Request for extension of time – Edison Park Renovations .  
Project Purchase Order # 278044

ATTN:

Brenda F Parker  
Dept. of Parks and Recreation  
2100 Clarendon Blvd Suite 500  
Arlington, Virginia ,22201

15 September ,2020

Brenda F Parker,

Crown Construction Service would like to request an extension for the construction of the Edison Park Renovations to a substantial completion date of 30 November , 2020 .

Crown Construction Service has been informed that the date for delivery of Berliner equipment from Germany will not be delivered until 29 September , 2020 .It is my understanding that this is a tentative date and there could be possible delays that might also effect on delivery. Please see attached letter .

Crown Construction Service has scheduled out the remaining materials to be installed once the equipment has been installed , This of course will also depend on weather conditions .

Crown Construction Service anticipates being complete by 30 November, 2020 on this current track we are on .

Respectfully,

  
James Burke
