Scope of Services

Daikin Applied Americas, Inc. is pleased to offer the following Project proposal for your consideration. Thank you for selecting Daikin Applied Service Group to care for your building's system. Our factory-trained service personnel have the knowledge and experience to deliver the best support available. Daikin will perform all services using factory-trained technicians who specialize in HVAC, refrigeration and electronic system maintenance and repair services. Daikin is pleased to offer this proposal for your consideration.

Scope of Work

Daikin Applied will provide the following equipment, labor, crane, and travel necessary to complete the following work. All work performed during regular business hours.

- Customer to provide permits
- Provide installation of structure support for the new RTU package units on the high roof per drawing S-101 dated March 18, 2021
 - Structure will be installed on the 3rd floor above the ceiling
 - Ceiling grid and tile above removed by Okaloosa county maintenance.
 - Installation process will consist of welding 4"x 4"x 5/16" angle iron to existing bar joist. All angle and welds painted red.
 - Plywood and fire blanket to protect floors and walls
 - Exhaust fan ducted to the roof access hatch to exhaust welding fumes
 - Fire extinguisher and fire watch during hot work
 - New holes drilled for through bolting existing curb to new structure
 - Existing curb anchored per structure drawings
 - Caulk roofing holes in the areas of curb bolts
- Provide and Install 10" curb extensions to satisfy future roof slope requirements
- Provide and install curb adaptors
- Provide Crane to remove old units and install new units
- Demo and remove existing units
- Demo existing electrical
- Adjust electrical as needed to connect to new units
- Adjust ductwork as needed for the curb adapter
- Install temperature/humidity stat in the space on the third floor
- Install new condensate drain piping
- Perform factory startup.
- 2-DPS010A Heat Pumps
 - Electric heat 18kw
 - Modulating hot gas reheat
 - Space temperature and humidity sensor
 - Microprocessor controller
 - ECM Variable speed condenser fan for low ambient head pressure control
 - Inverter compressor for proportional control
 - 0-100% Economizer with comparative enthalpy control
 - 2" MERVE 8 Filters
 - Stainless Steel double sloped drain pan
 - Airfoil SWSI Class II supply fan with aluminum fan blades and ECM supply fan motor
 - Access doors with multiple stainless-steel hinges

- Double wall construction with 1" foam insulation (R-value of 7.0)
- Pre-painted galvanized steel exterior surface
- Outdoor Air Monitor
- Bacnet/MSTP Card
- Five year part warranty
- Five year compressor warranty
- One year labor warranty on new work

Excludes

Roofing

Engineering

Removing or installing lights

Removing or installing ceiling tile grid

Permits

T&B

Personnel

Daikin will perform all services using factory-trained technicians who specialize in HVAC, refrigeration and electronic system maintenance and repair service.

Emergency Service Response

Emergency service is available on a 7-day, 24 hour basis. For scheduled service and repairs covered under this agreement and performed at the Customer's request outside of normal working hours, the Customer agrees to pay the difference between the prevailing standard billing rate and the prevailing overtime rate.

Each of our sub-contractors will be maintaining a consistent project manager who will be represented when appropriate during our project time frame.

Staff and resource planning will be maintained throughout the project through our project communications efforts.

Equipment Repair

Daikin will perform all services during its regular working hours unless otherwise specified. Any services requested or agreed to by Customer that are outside the Scope of Work will be performed by Company at an additional cost. Company will invoice such services at a special service and repair billing rate at Company's published labor rate for the service area.

Proposal Clarifications, Exclusions, and Exceptions:

Clarifications:

1. This proposal takes precedence over any other written, verbal, or other statements of scope, schedule, and pricing.
2. Acceptance of a Notice to Proceed is not an acceptance of terms and conditions. Any Notice to Proceed will be based upon the terms and conditions contained in this proposal.
3. All working hours are estimated at regular or straight time rates. Accelerated or expedited project execution schedules and associated costs are subject to additional quotation.
4. Daikin Applied is not responsible for any delays or cost as a result of delays incurred due to limited or no access to roads, buildings or equipment required to complete the scope of work provided for in this proposal.
5. Sales taxes are not included within our pricing.
6. Costs associated with Owner directed programs or software required to fulfill project reporting, execution, safety management, and or Owner or Owner's Representative invoicing are not covered and will be invoiced in addition to the agreed proposal price.
7. Signage will not be provided or installed by Daikin Applied.
8. Staffing of onsite Safety or Security personnel during project execution or after working hours will not be provided and Daikin Applied understands this is the responsibility of the Owner or Owner's Representative.
9. Site drainage, pollution prevention plan and execution, temporary bathrooms, emergency eye-wash stations, barricades, ramps, splash-blocks, fire protection plans and systems required during construction, flagman, access controls features, trash repositories and pick services are not included. Daikin Applied understands the Owner or Owners Representative is responsible for these measures.
10. Daikin Applied understands temporary HVAC, temporary power, work site lighting, and temporary water required to perform the scope of work provided is the Owner or Owner's Representative responsibility.
11. Daikin Applied will only provide supervision for itself and its sub-contractors when we or they are on site.
12. Daikin Applied Material or Labor warranty is excluded on Owner or Owner's Representative provided equipment.

Exclusions:

1. Any labor, materials, or subcontracted service not specifically provided for in the description or scope of work.
2. Identification and remediation of existing code violations.
3. Authority Having Jurisdiction required changes are not included and will be quoted as additional work scope.
4. Painting, repair work to buildings, and/or equipment which is not specifically identified in the description or scope of work.
5. Costs associated with hazardous materials identification, removal, and/or abatement.
6. Temporary or portable HVAC equipment and connections to existing systems.
7. The creation of new Building Automation Systems graphics, monitoring, trending, analysis or any other software or labor required for implementation of these items.
8. Testing and balancing.
9. Commissioning plan development and execution.
10. Sound testing or acoustical treatments for any elements inside or external to the work site or equipment.
11. Seismic analysis and certification for all materials and equipment.
12. Permits, insurance coverages other than indicated in the attached Evidence of Insurance, and performance and payment bonds.
13. Professional services including Architectural, Mechanical, Electrical, Structural and other Engineering Disciplines.
14. Fire, Smoke and/or Security controls, equipment, repair, graphics, programming, replacement or upgrades.

OMNIAPricing and Acceptance
