determine if you are Roaming. Use of Services when Roaming is dependent upon the Roaming provider's support of applicable network technology and functionality. Availability and quality of coverage, and access to Services while Roaming are not guaranteed. You may not abuse Roaming – we may limit or terminate your Service, in our sole discretion, if you do. We may not provide maintenance and support services for software or applications.

4. **Network Management.** To provide the best possible user experience for all of our customers, we have established certain network management practices to assure that our network resources are used for the benefit of all our customers especially during periods when network demand exceeds available network resources. As a part of these network management practices, we reserve the right to reduce your data speeds during times of network congestion or if you exceed certain data usage amounts in a given month. Reduced speeds and increased latency may affect the performance of data-heavy activities. The degree of reduced speeds and increased latency will vary and the performance impact for affected customers may also vary significantly. Additional terms regarding our network management practices to which you may be subject and required to agree are available at www.southerninc.com.

5. **Equipment.** If Equipment is purchased by you, you will pay the cost shown for any Equipment described on the Order Form, plus shipping and any applicable tax. Equipment may be new or reconditioned. We may pass-through certain manufacturer warranties which apply to your Equipment and/or terms and conditions related to use of such Equipment that you purchased from us, and you may be subject to and required to agree to those terms and conditions, which are available at www.southerninc.com.

6. **Payment and Collection.** You will pay us all amounts due under this Agreement (including, without limitation, amounts due for any Services, Equipment, and any other charges) by the payment due date shown on your invoice. You will pay us for any expenses we incur in collecting amounts due under this Agreement, including, without limitation, court costs and attorneys' fees. You will provide us with a valid email address to which you authorize us to send your invoice. If you fail to provide us with a valid email address for invoicing, we may disconnect any Services without prior notice to you. Notwithstanding the prior two sentences, you may opt to receive a paper invoice, for an additional fee, by contacting the Customer Solution Center. You may update your email address at www.southerninc.com or by contacting the Customer Solution Center. We and our agents may contact your email, any Southern Inc number you have and any other phone/cell number provided to us to contact you about your account status or as otherwise permitted by law, including but not limited to, collecting amounts due, using prerecorded or live calls, emails and calls or messages delivered by an automatic telephone dialer system. You will pay any federal, state, and local transactional taxes, fees or surcharges based on the place of primary use set forth on the Order Form, including, without limitation and as applicable, universal service fees, 911 surcharges, gross receipt taxes, as well as fees related to sales, mobile communications services, activation, and regulatory cost recovery (subject to change, legal or otherwise). If a place of primary use is not provided, we may refuse to sell you Equipment or Services. If you believe your invoice is incorrect, you must notify us of your dispute within 30 days from the date of the first invoice containing your dispute or waive your right to that dispute. We require written notification of any disputes to the attention of Customer Accounting at the address in Section 19. All charges, disputed or undisputed, must be paid by the statement due date. Upon review, if we agree with your dispute, such charges will be refunded to you either as a credit on the invoice following our resolution of the dispute or (if this Agreement has been terminated) by check mailed to the address given to us by you.

7. **Dishonored Check Charge; Re-connect Fees; Deposits.** If any check or similar instrument that you remit to us in payment of charges owing under this Agreement is not paid or is dishonored by a financial institution, you will pay us a fee of \$25 or the maximum amount allowed by law. We may demand payment by money order, cashier's check or similarly secure form of payment. If we disconnect any Service, you must pay a re-connect fee of \$25 per unit of Equipment per Service, in addition to any other outstanding fees, before we may reactivate Service. We may modify the terms of Service as a precondition to reactivation. We may also, in our reasonable discretion, require you to make an advance deposit in an amount not to exceed two (2) months of estimated charges to be held by us as an assurance of payment.

8. **Term/Termination/Renewal/Termination Charge.**

a. You may use Services specified on the Order Form from the date of activation of Services and continuing for the length of time shown on the Order Form or as may be otherwise extended by Equipment or service upgrades or plans (the "Initial Term"). After the end of the Initial Term, this Agreement will renew for successive one-month terms (each a "Renewal Term") unless either we or you terminate this Agreement as provided herein. Either you or we may terminate this Agreement upon the expiration of the Initial Term or any Renewal Term by providing the other with 30 days' advance written notice. We may terminate this Agreement at any time without notice upon the occurrence of a default under Section 9. If this Agreement is terminated, you will pay all amounts incurred prior to the effective date of termination.

b. If you terminate this Agreement prior to the end of the Initial Term or if we terminate this Agreement for cause prior to the end of the Initial Term, you will pay applicable termination charges (which you agree are reasonable) in an amount equal to (i) the lesser of the unpaid monthly fees owed through the remainder of your Initial Term Commitment (as below defined) or twelve (12) months' fees; plus (ii) repayment of any credits or waived non-recurring charges applied in exchange for your Initial Term Commitment (as below defined); and (iii) the total amount of any charges incurred by us due to your early termination from any non-affiliated third party (collectively (i)-(iii), "Termination Charge"). You agree that the Termination Charge is reasonable and is not a penalty, but rather a charge to compensate us for your failure to satisfy the duration of the Initial Term during which you agreed to purchase Services and on which your monthly rates are based (the "Initial Term Commitment"), and you hereby waive your right to contest the enforceability thereof. Upon any termination, you will pay all charges owing under this Agreement within 10 days of the payment due date of your invoice, including, without limitation, any Termination Charge and/or balance owed for purchased Equipment.

c. Termination by either party of this Agreement is without waiver of any of its other rights or remedies under this Agreement, including the Customer's payment obligations hereunder, all of which survive termination indefinitely.

9. **Default.** The occurrence of any of the following events constitutes default under this Agreement: (i) your failure to pay when due any amount payable under this Agreement; (ii) the sale, lease or transfer of Services without our prior written consent; (iii) any statement made or furnished to us by you or any guarantor that is false or misleading; (iv) use of Equipment, Services or System in a manner that affects our services or operations, is not within your permissible usage allowance under Section 13, is not within our system or is not approved by us; or (v) any other breach of your obligations under this Agreement or any other agreement with us. Upon the occurrence of any default, we may immediately disconnect any Services and pursue any legal remedies.

10. **Emergency Service (911).**

a. **Voice.** Your handset may be capable of Wi-Fi calling, which allows you to connect and complete voice calls using a Wi-Fi network, though log-in credentials for access may be required. When calling 911, always provide the 911 operator with your location. Your 911 call will go over Wi-Fi only if the System is unavailable. 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify your identity, device, telephone number, or location. To enable Wi-Fi calling, you

must acknowledge and agree to these limitations and you must register an emergency address ("Emergency Address"). This Emergency Address may be used to help locate you when you call 911 over Wi-Fi. You must keep your Emergency Address up to date. We disclaim any liability in connection with your failure to register and/or update your Emergency Address, and you agree to indemnify and hold us harmless for any loss, damage or cost arising out of or related to any such failure.

b. **Data.** Data Services provided hereunder interact with 911 and other emergency services in different manners than landline or wireless telephone service. Unless your router, modem, or other data equipment is Wi-Fi Equipment (as below defined) and you have a handset enabled with Wi-Fi calling, you will not be able to use your router, modem, or other data equipment to dial 911 and other emergency services. 911 services may not be available to you, even if 911 fees are assessed by state and local authorities.

Your router, modem, or other data equipment (whether fixed or mobile) may be capable of serving as a Wi-Fi hotspot ("Wi-Fi Equipment"); this feature lets other devices access the internet through your network connection. Handsets enabled with Wi-Fi calling may connect and complete calls using your Wi-Fi Equipment, though log-in credentials for access may be required. Whenever possible, any 911 caller using a handset connected to your Wi-Fi Equipment should use the handset's carrier network, and not your Wi-Fi Equipment network connection, to dial 911 in an emergency and provide the 911 operator with his/her location.

If a 911 caller does dial 911 using your Wi-Fi Equipment network connection, these 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify the caller's identity, device, telephone number, or location. To facilitate appropriate 911 call routing, you must register the physical address (including any building, floor, or suite number) ("Dispatchable Location") of your Wi-Fi Equipment. The Dispatchable Location of your Wi-Fi Equipment may be used to help locate 911 callers. You must keep the Dispatchable Location of your Wi-Fi Equipment up to date. We disclaim any liability in connection with your failure to register and/or update your Dispatchable Location, and you agree to indemnify and hold us harmless for any loss, damage or cost arising out of or related to any such failure.

11. **TTY.** Text Telephone Device or Telecommunication Device for the Deaf ("TTY" or "TDD"), is a special device required at both ends of the conversation that enables people who are deaf, hard of hearing or speech-impaired to use the telephone to communicate. TTY works by allowing people to type messages back and forth to one another instead of talking and listening. The FCC requires digital wireless carriers to have the capability to transmit a call from a wireless phone that is connected to a TTY. While the FCC mandate pertains specifically to calls made to 911, the ability to make a call to 911 means that you can complete a call using TTY to anyone, anywhere, provided the person on the receiving end of the call also has TTY. Our wireless phones only make voice calls using Voice Over LTE (VoLTE). You should be aware that TTY does not work on voice calls that are placed over Wi-Fi or VoLTE. TTY calls, including, without limitation, TTY calls to 911, cannot be made using IP-based calling, including Wi-Fi calling or VoLTE. If you have a communication disability and need to call 911 while using IP-based calling, we recommend that you use an alternative means of communicating utilizing IP-based Telecommunications Relay Services (TRS) such as IP Relay or Video Relay Services (VRS). Additionally, you may send a text message to 911 directly, where text to 911 is available. For more information, see www.southerninc.com.

12. **Privacy.** To provide the Services, and in accordance with applicable laws, rules and regulations, we may use and disclose information about you, including, but not limited to, your name, street address, telephone number, email, IP address and location. Additionally, we will obtain and possess certain usage-related information about the quantity, type and usage patterns of services that you use. You acknowledge and agree that we may be obligated to disclose your information pursuant to court order or as otherwise required by law. If we are required by law or similar process to disclose your information, we may (to the extent legally permissible) provide you with written notice of such request or requirement so that you may seek an appropriate protective order. In addition, and more generally, we may collect and protect certain information from you during (and about) your use of the Services in accordance with our Privacy Policy which is available at www.southerninc.com. Your use of certain Push-to-Talk applications requires us to provide you with additional privacy disclosures, available at www.southerninc.com.

13. **Customer Covenants.** You will use Equipment, Services (including the transfer of information) and the System only in the manner for which each was designed and not for any unlawful, fraudulent, abusive or unethical purpose, and within your permissible usage allowance, all strictly in accordance with our Acceptable Use Policy, which is available at www.southerninc.com. You will use only Equipment that is fully compatible with the System. If you are an institutional customer, you must instruct your employees in the use of Equipment and Services. Training assistance may be obtained by contacting the Customer Solution Center. We may terminate the Agreement if we believe that you are violating any applicable law or engaging in any fraudulent, abusive or unethical behavior. You are responsible for payment for all use (whether or not authorized) or misuse of Services by you or any third party. We may block your access to the Services if we experience excessive billing, collection, fraud or other misuse of Services. All intellectual property rights remain with us or the developer and you will not (nor will you permit any other person to) modify, disclose, reproduce or reverse engineer any portion of software. Any applications, software and content that are loaded on your Equipment by non-representatives or by you are done so at your own risk. We are not responsible for (or have any liability whatsoever arising from or in connection with) any third party information, content, applications or services that you access, download or use on Equipment or otherwise use with the Services.

14. **Bring Your Own Equipment.** Equipment may be provided by you in our sole discretion. Any Equipment provided by you must be eligible and technologically compatible for use on the System, which may be determined by us in our sole discretion, and we may terminate Service without prior notice to you if (i) the Equipment becomes ineligible or technologically incompatible for use on the System, (ii) your use of the Equipment violates the Terms of this Agreement, or (iii) we determine, in our sole discretion, that the Equipment would cause us to violate any law, regulation, or any other agreement by which we are bound.

15. **Warranty Disclaimer.** Services provided hereunder are part of a telecommunications service available to the public from a network serving all System customers as an integrated System. System routes all communications through central points of control used by other public traffic. We do not guarantee that there will be no gaps, interruptions or delays in Services. You may experience variations in Services and access times based upon the location involved, the other traffic on the System, or conditions of System. You may fail to obtain or maintain access due to a lack of coverage in a particular area, use of low powered portable equipment in areas where higher powered mobile equipment is needed, radio frequency propagation effects, the effects of weather, the effects of natural and constructed obstructions, equipment maintenance and upgrades, System facilities and changes, repairs and malfunctions, and public usage exceeding capacity. SERVICES MAY BE DEPENDENT UPON THIRD PARTY PROVIDERS AND MAY BE DISRUPTED OR CANCELED DUE TO ACTIONS OF THE THIRD PARTY PROVIDERS. WE DO NOT MAKE ANY, AND HEREBY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND, STATUTORY, EXPRESS OR IMPLIED, REGARDING THE SYSTEM, EQUIPMENT OR SERVICES. WITHOUT LIMITING THE FOREGOING, WE SPECIFICALLY DISCLAIM EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. WE DO NOT WARRANT THAT ANY SERVICES WILL MEET ANY OF YOUR REQUIREMENTS OR THAT THE PERFORMANCE OF SERVICES OR CONTENT THEREON WILL BE UNINTERRUPTED, TIMELY, APPROPRIATE OR FREE OF ERRORS OR INACCURACIES. ANY WARRANTY FOR APPLICATIONS, SOFTWARE OR CERTAIN EQUIPMENT IS SOLELY PROVIDED BY THE MANUFACTURER OR DEVELOPER. THE ONLY WARRANTIES ON THE EQUIPMENT ARE LIMITED WARRANTIES AVAILABLE AT WWW.SOUTHERNINC.COM. WE FURTHER DISCLAIM ANY HARM THAT MAY RESULT FROM THE USE OR MISUSE OF ANY EQUIPMENT, APPLICATIONS OR SOFTWARE, OR PORTION THEREOF.

16. **Security.** We do not guarantee the security of your systems or Equipment and are not responsible if any software code enters your Equipment through the System that disrupts, disables or self-limits hardware or software. We disclaim any liability with respect to the unauthorized use of your information to the extent permitted by law.

17. **Limitation of Liability.** WE WILL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INCIDENTAL DAMAGES, WHETHER OR NOT OCCASIONED BY OUR NEGLIGENCE AND INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST BUSINESS, LOSS OF DATA USE OR LOSS OF DATA, OR LIABILITY FOR ANY LOSS OR DAMAGE RESULTING FROM SECURITY BREACHES, FAILURE TO REPORT OR UPDATE YOUR EMERGENCY ADDRESS AND/OR DISPATCHABLE LOCATION, INTERRUPTION OR FAILURE IN THE OPERATION OF ANY EQUIPMENT, NETWORK AVAILABILITY, INTEROPERABILITY OR FAILURE, OR IN CONNECTION WITH THE USE OF SERVICES. YOU ASSUME THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF EQUIPMENT OR SERVICES. IF EQUIPMENT PROVES DEFECTIVE, OTHER THAN AS MAY BE SET FORTH IN EQUIPMENT WARRANTIES (IF ANY), THE COSTS OF ALL NECESSARY SERVICING AND REPAIR WILL BE BORNE BY YOU. TO THE EXTENT WE ARE LIABLE UNDER THIS AGREEMENT, YOU HEREBY LIMIT OUR LIABILITY (i) WITH RESPECT TO EACH UNIT OF EQUIPMENT AND RELATED SERVICES PURCHASED BY YOU TO THE ANNUAL AMOUNT PAID BY YOU FOR SERVICES TO SUCH UNIT, AND (ii) WITH RESPECT TO ANY OTHER LIABILITY, TO PROVEN DIRECT DAMAGES IN AN AMOUNT NOT TO EXCEED \$1,000. THE STATE DOES NOT WAIVE ITS SOVEREIGN IMMUNITY BY AGREEING TO THIS PROVISION.

18. **Force Majeure.** Neither party will be liable for a failure or delay in its performance under this Agreement (other than payment) to the extent such failure or delay was covered by an event beyond its reasonable control, including, without limitation, an act of God, flood, riot, fire, judicial or governmental action, war, cyberattack, labor dispute, failure of telecommunications facilities or transmission links, failure of digital transmission links, internet slow-down or failure, lightning or extreme temperatures. For purposes of this Section 18, "cyberattack" means any action or series of actions, electronic or physical, taken with the intent of damaging, undermining, or destroying an electronic network or system.

19. **Miscellaneous.** Any notices under this Agreement must be made in writing and delivered to us at 4601 Southlake Parkway, Hoover, AL 35244, with a copy (for legal notices) to the Director of Legal & External Affairs, Southern Inc., 5555 Glenridge Court, Ste. 500, Bldg 79490 Atlanta, GA 30342 (or to such other addressee(s) that we may advise you of in writing). This Agreement is governed by the laws of the state in which the Services and/or Equipment are purchased, without regard to any conflict of laws. If any provision of this Agreement is held to be invalid in any jurisdiction, it will be deemed severed in that jurisdiction, but the enforceability and applicability of such provision (in any other jurisdiction) and of all other remaining provisions will continue in effect to the fullest extent permitted by law. Subject to any applicable State Contract, this Agreement constitutes the entire Agreement among the parties

with respect to its subject matter, and supersedes any prior agreements, whether written, electronic, or verbal, between the parties with respect thereto. The term "person" includes any individual, corporation, partnership, trust, limited liability company, limited liability partnership, and any other entity. The term "affiliate" means any person, controlling, controlled by or under common control with, the affiliated person, and control means the power to vote the controlling interest or otherwise direct the affairs of the controlled person. The term "day" means calendar day. Except as otherwise provided herein, the Agreement may be amended only by a writing signed by both parties. Any waiver by a party must be in a writing signed by such party.

20. Agreement Changes. (i) Subject to applicable law, we may modify any terms of this Agreement by providing 30 days' prior written notice to you of such modification and the effective date of such modification. If you use the Services on or after the effective date of the modification or make any payment to use Services not already rendered prior to the effective date of the modification, you accept the modification. (ii) **We may modify materials referenced in this Agreement that are available on our web site from time to time by posting the then-current terms on our web site at www.southerninc.com.** Your continued use of the Services constitutes your acceptance of such modifications. (iii) **IN THE EVENT YOU DO NOT WISH TO ACCEPT SUCH MODIFICATIONS, YOUR SOLE REMEDY SHALL BE TO TERMINATE THIS AGREEMENT WITHOUT PAYMENT OF A TERMINATION CHARGE.** (Notwithstanding the foregoing, you may not terminate this Agreement or avoid a Termination Charge in the event that the modification is not material or consists only of a change in governmental taxes or charge or cost recovery fees.)

CriticalInc
Terms and Conditions
For Government Entities

In consideration of the parties' respective rights and obligations under this CriticalInc Customer Agreement, including the order page or form (whether electronic or otherwise) with which you order services and/or equipment (your "Order Form"), and these Terms and Conditions (together, the "Agreement"), Southern Inc ("our", "us" or "we") and Customer ("you" or "your") (collectively, the "parties") agree as follows:

1. **State Contracts.** This Agreement is subject to the terms of a state (the "State") governing purchase authorization ("State Contract"). If such State Contract is applicable to the Services (as defined below) and/or Equipment (as defined below), the terms of the applicable State Contract, if any, are incorporated into this Agreement by reference and are controlling in the event of any conflict between this Agreement and the State Contract.

2. **Acceptance.** All sales to you of routers, modems, handsets and other data equipment or accessories ("Equipment") and wireless telecommunications services, data services, wireless content, applications and software ("Services") for voice and data communications are made under the terms and conditions herein. Your placement of an order, acceptance of or payment for Equipment or Services will constitute acceptance of these terms. Equipment also includes, without limitation, any routers, modems, handsets and other data equipment or accessories provided by you in connection with your receipt of Services (see Section 14 "Bring Your Own Equipment"). If you purchase certain Equipment, applications, features or software, you may be subject to and required to agree to additional terms available at www.southerninc.com.

3. **Services.** Services are provided utilizing our CriticalInc Long-Term Evolution (LTE) network ("System"). We may provide you Services to use on the Equipment for the selected plan, features and data as specified on the Order Form, as further detailed on our website at www.southerninc.com, or as otherwise agreed by the parties in writing. COVERAGE IS ONLY AVAILABLE IN THE OPERATING RANGE OF THE SYSTEM AS DEPICTED ON OUR COVERAGE MAPS (available at www.southerninc.com). The primary use of your Equipment must be for purposes within our System (see Section 13 "Customer Covenants"); however, your Equipment may connect to another provider's network ("Roaming"). Roaming may happen even if you are in our coverage area. You must check your Equipment to determine if you are Roaming. Use of Services when Roaming is dependent upon the Roaming provider's support of applicable network technology and functionality. Availability and quality of coverage, and access to Services while Roaming are not guaranteed. You may not abuse Roaming -- we may limit or terminate your Service, in our sole discretion, if you do. We may not provide maintenance and support services for software or applications.

4. **Network Management.** To provide the best possible user experience for all of our customers, we have established certain network management practices to assure that our network resources are used for the benefit of all our customers especially during periods when network demand exceeds available network resources. As a part of these network management practices, we reserve the right to reduce your data speeds during times of network congestion or if you exceed certain data usage amounts in a given month. Reduced speeds and increased latency may affect the performance of data-heavy activities. The degree of reduced speeds and increased latency will vary and the performance impact for affected customers may also vary significantly. Additional terms regarding our network management practices to which you may be subject and required to agree are available at www.southerninc.com.

5. **Equipment.** If Equipment is purchased by you, you will pay the cost shown for any Equipment described on the Order Form, plus shipping and any applicable tax. Equipment may be new or reconditioned. We may pass-through certain manufacturer warranties which apply to your Equipment and/or terms and conditions related to use of such Equipment that you purchased from us, and you may be subject to and required to agree to those terms and conditions, which are available at www.southerninc.com.

6. **Payment and Collection.** You will pay us all amounts due under this Agreement (including, without limitation, amounts due for any Services, Equipment, and any other charges) by the payment due date shown on your invoice. You will pay us for any expenses we incur in collecting amounts due under this Agreement, including, without limitation, court costs and attorneys' fees. You will provide us with a valid email address to which you authorize us to send your invoice. If you fail to provide us with a valid email address for invoicing, we may disconnect any Services without prior notice to you. Notwithstanding the prior two sentences, you may opt to receive a paper invoice, for an additional fee, by contacting the Customer Solution Center. You may update your email address at www.southerninc.com or by contacting the Customer Solution Center. We and our agents may contact your email, any Southern Inc number you have and any other phone/cell number provided to us to contact you about your account status or as otherwise permitted by law, including but not limited to, collecting amounts due, using prerecorded or live calls, emails and calls or messages delivered by an automatic telephone dialer system. You will pay any federal, state, and local transactional taxes, fees or surcharges based on the place of primary use set forth on the Order Form, including, without limitation and as applicable, universal service fees, 911 surcharges, gross receipt taxes, as well as fees related to sales, mobile communications services, activation, and regulatory cost recovery (subject to change, legal or otherwise). If a place of primary use is not provided, we may refuse to sell you Equipment or Services. If you believe your invoice is incorrect, you must notify us of your dispute within 30 days from the date of the first invoice containing your dispute or waive your right to that dispute. We require written notification of any disputes to the attention of Customer Accounting at the address in Section 19. All charges, disputed or undisputed, must be paid by the statement due date. Upon review, if we agree with your dispute, such charges will be refunded to you either as a credit on the invoice following our resolution of the dispute or (if this Agreement has been terminated) by check mailed to the address given to us by you.

7. **Dishonored Check Charge; Re-connect Fees; Deposits.** If any check or similar instrument that you remit to us in payment of charges owing under this Agreement is not paid or is dishonored by a financial institution, you will pay us a fee of \$25 or the maximum amount allowed by law. We may demand payment by money order, cashier's check or similar secure form of payment. If we disconnect any Service, you must pay a re-connect fee of \$25 per unit of Equipment per Service, in addition to any other outstanding fees, before we may reactivate Service. We may modify the terms of Service as a precondition to reactivation. We may also, in our reasonable discretion, require you to make an advance deposit in an amount not to exceed two (2) months of estimated charges to be held by us as an assurance of payment.

8. **Term/Termination/Renewal/Termination Charge.**

a. You may use Services specified on the Order Form from the date of activation of Services and continuing for the length of time shown on the Order Form or as may be otherwise extended by Equipment or service upgrades or plans (the "Initial Term"). After the end of the Initial Term, this Agreement will renew for successive one-month terms (each a "Renewal Term") unless either we or you terminate this Agreement as provided herein. Either you or we may terminate this Agreement upon the expiration of the Initial Term or any Renewal Term by providing the other with 30 days' advance written notice. We may terminate this Agreement at any time without notice upon the occurrence of a default under Section 9. If this Agreement is terminated, you will pay all amounts incurred prior to the effective date of termination.

b. If you terminate this Agreement prior to the end of the Initial Term or if we terminate this Agreement for cause prior to the end of the Initial Term, you will pay applicable termination charges (which you agree are reasonable) in an amount equal to (i) the lesser of the unpaid monthly fees owed through the remainder of your Initial Term Commitment (as below defined) or twelve (12) months' fees; plus (ii) repayment of any credits or waived non-recurring charges applied in exchange for your Initial Term Commitment (as below defined); and (iii) the total amount of any charges incurred by us due to your early termination from any non-affiliated third party (collectively (i)-(iii), "Termination Charge"). You agree that the Termination Charge is reasonable and is not a penalty, but rather a charge to compensate us for your failure to satisfy the duration of the Initial Term during which you agreed to purchase Services and on which your monthly rates are based (the "Initial Term Commitment"), and you hereby waive your right to contest the enforceability thereof. Upon any termination, you will pay all charges owing under this Agreement within 10 days of the payment due date of your invoice, including, without limitation, any Termination Charge and/or balance owed for purchased Equipment.

c. Termination by either party of this Agreement is without waiver of any of its other rights or remedies under this Agreement, including the Customer's payment obligations hereunder, all of which survive termination indefinitely.

9. **Default.** The occurrence of any of the following events constitutes default under this Agreement: (i) your failure to pay when due any amount payable under this Agreement; (ii) the sale, lease or transfer of Services without our prior written consent; (iii) any statement made or furnished to us by you or any guarantor that is false or misleading; (iv) use of Equipment, Services or System in a manner that affects our services or operations, is not within your permissible usage allowance under Section 13, is not within our system or is not approved by us; or (v) any other breach of your obligations under this Agreement or any other agreement with us. Upon the occurrence of any default, we may immediately disconnect any Services and pursue any legal remedies.

10. **Emergency Service (911).**

a. **Voice.** Your handset may be capable of Wi-Fi calling, which allows you to connect and complete voice calls using a Wi-Fi network, though log-in credentials for access may be required. When calling 911, always provide the 911 operator with your location. Your 911 call will go over Wi-Fi only if the System is unavailable. 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify your identity, device, telephone number, or location. To enable Wi-Fi calling, you must acknowledge and agree to these limitations and you must register an emergency address ("Emergency Address"). This Emergency Address may be used to help locate you when you call 911 over Wi-Fi. You must keep your Emergency Address up to date. We disclaim any liability in connection with your failure to register and/or update your Emergency Address, and you agree to indemnify and hold us harmless for any loss, damage or cost arising out of or related to any such failure.

CONTRACT#: C07-1549-PUR
SOUTHERN LINC
PUSH TO TALK WIRELESS
EXPIRES: 12/04/2020

*Coverage is only available in the Southern Linc Regional Service Area unless your plan provides additional coverage.

TERMS OF SERVICE: By signing below, the Customer: (1) certifies that the information provided by or on behalf of the Customer in connection with this Agreement is true and complete; (2) agrees to all the terms and conditions of this Agreement, including those set forth on the additional pages below; (3) authorizes Southern Communications Services, Inc., d/b/a Southern Linc, to check the financial status and credit history of the Customer from any sources, listed and not listed, at any time to determine creditworthiness; and (4) acknowledges that if this Agreement is subject to the terms of a state governing purchase authorization ("State Contract"), the terms of the applicable State Contract are incorporated into this Agreement by reference and are controlling in the event of any conflict between this Agreement and the State Contract.

Sales Person's Signature			Date

CUSTOMER SUPPORT'S TOLL FREE # 1-800-406-0151
SLCriticalLincCA-Rev. 08/2018

b. **Data.** Data Services provided hereunder interact with 911 and other emergency services in different manners than landline or wireless telephone service. Unless your router, modem, or other data equipment is Wi-Fi Equipment (as below defined) and you have a handset enabled with Wi-Fi calling, you will not be able to use your router, modem, or other data equipment to dial 911 and other emergency services. 911 services may not be available to you, even if 911 fees are assessed by state and local authorities.

Your router, modem, or other data equipment (whether fixed or mobile) may be capable of serving as a Wi-Fi hotspot ("Wi-Fi Equipment"); this feature lets other devices access the Internet through your network connection. Handsets enabled with Wi-Fi calling may connect and complete calls using your Wi-Fi Equipment, though log-in credentials for access may be required. Whenever possible, any 911 caller using a handset connected to your Wi-Fi Equipment should use the handset's carrier network, and not your Wi-Fi Equipment network connection, to dial 911 in an emergency and provide the 911 operator with his/her location.

If a 911 caller does dial 911 using your Wi-Fi Equipment network connection, these 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify the caller's identity, device, telephone number, or location. To facilitate appropriate 911 call routing, you must register the physical address (including any building, floor, or suite number) ("Dispatchable Location") of your Wi-Fi Equipment. The Dispatchable Location of your Wi-Fi Equipment may be used to help locate 911 callers. You must keep the Dispatchable Location of your Wi-Fi Equipment up to date. We disclaim any liability in connection with your failure to register and/or update your Dispatchable Location, and you agree to indemnify and hold us harmless for any loss, damage or cost arising out of or related to any such failure.

11. **TTY.** Text Telephone Device or Telecommunication Device for the Deaf ("TTY" or "TDD"), is a special device required at both ends of the conversation that enables people who are deaf, hard of hearing or speech-impaired to use the telephone to communicate. TTY works by allowing people to type messages back and forth to one another instead of talking and listening. The FCC requires digital wireless carriers to have the capability to transmit a call from a wireless phone that is connected to a TTY. While the FCC mandate pertains specifically to calls made to 911, the ability to make a call to 911 means that you can complete a call using TTY to anyone, anywhere, provided the person on the receiving end of the call also has TTY. Our wireless phones only make voice calls using Voice Over LTE (VoLTE). You should be aware that TTY does not work on voice calls that are placed over Wi-Fi or VoLTE. TTY calls, including, without limitation, TTY calls to 911, cannot be made using IP-based calling, including Wi-Fi calling or VoLTE. If you have a communication disability and need to call 911 while using IP-based calling, we recommend that you use an alternative means of communicating utilizing IP-based Telecommunications Relay Services (TRS) such as IP Relay or Video Relay Services (VRS). Additionally, you may send a text message to 911 directly, where text to 911 is available. For more information, see www.southerninc.com.

12. **Privacy.** To provide the Services, and in accordance with applicable laws, rules and regulations, we may use and disclose information about you, including, but not limited to, your name, street address, telephone number, email, IP address and location. Additionally, we will obtain and possess certain usage-related information about the quantity, type and usage patterns of services that you use. You acknowledge and agree that we may be obligated to disclose your information pursuant to court order or as otherwise required by law. If we are required by law or similar process to disclose your information, we may (to the extent legally permissible) provide you with written notice of such request or requirement so that you may seek an appropriate protective order. In addition, and more generally, we may collect and protect certain information from you during (and about) your use of the Services in accordance with our Privacy Policy which is available at www.southerninc.com. Your use of certain Push-to-Talk applications requires us to provide you with additional privacy disclosures, available at www.southerninc.com.

13. **Customer Covenants.** You will use Equipment, Services (including the transfer of information) and the System only in the manner for which each was designed and not for any unlawful, fraudulent, abusive or unethical purpose, and within your permissible usage allowance, all strictly in accordance with our Acceptable Use Policy, which is available at www.southerninc.com. You will use only Equipment that is fully compatible with the System. If you are an institutional customer, you must instruct your employees in the use of Equipment and Services. Training assistance may be obtained by contacting the Customer Solution Center. We may terminate the Agreement if we believe that you are violating any applicable law or engaging in any fraudulent, abusive or unethical behavior. You are responsible for payment for all use (whether or not authorized) or misuse of Service(s) by you or any third party. We may block your access to the Services if we experience excessive billing, collection, fraud or other misuse of Services. All intellectual property rights remain with us or the developer and you will not (nor will you permit any other person to) modify, disclose, reproduce or reverse engineer any portion of software. Any applications, software and content that are loaded on your Equipment by non-representatives or by you are done so at your own risk. We are not responsible for (or have any liability whatsoever arising from or in connection with) any third party information, content, applications or services that you access, download or use on Equipment or otherwise use with the Services.

14. **Bring Your Own Equipment.** Equipment may be provided by you in our sole discretion. Any Equipment provided by you must be eligible and technologically compatible for use on the System, which may be determined by us in our sole discretion, and we may terminate Service without prior notice to you if (i) the Equipment becomes ineligible or technologically incompatible for use on the System, (ii) your use of the Equipment violates the terms of this Agreement, or (iii) we determine, in our sole discretion, that the Equipment would cause us to violate any law, regulation, or any other agreement by which we are bound.

15. **Warranty Disclaimer.** Services provided hereunder are part of a telecommunications service available to the public from a network serving all System customers as an integrated System. System routes all communications through central points of control used by other public traffic. We do not guarantee that there will be no gaps, interruptions or delays in Services. You may experience variations in Services and access times based upon the location involved, the other traffic on the System, or conditions of System. You may fail to obtain or maintain access due to a lack of coverage in a particular area, use of low powered portable equipment in areas where higher powered mobile equipment is needed, radio frequency propagation effects, the effects of weather, the effects of natural and constructed obstructions, equipment maintenance and upgrades, system facilities and changes, repairs and malfunctions, and public usage exceeding capacity. SERVICES MAY BE DEPENDENT UPON THIRD PARTY PROVIDERS AND MAY BE INTERRUPTED OR CANCELED DUE TO ACTIONS OF THE THIRD PARTY PROVIDERS. WE DO NOT MAKE ANY, AND HEREBY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND, STATUTORY, EXPRESS OR IMPLIED, REGARDING THE SYSTEM, EQUIPMENT OR SERVICES. WITHOUT LIMITING THE FOREGOING, WE SPECIFICALLY DISCLAIM EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. WE DO NOT WARRANT THAT ANY SERVICES WILL MEET ANY OF YOUR REQUIREMENTS OR THAT THE PERFORMANCE OF SERVICES OR CONTENT THEREON WILL BE UNINTERRUPTED, TIMELY, APPROPRIATE OR FREE OF ERRORS OR INACCURACIES. ANY WARRANTY FOR APPLICATIONS, SOFTWARE OR CERTAIN EQUIPMENT IS SOLELY PROVIDED BY THE MANUFACTURER OR DEVELOPER. THE ONLY WARRANTIES ON THE EQUIPMENT ARE LIMITED WARRANTIES AVAILABLE AT WWW.SOUTHERNINC.COM. WE FURTHER DISCLAIM ANY HARM THAT MAY RESULT FROM THE USE OR MISUSE OF ANY EQUIPMENT, APPLICATIONS OR SOFTWARE, OR PORTION THEREOF.

16. **Security.** We do not guarantee the security of your systems or Equipment and are not responsible if any software code enters your Equipment through the System that disrupts, disables or self-limits hardware or software. We disclaim any liability with respect to the unauthorized use of your information to the extent permitted by law.

17. **Limitation of Liability.** WE WILL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INCIDENTAL DAMAGES, WHETHER OR NOT OCCASIONED BY OUR NEGLIGENCE AND INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST BUSINESS, LOSS OF DATA USE OR LOSS OF DATA, OR LIABILITY FOR ANY LOSS OR DAMAGE RESULTING FROM SECURITY BREACHES, FAILURE TO REPORT OR UPDATE YOUR EMERGENCY ADDRESS AND/OR DISPATCHABLE LOCATION, INTERRUPTION OR FAILURE IN THE OPERATION OF ANY EQUIPMENT, NETWORK AVAILABILITY, INTEROPERABILITY OR FAILURE, OR IN CONNECTION WITH THE USE OF SERVICES. YOU ASSUME THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF EQUIPMENT OR SERVICES. IF EQUIPMENT PROVES DEFECTIVE, OTHER THAN AS MAY BE SET FORTH IN EQUIPMENT WARRANTIES (IF ANY), THE COSTS OF ALL NECESSARY SERVICING AND REPAIR WILL BE BORNE BY YOU. TO THE EXTENT WE ARE LIABLE UNDER THIS AGREEMENT, YOU HEREBY LIMIT OUR LIABILITY (i) WITH RESPECT TO EACH UNIT OF EQUIPMENT AND RELATED SERVICES PURCHASED BY YOU TO THE ANNUAL AMOUNT PAID BY YOU FOR SERVICES TO SUCH UNIT, AND (ii) WITH RESPECT TO ANY OTHER LIABILITY, TO PROVEN DIRECT DAMAGES IN AN AMOUNT NOT TO EXCEED \$1,000. THE STATE DOES NOT WAIVE ITS SOVEREIGN IMMUNITY BY AGREEING TO THIS PROVISION.

18. **Force Majeure.** Neither party will be liable for a failure or delay in its performance under this Agreement (other than payment) to the extent such failure or delay was covered by an event beyond its reasonable control, including, without limitation, an act of God, flood, riot, fire, judicial or governmental action, war, cyberattack, labor dispute, failure of telecommunications facilities or transmission links, failure of digital transmission links, internet slow-down or failure, lightning or extreme temperatures. For purposes of this Section 18, "cyberattack" means any action or series of actions, electronic or physical, taken with the intent of damaging, undermining, or destroying an electronic network or system.

19. **Miscellaneous.** Any notices under this Agreement must be made in writing and delivered to us at 4601 Southlake Parkway, Hoover, AL 35244, with a copy (for legal notices) to the Director of Legal & External Affairs, Southern Inc., 5555 Glenridge Conn., Ste. 500, Bldg 79490 Atlanta, GA 30342 (or to such other addressee(s) that we may advise you of in writing). This Agreement is governed by the laws of the state in which the Services and/or Equipment are purchased, without regard to any conflict of laws. If any provision of this Agreement is held to be invalid in any respect in any jurisdiction, it will be deemed severed in that jurisdiction, but the enforceability and applicability of such provision (in any other jurisdiction) and of all other remaining provisions will continue in effect to the fullest extent permitted by law. Subject to any applicable State Contract, this Agreement constitutes the entire Agreement among the parties with respect to its subject matter, and supersedes any prior agreements, whether written, electronic, or verbal, between the parties with respect thereto. The term "person" includes any individual, corporation, partnership, trust, limited liability company, limited liability partnership, and any other entity. The term "affiliate" means any person, controlling, controlled by or under common control with, the affiliated person, and control means the power to vote the controlling

Interest or otherwise direct the affairs of the controlled person. The term "day" means calendar day. Except as otherwise provided herein, the Agreement may be amended only by a writing signed by both parties. Any waiver by a party must be in a writing signed by such party.

20. **Agreement Changes.** (i) Subject to applicable law, we may modify any terms of this Agreement by providing 30 days' prior written notice to you of such modification and the effective date of such modification. If you use the Services on or after the effective date of the modification or make any payment to use Services not already rendered prior to the effective date of the modification, you accept the modification. (ii) We may modify materials referenced in this Agreement that are available on our web site from time to time by posting the then-current terms on our web site at www.southerninc.com. Your continued use of the Services constitutes your acceptance of such modifications. (iii) IN THE EVENT YOU DO NOT WISH TO ACCEPT SUCH MODIFICATIONS, YOUR SOLE REMEDY SHALL BE TO TERMINATE THIS AGREEMENT WITHOUT PAYMENT OF A TERMINATION CHARGE. (Notwithstanding the foregoing, you may not terminate this Agreement or avoid a Termination Charge in the event that the modification is not material or consists only of a change in governmental taxes or charge or cost recovery fees.)

TERMS OF SERVICE: By signing below, the Customer: (1) certifies that the information provided by or on behalf of the Customer in connection with this Agreement is true and complete; (2) agrees to all the terms and conditions of this Agreement, including those set forth on the additional pages below; (3) authorizes Southern Communications Services, Inc., d/b/a Southern Line, to check the financial status and credit history of the Customer from any sources, listed and not listed, at any time to determine creditworthiness; and (4) acknowledges that if this Agreement is subject to the terms of a state governing purchase authorization ("State Contract"), the terms of the applicable State Contract are incorporated into this Agreement by reference and are controlling in the event of any conflict between this Agreement and the State Contract.

**AMENDMENT NUMBER 2 TO
C07-1549-PUR
SOUTHERN LINC WIRELESS**

THIS AMENDMENT NUMBER 2 entered into this 17th day of January, 2017, hereby amends contract C07-1549-PUR, dated August 28, 2007, by and between Okaloosa County, Florida, (hereinafter the "County") and Southern Linc Wireless (herein after the "Contractor") as subsequently amended.

WHEREAS, on August 28, 2007 the parties entered into contract C07-1549-PUR, to provide cellular and push- to-talk services; and

WHEREAS, the contract was amended on September 20, 2016, to extend the term of the contract on a month-to-month basis; and

WHEREAS, the parties desire to further amend the contract to authorize additional equipment.

NOW THEREFORE, in consideration of the mutual covenants herein and other good and valuable consideration, the parties hereby agree to amend contract C07-1549-PUR as follows:

1. To authorize the addition of the new equipment listed in Exhibit "A" attached hereto and made a part of the contract.
2. All other provisions of the Contract shall remain in full force and effect.

(This area left intentionally blank.)

IN WITNESS WHEREOF, the parties hereto have executed this renewal and amendment as of the day and year first written.

Re: MotoTalk Application Cost
New Equipment H375

I. MotoTalk Service is now available to Okaloosa County customers on SouthernLINC Wireless. This service allows customers to add SouthernLINC PTT service on any wireless device. The cost is \$10.00 per month per unit.

II. Several new equipment model(s) of phones have been developed and are now available. Okaloosa County customers are eligible for discount pricing on new models of phones. Listed below are the new models and pricing available for new service and equipment upgrades.

Motorola	New Service	Equipment Upgrade

BOARD OF COUNTY COMMISSIONERS AGENDA REQUEST

DATE: January 17, 2017
TO: Honorable Chairman and Members of the Board
FROM: Greg Kisela
SUBJECT: Southern Linc
DEPARTMENT: Purchasing
BCC DISTRICT: All

STATEMENT OF ISSUE: Request approval of the contract amendment for Southern Linc Wireless (C07-1549-PUR) to add new equipment to the existing contract. (District: ALL)

BACKGROUND & ANALYSIS: Staff requests Board approval of the amendment to C07-1549-PUR to add additional equipment to the current contract. The additional equipment is spelled out in Exhibit "A" attached hereto and made a part of the contract.

OPTIONS: Approve/Deny the amendment to add additional equipment to C07-1549-PUR and authorize the Chairman to sign the document.

RECOMMENDATION: Staff recommends approval of the amendment to add additional equipment to C07-1549-PUR and authorize the Chairman to sign the document.

Greg Kisela, Purchasing Director 1/11/2017

RECOMMENDED BY:

John Hofstad, County Administrator 1/11/2017

**CONTRACT # C07-1549-PUR
SOUTHERN LINC WIRELESS
PUSH TO TALK WIRELESS
EXPIRES: MONTH TO MONTH BASIS**

**AMENDMENT TO
C07-1549-PUR
SOUTHERN LINC WIRELESS**

THIS AMENDMENT entered into this 20th day of September, 2016, hereby amends C07-1549-PUR, dated August 28, 2007, by and between Okaloosa County, Florida, (hereinafter the "County") and Southern Linc Wireless (herein after the "Contractor").

WHEREAS, on August 28, 2007 the parties entered into contract C07-1549-PUR, to provide cellular and push- to-talk services; and

WHEREAS, the contract term expires on September 30, 2016; and

WHEREAS, the County is in the process of researching the best solution to the expiring contract; and

WHEREAS, the research will take more time than is remaining on the current Contract, as such, to avoid any interruptions in service, the parties now desire to extend contract C07-1549-PUR to a month-to-month agreement, beginning October 1, 2016 until a new agreement is in place; and

WHEREAS, the parties further desire to amend the contract to update the Public Records provision as recently amended by the Florida Legislature in the 2016 Laws of Florida chapter 20.

NOW THEREFORE, in consideration of the mutual covenants herein and other good and valuable consideration, the parties hereby agree to amend C07-1549-PUR as follows:

1. The Agreement shall be extended on a month-to-month basis as described above.
2. Either party may terminate the Contract upon thirty (30) days' written notice to the other party.
3. C07-1549-PUR is hereby amended to include the following additional provision:

Public Records

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, AND CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT OKALOOSA COUNTY RISK MANAGEMENT DEPARTMENT 5479 OLD BETHEL ROAD CRESTVIEW, FL, 32536, PHONE: (850) 689-5977, riskinfo@co.okaloosa.fl.us.

Contractor must comply with the public records laws, Florida Statute chapter 119, specifically Contractor must:

- a. Keep and maintain public records required by the County to perform the service.

- b. Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in chapter 119 Florida Statutes or as otherwise provided by law.
 - c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the County.
 - d. Upon completion of the contract, transfer, at no cost, to the County all public records in possession of the contractor or keep and maintain public records required by the County to perform the service. If the contractor transfers all public records to the public agency upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining the public records. All records stored electronically must be provided to the public agency, upon the request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.
4. All other provisions of the Contract shall remain in full force and effect through the duration of the renewal.

(This area left intentionally blank.)

IN WITNESS WHEREOF, the parties hereto have executed this renewal and amendment as of the day and year first written.

Okaloosa County Purchasing Department
Purchasing Contract # C07-1549-PUR
602-C North Pearl Street
Crestview, Florida 32536

Thank you for the opportunity to renew your services with SouthernLINC Wireless. At a time when operational pressures are rapidly increasing on all government levels, and funds are limited, SouthernLINC Wireless offers an immediate and cost effective solution for Okaloosa County.

SouthernLINC Wireless is dedicated to providing wireless solutions to improve communications and productivity for local governments, schools and other agencies. We offer advanced integrated solutions, very competitive plans, and over 129,000 square miles of local coverage in the states of Alabama, Georgia, the panhandle of Florida and Southeast Mississippi. With our extensive rural coverage, knowledge of local government and unequalled dedication to our customers, SouthernLINC Wireless can offer local, convenient service second to none.

SouthernLINC Wireless' network reliability is proven. To meet the needs of local governments, businesses, public safety agencies, and Southern Company's five operating companies, we built in redundancies, power backups, and security features designed to ensure the most reliable communications even under the worst conditions. Since its launch, SouthernLINC Wireless has withstood severe weather conditions during Hurricanes Katrina, Ivan, Erin, Opal, Danny, and Floyd. We are committed in continuing to work with our customers in this area to provide excellent, reliable coverage. Our equipment is rich in current technology and features, and we offer a fully integrated digital wireless service providing a very cost effective communications solution. **Currently Okaloosa County is on the *Public Safety Fleet with Priority Queuing.***

About Talk Group Dispatch Priority Queuing.

The SouthernLINC Wireless system provides multiple levels of dispatch queuing priority. Dispatch queuing priority levels are assigned on a per Talkgroup basis. SouthernLINC Wireless will assign the highest dispatch trunking queuing priority level to Agency users facing life threatening situations. If conditions exist in which all of the voice channels on the initiator's cell site are in use, the initiating unit will be placed in queue ahead of the currently queued users whose Talkgroups have been assigned a lower priority than that of the initiator. For Talkgroups in queue with the identical priority levels, the queuing is first come first served.

When disaster strikes a SouthernLINC area our system is ready.

- The Network was initially developed to meet the rigorous standards of Southern Company's four electric operating companies
- Towers meet or exceed all industry standards with respect to wind and ice loading
- Back-up batteries at all tower sites to safeguard against power loss
- Back-up Generators at all sites in Florida
- Network Availability-99.93%

We are proud of our service to the public sector within Florida and value the relationship with Okaloosa County. Because of this relationship we are offering the county a discount in additional to our already low government rates.

Please see attached Government Pricing catalog for rates and equipment.

All subscriber accounts associated with the account numbers referenced below will reflect a service renewal from this date until September 30th, 2016. Early termination fees will not apply to this service renewal; however, in the event that you terminate service for any such subscriber accounts prior to the end of this service renewal term, you will be charged a fee in an amount equal to any service credits, waived fees or discounts issued to you with respect to such subscriber account(s).

In the event that you should perform equipment upgrades on any of the subscriber accounts associated with the above-referenced Account Number prior to the end of this service renewal term, a new contract subject to an early termination fee of up to \$200 will replace this service renewal (and any corresponding service credit refund) per each account upgraded.

A one-time customer credit in months "1" and "13" will be added (see one time credit breakdown below). The total credit is equivalent to two months service. This credit can be used to purchase equipment or as a reduction of annual costs. Additionally, an equipment refresh of (40 Motorola i365r or i576r) will be offered at no charge.

One Time Credits

Okaloosa Road Department #10183583	\$ 1215.00
Okaloosa Environmental # 101850016	\$ 370.00
Okaloosa Fleet Operations #10045521	\$ 315.00
Okaloosa Resources #10110485	\$ 243.00
Okaloosa Engineering #10181202	\$ 340.00

As in the past, a dedicated team of representatives will work closely with Okaloosa County to continue the most cost efficient and effective communications network possible. Our team will continue to support all the customer requirements throughout the term of the contract.

Again, thank you for the opportunity to submit amendment information and the ability to demonstrate the integrity of SouthernLINC Wireless' communications system.

Subject: FW: Gulf Share amendment Contract # C07-1549-PUR
Attachments: Government Price Catalog 2013.pdf

Importance: High

All,
The attached is a 'catalog' of Government rate plans that are available to the County under our current contract with Southern Linc. I am scanning these into the contract file for future reference.
Thanks,
Jack

Subject: RE: Gulf Share amendment

Hello Jack,

As we discussed, attached is a copy of SouthernLINC's government pricing catalog. Please include this as a reference and supplemental guide for SouthernLINC's government pricing for Okaloosa County.

If you have any questions or need additional information, let me know.

Regards,

Ronnie Tibbs

* Unlimited services are subject to permissible usage allowances; visit southernlinc.com/promodetails.

** Services available up to monthly 2G/3G data allowance.

† Requires a 3G or Wi-Fi® data network. After monthly 2G/3G data allowance is met, services may only be available on a third party Wi-Fi network.

A Southern Company

southernlinc.com | 1-866-480-LINC

Data Plus plans require a SouthernLINC Wireless smartphone with two SIM cards. A cell phone number, text message account and voice mail account is required for each SIM card, unless otherwise provided. A smartphone requires data service for the length of the service agreement or qualified contract extension. A 1- or 2-year service agreement or qualified contract extension is required. A \$35 activation fee per line applies. A \$35 activation fee for four or more lines is waived provided all lines are on the same order on the same day. Up to \$200 early termination fee per line applies. Additional taxes, fees and surcharges may apply.

Regional Services are only available within the SouthernLINC Wireless Regional Service Area. Within all coverage areas, several factors may affect or interfere with your service, such as: network changes, traffic volume, service outages, obstructions, your equipment, weather and other conditions. Coverage is not available everywhere, visit southernlinc.com/coverage.

2G/3G Data is data usage on a non-iDEN network. Once 2G/3G monthly data allowance is met, (500 MB, 2 GB or 4 GB depending on the plan), additional data usage will not be available. 2G/3G Data access will be restored at the beginning of the next billing cycle. Unused monthly 2G/3G Data does not carry forward to the next billing cycle. Data usage is rounded up to the next megabyte. Regional iDEN Data is available within the SouthernLINC Wireless Regional Service Area. Regional iDEN Data usage does not apply to the 2G/3G data allowance.

Nationwide Private and Group Push To Talk are provided via MOTOTALK™. MOTOTALK requires 3G or Wi-Fi® network connectivity. After 2G/3G monthly data allowance is met, services via MOTOTALK may only be available via a Wi-Fi network. Regional iDEN Private and Group Push To Talk services are available within the SouthernLINC Wireless Regional Service Area. MOTOTALK™ terms of use apply, visit southernlinc.com/promodata. SouthernLINC Wireless does not provide WiFi.

Nationwide Picture Messaging requires a 2G/3G data network. After 2G/3G monthly data allowance is met, service will not be available until the next billing cycle.

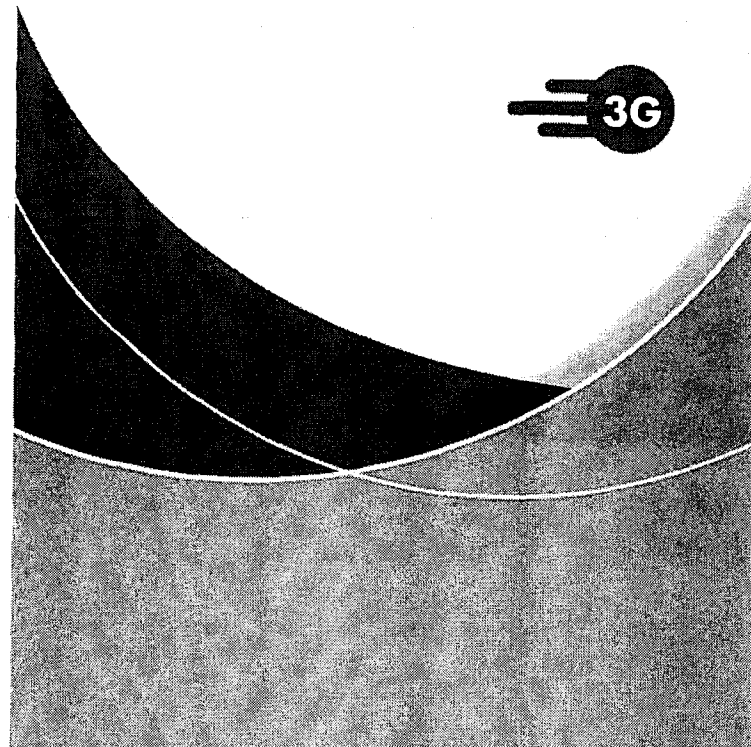

Regional Cellular Minutes are from call origination location within the SouthernLINC Wireless Regional Service Area. Partial minutes of use are rounded up to the next minute. Unused monthly plan minutes do not carry forward. Regional Night Minutes are defined as 9:00 PM to 6:59 AM Monday - Thursday from call origination location within the SouthernLINC Wireless Regional Service Area. Regional Weekend Minutes are defined as 9:00 PM Friday to 6:59 AM Monday from call origination location within the SouthernLINC Wireless Regional Service Area. Regional Mobile to Mobile Cellular Minutes are used when a call is placed from one SouthernLINC Wireless regional phone number to another SouthernLINC Wireless regional phone number within the SouthernLINC Wireless Regional Service Area.

Long Distance on the iDEN network applies to calls which are originated in the SouthernLINC Wireless Regional Service Area and terminated in the United States, Puerto Rico, U.S. Virgin Islands or Canada. Long Distance on the 2G/3G network applies to calls which are originated in the 2G/3G coverage area and terminated in the United States, Puerto Rico, U.S. Virgin Islands or Dominican Republic. Voice Mail, Caller ID, Call Forwarding, Call Waiting and Call Hold are nationwide services. 3-Way Calling is only available in the SouthernLINC Wireless Regional Service Area.

Data Plus Plans

Select a Data *Plus* plan with 500 MB, 2 GB or 4 GB of data.

- Choose a Data *Plus* plan with Regional Cell from the chart on the left if you want to talk across the SouthernLINC Wireless Regional Service Area and use high-speed data.
- Choose a Data *Plus* plan with Nationwide Cell from the chart on the right if you want to talk in hundreds of cities across the U.S. and use high-speed data.

An iDEN smartphone with 2 SIM cards is required to access nationwide services and high-speed data.
Ask a sales representative about compatible phone models for these plans.

CONTRACT # C07-1549-PUR
SOUTHERN LINC
PUSH TO TALK WIRELESS PHONES/SERVICE
EXPIRES: 09/30/2014

**BOARD OF COUNTY COMMISSIONERS
AGENDA REQUEST**

DATE: April 2, 2013
TO: Honorable Chairman and Members of the Board
FROM: Richard Brannon
SUBJECT: Southern Linc Contract
DEPARTMENT: Purchasing
BCC DISTRICT: All

STATEMENT OF ISSUE: Requesting approval to renew the current contract with Southern Linc for (1) one year and approve the amended governmental rate/equipment schedule (see attached).

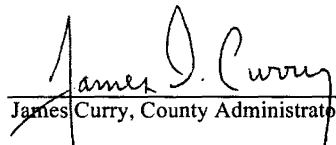

BACKGROUND: Staff (IS, Public Works & Purchasing) have negotiated with Southern Linc to offer the County a 10% discount off the current Local Government rate plans. In addition, with the (1) one year renewal, Southern Linc will give us a onetime customer credit for the referenced accounts that may be used to purchase new equipment or apply to their invoices.

OPTIONS: Approve or Reject.

RECOMMENDATIONS: Staff recommends approval of the (1) one year renewal and the amendment of the rate/equipment schedule.

Richard Brannon, Director 3/26/2013

CONTRACT # C07-1549-PUR
SOUTHERN LINC
PUSH TO TALK WIRELESS PHONES/SERVICE
EXPIRES: 09/30/2014

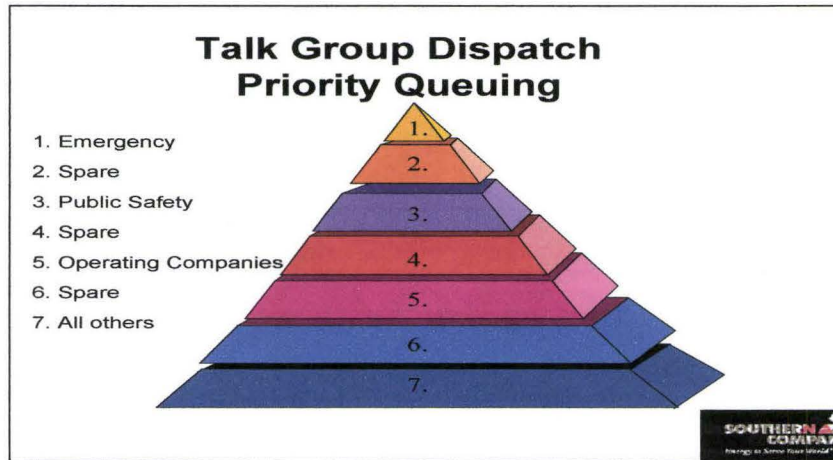

Thank you for the opportunity to renew your services with SouthernLINC Wireless. At a time when operational pressures are rapidly increasing on all government levels, and funds are limited, SouthernLINC Wireless offers an immediate and cost effective solution for Okaloosa County.

SouthernLINC Wireless is dedicated to providing wireless solutions to improve communications and productivity for local governments, schools and other agencies. We offer advanced integrated solutions, very competitive plans, and over 129,000 square miles of local coverage in the states of Alabama, Georgia, the panhandle of Florida and Southeast Mississippi. With our extensive rural coverage, knowledge of local government and unequalled dedication to our customers, SouthernLINC Wireless can offer local, convenient service second to none.

SouthernLINC Wireless' network reliability is proven. To meet the needs of local governments, businesses, public safety agencies, and Southern Company's five operating companies, we built in redundancies, power backups, and security features designed to

ensure the most reliable communications even under the worst conditions. Since its launch, SouthernLINC Wireless has withstood severe weather conditions during Hurricanes Katrina, Ivan, Erin, Opal, Danny, and Floyd. We are committed in continuing to work with our customers in this area to provide excellent, reliable coverage. Our equipment is rich in current technology and features, and we offer a fully integrated digital wireless service providing a very cost effective communications solution. **Currently Okaloosa County is on the Public Safety Fleet with Priority Queuing.**

About Talk Group Dispatch Priority Queuing.

The SouthernLINC Wireless system provides multiple levels of dispatch queuing priority. Dispatch queuing priority levels are assigned on a per Talkgroup basis. SouthernLINC Wireless will assign the highest dispatch trunking queuing priority level to Agency users facing life threatening situations. If conditions exist in which all of the voice channels on the initiator's cell site are in use, the initiating unit will be placed in queue ahead of the currently queued users whose Talkgroups have been assigned a lower priority than that of the initiator. For Talkgroups in queue with the identical priority levels, the queuing is first come first served.

When disaster strikes a SouthernLINC area our system is ready.

- The Network was initially developed to meet the rigorous standards of Southern Company's four electric operating companies
- Towers meet or exceed all industry standards with respect to wind and ice loading
- Back-up batteries at all tower sites to safeguard against power loss
- Back-up Generators at all sites in Florida
- Network Availability-99.93%

We are proud of our service to the public sector within Florida and value the relationship with Okaloosa County. Because of this relationship we are offering the county a discount in addition to our already low government rates.

With renewal, each account will receive a **10% additional discount** off the Current Local Government Rates. This applies to cell/radio plans (see attached rate spreadsheet for breakdown). Also, a **one-time customer credit** will be added (see one time credit breakdown below). This credit can be used to purchase equipment or as a reduction of annual costs.

All subscriber accounts associated with the above-referenced Account Number will reflect a service renewal from this date until September 30th. 2014. Early termination fees will not apply to this service renewal; however, in the event that you terminate service for any such subscriber accounts prior to the end of this service renewal term, you will be charged a fee in an amount equal to any service credits, waived fees or discounts issued to you with respect to such subscriber account(s).

In the event that you should perform equipment upgrades on any of the subscriber accounts associated with the above-referenced Account Number prior to the end of this service renewal term, a new contract subject to an early termination fee of up to \$200 will replace this service renewal (and any corresponding service credit refund) per each account upgraded.

You acknowledge and agree that after June 30, 2013, you will no longer be able to roam outside of the SouthernLINC Wireless regional service coverage area, including, but not limited to, 911 service, under the plan you are purchasing today. As June 30, 2013 approaches, you may continue to experience loss of coverage outside of the regional service coverage area. SouthernLINC is working to find a new option to provide you nationwide service. However, any new nationwide option will likely require the purchase of a new handset and a new rate plan.

One Time Credits

Okaloosa Road Department #10183583	\$2145.00
Okaloosa Enviromental # 101850016	\$ 901.00
Okaloosa Fleet Operations #10045521	\$ 760.00
Okaloosa Resources #10110485	\$ 886.00
Okaloosa Engineering #10181202	\$ 832.00

As in the past, a dedicated team of representatives will work closely with Okaloosa County to continue the most cost efficient and effective communications network possible. Our team will continue to support all the customer requirements throughout the term of the contract.

Again, thank you for the opportunity to submit amendment information and the ability to demonstrate the integrity of SouthernLINC Wireless' communications system.

SOUTHERN LINC WIRELESS
PUSH TO TALK WIRELESS PHONES/SERVICE
EXPIRES: 9/30/2010

Re: Contract Renewal Promotions
Motorola Equipment Cost
Available RIM i8350 Rebate

I. Service access credit equal to one month of service is offered for a new 24 month contract to any Okaloosa County customers on SouthernLINC Wireless through May 31st 2010. This credit will be applied to the first bill following a signed new agreement. The credit applies only to monthly phone/radio access.

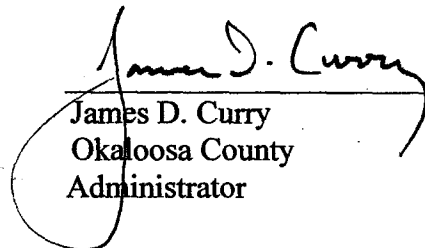

II. Several new Motorola models of phones have been developed and are now available. Okaloosa County customers are eligible for discount pricing on new models of phones. Listed below are the new models and pricing available for new service and equipment upgrades.

Motorola	New Service	Equipment Upgrade
I576	\$0.00	\$69.00
I410	\$0.00	\$59.00
I365	\$0.00	\$50.00
I680	\$199.00	\$199.00
I765	\$850.00	\$850.00

III. Okaloosa County customers contracting with SouthernLINC Wireless are eligible for any Public Sector rebates or promotions from RIM Blackberry (example: \$100 rebate from RIM). Promotions will be offered through SouthernLINC Wireless when available from the manufacturer.

CONTRACT: PUSH TO TALK
WIRELESS SERVICE
CONTRACT NO.: C07-1549-PU3-40
SOUTHERN LINC
EXPIRES: 9/30/2010

CONTRACT

This agreement, in sextuple, executed in Crestview, Florida this 28th day of AUGUST 2007 between the County of Okaloosa, Florida, the Owner, hereinafter called the Party of the First Part, and **Southern Linc Wireless** or its successors, executors, administrators and assigns, hereinafter called the Party of the Second Part.

WITNESSETH:

That for and in consideration of payments, hereinafter mentioned, to be made by the Party of the First Part, the Party of the Second Part agrees to furnish all equipment, to furnish and deliver all materials required to be furnished and delivered related to **Two-Way (Push-to-Talk) Wireless Communication Services as per Okaloosa County RFP #BCC 41-07 per attached pricing** in strict conformity with the provisions of this Contract, the Notice to Contractors, the Specifications and the Plans approved by the Owner. The said Plans, Specifications, the Notice to Contractors, and the Proposal are hereby made a part of this agreement as fully and to the same effect as if the same had been set forth at length in the body of this agreement.

As security for the full and faithful performance of this contract and all the incidents thereto, the Party of the Second Part had made and furnished a Contract Bond with SAFECO ASSURANCE COMPANY as Surety (as required in RFP), which is accepted by Parties of the First Part and made a part of this contract.

In consideration of the foregoing promises, the Party of the First Part agrees to pay to the Party of the Second Part such unit prices for the work actually done as are set out in the accompanying proposal in the manner provided in the said Specifications.

This term of this contract will be in effect upon completion of signatures by both parties and will run through **September 30, 2010**. This contract may be renewed for one (1) additional three-year period if both parties are in agreement.

The Contractor shall be prepared to begin work to be performed under the contract as he set forth in his proposal, but will not proceed until he receives official notice to begin.

REPRESENTATIVES: The authorized representative of the County shall be:

Jack Allen
Okaloosa County Purchasing
850-689-5960 / 850-689-5998 (Fax)
E-Mail: jallen@co.okaloosa.fl.us

The authorized representative for Southern Linc Wireless shall be:

Ronnie Tibbs
Public Sector MGR.
888.240.4977
7000 NORTH DAVIS HIGHWAY
DEERFIELD, FL 32504
E-Mail: RTIBBS

All notices required by this agreement shall be in writing to the representative listed above with a courtesy copy to the following:

John Christopher
Contracts & Leases Coordinator
Okaloosa County Purchasing Department
602-C North Pearl Street
Crestview, FL 32536
850-689-5960 / 850-689-5998 (FAX)
E-Mail: jchristopher@co.okaloosa.fl.us

IN WITNESS WHEREOF, the Chairman of the Board of County Commissioners, by authority vested in him, has hereunto subscribed his name on behalf of the County of Okaloosa, Florida, the Owner, and the said RODOLFE TIBBS has hereto fixed his signature, the day and year above written.

FLORIDA TAXES AND FEES

State Telecommunications Tax 9.17%

County – Local Telecommunications Tax rate varies by County

City – Local Telecommunications Tax rate varies by City

Government agencies are exempt by statute; however, Southern LINC must have a completed governmental exemption form on file before they can be set as exempt. The form must include the consumer's certificate of exemption number.

*E911 Fee \$0.50 per subscriber

**Federal Universal Service Fund Fee
1.14% of services
0.61% non-Bundled Dispatch Svc
1.60% (Interconnect Access and
Interconnect Usage)

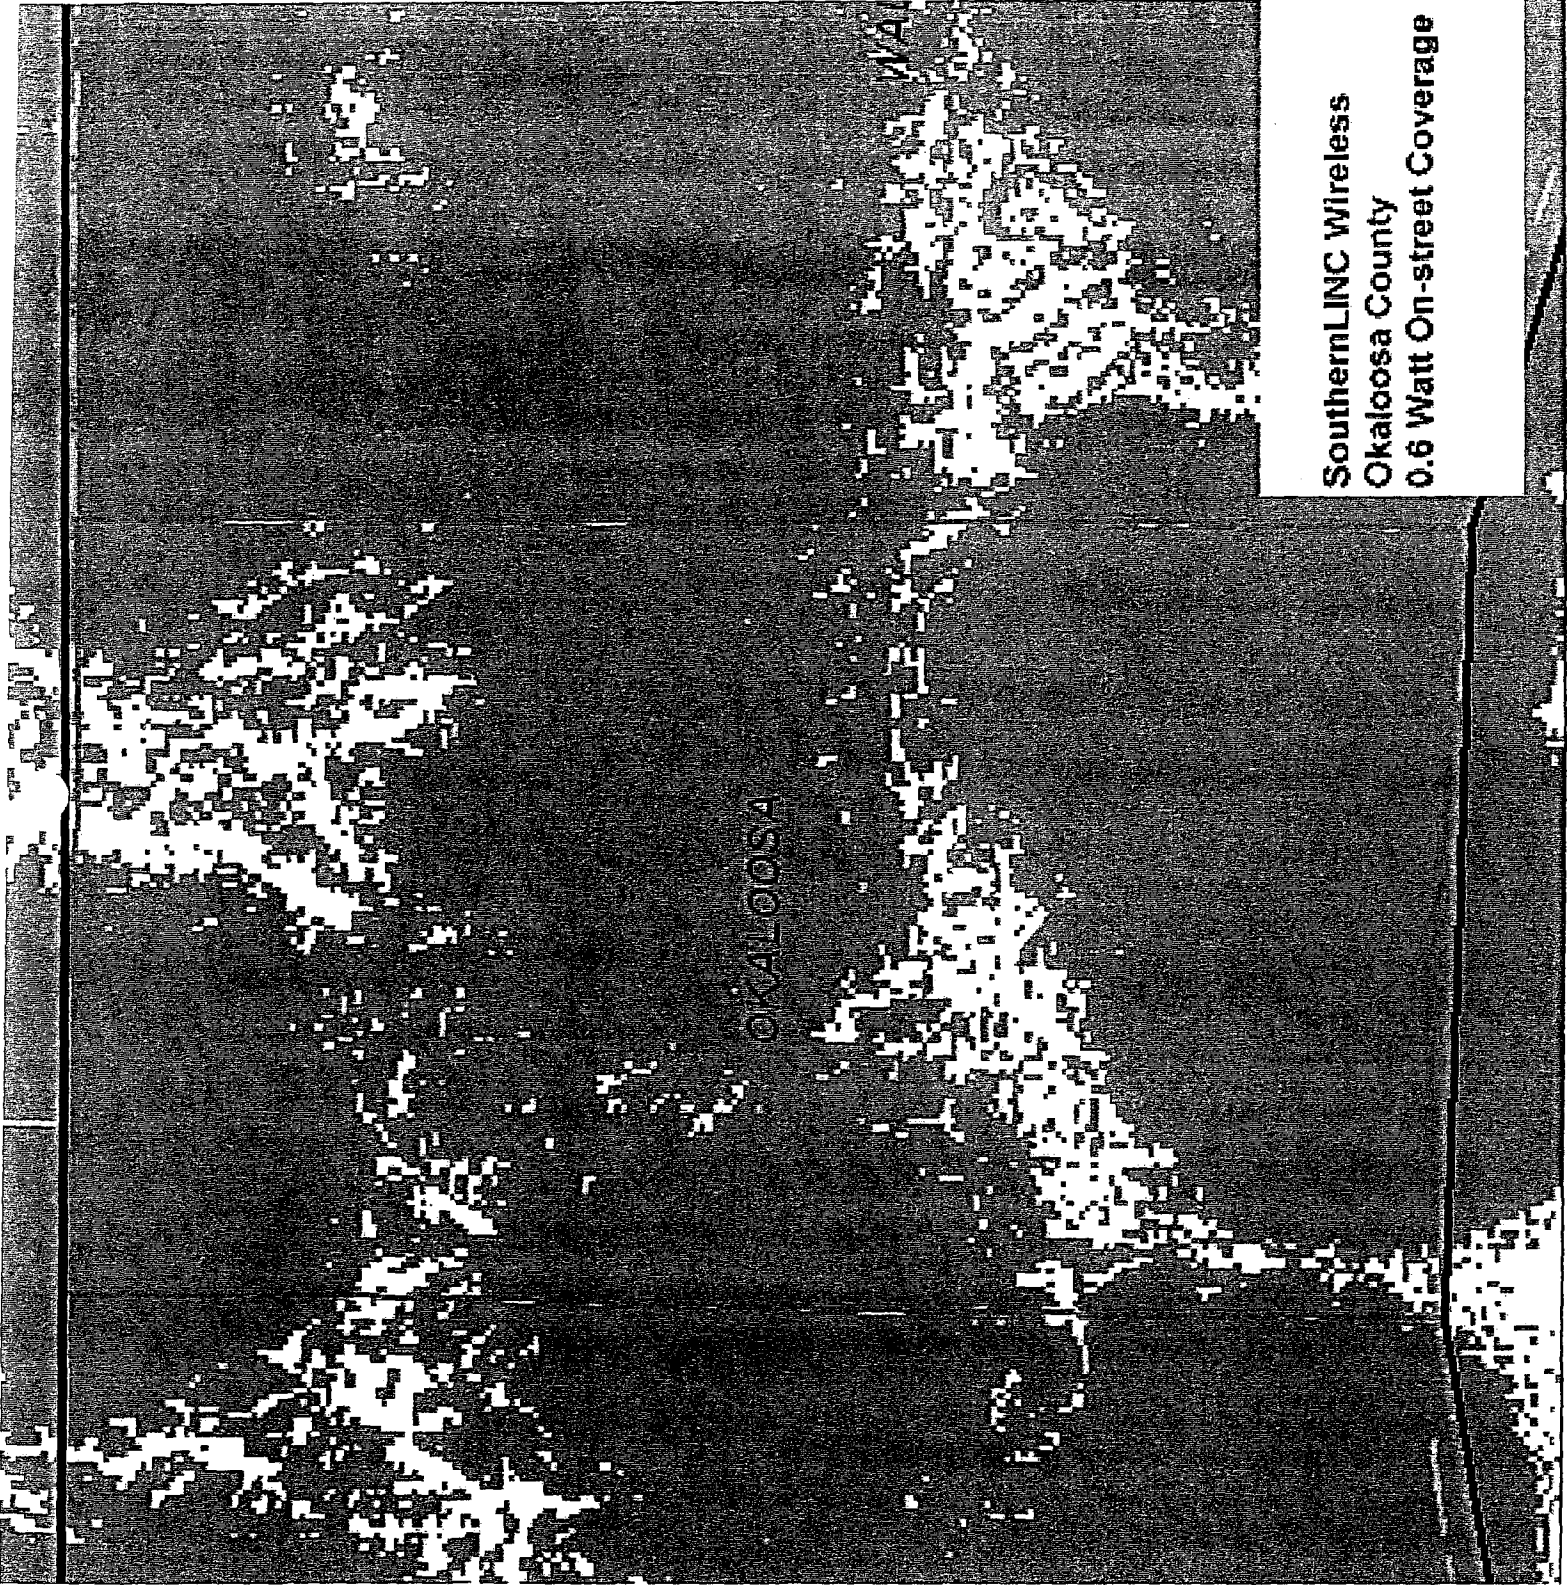

***Regulatory Cost Recovery Fee \$0.40

Description of Fees:

** E911 is a flat fee imposed on telecommunication service users by the state government and identified on customer bills by county. These fees are used to cover the costs of maintaining an emergency 911 system. Southern LINC collects the fees and remits to the state.*

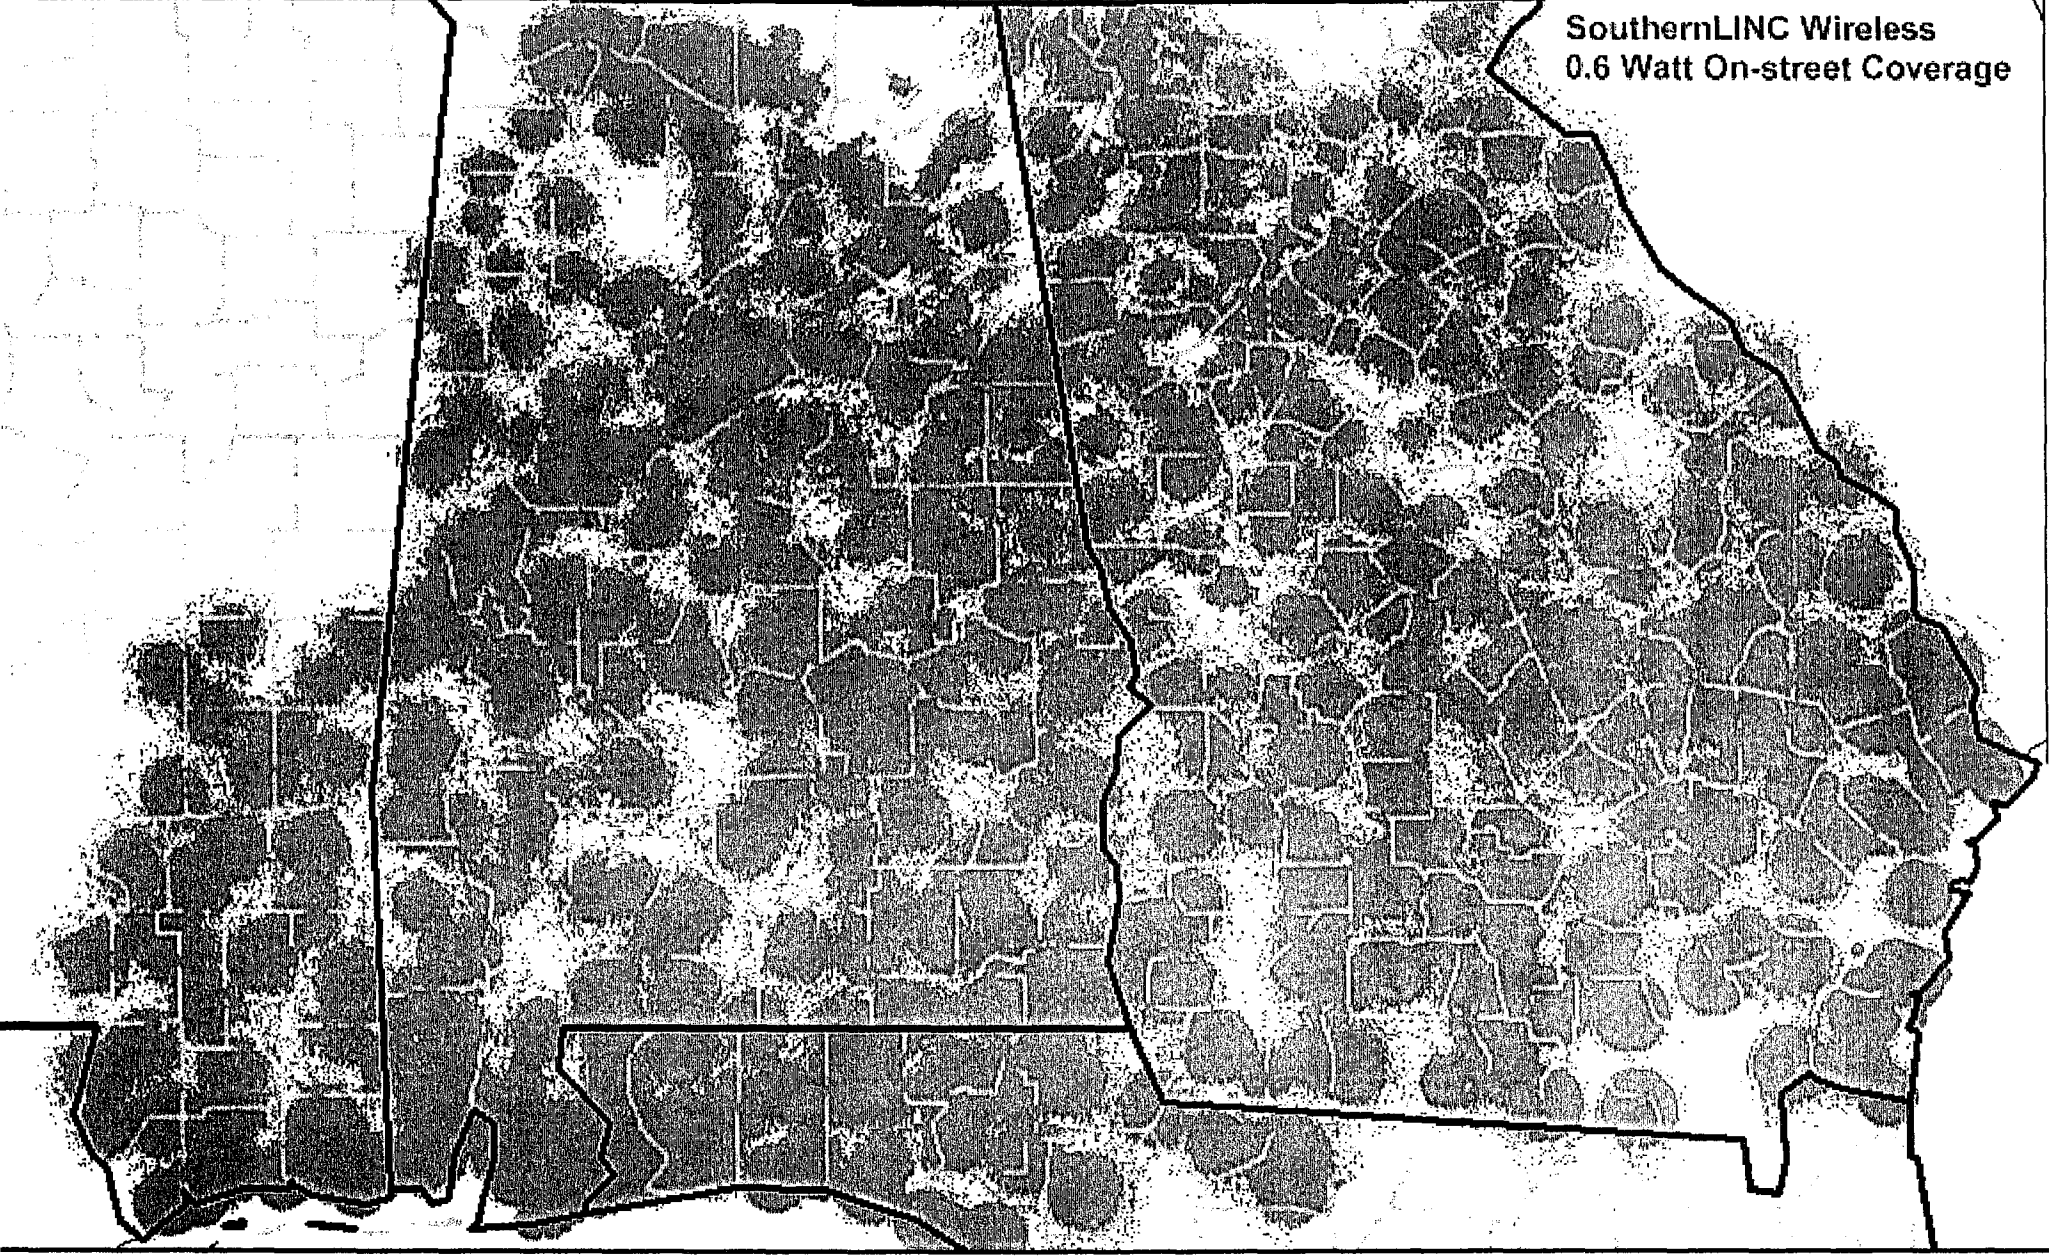

***The Federal Universal Service Fund Fee is a percentage of the total billed amount that month (Including overages). The rate is set by the FCC and is subject to change on a quarterly basis. The current USF rate is 1.14%. (@ 01/01/07). Dispatch Usage will be assessed at a rate of 0.57%. Customers subscribing to dispatch only service will also be assessed USF at rate of 0.57%. All Interconnect Access and Usage will be assessed a rate of 1.60%.*

**** The Regulatory Cost Recovery Fee is a monthly per-unit fee that reflects Southern LINC's cost of complying with FCC rules and initiatives, such as Telephone Number Pooling and Wireless Number Portability. This fee is not a tax, nor a government mandated charge. This fee is included for all units with telephony service.*

AWARD SHEET**

REQUEST FOR PROPOSALS
TWO WAY (PUSH-TO-TALK) WIRELESS COMMUNICATION SERVICES
PROPOSAL #: BCC 41-07

The Board of County Commissioners of Okaloosa County, Florida, requests proposals for Communication Services (two-way).

The Commissioners will appoint a committee to review and evaluate the proposals. Selection will be pursuant to Chapter 287, Florida Statutes, and Board Policy.

Firms desiring consideration should request a copy of the RFP package from the Okaloosa County Purchasing Dept, 602-C North Pearl St, Crestview, FL 32536, 850-689-5960 and furnish all information requested in the RFP or download from our website at www.co.okaloosa.fl.us (County Dept., Purchasing, Competitive Solicitation Information (lower left-hand corner) and then Current (that will link you to the Florida Panhandle Purchasing Group website where our bid specifications will now be posted).

For additional information on the project, contact Richard Brannon or Jack Allen, Okaloosa County Purchasing Dept, 850-689-5960.

Firms desiring consideration should provide one (1) original and six (6) copies of their proposal, which should include a description of the firm's organization, key personnel, experience, pricing and approach to the project.

A pre-bid conference is scheduled for **9:00 a.m.** (local time) on **February 21, 2007**. The conference will be held at the Okaloosa County Courthouse, 101 E. James Lee Blvd, Board Room #120, Crestview FL 32536. The pre-bid conference is not mandatory, however, it is highly suggested that you attend.

At **4:00 p.m.** (local time), **March 16, 2007** the proposals will be opened and read aloud. All proposals must be in sealed envelopes reflecting on the outside thereof the proposer's name and "**Proposal on Two Way (Push-To-Talk) Wireless Communication Services, Proposal #BCC 41-07, to be opened at 4:00 p.m., March 16, 2007**". The Board of County Commissioners will consider all proposals properly submitted to the Okaloosa County Purchasing Dept, 602-C North Pearl St, Crestview, FL 32536.

All proposals received after the stated time and date will be returned unopened and will not be considered. **Note: Crestview, FL is not a guaranteed delivery location by most delivery services.** Proposers using mail or delivery services assume all risks of late or non-delivery.

The County reserves the right to award the contract to the firm submitting a responsive proposal with a resulting negotiated agreement that is most advantageous and in the best interest of Okaloosa County, and to waive any irregularity or technicality in proposals received. Okaloosa County shall be the sole judge of the proposal and the resulting negotiating agreement that is in its best interest and its decision will be final.

Any proposer failing to mark outside of envelope as set forth herein may not be entitled to have their bid considered.

All proposals should be addressed as follows:

Okaloosa County Purchasing Dept
Attn: Richard Brannon, Purchasing Director
602-C North Pearl St
Crestview, FL 32536

**OKALOOSA COUNTY
VENDOR REGISTRATION
INFORMATION**

All vendors wishing to do business with the Okaloosa County Board of County Commissioners must register through the Florida Panhandle Purchasing group (FPPG). Registration can be completed by going to Okaloosa County's website:

www.co.okaloosa.fl.us, then go to County Offices and select Purchasing. Once at the Purchasing website go to Section Navigation, click on the arrow and select Vendor Registration, then click on the Florida Panhandle Purchasing Group link.

If you have questions regarding registration or you do not have access to the internet, you can call **Vendor Support** at 1-800-677-1997, Ext. 214.

Vendors will have access to all participating Florida Panhandle Purchasing Group agencies bid information by registering.

Thank you for your interest in doing business with Okaloosa County Board of County Commissioners.

**VENDOR INSTRUCTIONS
FOR DOWN-LOADING BID SPECS**

WEB ADDRESS:

www.govbids.com/scripts/panhandle/public/home1.asp

(Bookmark to Favorites)

Go to **Vendor Registration**. There are 2 options, decide what option you want, and scroll down to bottom of screen and you'll see Vendor Registration at bottom right corner of screen.

At the end of registration there will be an icon that you can click; that will take you back to the **Home Page**. Once at the Home Page, click **Bid Opportunities**, then **Okaloosa County**, select Bid Specs.

If you have questions, call 1-800-677-1997, Ext. 214 for help.

REQUEST FOR PROPOSALS (RFP) WIRELESS COMMUNICATION SERVICES

PROPOSAL #: BCC 41-07

Okaloosa County, a political subdivision of the State of Florida, (the County), seeks proposals from qualified firms for the services described. All proposals must meet the terms and conditions of this RFP.

All proposals must be submitted at or before **4:00 p.m.** (local time), on **March 16, 2007**. Proposers shall submit one (1) original and six (6) copies of their proposal, each in a separate loose-leaf binder, with labeled dividers. The sealed proposals must be delivered to the following address on or before the time stated above:

Okaloosa County Purchasing Dept
Attn: Richard L Brannon
602-C North Pearl St
Crestview, FL 32536

All proposals received after the stated time and date will be returned unopened and will not be considered. Proposers using the mail assume all risks of late or non-delivery. **Note: Crestview, FL is not a "next day guaranteed delivery location" by most delivery services.**

Intent: The purpose of this bid is to enter into contract with one or more suppliers to provide two-way (push-to-talk) services as needed. The County will issue contracts for an initial three year period with a renewal clause of an additional three year period if needed. The County is interested in obtaining proposals for a "cafeteria" of services. Due to the option available, the County reserves the right to split the award of this bid based on the best interest of the County.

Background: Okaloosa County currently has the following (subject to change) numbers of phones in use:

Southern Linc

290 ea

SPECIFICATIONS / SCOPE OF SERVICES

1. Offerors shall submit proposals/rate schedules/plans for the following services. Proposals outside the scope called for will be considered. All proposed equipment shall meet or exceed the following specifications:

A. Two-way "Link" type radio:

1. Instant two-way radio. _____
2. Cellular/Digital phone (option-some users may choose only the radio function and no cellular capability). _____
3. Text and numeric paging. Expanded text message capability up to 240 characters. _____
4. Speakerphone for hands-free use. _____
5. Caller ID. _____
6. Missed call indicator, delayed message alert. _____
7. 0.4 watt minimum. _____
8. Battery – rechargeable, Lithium (minimum two (2) hour talk time, minimum four (4) days of standby time). Price must include spare battery. _____
9. AC Battery Charger and in vehicle (cigarette) battery charger. _____
10. Carrying case (fully enclosed). _____
11. On/off (end) switch, volume control, battery status indicator, antenna. _____
12. Ability to contact one or multiple persons in a predefined call group. _____

2. System Requirements:

- A. Compatibility:** In the event that the County's equipment is not compatible with the awarded network service, the vendor shall furnish new equipment to the County at **no charge**. The equipment will be equivalent or better than the existing County equipment. The equipment will remain the property of the vendor and will be surrendered by the County at the end of the contract. If a new request for equipment is issued after implementation of the contract, the County will purchase and

own the equipment. _____

B. **Replacement:** If a piece of equipment goes out of service and is not under warranty, the County will purchase and own the replacement equipment. _____

C. **Warranty:** Include detailed information to explain your equipment warranty. _____

D. **Start Up:** There will be no initialization, start up fees or delivery fee. _____

E. **Selection:** In your proposal, list a minimum of two selections (prefer three) of equipment (to include all accessories) in each category of equipment you bid on. Furnish brochures and literature (showing all accessories) on each item _____

F. **Coverage:** Proposers must provide maps which show area coverage and any areas of dead space. Failure to do so may result in disqualification. _____

G. **Accessories/Optional Services:** Proposers must offer a fixed percentage discount on all accessories and services. _____

H. **Testing/Evaluation:** Okaloosa County reserves the right to require (at no cost) one set of each piece of equipment proposed for testing/ comparison prior to the award of this contract(s). Samples will be returned to the vendor. _____

I. **Billing:** The successful bidder(s) will be required to provide individualized (by user) monthly invoices which itemize all outgoing and incoming calls. Bills will list: _____

1. Phone #.
2. Invoice #.
3. Bill date and due date.
4. Bill remittance address.
5. Summary record.

A sample invoice is to be included in your proposal.

J. **Roaming Charges:** Proposers shall provide statewide roaming at no cost. _____

K. **Long Distance:** Proposers shall provide nationwide calling on all calls originating within the local coverage area. _____

L. Proposers will meet all Federal Communications Commission rules and regulation. _____

- M. **Evaluation/Award:** An Evaluation Committee appointed by the Okaloosa County Board of County Commissioners will evaluate all proposals. The Committee will rate and rank all proposals. Okaloosa County reserves the right to award a contract(s) to the company(s) offering the best plans to match the County's needs. Discussion with proposers may be necessary to answer specific questions. Each proposal must include the name and phone number of a specific contact to represent your firm. Ranking will be based on a numeric award system. A copy of the ranking sheet is enclosed. _____
- N. **Contact:** All prospective offerors are instructed not to contact any member of the Board of County Commissioners or Okaloosa County Staff member prior to evaluation and recommendation for award. All questions should be addressed to the County Purchasing Dept (Richard Brannon or Jack Allen) 850-689-5960. _____
- O. **Implementation:** Proposals must include a clear implementation plan with dates required to phase in your service. _____
- P. **References:** Proposers must include a minimum of five references and should include all governmental accounts services. _____
- Q. **Emergency Operation:** Proposers must include a detailed action plan to explain your company response in the event of a Natural Disaster:
1. Back up power supply
 2. System redundancy.
 3. Government priority during recovery.
 4. Availability of equipment for short term use. _____

SPECIAL BID CONDITIONS

1. **Acceptance:**

Delivery of material or services to Okaloosa Board of County Commissioners does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the material or services meets contract specifications and conditions as listed. Should the delivered material differ in any respect from specifications, payment will be withheld until such time as the supplier takes necessary corrective action. The Purchasing Department shall be notified of the deviation in writing within 10 days and the provisions of the delivery paragraph shall prevail. If the proposed corrective action is not acceptable to Okaloosa County, the final acceptance of the material or services shall remain the property of the supplier and the county shall not be liable for payment for any portion thereof.

2. **Addition/Deletion of Item:**

The County reserves the right to add to or delete any item from this bid or resulting contract when deemed to be in the County's best interest.

3. **Local Preference:**

Okaloosa County reserves the right to grant a preference to in-county bidders only when bids are received from firms located in states, counties, municipalities or other political subdivisions which offer preference to bidders located in such political subdivisions. The amount of preference given to local bidders will be the same as that given by the state, county, municipality or other political subdivisions in which the out-of-county bidder is located. If the political subdivision in which a bidder is located offers a preference to its local firms, that bidder must plainly state the extent of such preference to include the amount and type preference offered. Any bidder failing to indicate such preference will be removed from the County Bid List and any and all bids from that firm will be rejected.

Note: For bidder's convenience, this certification form is enclosed and is made a part of the bid package.

4. **Public Entity Crime Information:**

A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for **CATEGORY TWO** for a period of 36 months from the date of being placed on the convicted vendor list.

5. **Discrimination:**

An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity.

6. **Conflict of Interest:**

The award hereunder is subject to the provisions of Chapter 112, Florida Statutes. All respondents must disclose with their bids the name of any officer, director, or agent who is also a public officer or an employee of the Okaloosa Board of County Commissioners, or any of its agencies.

Furthermore, all respondents must disclose the name of any County officer or employee who owns, directly or indirectly, an interest of five percent (5%) or more in the firm or any of its branches.

Furthermore, the official, prior to or at the time of submission of the bid, must file a statement with the Clerk of Circuit Court of Okaloosa County, if he is an officer or employee of the County, disclosing his or spouse's or child's interest and the nature of the intended business.

Note: For bidder's convenience, this certification form is enclosed and is made a part of the bid package.

7. **Identical Tie Bids:**

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality and service are received by the County for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process (see attached certification form).

Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program.

Note: For bidder's convenience, this certification form is enclosed and is made a part of the bid package.

8. **Performance/Payment Bond:**

The successful contractor will be required to submit a Performance Bond in the amount of \$5,000 and the bond will be held for the life of the contract.

9. Bids will not be considered from vendors who are currently involved in official financial reorganization or bankruptcy proceedings.

10. **Payments:**

The contractor shall be paid upon submission of invoices, in duplicate to the Okaloosa County Board of Commissioners, Finance Office, Room 115, 101 James Lee Blvd., East, Crestview, Florida 32536-3502. The prices stipulated herein for articles delivered and accepted. Invoices must show Purchase Order Number.

11. **Information:**

Questions concerning bid requirements or specifications should be directed to the Okaloosa County Purchasing Department, 602-C North Pearl Street, Crestview, Florida 32536, Telephone Number 850-689-5960; Attn: Richard Brannon or Jack Allen. Any changes by the County to specifications shall be in writing in the form of an addendum and furnished to all bidders. Verbal information obtained otherwise will not be considered in awarding of bids.

12. **Bid Opening:**

Bid Opening shall be public, on the date and time specified on the bid form. It is the bidder's responsibility to assure that his bid is delivered at the proper time and place. Offers by telegram, facsimile, or telephone are **NOT** acceptable. **NOTE:** Crestview, Florida is "**not a next day guaranteed delivery location**" by delivery services.

13. **Right to Waive and Reject:**

- A. The Board, in its absolute discretion, may reject any bid of a bidder that has failed, in the opinion of the Board, to complete or perform an Okaloosa County contracted project in a timely fashion or has failed in any other way, in the opinion of the Board, to perform a prior contract in a satisfactory manner and has directed the Okaloosa County Purchasing Director to emphasize this condition to potential bidders.
- B. There is no obligation on the part of the County to award the bid to the lowest bidder, and the County reserves the right to award the bid to bidder submitting a responsive bid with a resulting negotiated agreement which is most advantageous and in the best interest of Okaloosa County, and to reject any and all bids or to waive any irregularity or technicality in bids received. Okaloosa County shall be the sole judge of the bid and the resulting negotiated agreement that is in its best interest and its decision shall be final.
- C. The Board of County Commissioners reserves the right to waive any informalities or reject any and all bids, in whole or part, to utilize any applicable state contracts in lieu of or in addition to this bid and to accept the bid that in its judgment will best serve the interest of the County.

- D. The Board of County Commissioners specifically reserves the right to reject any conditional bid and will normally reject those that made it impossible to determine the true amount of the bid. Each item must be bid separately and no attempt is to be made to tie any item or items to any other item or items.

14. **Disqualification of Bidders:** Any of the following reasons may be considered as sufficient for the disqualification of a bidder and the rejection of his bid or bids:

- A. More than one bid for the same work from an individual, firm or corporation under the same or different name.
- B. Evidence that the bidder has a financial interest in the firm of another bidder for the same work.
- C. Evidence of collusion among bidders. Participants in such collusion will receive no recognition as bidders for any future work of the County until such participant shall have been reinstated as a qualified bidder.
- D. Uncompleted work that in the judgement of the County might hinder or prevent the prompt completion of additional work if awarded.
- E. Failure to pay or satisfactorily settle all bills due for labor and material on former contracts in force at the time of advertisement of bids.
- F. Default under previous contract.
- G. The Board, in its absolute discretion, may reject any bid of a bidder that has failed, in the opinion of the Board, to complete or perform an Okaloosa County contracted project in a timely fashion or has failed in any other way, in the opinion of the Board, to perform a prior contract in a satisfactory manner, and has directed the Okaloosa County Purchasing Director to emphasize this condition to potential bidders.

15. **Authority to Piggyback:**

All bidders submitting a response to this Invitation to Bid agree that such response also constitutes a bid to all governmental agencies under the same conditions, for the same contract price, and for the same effective period as this bid, should the bidder feel it is in their best interest to do so.

Each governmental agency desiring to accept these bids and make an award thereof shall do so independently of any other governmental agency. Each agency shall be responsible for its own purchases and each shall be liable only for materials and/or services ordered and received by it, and no agency assumes any liability by virtue of this bid.

This agreement in no way restricts or interferes with the right of any governmental agency to bid any or all items.

16. **No Bid:**

If not submitting a bid, respond by returning this bid, marking it "NO BID" and explain the reason. Repeated failure to quote without sufficient justification shall be cause for removal of the supplier's name from the bid mailing list. **NOTE:** To qualify as a respondent, bidder must submit a "No Bid" and it must be received no later than the stated bid opening date and hour.

17. **Termination of Contract:**

The contract may be terminated in its entirety upon thirty (30) calendar days prior written notice by either party to the other.

In the event the contract is cancelled in its entirety at any time during the terms of the contract, any loss of anticipated profits from such cancellation shall not constitute grounds for equitable adjustments under the contract.

18. **Escalation Clause:**

If any escalation cost is to be considered, it shall be plainly stated in the bid as either a percentage figure and/or as a numerical number.

19. **Insurance Requirements:**

- A. The **CONTRACTOR** shall not commence any work in connection with this Agreement until he has obtained all required insurance and such insurance has been approved by the Okaloosa County Risk Management Officer.
- B. All insurance policies shall be with insurers licensed to do business in the State of Florida, and any insuring company is required to have a minimum rating of A, Class X in the Best Key Rating Guide published A. M. Best & Co., Inc.
- C. The County shall retain the right to reject all insurance contracts that do not meet the requirement of this Agreement. Further, the County reserves the right to change these insurance requirements with 60-day notice to the **CONTRACTOR**.
- D. The insurance definition of Insured or Additional Insured shall include Subcontractor, Sub-subcontractor, and any associated or subsidiary companies of the **CONTRACTOR**, which are involved, and which is a part of the contract.
- E. The County reserves the right at any time to require the **CONTRACTOR** to provide certified copies of any insurance policies to document the insurance coverage specified in this Agreement.
- F. The designation of **CONTRACTOR** shall include any associated or subsidiary company which is involved and is a part of the contract and such, if any

associated or subsidiary company involved in the project, must be named in the Workers' Compensation coverage.

- G. All policies shall be written so that the County will be notified of cancellation or restrictive amendments at least thirty (30) days prior to the effective date of such cancellation or amendment. Such notice shall be given directly to the County Representative.
- H. All insurance contracts, except the Workers' Compensation shall list Okaloosa County as an Additional Insured. **CONTRACTOR** shall provide the County current Certificates of Insurance for all policies at least ten days before commencing work.

Workers' Compensation Insurance:

- A. The **CONTRACTOR** shall secure and maintain during the life of this agreement Workers' Compensation insurance for all employees employed including supervision, administration and management personnel. In case any work is sublet with the approval of the County, the **CONTRACTOR** shall require the Subcontractor to provide Workers' Compensation insurance for all employees. Evidence of such insurance shall be furnished the County not less than ten (10) days prior to the commencement of any and all subcontracted work.
- B. Such insurance shall comply with the Florida Workers' Compensation Law.
- C. Coverage shall include a waiver or subrogation clause in favor of Okaloosa County. Also, this endorsement must be indicated on all Certificates of Insurance.

Business Automobile and Public Liability Insurance:

- A. The **CONTRACTOR** shall maintain Business Automobile Liability insurance coverage throughout the life of this Agreement. The insurance shall include Owned, Non-Owned, & Hired motor vehicle coverage.
- B. The **CONTRACTOR** shall carry other Public Liability insurance against all other Bodily Injury, Property Damage and Personal and Advertising Injury exposures.
- C. In addition to the required coverage in B. above, Public Liability coverage shall include the following:
 - a) On and Off Premises Operation Liability
 - b) Personal Injury Liability Insurance
 - c) Independent Contractor Liability
 - d) Completed Operations and Products Liability

- D. The **CONTRACTOR** shall agree to maintain in force Commercial General Liability Insurance including Completed Operations and Products Liability coverage for at least two years following acceptance of the project by the COUNTY.
- E. All liability insurance shall be written on an occurrence basis and shall not be written on a claim-made basis. If the insurance is issued with an aggregate limit of liability, the aggregate limit of liability shall apply only to the locations included in this Agreement. If, as the result of any claims or other reasons, the available limits of insurance reduce to less than those stated in the LIMITS OF LIABILITY, the **CONTRACTOR** shall notify the County representative in writing. The **CONTRACTOR** shall purchase additional liability insurance to maintain the requirements established in this Agreement. Umbrella or Excess Liability insurance can be purchased to meet the Limits of Liability specified in this Agreement.

Limits of Liability:

The insurance required shall be written for not less than the following limits unless law requires higher amounts:

<u>COVERAGE</u>	<u>LIMIT</u>
1. Workers Compensation	
a. State	Statutory
b. Employers Liability	\$1 million each accident
2. Business Automobile	\$1 million each occurrence (Combined Single Limit)
3. Commercial General Insurance	\$1 million each occurrence (Combined Single Limit)
4. Professional Liability	\$1 million each occurrence (Combined Single Limit)
5. Personal and Advertising Injury	\$250,000

Notice of Claims or Litigation:

The **CONTRACTOR** agrees to report any incident or claim that results from performance of this Agreement. Within ten (10) days of the **CONTRACTOR's** knowledge, the County Representative shall receive written notice describing the incident or claim. In the event such incident or claim involves injury or property damage to a third party, verbal notification shall be given the same day the **CONTRACTOR** becomes aware of the incident or claim. A detailed written report is to be made within ten (10) days.

Indemnification and Hold Harmless:

To the fullest extent permitted by law, **CONTRACTOR** shall indemnify and hold harmless **COUNTY**, its officers and employees from liabilities, damages, losses, and costs including but not limited to reasonable attorney fees, to the extent caused by the negligence, recklessness, or intentional wrongful conduct of the **CONTRACTOR** and other persons employed or utilized by the **CONTRACTOR** in the performance of this Agreement.

Certificate of Insurance:

- A. All insurance shall include the interest of all entities names in and its respective agents, consultants, servants and employees of each and all other interests as may be reasonably required by Okaloosa County as Additional Insured. The coverage afforded the Additional Insured under this policy shall be primary insurance. If the Additional Insured have other insurance that is applicable to the loss, such other insurance shall be on an excess or contingent basis. The amount of the company's liability under this policy shall not be reduced by the existence of such other insurance.

- B. Certificates of insurance, in duplicate, indicating the job site and evidencing all required coverage must be submitted to and approved by Okaloosa County prior to the commencement of any of the work. The certificate holder(s) shall be as follows:

Okaloosa County
602-C North Pearl Street
Crestview, Florida 32536

- C. All policies shall expressly require 30 days written notice to Okaloosa County at the address set out above, or the cancellations of material alterations of such policies, and the Certificates of Insurance, shall so provide. The certificate, if on a Standard Accord, shall not include language such as "if any" or but failure to mail such notice shall impose on obligation or liability of any kind upon the County, its agents or representatives.

- D. All certificates shall be subject to Okaloosa County's approval of adequacy of protection and the satisfactory character of the Insurer.

- E. The Certificates of Insurance shall disclose any and all deductibles or self-insured detentions (SIRs). Deductibles or SIRs in excess of \$10,000 will not be accepted unless specifically approved in writing by Okaloosa County. All deductibles or SIRs, whether approved by Okaloosa County or not, shall be the Contractor's full responsibility. In particular, the Contractor shall afford full coverage as specified herein to entities listed as Additional Insured.

In no way will the entities listed as Additional Insured be responsible for, pay for, be damaged by, or limited to coverage required by this schedule due to the

existence of a deductible or SIR. Specific written approval from Okaloosa County will only be provided upon demonstration that the Contractor has the financial capability and funds necessary to cover the responsibilities incurred as a result of the deductible or SIR.

- F. In the event of failure of the Contractor to furnish and maintain said insurance and to furnish satisfactory evidence thereof, Okaloosa County shall have the right (but not the obligation) to take out and maintain insurance on the project. All costs for the coverage will be paid by Contractor upon presentation of a bill.

General Terms:

Any type of insurance or increase of limits of liability not described above which the Contractor required for its own protection or on account of statute shall be its own responsibility and at its own expense.

The carrying of the insurance described shall in no way be interpreted as relieving the Contractor of any responsibility under this contract.

Should the Contractor engage a subcontractor or sub-subcontractor, the same conditions will apply under this agreement to each subcontractor and sub-subcontractor.

The Contractor hereby waives all rights of subrogation against Okaloosa County and its consultants and other indemnities of the Contractor under all the foregoing policies of insurance.

Umbrella Insurance:

The Contractor shall have the right to meet the liability insurance requirements with the purchase of an umbrella insurance policy. In all instances, the combination of primary and umbrella liability coverage must equal or exceed the minimum liability insurance limits stated in this agreement.

DRUG-FREE WORKPLACE CERTIFICATION

ALSO SEE SOUTHERNLINC DRUG POLICY UNDER LINCENSE AGREEMENT

THE BELOW SIGNED BIDDER CERTIFIES that it has implemented a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under quote a copy of the statement specified in subsection 1.
4. In the statement specified in subsection 1, notify the employees that, as a condition of working on the commodities or contractual services that are under quote, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, drug abuse assistance or rehabilitation program if such is available in employee's community, by any employee who is convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign this statement, I certify that this firm complies fully with the above requirements.
