DeRita,

At this time Bearden Electric is requesting a time extension to the contract due to manufacturer parts failures in the automatic transfer switch. Once these parts get changed out and a full retest of the generator operations and switching are completed, we will request a final inspection walkthrough on the project. The parts are scheduled to be installed about mid-February. We will keep you informed of any further delays.

If you have any questions, please call the undersigned.

Thank you,

Gary Bearden, CEO
