5.1. General Instructions

- A. In order to be considered for selection, offerors must submit a complete response to this RFP in ONE of the following ways:

- i. Hard Copy Submission:

- Submit one (1) hardcopy proposal and one electronic copy via CD-ROM or USB Drive. Please include a redacted copy of the proposal in electronic form if applicable. The proposal shall be bound or contained in a single volume where practical. No 3-ring binders please.

Envelopes shall be marked with the following information:

- Name and Address of Offeror
- Due Date - October 22, 2020 at 2 p.m.
- RFP Number– RFP-20-092820
- RFP Title – Learning Management System

The envelope should be addressed to:

Attn: Hollie R. Casey
County of Dinwiddie
14010 Boydton Plank Road
P.O. Drawer 70
Dinwiddie, VA 23841

If a proposal is not marked with the above information, the offeror takes the risk that the envelope may be inadvertently opened and the information compromised which may cause the proposal to be disqualified.

ii. Electronic Submission:

Electronic proposal submissions are now accepted through Vendor Registry. Go to www.dinwiddieva.us, scroll to the bottom of the page and click Procurement under QuickLinks, click View All Current Solicitations, click the solicitation and click Submit Bid. You will be asked to login or register with Dinwiddie County in order to submit a proposal. If applicable, please include a redacted copy of the proposal as a separate file.

No other distribution of the proposal shall be made by the offeror. Electronic copies of the proposal shall be provided in a single file in PDF format, unless otherwise stated.

- B. All information requested should be submitted. Failure to submit all information requested may result in the County requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the County.
- C. Proposals shall be signed by an authorized representative of the offeror. Proposals must give the full business address of the Offeror and be signed by him/her with his/her usual signature. Bids by partnerships must furnish the full name of all partners and must be signed in the partnership name by one of the members of the partnership or any authorized representative, followed by the designation of the person signing. Bids by corporations must be signed with the legal name of the corporation followed by the name of the State in which it is incorporated and by the signature and designation of the president, vice president, secretary, or other person authorized to bind it in the matter. The name of each person signing shall also be typed or printed below the signature. A bid by a person who affixes to the signature the word "President", "Vice President", "Secretary", "Agent" or other designation without disclosing the principal, may be held to be the bid of the individual signing. When requested by the County, satisfactory evidence of the authority of the officer signing on behalf of the corporation shall be furnished.
- D. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
- E. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number should be repeated at the top of the next page. The proposal should contain a table of contents, which cross-references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
-

- F. As used in this RFP, the terms "must", "shall", "should" and "may" identify the criticality of requirements. "Must" and "shall" identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as "should" or "may" are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual "must" and "shall" items may not be fully satisfied, but it is the intent to satisfy most, if not all, "must" and "shall" requirements. The inability of an Offeror to satisfy a "must" or "shall" requirement does not automatically remove that Offeror from consideration; however, it may seriously affect the overall rating of the Offerors' proposal.
- G. Ownership of all data, materials, and documentation originated and prepared for the County pursuant to the RFP shall belong exclusively to the County and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protections of § 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable and may result in rejection of the proposal.
- H. All proposals must be received at the proper location listed in this RFP and by the deadline time (Local Time Prevailing). Any proposals received after the announced time and date for submittal, whether by mail or otherwise, will be rejected. The time of receipt shall be determined solely by the County of Dinwiddie.
- The County is not responsible for any delay in delivery by USPS, UPS, FedEx or other delivery services. It is the responsibility of the offeror to see that proposals are received on time and in the proper location.
- I. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to the County. This provides an opportunity for the offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only and does not include negotiation. The County will schedule the time and location of these presentations. Oral presentations are an option of the County and may or may not be conducted.
- J. The Offeror shall be fully responsible for all costs incurred in the development and submission of the proposal. It is the responsibility of the offeror to ensure that their proposals reach the appropriate office prior to the closing time on the proposal.

5.2. Specific Proposal Instructions

Proposals should be as thorough and detailed as possible so that the County may properly evaluate your capabilities to provide the required goods/services. Offerors are required to submit

the following items as a complete proposal. Failure by Offeror to provide the information shall render the proposal non-responsive.

1. Brief corporate history to include products/services offered, number of years in business, number of employees, organization chart, locations, etc.

During the evaluation process, the County may make such reasonable investigations as deemed proper and necessary to determine the ability of the Offeror(s) to perform the services/furnish the goods and the Offeror(s) shall furnish to the County all such information and data for this purpose as may be requested. The County reserves the right to inspect Offeror's physical facilities prior to award to satisfy questions regarding the Offeror's capabilities. Negotiations shall be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the County shall select the offeror which, in its opinion, has made the best proposal and provides the best value, and shall award the contract to that offeror. The County may cancel this Request for Proposals or reject proposals at any time prior to the award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous (Code of Virginia, § 2.2-4359D). All time limits stated in the Contract Documents, including but not limited to the time for completion of the work, are of the essence of the contract.

7. REPORTING AND DELIVERY INSTRUCTIONS

Once a contract has been awarded, all communication and documentation for the project shall be directly to the Project Managers:

-
- Human Resources: Crystal Spain, Director of Human Resources, (804) 469-4500, cspain@dinwiddieva.us

- d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time

orders are placed. In such cases, Contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the County shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve the County of its prompt payment obligations with respect to those charges which are not in dispute (*Code of Virginia*, § 2.2-4363).

8.3.2. To Subcontractors

- a. Any Contractor awarded a contract under this solicitation is hereby obligated:
 - (1) To pay the subcontractor(s) within seven (7) days of the Contractor's receipt of payment from the County for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - (2) To notify the County and the subcontractor(s) within seven days, in writing, of the Contractor's intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.
- b. The Contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the Contractor that remain unpaid seven (7) days following receipt of payment from the County, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier Contractor performing under the primary contract. A Contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the County.

8.4. Availability of Funds

It is understood and agreed between the parties herein that the County shall be bound hereunder only to the extent of the funds available, or which may hereafter become available for the purpose of this agreement, and the agreement will be contingent upon annual appropriations by the Board of Supervisors of Dinwiddie County. Failure of the Board of Supervisors to appropriate adequate funds for the terms of this Contract shall result in the immediate cancellation of this Contract. There shall be no penalty should the Board fail to make annual appropriations for this contract.

9.2. Precedence of Terms

The General Terms and Conditions shall apply in all instances. In the event there is a conflict between any of the General Terms and Conditions, and Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

9.3. Laws, Regulations, and Courts

- 9.3.1. This procurement is governed by the Virginia Public Procurement Act and the Dinwiddie County Purchasing Policies and Procedures.

The County and the Contractor are encouraged to resolve any issues in controversy arising from the award of the contract or

any contractual dispute using Alternative Dispute Resolution (ADR) procedures (Code of Virginia, § 2.2-4366). The Contractor shall comply with all applicable federal, state and local laws, rules and regulations.

9.4. Anti-Discrimination

A Bidder/Offeror shall not be discriminated against in the solicitation or award of this contract because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, status as a service disabled veteran, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment.

The County does not discriminate against faith-based organizations. If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*Code of Virginia*, § 2.2-4343.1E).

If the award of this contract is made to a faith-based organization or an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization form which the individual received or would receive the goods, services, or disbursements, the public body shall offer the individual, with a reasonable period of time after date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

By submitting their proposal, Offerors certify to the County that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and § 2.2-4311 of the *Virginia Public Procurement Act (VPPA)*.

In every contract over \$10,000 the provisions in 1. and 2. below apply:

1. During the performance of the contract, the Contractor agrees as follows:
 - a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

-
- b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
 - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The Contractor will include the provisions of 1. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

9.5. Ethics in Public Contracting

By submitting their bid or proposal, Bidders/Offerors certify that their bid or proposal is made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other Bidders/Offerors, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

The Bidder/Offeror shall identify any actual or potential conflicts of interest that exist, or which may arise if the Bidder/Offeror is recommended for award, and propose how such conflicts might be resolved.

By his/her signature on the proposal documents submitted, each Bidder/Offeror attests that his/her agents and/or employees, to the best of his/her knowledge and belief, have not in any way colluded with anyone for and on behalf of the Bidder/Offeror, or themselves, to obtain information that would give the Bidder/Offeror an unfair advantage over others, nor has he/she colluded with anyone for and on behalf of the Bidder/Offeror, or itself, to gain any favoritism in the award of this solicitation.

9.6. Drug-Free Workplace

During the performance of this contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, “*drug-free workplace*” means a site for the performance of work done in connection with a specific contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation,

possession or use of any controlled substance or marijuana during the performance of the contract.

9.7. Immigration Reform and Control Act of 1986

By submitting their proposals, Contractors certify that they do not and will not during the performance of this contract knowingly employ unauthorized workers as defined in or otherwise violate the provisions of the federal Immigration Reform and Control Act of 1986.

9.8. Debarment Status

By submitting its proposal, the Contractor certifies that it is not currently debarred from submitting proposals or bids on contracts by any department, agency or political subdivision of (i) the Commonwealth of Virginia, (ii) any other state, or (iii) the federal government, nor is it an agent of any person or entity that is currently debarred from submitting bids or proposals on contracts by the same.

9.9. Antitrust

By entering into a contract, the Contractor conveys, sells, assigns, and transfers to the County all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the County under said contract.

9.10. Authorization to Transact Business in the Commonwealth

In order to contract with Dinwiddie County, contractors organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 or as otherwise required by law. Pursuant to competitive sealed bidding or competitive negotiation, a Bidder or Offeror organized or authorized to transact business in the Commonwealth pursuant to Title 13.1 or Title 50 shall include in its bid or proposal the identification number issued to it by the State Corporation Commission. Any Bidder or Offeror that is not required to be authorized to transact business in the Commonwealth as a foreign business entity under Title 13.1 or Title 50 or as otherwise required by law shall include in its bid or proposal a statement describing why the Bidder or Offeror is not required to be so authorized. Any Bidder or Offeror that fails to provide the required information shall not be awarded a contract unless a waiver of this requirement is granted by the County Administrator. Any business entity as described above that enters into a contract with a public body pursuant to Section 2.2-4311.2 of the Code of Virginia shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth to be revoked or cancelled at anytime during the contract. Dinwiddie County may void any contract with a business entity if that entity fails to remain in compliance with the provisions of this section.

9.11. Contractor Advertising

In the event a contract is awarded for supplies, equipment, or services resulting from this Request for Proposals, no indication of such sales or services to the County will be used in product literature or advertising. The Contractor shall not state in any of its advertising or product literature that the County of Dinwiddie or any agency or institution of the County has purchased or uses its products or services, without written consent of the County.

9.12. Default

It shall be the Contractor's responsibility to make sure that all work is adequately completed as required. In case of failure to deliver goods or services in accordance with the contract terms and conditions, the County, after five (5) days have passed from the date of delivery of written notice, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the County may have.

9.13. Claims

Disputes and claims arising under this agreement shall be processed pursuant to Virginia Code Section 2.2-4363(C).

9.14. Severability

Any written contract resulting from this request for proposal shall contain a severability clause, which provides that each paragraph and provision of the contract will be severable from the entire agreement and if any provision is declared invalid the remaining provisions shall nevertheless remain in effect.

9.15. Indemnification

Contractor agrees to indemnify, defend and hold harmless the County of Dinwiddie, Virginia and their officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the Contractor or any services of any kind or nature furnished by the Contractor, provided that such liability is not attributable to the sole negligence of the County or to failure of the County to use the materials, goods, infrastructure or equipment in the manner already and permanently described by the Contractor on the materials, goods, infrastructure or equipment delivered.

9.16. Audit

The Contractor shall retain all books, records, and other documents relative to this contract for five (5) years after final payment from the County, or until audited by the County, whichever is sooner. Such records shall include but not be limited to all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices, including successful bidder's copies of periodic estimates for partial payment; ledgers, cancelled checks; deposit slips; bank statements; journals; contract amendments and change orders; insurance documents; payroll documents; timesheets; memoranda; and correspondence. Such records shall be available to the County on demand and without advance notice during the Contractor's working hours. The agency, its authorized agents, and/or state auditors shall have full access to and the right to examine any of said materials during said period.

County personnel may perform in-progress and post-audits of the Contractor's records as a result of a contract awarded pursuant to this Request for Proposals.

9.17. Taxes

Sales to the County are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall usually be free of Federal excise and transportation taxes. Sales tax, however, is paid by the County of Dinwiddie on materials and supplies that are installed by a Vendor and become a part of real property. Vendors are not exempt from paying taxes on these categories, as they are

considered to be a cost of doing business and should be considered in pricing when preparing a proposal. The Contractor shall, without additional expense to the County, pay all applicable federal, state, and local taxes, fees, and assessments.

9.18. Patents

The Contractor shall obtain all licenses necessary to use any invention, article, appliance, process, or technique of whatever kind and shall pay all royalties and license fees. The Contractor shall indemnify, defend, hold and save harmless the County, its officers, agents, and employees, from any loss or liability for or on account of the infringement of any patent or intellectual property rights in connection with any invention, process, technique, article or appliance manufactured or used in the performance of the contract, including its use by the County, unless such invention, process, technique, article, or appliance is specifically named in the specifications or drawings as acceptable for use in carrying out the work. If, before using any invention, process, technique, article, or appliance specifically named in the specifications or drawings as acceptable for use in carrying out the work, the Contractor has or acquires information that the same is covered by letters of patent making it necessary to secure the permission of the patentee, or other, for the use of the same, he shall promptly advise the County. The County may direct that some other invention, process, technique, article, or appliance be used. Should the Contractor have reason to believe that the invention, process, technique, article, or appliance so specified is an infringement of a patent, and fail to inform the County, he shall be responsible for any loss due to the infringement.

9.19. Insurance

By signing and submitting a bid or proposal under this solicitation, the Bidder/Offeror certifies that if awarded the contract, it will have the following insurance coverage at the time the contract is awarded. If any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with §§ 2.2-4332 and 65.2-800 et seq. of the *Code of Virginia*. The Bidder/Offeror further certifies that the Contractor and any subcontractors will maintain their insurance coverage during the entire term of the contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

MINIMUM INSURANCE COVERAGES AND LIMITS REQUIRED:

1. Workers' Compensation - Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. Contractors who fail to notify the County of increases in the number of employees that change their workers' compensation requirements under the *Code of Virginia* during the course of the contract shall be in noncompliance with the contract.
2. Employer's Liability - \$100,000.
3. Commercial General Liability - \$1,000,000 per occurrence, \$2,000,000 aggregate. Commercial General Liability is to include bodily injury and property damage, personal injury and advertising injury, products and completed operations coverage. The "County of Dinwiddie, VA, its Officers, agents, and employees" shall be named as additional insured on a primary basis and so endorsed on the policy. Such additional insured status shall be primary without participation by

County's insurers. The provisions of this paragraph shall be deemed included in the contract as if fully set out therein.

4. Automobile Liability - \$1,000,000 per occurrence.
5. Umbrella Liability - \$1,000,000 per occurrence.

FAILURE TO COMPLY WITH THE ABOVE INSURANCE REQUIREMENTS WILL BE CONSIDERED GROUNDS FOR CANCELLATION OF CONTRACT.

9.20. Proprietary Information

Section 2.2-4342-F of the Code of Virginia states: Trade secrets or proprietary information submitted by a Bidder/Offeror in connection with a procurement transaction or prequalification application submitted pursuant to subsection B of 2.2-4317 shall not be subject to the Virginia Freedom of Information Act (FOIA) (2.2-3700 et seq.); however, the Bidder/Offeror shall (i) invoke the protections of this section prior to or upon submission of the data or other materials, (ii) identify the data or other materials to be protected, and (iii) state the reasons why protection is necessary. Failure to comply with these steps shall result in loss of the Bidder/Offeror's FOIA exemption.

9.21. Assignment of Contract

A contract shall not be assignable by the Contractor in whole or in part without the written consent of the County.

9.22. Changes to the Contract

Changes can be made to the contract in any of the following ways:

1. The parties may agree in writing to modify the terms, conditions, or scope of the contract. Any additional goods or services to be provided shall be of a sort that is ancillary to the contract goods or services, or within the same broad product or service categories as were included in the contract award. Any increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
2. The County may order changes within the general scope of the contract at any time by written notice to the Contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The Contractor shall comply with the notice upon receipt, unless the Contractor intends to claim an adjustment to compensation, schedule, or other contractual impact that would be caused by complying with such notice, in which case the Contractor shall, in writing, promptly notify the County of the adjustment to be sought, and before proceeding to comply with the notice, shall await the County's written decision affirming, modifying, or revoking the prior written notice. If the County decides to issue a notice that requires an adjustment to compensation, the Contractor shall be compensated for any additional costs incurred as the result of

such order and shall give the County a credit for any savings. Said compensation shall be determined by one of the following methods:

- a. By mutual agreement between the parties in writing; or
- b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the Contractor accounts for the number of units of work performed, subject to the County's right to audit the Contractor's records and/or to determine the correct number of units independently; or
- c. By ordering the Contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The Contractor shall present the County with all vouchers and records of expenses incurred and savings realized. The County shall have the right to audit the records of the Contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the County within thirty (30) days from the date of receipt of the written order from the County. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the Contractor from promptly complying with the changes ordered by the County or with the performance of the contract generally.

9.23. Cancellation of Contract

The County reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, upon 60 days written notice to the Contractor. In the event the initial contract period is for more than 12 months, the resulting contract may be terminated by either party, without penalty, after the initial 12 months of the contract period upon 60 days written notice to the other party. Any contract cancellation notice shall not relieve the Contractor of the obligation to deliver and/or perform on all outstanding orders issued prior to the effective date of cancellation.

9.24. Contractor's Right to Stop Work or Terminate the Contract

If the work should be stopped under any order of any court or other public authority for a period of ninety (90) days through no fault of the Contractor or of anyone employed by him, or if the County should fail to pay to the Contractor within thirty (30) days when no dispute exists as to the sum, then the Contractor may, upon ten (10) calendar days written notice to the County, stop work or terminate the contract and recover from the County payment for the cost of the work actually performed, together with overhead and profit thereon, but profit shall be recovered only to the extent that the Contractor can demonstrate that he would have had profit on the entire contract if he had completed the work. The Contractor may not receive profit or any other type of compensation for parts of the work not performed. The Contractor may recover the cost of physically closing down the job site, but no other costs of termination. The County may offset any claims it may have against the Contractor against the amounts due to the Contractor. In no

event shall termination of the contract by the Contractor terminate the obligations of the Contractor's surety on its payment and performance bonds.

9.25. County's Right to Terminate the Contract for Cause

- 9.25.1. If the Contractor should be adjudged as bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, the County may terminate the contract. If Contractor violates any provision of the Virginia Governmental Fraud Act, the County may terminate the contract. If the Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if he should fail to make prompt payment to subcontractors or suppliers of material or labor, or persistently disregards laws, ordinances, or the written instructions of the County, or otherwise be guilty of a substantial violation of any provision of the contract, then the County may terminate the contract. The County retains the sole discretion to determine any violation of this section.
- 9.25.2. Prior to termination of the contract, the County shall give the Contractor and his surety ten (10) calendar days written notice, during which the Contractor and/or his surety may rectify the cause of the termination. If rectified to the satisfaction of the County within said ten (10) days, the County may rescind its notice of termination. If it does not, the termination for cause shall become effective at the end of the ten-day (10) notice period. In the alternative, the County may postpone the effective date of the termination notice, at its sole discretion, if it should receive reassurances from the Contractor and/or its surety that the causes of termination will be remedied in a time and manner which the County finds acceptable. If at any time more than ten (10) days after the notice of termination, the County determines that Contractor and/or its surety has not or is not likely to rectify the causes of termination in an acceptable manner or within the time allowed, then the County may immediately terminate the contract for cause by giving written notice to the Contractor and its surety. This decision shall be final and not subject to an appeal to any court of law or equity. In no event shall termination for cause terminate the obligations of the Contractor's surety on its payment and performance bonds.
- 9.25.3. Notice of terminations, whether initial or given after a period of postponement, may be served upon the Contractor and the surety by mail or any other means at their last known places of business in Virginia or elsewhere, by delivery to any officer or management/supervisory employee of either wherever they may be found, or, if no such officer, employee or place of business is known or can be found by reasonable inquiry within three (3) days, by posting the notice at the job site. Failure to accept or pick up registered or certified mail addressed to the last known address shall be deemed to be delivery.
- 9.25.4. Upon termination of the contract, the County shall take possession of its property and of all materials, tools, and appliances thereon and finish the work by whatever method the County may deem expedient. In such case the Contractor shall not be entitled to receive any further payment. If the expense of finishing the work, including compensation for additional managerial and administrative services shall exceed the unpaid balance of the

contract price, the Contractor shall pay the difference to the County, together with any other expenses of terminating the contract and having it completed by others.

9.25.5. Termination of the contract under this section is without prejudice to any other right or remedy of the County.

9.26. Termination by County for Convenience

9.26.1. County may terminate this contract at any time without cause, in whole or in part, upon giving the Contractor notice of such termination. Upon such termination, the Contractor shall immediately cease work and remove from the project site all of its labor forces and such of its materials as County elects not to purchase or to assume in the manner hereinafter provided. Upon such termination, the Contractor shall take such steps as County may require to assign to the County the Contractor's interest in all subcontracts and purchase orders designated by County. After all such steps have been taken to County's satisfaction, the Contractor shall receive as full compensation for termination and assignment the following:

- (1) All amounts then otherwise due under the terms of this contract as of the latest request for payment,
- (2) Amounts due for work performed subsequent to the latest request for payment through the date of termination, and
- (3) Reasonable compensation for the actual cost of demobilization incurred by the Contractor as a direct result of such termination. The Contractor shall not be entitled to any compensation for lost profits or for any other type of contractual compensation or damage other than those provided by the preceding sentence. Upon payment of the forgoing, County shall have no further obligations to the Contractor of any nature.

9.26.2. In no event shall termination for the convenience of the County terminate the obligations of the Contractor's surety on its payment and performance bonds.
